OFFICE OF APPRAISERS OPENED.—County Supervisor, Mr. S. G. Whitfield, of the Board of Appraisers, for the revaluation of real property, of Halifax county, will open offices in the Randolph building, Enfield, rooms formerly occupied by Mr. R. C. Dunn. Mr. W. W. Wiggins, of Weldon, and Mr. Thomas H. Dickens, of Faucetts township, have been appointed appraisers. Mr. S. W. Dickens has accepted the appointment of assistant. Other assistants from the several townships, necessary for the conduct of this work, will be named later; also plans of conducting the tax appraising work under the new revaluation law.

DIED FROM LOCKJAW.—We regret to announce the death of Mrs. B. D. Hamill, of Thelma, which occurred at a hospital in Norfolk, last Saturday. She was taken to a hospital about two weeks ago for an operation, and while the operation was thought to be successful at first, as she improved very much for two days, she was taken with lockjaw and died in a short while. The remains were brought to Thelma and interred in the family burying ground on Monday. Mrs. Hamill leaves a devoted husband and two children to mourn their loss. She was a sister of our townsman, Mr. H. L. Grant.

HOME FROM GERMANY.—The many friends of Lieut. Charles R. Daniel are delighted to have him in Weldon again after an extended absence in the training camps and the overseas campaign. Lieut. Daniel sailed for France in the spring of 1918, was in active service before the breaking of the famous Hindenburg line and afterwards belonged to the army of occupation. His experiences like those of others were varied and thrilling but it seems that to most of our returned soldiers the events of those awful months are a sealed book which they do not care to open or dwell upon and he is no exception. However, we wish for him all the success possible in the life work which he had mapped out and which he will resume after a short visit and rest at home, that of the study of law.

MR. S. M. DICKENS IS MADE CHIEF OF POLICE OF WILSON.—A correspondent writing from Wilson to the News and Observer, says: "Mr. Seth M. Dickens, of Nashville, this State, cousin to the lamented A. L. Dickens, who served efficiently as chief of police for several years, has been chosen by the aldermen as chief of the police force of Wilson, at a salary of \$150 a month. Mr. Dickens has had considerable experience—having served Weldon and Nashville in that capacity."

THE MANY FRIENDS OF MR. DICKENS here and elsewhere will rejoice to learn of his success in securing the position of Chief of Police of Wilson. Our word for it, he will make Wilson one of the best officers in the State. Brave and courageous, he is "one of the finest."

THE CHILDREN.—God bless the children. They are a world of care and trouble; they bring pain and weariness and sorrow, but are worth it all. Do you remember after that weary day when you were harsh and irritable and they went to sleep with a sob, what bright fresh faces they brought to you in the morning? How full of tenderness and forgiveness children are! How quick to forget unkindness! How fine is the intelligence with which they look beneath the surface and know that the irritable, nervous, creature of the night before is not the real mother, but the serene, gentle woman of the morning whom they love with deep devotion. They are the beautiful examples of the truth that sorrow may endure for the night but joy cometh in the morning. By their love and brightness they repay us hourly for every struggle we may endure for them.

Diamond Announces Increased Mileage Adjustment

To Diamond users, and Diamond dealers—

Here's big news! From to-day all Diamond Tires shall be adjusted at higher mileage—fabrics 6,000 miles; cord construction 8,000.

Furthermore, the new adjustment applies to every Diamond Tire of future or past sale, including tires in the hands of user or dealer.

Diamond users, and Diamond dealers have long known the big mileage in Diamond Tires—the users' own tires.

We mark up our adjustment to 6,000 and 8,000 miles for fabrics and cords, respectively, merely to measure out a definite share of the superb mileage that we know the wonderful strength and endurance Diamond Tires have in them.

THE ROANOKE NEWS THURSDAY, JUNE 12, 1919.

LOCAL INTELLIGENCE.

Cherries are ripe. June nearly half gone. The crops are looking fine. The early peaches are fine. Vegetables will soon be plentiful. Passing as a model citizen isn't an easy job. The sweet girl graduates are gathering home. Nine-tenths of a woman's intuition is suspicion. Lots of people are too slow to make fast friends. Triplets are tidal waves on the sea of matrimony. It's no more human to err than it is to lie about it. School days are over and the children are happy. Mr. R. S. Hall spent last Saturday in Scotland Neck. The bachelor who sympathizes with a fair widow is lost. Miss Londa Shamburger has returned from Brenau College. Love is blind—also deaf when it comes to listening to reason. Mr. Wells D. Tillery, of Roanoke Rapids, was in town Tuesday. Prof. W. B. Edwards left Monday night for Asheville and Hickory. Mr. M. A. Inge, of Norfolk, spent the week-end with relatives here. Even the close mouthed man has an open countenance at meal time. Mr. H. R. Kyser and family of Thomasville, are visiting relatives in town. Mr. Herbert Rowe, U. S. Navy, is spending a few days with relatives here. One of the mysteries of the past is what has become of the old fashioned ways? Mr. and Mrs. A. S. Hudson, of Roddy, Tenn., are visiting Mrs. E. L. Hudson. The faster we write these the faster you can read 'em without missing anything. The pleasure you get out of life depends largely upon the work that you put in it. At twenty-one a man knows everything, at fifty he wishes he knew something. Mrs. W. W. Wiggins and Miss Carrie Lee Pugh left Monday for a visit to Alabama. Many a mother makes a marriage for her daughter by opposing some young swain. A man must have a certain amount of wisdom in order to realize what a fool he is. Rev. F. M. Shamburger attended the commencement exercises at Trinity College last week. Misses Lillie Gay and Foster Shaw have returned home from Woman's College, Greensboro.

