Arch Deacon N. C. Duncan was in Weldon on Monday last much to the delight of his many friends who were delighted to see him.

The rock fish season is about over. An old fisherman told us that there more were fish in the river than there had been in 23 years.

Mr. Leslie Daniel left Sunday for Detroit, Mich., where he goes to accept a position with the company he was formerly with in Hopewell, Va.

Mr. W. W. Wiggins, one of the appraisers for Halifax county, attended the meeting of the appraisers for the eastern district, at Goldsboro last week.

Too many young people depend on their father's money taking them through this world, and their mother's prayers making everything all right for the next.

A committee of young ladies decorated the Confederate monument with flowers and flags on the eve of memorial day which was appropriate and much appreciated.

This is the best fish market we know of. Although there were hundreds and hundreds of rock fish on the market nearly every day last week, they were all sold at a high price.

Last week during a severe thunder storm lightning struck a house on east Second street and completely demolished it. Luckily for those who lived there none of them were in at the time.

666 has proven it will cure Malaria, Chills and Fever, Bilious Fever, Chills and LaGrippe. It kills the germs that cause the fever.

Mr. Dare Boone, of Winton, was in Weldon on Monday last making a short call to relatives and friends. Mr. Boone is a rising young lawyer, an overseas man and is now engaged in the re-distribution of taxes for his county.

NOTICE.—See Dr. Carter about inoculating your hogs against hog cholera. There is some hog cholera in this territory and you should have it done now to save your hogs. Price 7c.

A PRETTY GOOD RECORD.—Last issue was the first time we failed to come out on time since the Johnston flood—30 years ago. The store underneath our office was undergoing some repairs which kept us from operating the press, so we were delayed until Thursday morning.

SUPERINTENDENT OF PUBLIC WELFARE.—The county commissioners and the county board of education of this county must elect a county superintendent of public welfare before July 15. The county superintendent is to be the chief probation officer of the county and the chief attendance officer.

MEMORIAL DAY EXERCISES.—The Halifax Chapter U. D. C. observed Memorial day on Tuesday last with interesting exercises among which was the planting of a tree by the Junior Chapter in honor of William Brickell who gave his life in France. This is appropriate and will serve as a living memorial to this fine young man.

R. R. OFFICIALS VISIT WELDON.—Mr. E. P. Laird, superintendent of Atlantic Coast Line, Richmond, Va., and Mr. A. T. Townmaster, superintendent of transportation of the C. & O. Railroad, made a visit to Mr. H. L. Grant last week. Mr. Grant took these gentlemen out fishing for the famous Roanoke rock, which they enjoyed immensely.

PENNIES MORE IN DEMAND THAN DOLLARS.—Pennies are more in demand than dollars in these days of soda water taxes. Since May 1, when these taxes went into effect, the United States mints and sub-treasuries have been flooded with orders for millions of one-cent pieces and these coins have been shipped to the banks by the bushels.

JUDGE S. M. GARY.—Mr. S. M. Gary, the clerk of the court of this county, is now the judge of the juvenile court for Halifax county, and has exclusive jurisdiction over all cases of delinquent, neglected or dependent children under sixteen years of age. The juvenile court is not a criminal court, but a corrective and disciplinary and protective agency for children who are in need of such care.

LOCATED IN WELDON.—We are greatly pleased to announce that our friend, Dr. W. A. Carter who has been practicing his profession at Emporia, Va., has located in Weldon. Those in need of his service will do well to call on him. The loss of a horse, mule or cow means something these days and you cannot afford to take chances on prescribing yourself, when a first class veterinary surgeon can be had.

COMPULSORY.—After July 1st of this year, when the law goes into effect, every child between eight and fourteen years of age must attend school for the full term of the public school, which is to be six months hereafter. If a child is unable to attend on account of poverty he may be helped from the public funds. It will be the business of the school authorities and the chief attendance officer of the county to see that the law is complied with.

ADVERTISED LETTERS.—The following is a list of letters remaining "uncalled for" in the Weldon postoffice:  
Ollie Baskerville, Lenard Benton, William Briggs.  
Persons calling for above letters will please say "advertised," giving date of advertising.

D. T. CLARK, P. M.,  
Weldon, N. C.  
May 12, 1919.

**Cause of Headache.**

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach, or constipation, which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these tablets. They are easy to take and mild and gentle in effect.

A GREAT CATCH OF ROCK FISH.—There has been more rock fish on the market in Weldon this season than has been seen here in many years. Rumor say the cause of this is that one of the large seines in the lower Roanoke was in some way broken, and so let the swarm of fish pass by and reach their old time haunts. Some of the fishermen said the river was so thick with them a boat could hardly pass.

A SIX MONTH TERM.—The people of this State have determined that every boy and girl born within our borders shall have a fair chance in life to become a useful man or woman. To this end they have prepared for a six months school term, with compulsory attendance, a juvenile court with a probation officer in every county, and a county board of charities and public welfare to look after social conditions and find remedies for social evil.

COUNTY BOARD OF CHARITIES.—The State Board of Charities and Public Welfare are required to appoint three persons in each county who shall serve without pay and act as a county board of charities and public welfare. It is probable that two men and one woman will be appointed in each county. The county board meets with the county superintendent of public welfare and advises with him as to his work of general welfare in the county.

