Did the Peace Treaty spring that "leak" naturally, or was it scouted?

SOME men call women angels—but then you can't believe a word some men say.

VIEWING the League of Nations with alarm is a form of bucolic statesmanship.

HAD Germany signed without yelping the whole world would have been alarmed.

It is now Germany's time to write note of protest—and its notes will all go to protest.

RUSSIA is beginning to realize that one dictatorship is as bad as another, if not worse.

BASEBALL heroes must take a back seat while heroes from abroad are making home runs.

MEN of our demobilized armies should not be required to enlist in the army of the unemployed.

You can always flatter a woman by asking her opinion about something she knows nothing about.

MEANWHILE the great nonbolshie majority in Russia is not asking the withdrawal of allied troops.

POLITICAL housecleaning has rediscovered the historic republican lute, which according to custom, has a new rift.

WHEN the efficiency experts get around to it they doubtless will write a symposium on the waste by "lost motion" at the peace table.

It will never do to move the Capitol to the Middle West, as Senator Sherman suggests. The President is so far away already yet.

WITH the dynamic personality of Theodore Roosevelt the Republican progressives are as leaderless as a blimp in a squall with the engine out of commission.

EUGENE DEBS has been nominated to the Presidency. Suppose if he is elected he will insist that the national banner be changed to represent the bars and stripes.

CATARRH CAN NOT BE CURED with local applications, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tones known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions.

THE proposal to remonize silver as an international measure may be a shrewd attempt to lure Mr. Bryan into running for the presidency of the league of nations.

SOME of the Senators explain the "leak" by saying some one saw a German diplomat climbing out between the fifth and sixth classes armed with an opera glass.

POLITICS continues its bedroom mixups. Here are Bolsheviks, Socialists, Republicans and Germans all opposing the peace treaty and league of nations for similar "reasons."

ONE must come to it, one supposes, but one feels that if one wears one of the "popular shape" straw hats some rude stranger is likely to come up and address one as "Cute."

If the Republicans permit themselves to be maneuvered into making a party issue of the league of nations, they will run the risk of making this country perfectly safe for the Democratic party.

An Italian diplomat says that the soldiers ought to be allowed to make the peace with Germany. That's just what they were in the process of doing when they were stopped by the Armistice.

SPEAKING of dances, which the Charlotte News, and the Wrights-ville Sun says Marie Caveline at a Newark smoker, danced first in a "short, straw petticoat," then "not in the short straw petticoat."

REV. MR. BLACK says very few women in North Carolina are suffragists and that they are noisy. The women will have to plead guilty, for when Miss Gertrude Well read the Senate passage of the Anthony amendment at the Federation recently those Mothers in Israel all but tore down the house.

It does not make much difference whether you own your house or home, but one little room in that house you can make a real and true home in you. You can furnish it with such beautifying thoughts, you can turn it with such sweet fancies, that it will be fairly luminous with their presence, and will be to you the very perfection of a home.

THERE are various odd discriminations in the taxes on soda-fountain beverages. You can buy an egg and a glass of milk separately, a cup of hot malted milk, or a glass of pure grape juice, without paying a tax; but if you order the egg and the milk shaken together, the malted milk served cold, or the grape juice diluted with water, the drink is taxed according to its price.

A GOOD OLD AGE

A good old age is a beautiful sight and there is nothing earthly that is as noble. And so we have often thought a ship is a fine object when it comes into port with all its sails set from a long voyage. Many a thousand miles it has come, with the sun for guidance and the sea for its path; and the waves that might have been its grave, a thousand fathoms deep, have yielded in a ready way, and winds that might have been its wreck have been its service. It has come from another meridian than ours. It has come by reefs and banks that have been washed for centuries by the restless waves, but not a plank has started nor one timber in it proven rotten. And now it has come like an answer to the prayers of many hearts—a delight to the owner, a joy to many a sailor's home, and a pleasure to all ashore that see it. It has been steered through dangers and now it is safe. But still more interesting than this is a good life as it approaches its three score years and ten. It began in the century before the present; has lasted on through storms and sunshine; and it has been guarded against many a rock on which a shipwreck of a good conscience might have been made.

For sixty miles along the highway from Syracuse to Utica, the State of New York is to plant trees to commemorate the brave deeds of its soldier and sailor sons. Both for beauty and for service to the community such a memorial is especially appropriate; pleasing and resting the eye, shielding the road from sun and wind and snow, it will literally keep green through many generations the memory of those young men.

It is about time for all forward looking men to go forward.

The government printing office at Washington is the largest establishment of its kind. It occupies thirteen and a half acres of floor space, has 240 typesetting machines, employs nearly five thousand men and women and costs twelve million dollars a year. The paper used costs more than two million dollars a year, and the annual payroll is over forty-five hundred thousand dollars. The annual output is from twenty-five thousand to thirty thousand pamphlets. Besides this, it prints millions of postal cards each year, and hundreds of thousands of postal orders. This office, with its almost unlimited capacity, can receive, set in type, proof-read, stereotype, bind and deliver a book of two hundred pages within twenty-four hours.

