WORD WAS NOT UNFAMILIAR.
Might Have Been Better if Youth
Had Found Out Something
About that Parrot.
Gen. Charles T. Menoher, the
brave commander of the brave
Rainbow division, said at a dinner
in Washington:
"The civilian who tries to teach
a soldier how to conduct a court
martial reminds me of the young
man who tried to teach the parrot
to talk.
"This young man said he knew
all about parrots, and guaranteed
to teach a bird—a bird he thought
was young and untrained—to say
'hello.'
"So he sat down in front of the
parrot and said, 'Hello, hello, hel-
lo'—like that—for 45 minutes. The
parrot didn't pay him the slightest
attention, but when he got through
it opened its eyes lazily, drawled,
'Line busy, ring off,' then closed
its eyes again."—Detroit News.
PRACTICAL ADVICE:
"Can you, as an old, experi-
enced public man, tell me, as a
young man just starting, just how
to preserve a high degree of integ-
rity before the public?"
"Sure thing. Always demand
cash and don't be fool enough to
take checks."
REDUCED.
"Mother," asked the Modern
Child as she was being put to bed,
"what are prayers?"
"Prayers, darling, are little mes-
sages to God."
The Modern Child grew thought-
ful.
"Oh, I see," she said at last,
"and we wait till bedtime to send
them so as to get the night rate."
CAN'T BE DONE.
"One of the oldest and most fam-
ous taverns had been forced out
of business by prohibition."
"Dra't these reformers! I dare
say many interesting stories are
told about that place."
"Of course."
"How we are ever going to at-
tach any legendary lore to a soda
fountain is more than I can see."
—Birmingham Age-Herald.
BOY'S BILL OF FARE.
George Bailey, answering the
inquiry, "What is good for a boy to
eat?" says:
"At this time of the year, ac-
cording to the theories extant in
North Carolina, in 1870, a boy
should have daily plenty of green
fruit, pine rosin, young cucumbers,
raw new potatoes, green black-
berries, doughnuts, branchwater and
two hours in the swimming hole."
—Atlanta Constitution.

NO PITY THERE.
"I'm of a very sympathetic na-
ture."
"Sup?"
"Yes, feel sorry for any man in
trouble. I don't like to see dumb
brutes suffer."
"I know it but what are you get-
ting at?"
"Notwithstanding my tender
feeling towards mankind I can't
find it in my heart to be the least
bit sorry for the Germans."
**"BEST MEDICINE
FOR WOMEN"**
What Lydia E. Pinkham's
Vegetable Compound Did
For Ohio Woman.
Portsmouth, Ohio.—"I suffered from
irregularities, pains in my side and was
so weak at times I could hardly get
around to do my
work, and as I had
four in my family
and three boarders
it made it very hard
for me. Lydia E.
Pinkham's Vege-
table Compound was
recommended to
me. I took it and
it has restored my
health. It is cer-
tainly the best
medicine for woman's ailments I ever
saw."—Mrs. SARA SHAW, R. No. 1,
Portsmouth, Ohio.
Mrs. Shaw proved the merit of this
medicine and wrote this letter in order
that other suffering women may find
relief as she did.
Women who are suffering as she was
should not drag along from day to day
without giving this famous root and
herb remedy, Lydia E. Pinkham's Vege-
table Compound, a trial. For special
advice in regard to such ailments write
to Lydia E. Pinkham Medicine Co., Lynn,
Mass. The result of its forty years
experience is at your service.

**VALUABLE LESSONS OF WAR IS THAT
OF NATIONAL AND INDIVIDUAL THRIFT,
NOW RAPIDLY GROWING**
Now that the new German govern-
ment has accepted the inevitable, and
has officially signed the peace terms
dictated by the allies and the great-
est and most disastrous war that ever
scourged the world is ended.
For nearly five years the world has
been topsy-turvy. The things that
were needed yesterday are no longer
required, and the activities of the
great war establishments and munition
plants are being diverted to the
manufacture of implements of peace.
There must now be a readjustment.
Governments that have thought in bil-
lions and spent money with a lavish
hand, must retrench and think in mil-
lions and even smaller amounts, and
must gain a new perspective.
Viewed in the retrospect the part
played by America in the great world
war is one of the most glorious chap-
ters in history. And in the making of
this brilliant history the plain Ameri-
can citizen played a stellar role. The
mountains of munitions, the equip-
ment for the millions of soldiers, the
great ships that carried the men
across the ocean, could not have been
provided had not the common people
of America provided the money.
Much of this money was obtained
through the sale of Liberty Bonds
and War Savings and Thrift Stamps.
This great volume of money has not
been wasted. First it brought perma-
nent peace to the world, and now that
real peace is here, every cent that was
so invested will come back to those
who aided their government, and it
will come back with interest.
This war that is now happily ended
has taught the people the value of sav-
ing. They went into the saving
game as much through patriotism as
anything else. But now that they are
reaping the returns, and see that what
they did with a patriotic motive is a
real foundation for future fortune,
they have gained a new confidence in
their country, and they will continue
to buy the securities the Treasury De-
partment offers, and will make the
country many-fold more prosperous
than it would have been had not the
war testified the lesson that will prove
valuable in future years.