NEW BOARD OF COMMISSIONERS MEET AND ORGANIZE.—The new Board of Commissioners met last week and organized by electing the following officers:  
Treasurer—W. L. Scott.  
Street Commissioner—W. T. Whitehead.  
Attorney—Geo. C. Green.  
Superintendent of Health—Dr. S. B. Pierce.  
Chief of Police—J. R. Crew.  
Night Watchman—R. S. Hall.  
Superintendent of Water Works—Z. Stringer.  
Clerk—E. L. Hayward.

ATTENDED THE MEMORIAL EXERCISES.—The following visitors were at the memorial services at the Graded school on Friday evening last: Mrs. L. M. Gay and Mrs. C. T. Maxwell, of Philadelphia; Mrs. Fitzgerald and Miss Gladys Young, of Dunn; Mrs. W. T. Shaw, Jr., of Tatum, S. C.; Mrs. John Kerr, Miss Mary Polk and Miss Harris, of Warrington; Mrs. Alley, of Washington, D. C.; Mr. and Mrs. Dickens, Mr. and Mrs. Stedman, Mrs. Gilliam, Mrs. S. M. Gary and Mrs. Bass, of Halifax; besides friends from Scotland Neck, Roanoke Rapids, Garysburg and the country.

THE CENTENARY DRIVE.—Mr. W. L. Knight made an interesting talk at the morning service at the M. E. Church on Sunday last and one lady was received into the church by baptism at the evening service.

The Sunday School workers are engaged in a campaign for new members all through this week and the great Centenary drive begins next Sunday. There will be a house to house canvass among the membership of the church and every member is requested to remain at home during Sunday afternoon. This is general throughout the M. E. Church, South, and it is hoped to inaugurate a great spiritual ingathering as well as raise the \$7,000,000 allotted to the Church annually for five years.

HONOR ROLL FOR MONTH OF APRIL.—1st Grade—Annie Sue Howell, Dorothy Tilson, Dorothy Jones, Robert Sheffield, Ola Belle Whitehead, Percy Williams, Martha Pierce, Narcissa Moon, John Drake, Martha Horton.

666 has more imitations than any other Chill and Fever Tonic on the market, but no one wants imitations in medicine. They are dangerous.

DISTRESSING ACCIDENT.—Weldon has been shocked and grieved in many ways recently by the successive distressing events which have followed one another in rapid succession but by none more than the painful accident which occurred on Saturday night and resulted in the death of little Dallas Augustus the five-year-old son of Mr. and Mrs. John B. Zollicoffer. This was caused by burns from a bathtub of very hot water into which the little boy fell while playing with a ball. Mrs. Zollicoffer had set the tub down and turned away for a minute when the accident occurred. The little fellow suffered intensely for a short while but died about 11:30 P.M. The parents are crushed with grief and the large family connection and other friends unite with them in sorrow and deepest sympathy.

The funeral services were conducted from the home by Rev. F. M. Shamburger, all the ministers of the town taking part as well as Rev. N. C. Duncan, a former rector of the Episcopal Church. The burial was in the family square in Cedarwood cemetery. The pallbearers were the little boy's grandfather and great uncle for whom he was named, Drs. A. R. and D. B. Zollicoffer and two own uncles Messrs. A. S. and H. D. Allen. The floral offerings came from far and near, were many and beautiful. Our hearts go out to the bereaved family to whom we would offer some word of comfort did we not feel that nothing we can say can assuage their grief and only time and the consolation of knowing that the little boy is safe with Him, who took little children in His arms and blessed them and said of such is the Kingdom of Heaven, can help them in this hour of heavy trial.

**SCHOOL NOTES.**

Our chapel exercises have been changed and have found to be much more satisfactory. On Monday and Wednesday mornings the first six grades meet in the auditorium, Tuesday and Thursday mornings find the seventh grade and high school in the chapel hall, and on Friday, the whole school assembles for the morning exercises. We are very glad to have had the three pastors of the town conduct our devotional exercises and extend to them a standing invitation to come again.

On Tuesday morning of this week four members of the ninth grade English class discussed the query—Resolved that Caesar's death was a public necessity. The Weldon Literary Society gave an extemporaneous debate on last Friday afternoon. These people showed themselves to be good material for state-wide triangular debate.

The Pershing Society will present in its last meeting of the year on Friday afternoon of this week, a Burn's program. All are cordially invited to attend.

NOTICE.  
To Our Ice Customers:  
It has been customary in the past to make two (2) ice deliveries daily except Sunday, but we find with the high cost of labor, fuel, and in fact everything that we have to use for the manufacturing and delivery of ice, we will either have to raise the price of ice or in the future make one (1) delivery daily except Sunday, at which time we keep our plant in South Weldon and our ice house down town open until noon for the accommodation of all those who wish to send after ice. With the help of the people we hope to keep the prices down to normal.

"Home Again!"

COOKING for the boy who has come back is mother's biggest pleasure these days. And the New Detroit Vapor Stove makes it certain that the mother-made pie or cake he longs for will be perfect. Perfect, thorough and rapid baking and cooking make this stove appreciated by every household. Although it burns oil, it is comparable only to a gas range in its powerful, instantaneously efficient burners with their sturdy construction and their ease of control.

**Detroit Vapor Oil Stoves**

No Wicks Light Instantly Work Like Gas

A Detroit Vapor Oil Stove gives the same service and convenience as the modern city gas range and at a much lower cost. It is more economical than either gas, coal or wood. Burns 19 hours to a gallon. There are no wicks, asbestos rings or wick substitutes of any kind in the Detroit Vapor Oil Stove. Heavy durable iron burners vaporize the oil giving an intensely hot blue flame right under the cooking utensils. Call anytime and see our demonstration of this oil stove without a wick. You will be interested to see how it works like gas.