A correspondent is in a position to announce that Harry W. Stubbs, of Marin county, will be a candidate for the Democratic nomination for lieutenant-governor in the primary next June. For the past six months Mr. Stubbs' name has been discussed from the mountains to the seashore for this position, but he has only recently made up his mind to be a candidate. He has served the people of the State as a representative from Marin county for seven terms, and as a State Senator for five terms making a continuous legislative service of 24 years. An attractive speaker, an able lawyer, a brilliant parliamentarian, his friends feel that to make him lieutenant-governor would be a fitting honor for the valuable services that he has rendered the State.

"It is indeed, as the Governor's wife so hardly says, the road to Samarcand," concludes the Charlotte News after an analysis of the tendencies of modern dance and dress denounced by Mrs. Bickett at the Hendersonville meeting of the State Federation of Women's Clubs. Mrs. Bickett's statement ran: "If there is one thing that is leading the girls to Samarcand and the boys to the devil, it is the dance and dress of today."

Of this The News says: "It is not only a happy saying, but it expresses a vital truth. It expresses a vital truth. It is a fact that much of the salacious living of these days finds its prompting in the character of feminine dresses and in the dancing obsession that has taken such a violent hold upon the people. Fancy clothing or the lack of it at all is not premeditatedly bad, but the dear women who are resorting to the extremes of style are thinking more of their reputation for up-to-dateness than they are about their reputation for proper demureness. They don't mean to be harmful, and, perhaps, only to the eye that is looking for evil, are they really harmful, but so long as they worship so devoutly at the shrine of Dame Fashion, they are going to be led into extremes where their modesty is compromised whether they so intend it or not."

ALLEGORICALLY speaking, the editor is the happy medium between the soupbone and the porthouse steak. Nobody ever saw a rich editor, and on the other hand no one ever encountered an editor who didn't head every subscription with the donation of four bits and a stub pen. The editor is said to belong on the fourth estate because that is the only kind he leaves. He is also one of the most cheerful and overworked preparators now passing on a legal tender. He has to be.

WELDON 33 YEARS AGO.

From The Roanoke News, June 17, 1886.

At the Alumni banquet during the commencement exercises of Wake Forest College last week W. E. Daniel, Esq., responded to the toast, "Our College in the New South."

Capt. R. S. Southerland took charge of the Scotland Neck train Tuesday, relieving Capt. Hassard-short.

Miss Sallie Blount, who has been visiting friends in this section, left for her home in Petersburg Monday.

Miss Emily Long returned home Saturday from St. Mary's School.

Rev. W. L. Cunningham and wife, of Raleigh, are visiting their many friends in Weldon.

Miss Beulah Bell, of Wilmington, is visiting friends in Weldon.

Miss Susie Timberlake, of Raleigh, is visiting friends in town.

Mr. T. N. Hill, Jr., of Halifax, left Tuesday for Chapel Hill, to attend a course of lectures in the law department.

Died in this place on Tuesday last Mrs. Augustus R., wife of Jos. T. Evans.

The crops throughout this county and Northampton, so far as we are able to learn, are very fine.

The Methodist Sunday school, of Shiloh church, Northampton county, gave a most enjoyable picnic on the church grounds last Monday.

On Friday night there was a lawn party given at the Long place by the ladies of the Baptist church.

MARRIED.—At Grace Episcopal church on Tuesday at 3 o'clock P. M., by Rev. Gilbert Higgs, of Warrenton, Richard S. Hall to Miss Tempe Williams Joyner.

WEDDING BELLS.—On Tuesday at the residence of the bride's parents, Miss Mamie E. Anderson was led to the Hymeneal altar by Mr. Samuel W. Chadwick. The waiters were as follows: Mr. J. B. Timberlake and Miss Kate O. Anderson; Mr. F. W. Dunn and Miss Nicey Brockwell; Mr. T. L. Purnell and Miss Daisy Dockery; Mr. J. S. Barrett and Miss Susie Timberlake; Mr. John Dockery and Miss Anna Morecock; Mr. W. T. Shaw and Miss Beulah Bell.

THERE are many ways of getting even. A Washington policeman warned a young woman that she was violating the automobile law and a month later she married him.

AN office boy explaining to another why a horse was frightened by a motor car said: "If you saw a pair of trousers walking down the street without a man in them wouldn't you be scared too?" That boy is some explainer.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Druggists sell it in liquid or tablet form. Send 10 cents to the Invalids' Hotel, Buffalo, N. Y., for trial package. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of sloe, root of Jalap—things that Nature grows in the ground.

Jacksonville, Fla.—"I was in a generally run-down condition, being nervous, and suffering from want of sleep was tired and unable to work. My back was so that I could not stoop down. I was advised by my family doctor, a regular physician, to take Dr. Pierce's Favorite Prescription as soon as I had a chance to do so. In taking the medicine I soon found relief, and I have been glad to recommend it to others with the same complaint. My two little girls, 5 and 7, take the medicine for worms."—Mrs. Ida Mott.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadowville, Ky.—Mrs. Cynthia Hugginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few doses of Black-Draught."

Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, at times, need the help that Black-Draught can give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver, etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package—One cent a dose. LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers.

Don't suffer! A tiny bottle of Frezzone costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off.

When Frezzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.
