## GROUP OF CENTENARY WORKERS

Young Women of Nashville Epworth League.

On May 18 the members of the Epworth League of the Methodist Episcopal Church, South, rallied as a great body of young people to the united support of their church. Already the Epworth Leagues have done some splendid things for the Centenary Movement, a group of two hundred members of the League recently promising to give a niche of their incomes. The

rally of this organization of May 18 means that the young people of the Church will not only help the Church through their League, but will also support the Centenary as individuals.

The picture above is a group of Epworth League girls, who believe in supporting both their flag and their Church. They supported their flag by working for the Vic-

torial Loan Campaign in April, and they are supporting their Church by doing all they can during the financial drive of the Centenary May 18-25. The Methodist Episcopal Church, South, to which these girls belong, is asking for a fund of \$35,000,000. The drive was to be conducted April 27 to May 4, but was postponed in order to give the Government right of way for the Victory Loan.

JAPAN seems to be applying its own notion of a Monroe Doctrine in Korea.

THERE are still fourteen points, though some of the points may be slightly blunted.

INSTEAD of thinking about this season's corn crop, Iowa is trying to impeach its Governor.

HAPPILY the world is about free from influenza, but spring fever is becoming terribly more prevalent.

A disgusted shipyard workman rises to remark that the man who invented "near beer" was a very poor judge of distance.

IF it be true that the Filipinos have a surplus of \$17,000,000 in their treasury, no wonder they are eager for "self-determination."

FAVORITE sons are being groomed for the presidency, but most of them are likely to be all mused up before the inspection takes place.

W. A. WHITE recalls that all nations connected with the war were losers, thus reminding the world of the need of a League of Nations to end wars.

RETURNING soldiers mildly insinuate that they prefer getting their feet under the home dinner table to using those members for parading purposes.

BERLIN domestics have obtained a bill of rights. In America domestics merely dictate terms of peace.

WHILE it may not recognize the Monroe Doctrine, Mexico should remember that without the Monroe Doctrine there would be no republic of Mexico.

A car of cognac was in collision in a district of France, where relations between Americans and natives were strained. They at once began to fraternize.

BROOKLYN strikers attacked some workers who would not quit, but insisted on continuing their labors in a fur factory. From all accounts the fur just flew.

THAT drop in prices that we have heard so much about has not manifested itself ostentatiously, that we can notice. You can still get thirty or forty cents worth for a dollar.

GETTING back under the head of "unfinished business" the militant women have now cheerfully resumed their White House picketing. Oh, well, folk must be amused.

WITH Secretary Baker safely back everything quiet along the Potomac and Secretary Daniels and President Wilson well and happy, as far as we can learn, we really have much to be thankful for.

FOR A Sprained Ankle. As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printed directions which accompany the bottle.

UNDAUNTED by his earlier experience in Pennsylvania Republican politics, Gifford Pinchot returns to the attack. If he can unhorse Penrose, he will prove himself worthy to wear the Rooseveltian mantle.

ALL surplus TNT and other explosives that can be used in clearing land, building roads or in general construction or other work is being turned over to the Department of the Interior by the War Department. Such material on hand, once considered practically worthless, is now valued at \$15,000,000. This is the Administration's version of beating the sword into a ploughshare.

About the first question our salesmen will ask you when you try on one of our new

**Mallory Hats**

Is "How does it feel?" In other stores they ask "How does it look?" The difference is that we will first select a hat that will become you, and we know that a "Mallory" Hat will look right, so what we want to know is whether the hat feels right on the head. Be sure to have a look at our window this week and come in and prove what we say.
