**MARRIED AT FLORENCE, S. C.**—Mr. Collins Cuthrell, of Enfield, and Miss Mabel Garner, of Weldon, were married at Florence, S. C., on Wednesday, June 14th. The young couple took their many friends by surprise as only a few very intimate friends knew anything of their intentions. They arrived in Enfield Monday morning and will make this place their home. They have the warmest congratulations of their hosts of friends.—Enfield Progress.

**DO NOT FURNISH THE FUEL.**—We are generally losers in the end if we stop to refute all the backbitings and gossipings we may hear by the way. They are annoying, it is true, but not dangerous so long as we do not stop to expostulate and scold. Our characters are formed and sustained by ourselves and by our own actions and not by others. They may injure us for a time but public opinion and justice will correct all groundless slanders if we do not furnish fuel to the flame by taking valuable time to deny the charge.

**DEATH OF MR. J. E. BOWERS.**—The community was shocked last Saturday when the news reached that Mr. J. E. Bowers, of Scotland Neck, had died in Washington after an operation had been performed on him for appendicitis. Mr. Bowers had been treasurer of the county for many years and was indeed a very popular official. The remains were brought to Scotland Neck last Saturday evening and tenderly laid to rest Sunday afternoon. He was about 37 years old. Peace to his ashes and evergreens to his memory.

**DIAMOND RUBBER COMPANY ANNOUNCES INCREASED MILEAGE ADJUSTMENT.**—The Diamond Rubber Co., Inc., of Akron, O., announced new increased mileage adjustment to Diamond Tire users and dealers that is in keeping with actual results obtained from these famous tires—6000 miles on fabric tires and 8000 miles on Diamond Cord Tires. The new adjustment also applies to every Diamond Tire of future or past sale, including tires in the hands of car owners or dealers.

Diamond users and Diamond dealers have long known the big mileage in Diamond Tires—the users own tires. The Diamond Rubber Co. have marked up their adjustment to 6000 miles for Diamond Fabric Tires and 8000 miles for Diamond Cord Tires—merely to measure out a definite share of the superb mileage that the wonderful strength and endurance Diamond Tires have in them as shown from thousands and thousands of satisfied customers.

**KEEP A STIFF UPPER LIP.**—The most perilous time of a person's life is when he is tempted to despond. The man who loses his courage loses all. There is no more hope for him than there is for a dead man. It matters not, however, he may be pushed by circumstances if he only keeps his courage up, holds up his head, and with unconquerable will determines to be and do what becomes a man; all that makes or unmakes. Keep a stiff upper lip. Realize that success or failure depends, after all, on you and you alone. A man makes his own bed and must lie on it. So make up your mind that you will succeed and then get down to work with determination. "The road to wealth is as easy as the road to market." You must call to your aid all that can honestly assist you; can help you invest your savings, however small; that can develop in you the courage and chiefness.

**THE PASSING OF ANOTHER OLD LANDMARK.**—The old store house lately used as a Chinese laundry is being torn down to make room for a handsome two-story brick building. This old store was built by the late J. T. Evans soon after the civil war. It is now owned by one of our energetic and live business men, Mr. Henry Farber.

**MARRIED.**—At the Union station, last Thursday night about 9:30 o'clock, Mr. Robert H. Wesson and Miss Bessie Mae Hudson, both of Littleton. Rev. F. M. Shamburger performed the beautiful and very impressive ceremony, which made the two one. Quite a crowd gathered to witness the marriage.

**FINE MILCH COW KILLED.**—On last Friday night as the Seaboard train No. 15 was approaching the station, a fine milch cow belonging to Mr. H. L. Grant, ran across the track ahead of the engine, knocking the front wheels of the engine off the track and killing the cow. The train was delayed here about an hour and ten minutes.

**DEATH OF MRS. WILLIAM MORECOCK.**—We regret to announce the death of Mrs. William Morecock, which occurred at the residence of her husband on last Saturday. The funeral took place from her late home last Sunday afternoon and the interment was at the family burial ground, Rev. E. D. Dodd, conducting the service. Quite a number of Weldon people attended the funeral. She leaves a devoted husband and three little girls to mourn their loss. We deeply sympathize with the bereaved ones.

**WHY DON'T YOU?**—Why don't you answer your friend's letter at once? It will have double value if written promptly, and will take no more time than by and by.  
Why don't you make the promised visit to that invalid? She is looking for you day after day, and "hope deferred maketh the heart sick."  
Why don't you send away that little gift you've been planning to send? Mere kind intentions never accomplish any good.  
Why don't you speak out the encouraging words you have in your thoughts? Unless you express them they are of no use to others.  
Why don't you take more pains to be self-sacrificing and loving in every day home life? Time is rapidly passing. Your dear ones will not be with you always.  
Why don't you create around you an atmosphere of happiness and helpfulness, so that all who come in touch with you may be made better? Is not this possible?  
Why don't you follow in the steps of Him who "came not to be ministered unto, but to minister?"