Good things go as easily as bad things come. Girls, if singleness is bliss, 'tis folly to be wive. Sympathy is the connecting link between joy and sorrow. There are times when four aces constitute a helpful hand. It's one thing to talk and another thing to say something. The wise man knows enough to conceal what he doesn't know. Miss Jessie Elmore, of Louisville, is visiting Miss Agnes McGee. Mr. J. Van Dickens, of Raleigh, is here on a visit to relatives. Adversity is the only scale that gives the correct weight of our friends. The price of letter postage is to be reduced July 1st. Don't forget that. The average man lets good opportunities go while waiting for a better one. Miss Helen Gardner, of Warrenton, has accepted a position as saleslady with Mrs. P. A. Lewis. A pessimist says that for every man willing to believe the truth a dozen are eager to believe a lie. We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic. 666 quickly relieves Constipation, Biliousness, Loss of Appetite and headaches due to torpid liver. Mr. J. H. Dickens, of Richmond, has returned home after spending some time with relatives here. Rub-My-Tism is a powerful antiseptic; it kills the poison caused by infected cuts, sores, old sores, tetter, etc. Miss Grace Kellison, of Richmond, Va., has returned home after spending a few days with Mrs. L. E. Hull. Mr. Norment Smith returned home Tuesday from France to the great delight of his family and many friends. Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc. Miss Eunice Clark having secured a government position in Washington, left for her new home last Saturday morning. The postoffice at Aurelian Springs has been discontinued. All mail heretofore for Aurelian Springs is now dispatched from Littleton. 666 has proven it will cure Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe. It kills the germs that cause the fever. Mr. Robert Cherry who has been stationed at San Domingo, West Indies, made a visit last week to his aunt, Mrs. A. L. Stainback. Mrs. Celestia Smith, Mrs. E. J. Joyner, Miss Tiddie Green, of Franklinton, and Mr. A. H. Green, of Raleigh, are guests of Mrs. T. C. Harrison. Mr. Norfleet McDowell, who has been service in France for the past several months arrived in Weldon Monday night. He left in a short time for his home in Scotland Neck. His many friends here were indeed glad to welcome him back again.

AN ELECTION CALLED.—An election has been ordered to be held in Halifax county on Tuesday, August 5th, 1919, to determine whether the people will vote for a \$500,000 bond issue for roads or not.

MEETING AT THE BAPTIST CHURCH.—Dr. J. H. Dew arrived Saturday and the first service of the series of meetings commenced Saturday evening. Large congregations attended services Sunday morning and night. Great good will doubtless be accomplished by these meetings.

WITH THE ANGELS.—One of our subscribers took us to task this week for failing, as he remarked, to publish all that happened. It was fortunate for this particular individual that discretion occasionally demands the omission of unpleasant items. Should we publish all that is told to us, we would be with the angels in about twenty minutes after our papers were mailed.

DOING A RUSHING BUSINESS.—The Weldon Pepsi-Cola Bottling Works are doing a rushing business these hot days. They have recently installed an up-to-date bottle-soaking machine and a one-ton Ford truck. Business is increasing rapidly. Everything is conducted in a strictly sanitary way. When you want something good to drink don't forget to call for a glass of cool, refreshing Pepsi-Cola.

MEDLIN-CARTER.—Invitations reading as follows have been issued: Miss Anna Medlin invites you to be present at the marriage of her sister Alice Cornelia to Rev. Ammie Gray Carter on Wednesday morning, June the eighteenth one thousand nine hundred and nineteen eleven o'clock Methodist Episcopal Church Rosensary, N. C.

COMMENCEMENT EXERCISES.—The evenings of the past week were given over to the commencement exercises of the Weldon Public School. The Primary department having rendered their program about two weeks beforehand, the remaining departments performed in the following order: Monday—The Musical Recital. Tuesday—Opera (Grammar Grades.) Wednesday—Baccalaureate Sermon. Thursday—High School Play. Friday—Class Day Exercises. Dr. J. H. Highsmith, of Raleigh, added greatly to the pleasures of Friday evening by addressing us in his capable and highly entertaining way. We wish to extend to the Weldon Orchestra our heartiest vote of thanks for the faithful and efficient services rendered us throughout the commencement. Truly, like portia, we can say, "We never heard such excellent music rendered by so young an orchestra."
