Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

SOMETHING OF A TALKER.

Speaking at a political gathering, Congressman Fred A. Britten, of Illinois, referred to the activity of some people along conversational lines and recalled the following anecdote:

A woman went into a pet store one day with the announcement that she wished to buy a parrot, and was shown several promising specimens by the proprietor.

"I like the looks of this one," said the prospective customer, designating a certain bird, "but are you quite sure that he is a talker?"

"Oh, yes, madam," was the prompt assurance of the proprietor, "he is a talker, all right."

"Some of them are very disappointing," continued the customer. "Will you guarantee him to talk a lot?"

"I surely will," answered the proprietor. "The lady who last owned him sold him because she couldn't get a word in edgewise."

PATIENT.

"Is he patient?"

"Very. He taught his wife to drive her automobile without once losing his temper."

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, and the pains were very severe. A friend told me I had tried everything else, why not Cardui? I did, and soon saw it was helping me. I am strong and well."

TAKE CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

THE CANE MILLS.

Cane with cloying juices bending
To the frost browned hills in vines;
Smoke's from cane mill fires ascending
While the folks picnic at nights;
Old and young the cane are stripping
In the mornings fresh and still;
And at evening—dripping, dripping,
Shines the syrup at the mill.
Men and boys all day are toiling—
Farmers all from happy homes,—
And in many a "bottom" boiling,
Well-done syrup froths and foams.

"Grinding" of the Cane" they call it
At the mill there near the road;
From the fields afar they haul it,—
Well, it's sweetness by the load!
'Tis the South—so warm and sunny—
Where they're grinding now the cane.
Syrup sweet as any honey
Into barrels old they strain.
Corn's full ripe and cotton's gleaming,—
Waves of whiteness on the hills;
But the golden sorghum steaming,—
That is what the watcher thrills!

Just at dusk, to watch the cooking,
Come the girls from near and far,—
At his girl each fellow's looking,
Bright to him as any star!
And she shyly, shyly glances
Back with drooping, dreamy eyes,
Where her heart dream dances—dances
In her joy of sweet surmise.
So from cane juice into candy
Is but just a little while;
And to pull it comes so handy—
In the love-light of her smile!

NEW CERTIFICATES TO BE REQUIRED

Farmers Purchasing Flour Without Cereal Substitutes Must Present Corn Miller's Statement—New Food Administration Rule.

Raleigh—State Food Administrator Henry A. Page has abolished the old form of pledge or certificates upon which farmers have been able to secure wheat flour without cereal substitutes and merchants have been forbidden to sell wheat flour except in combination with cereal substitutes or upon presentation by the purchaser of a miller's certificate showing that the prospective purchaser has had ground and has in his possession corn meal or other cereal substitutes. The old form was subject to some abuses. It frequently happened the individuals who had not produced cereal substitutes were able to purchase flour without such substitutes.

Effective September 1, retailers and other dealers are forbidden to sell wheat flour to farmers or other consumers except:

- (1) in combination with an equal quantity of corn meal, corn flour, grits, dry hominy, oat meal, rice flour, buckwheat flour, potato flour, or other cereal substitutes allowed for this purpose, or
- (2) upon the presentation of a properly executed miller's certificate showing the possession of corn meal or other cereal substitutes in an amount equivalent to the quantity of flour to be purchased. Copy of certificate form can be secured from the Food Administration, Raleigh, N. C.
- (3) jobbers, wholesalers and millers are forbidden to sell wheat flour, to retailers except (a) in combination with equal quantities of cereal substitutes; (b) upon satisfying themselves by sworn statement or otherwise that the retailer has purchased the required cereal substitutes from other sources, or (c) upon presentation by the retailer of corn miller's certificates for the quantity of wheat flour purchased.

The Food Administration will not have the new corn miller's certificates printed, but will secure bids from a number of printing houses, and will refer millers to the printing house making the lowest bid. The form of the certificate will be furnished to corn millers or others desiring them.

Every retailer is required to make an inventory of his supply of flour and cereal substitutes on lead September 1, such inventory to be held subject to examination by Food Administration inspectors.

Every retailer is required to keep an accurate record of all purchases of flour and cereal substitutes delivered to him after September 1, the same to be subject to examination and inspection by the Food Administration inspectors and County Food Administrators.

SHOULD INCREASE WHEAT ACREAGE

Food Administration and Agricultural Authorities Urging Greater Production—No Restrictions on Seed Wheat.

Raleigh—The Food Administration and the state and national agricultural authorities are combining in a drive to increase the wheat acreage in North Carolina this fall. There was a very considerable increase in wheat acreage in this state last fall but it is expected that the response of patriotic farmers of the state this year will be greater than ever. It is a well-known fact that wheat growers in North Carolina received last year and are this year receiving a higher price than the wheat growers of any other state in the Union, the average price for wheat in the state at this time being probably above \$2.50 per bushel, notwithstanding the poor grades.

The Food Administration and the Bureau of Markets have interested themselves in locating seed wheat, and the Food Administration in addition has suggested to the flour mills of the state that they give the growers in their immediate territory assistance in locating and financing purchases of seed wheat.

The Food Administration has announced to farmers having sound plump seed wheat that there are no restrictions regarding the sale of such wheat for planting purposes, either as to purchaser or price.

One factor that promises to influence an increased acreage of wheat is the policy of the Food Administration in giving preferential treatment with regard to flour consumption to wheat growers. Wheat producers are allowed to have their entire season's supply of flour ground at one time and are allowed to figure their requirements on the basis of 12 pounds per person per month, whereas the voluntary rationing system for non-producers of wheat is 12 1/2 and country is 5 pounds per person per month.

The Food Administration must be able to keep the food so to keep in mind the civilian population of the state and the Allies and to be ready to meet the needs of our soldiers.

Notice of Executor.

The undersigned having qualified as executor of the last will and testament of Mrs. Jan W. Brown, deceased, in the Superior Court of Halifax County, State of North Carolina, on the 9th day of August, 1918, hereby notifies all persons holding claim against his said testatrix to present them to him duly verified at his residence in Brinkleyville Township, Halifax County, State of North Carolina, or to his attorney, W. E. Daniel, Weldon, N. C., on or before twelve months from the date of this notice of the same will be pleased in bar thereof.

All persons indebted to his said testatrix are hereby notified to make immediate payment.

This the 26th day of August, 1918.
W. E. DANIEL, Executor of the last will and testament of Mrs. Jan W. Brown, deceased.
W. E. DANIEL, Attorney, Weldon, N. C.

ALLIED BASEBALL.

The more things the draft officials do to baseball here the better it flourishes in London, according to Richard Hatteras, of that thriving community, who is now stopping at the Majestic. Mr. Hatteras says the game is getting a firm hold on every nationality in the British capital.

"Why, recently," quoth he, "I saw a game in which East Indians were playing. One of these approached the plate at a crucial moment and cried aloud: 'Allah, give thou me strength to make a hit!'"

He struck out.

The next man up was an Irishman. He spat on the plate made faces at the pitcher, and yelled:

"You know me, Al!" He made a home run.—New York Tribune.

Airplane rides will never become popular with the girls unless the machine can be managed with one hand.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't salivate. Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quart of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness, and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

An Appetizing Meal

Everybody wants it. Everybody likes it. Everybody's looking for it.

—BUT—

You can't get it unless you have the right kind of groceries. Get 'em HERE!

Phone 280.

YES! LIFT A CORN OFF WITHOUT PAIN!

Cincinnati authority tells how to dry up a corn or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freestone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freestone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freestone tell him to get a small bottle for you from his wholesale drug house. It is free stuff and acts like a charm every time.