**TO OUR BOYS.**  
Here's to Carolina's soldier boys,  
Our best beloved and true—  
Fighting for us the wrongs of earth  
Under the Red, White and Blue.  
Here's to the boys from way down south,  
The boys we all adore—  
They gave their lives to right our wrongs,  
Under the flag they bore.  
Here's to the boys from all our land,  
United to a man—  
Glad to die for the flag they love,  
A brave and gallant band.  
Here's to the boys, when they return  
From hardships and from toil—  
In God's hands we leave the ones  
Who rest in foreign soil.  
Here's to the mothers of our dear boys,  
God give them joy and peace—  
And keep their loved ones close to them,  
Till life and war shall cease.  
—Mary Kerr Spencer.

**PEPSI-COLA CO. ENJOYS BIG BUSINESS.**—That the sales of Pepsi-Cola in this section will eclipse those of any past year in the history of the company, was the gist of a statement given this paper today by the management Weldon Pepsi-Cola Bottling Company.  
During the period of the war bottlers all over the country were forced to curtail their output on account of the sugar shortage and in this city the Pepsi-Cola Bottling Company was not always able to supply the large demand for that well known beverage. However, now that the armistice has been signed and the restriction on the sugar has been removed, they are able to secure all the syrup that they can make use of and they are taking advantage of this to supply their local patronage to the limit.  
The Pepsi-Cola Company is waging an extensive advertising campaign and this is aiding materially in boosting the sales of this well known and popular beverage and these are daily increasing by leaps and bounds.

**INDEPENDENCE OF FARM LABOR.**  
The farmer faces an entirely different situation today with the shortage of labor than he did in the old days when farm hands were plentiful.  
While timid farmers, using labor scarcity as an excuse, have abandoned their farms and drifted to the towns, the progressive farm owners are fast learning to acquire independence of labor.  
The use of machinery in the place of muscle is the answer.  
The problems of quick transportation, sawing and hauling cord wood, country produce and farm supplies, cutting ensilage, grinding feed, shelling corn, threshing wheat storing hay and filling a silo—these and much other farm work can be done by one man with a belt, a pulley and the engine of one motor truck.  
All these feats of usefulness are combined in the Indiana Farm Truck with its portable power units.  
This truck will make the average farmer independent of farm hands.  
These labor-saving tasks are in a day's work of the Indiana Farm Truck. It can also be used as a power plant to light the farm, and it will pump water as efficiently as a fire engine.  
A farmer safeguards his property, puts convenience and pleasure into his farm work, and surrounds himself and his family with an atmosphere of comfort by the service of one of these remarkable Indiana Farm Trucks.  
The investment—as your banker will regard the purchase of one of these trucks—is offered to every responsible farmer on easy time payments by the Carolina Motor Company, of Statesville, N. C.

**THE SERIES OF MEETINGS AT THE BAPTIST CHURCH.**—The series of meetings which have been in progress at the Baptist church for the last ten days have been exceedingly interesting and enjoyable. Rev. Dr. J. H. Dew, of Ridge Crest, N. C., who has been preaching, has brought to the people of Weldon the old, old story of the Gospel in a most impressive and attractive manner. Large crowds have attended the services and many have professed a desire to lead a better life. The Bible verses read at intervals by the Pastor and Rev. F. M. Shamburger, who has entered thoroughly into the spirit of the meeting, have been pointed and clear showing Dr. Dew's familiarity with the word of God and his entire dependence on the Scriptures combined with earnest prayer to reach the hearts of the unsaved and persuade even professing Christians the necessity of a consecrated life. The singing has been informal and enthusiastic, many of the old songs and tunes which have not perhaps been heard for years have revived memories in many hearts. Quite a number have given their names for church membership and no doubt the meetings have done much good.

**"LAUGH A LITTLE BIT."**  
Here's a motto just your fit:  
"Laugh a little bit."  
When you think you're trouble hit,  
"Laugh a little bit."  
Look Misfortune in the face,  
Brave the beldam's rude grimace,  
Ten to one 'twill yield its place  
If you have the grit and wit  
Just laugh a little bit.  
Keep your face with sunshine lit—  
"Laugh a little bit."  
Gloomy shadows off will fit  
If you have wit and grit  
Just to laugh a little bit.  
Cherish this as sacred writ—  
"Laugh a little bit."  
Keep it with you, sample it—  
"Laugh a little bit."  
Little ills will sure beside you,  
Fortune may not sit beside you,  
Men may mock and fame deride you,  
But you'll mind them not a bit  
If you laugh a little wit.  
—Edmund V. Cook.