**PAYING OFF THAT
MORTGAGE**
Theodore Roosevelt said: "Thrift is
merely the use of hard common sense
in the spending of money." Paying
off the mortgage on the installment
plan by buying War Savings Stamps
is one of the uses of this hard com-
mon sense.
Not only does this plan offer a prac-
tical way of saving small amounts of
money, but small amounts may be
earning interest as soon as they are
set aside toward the collecting of the
larger sum. This interest in turn
materially helps to reduce the 6 per
cent interest rate commonly charged
on mortgages.
When the mortgage comes due it
may either be paid off in whole, or in
part and renewed, the method of
saving through War Savings Stamps
being employed until the principal is
liquidated.
"May the vast future not have to
lament that you neglected it." Buy
Thrift Stamps and War Savings
Stamps.

ings Stamps favored with peppermint

out.

**VALUE OF SAVINGS
BECOMES APPARENT**
One of Great Lessons of War is That
of National and Individual Thrift,
Now Rapidly Growing
Government securities afford the
safest and most practical investment
in the world. A War Savings Stamp is
a promissory note for \$5 if redeemed at
maturity, or for the original cost of
the stamp plus accrued interest if re-
deemed before maturity.
It was only after America entered
the great world conflict that the small
wage earner in this country was af-
forded the opportunity of investing in
government securities; of becoming
co-partners with the government. That
there are today more than 20,000,000
holders of government securities is a
fact which speaks for itself.
When you buy a War Savings Stamp
you are helping the government. To
be able to make a loan to the govern-
ment, even as small as the sum rep-
resented by a War Savings Stamp, is a
proof of patriotism and also a prac-
tical manifestation of that spirit of na-
tional thrift and individual savings
which has come to us as a permanent
heritage from the war.

**CANNOT LOSE MONEY
IF INVESTED WISELY**
Funds Put into War Savings Stamps
Are Absolutely Safe and Yield
Handsome Profit to Holder

**WEALTH OF NATION
GROWING RAPIDLY**
In Washington some of these ap-
perils, who are masters of figures and
who have a mind attuned to statistics,
frequently dig up queer things. One
of this type has figured out that the
total wealth of the United States is
\$500,000,000,000. Then he figures out
the new wealth produced annually,
which he terms "net income." This
gets into dizzy figures, too. He esti-
mates that last year the national
wealth increased \$15,000,000,000, which
he admits is going faster than the
normal. Another Washington official
points out that one of the best ways
to conserve this national income in
wealth is for individuals to buy War
Savings Stamps.

**ONE SAFE PLACE FOR LIB-
ERTY BONDS—THE BANK—
PUT YOURS THERE**
The Cumberland (Md.) Even-
ing Times prints the following,
which should be a reminder to
all who are now keeping their
Liberty Bonds or War Savings
Stamps in boxes around the
house or in broken tea pots or
in mattresses:
Mrs. William B. Dever, wife
of former Engineer Dever,
Baltimore and Ohio railroad,
of Rowinsburg, W. Va., threw \$1,
650 worth of Liberty Bonds into
the Cheat river, back of her
home, by mistake, with rubbish
she had cleaned from their
home. The valuable bonds have
not been recovered although a
diligent search of the Cheat
river bottom in that vicinity has
been made.
W. B. Dever's great loss of
bonds has a parallel. W. W.
Wood, Baltimore and Ohio rail-
road engineer, lost \$148 worth
of Liberty Bonds from his pocket.
They were a \$100 and \$48
issue. Engineer Wood intended
to deposit the bonds in a local
bank. They have not been lo-
cated.
A laborer unloading a car of
coal at Paw Paw, Saturday,
found a \$100 bond in the coal.
It is thought to have dropped
from the pocket of a car loader
at the mines. The laborer re-
ported the matter to the com-
pany's station agent at Paw
Paw, it is said with a view of
returning it to its owner.

Mallory Hats
About the first question our salesmen will ask you when you
try on one of our new
Mallory Hats
Is "How does it feel?" In other stores they ask "How does
it look?" The difference is that we will first select a hat that
will become you, and we know that a "Mallory" Hat will look
right, so what we want to know is whether the hat feels right
on the head. Be sure to have a look at our window this week
and come in and prove what we say.
