

Why experienced motorists use Polarine.

Polarine Motor Oils do not break down at high engine heat or congeal at low temperature.

Polarine Motor Oils protect bearings and engaging parts against wear.

Polarine Motor Oils get the most power and miles out of a tankful of gasoline.

INSERTION POLARINE

Standard Plus Gasoline puts most power behind the piston—dramatically economical at reliable garages and dealers everywhere.

GREAT HELP TO BUSINESS.

Believes in Liberal Use of Printer's Ink.

"Yes sir, Mr. Editor, the best proof that we believe heart and soul in the liberal use of printer's ink is shown by the amount of newspaper advertising used by our company." This statement was made a few days ago by Mr. Johnson, Publicity Representative of the Atlantic Coast Realty Company to the editor of this paper.

Our conversation with the representative of the Realty Company was most interesting, because he proved his statement that newspaper advertising does pay.

The name of the Atlantic Coast Realty Company is familiar to most of the newspaper-reading public all over the South. Why? Because it is kept before the people through newspaper advertising, in fact, it has about got to the point when you automatically think of the name when you hear of a real estate auction sale.

Thousands of dollars are spent each year in newspaper publicity telling the people about the land which is offered by this progressive company. Proof that it pays is shown by the success of the land sales conducted by them. You can't sell what you have to offer unless you can interest the people in what you have to sell. Newspaper advertising produces the interest.

The advertising department of the Atlantic Coast Realty Company is composed of experts in this line of endeavor. From the chief advertising man right on down the ranks, every representative enthusiastically "digs in" to tell you about the property he is advertising and the history of the rise in land values. They are a fine bunch of fellows and deserve the success that is so richly theirs.

Keep on the lookout for their advertisements in this paper, for it will tell you all about the property which they will offer in this section at an early date.

CLARK PROPERTY SOLD.

The E. Clark Property Sold Monday By the Atlantic Coast Realty Company—The Bidding was Spirited Throughout the Sale.

There was probably the largest sale of property in Weldon last Monday ever known in the history of the town. Mr. E. Clark offered for sale all his property in town except his stores and lots in the rear of his stores and his residence. The bidding was spirited throughout the sale. The most of this property was bought by Weldon people. The following is a list of purchasers and prices paid:

The corner lot known as the old "Tom Clark drug store," was bought by the Weldon Bank and Trust Company, price paid, \$9,593. Lot No. 3, was also bought by the Trust Company for \$3,000.

The next two lots were bought by C. W. Gregory, for 7,800.

S. A. Harrington, five lots in same block, for \$5,675.

W. L. Scott bought the "Denise" house and lot for \$5,200.

E. B. Clark bought the house and lot now occupied by N. S. Barnes, for \$5,200.

E. N. Ricks, Roanoke Rapids, bought the house now occupied by Mrs. R. P. Todd, for \$5,000.

The "Campbell" place was bought by E. N. Ricks and Geo. C. Green, for \$8,300.

The house now occupied by J. T. Pope, was bought by N. S. Barnes, for \$3,050.

At the home place, the first six lots were bought by Barnes & Gregory for \$4,000.

The other lots were sold for \$4,000.

The aggregate amount of the sale was \$60,000.

THE AIRPLANE.

I. Over the ROANOKE NEWS' garden
An airplane flew;
But nothing there
Either cared or knew.

II. Autumn butter flies
Chased each other;
A young robin cried
Calling its mother.

III. Gay "pansies"
With soft brown heads;
Sunflowers yellow
And "poppies" red.

IV. A "blue bird"
On frail larkspur;
Never knew
What flew over her.

V. Sparrows chirped
And a blinking toad,
Watched for flies,
On the white sand road.

VI. They don't care
How smart Weldon men are—
To fly through heaven,
In an airplane car.

VII. To a Weldon girl
With hair of gold;
The flying adventure
Looked very bold.

PRINCE ALBERT

the national joy smoke makes a whale of a cigarette!

YOU certainly get yours when you buy your smoke cards on the table, call for a tidy red tin or a tattered bag of Prince Albert and roll a smokin' cigarette. You'll want to have a secret bureau to keep count of your smokes! Why you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you know that the taste of half your smokecard until you know what rolling em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands one exclusive patented process that cuts out bite and parch! With P. A. your smokes in a maker's cigarette will outlast any photograph record you ever heard! Prince Albert is a cinch to roll. It's crimp-cut and stays put like a regular roll!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Awaiting your paper, you'll find today red bags, tidy red tins, handsome packs, and half-pound tin bundles—roll—that classy, practical, smooth, great glass humidor with sponge moisture trap that keeps Prince Albert in such perfect condition!

Children Cry FOR FLETCHER'S CASTORIA

THE BARGAIN

—AND ITS WELL WORTH YOUR WHILE!

Through special arrangements with the manufacturers, and during this Bargain Week only, a beautiful, useful and substantial set of Cooking Ware will be given with every Majestic Range sold. This ware is good ware (not cheap ware)—it's worth a lot to you. Come and see for yourself. And Remember—the price of a Majestic Range this week will not be increased, and there will hardly be a great reduction for years to come, if ever, but there may be an increase soon.

TWO NEW AND IMPORTANT FEATURES

The Wonderful Unseen Riveting. Oh, Joy! Top Needs No Blacking.

Yes, it's rivet-right, just like the old Majestic, but the rivets clinch inside of nickled parts, leaving nickel smooth as glass, and there are no big, bulky bolt heads on the inside. And, remember, rivets hold tight, bolts with only one or two threads holding are bound to work loose and cause no end of trouble. The Majestic is smooth inside and outside—it's a striking beauty—more than skin deep.

Economy is not merely spending the least money—buying a range at too low a price is indeed false economy.

The first cost is not the only cost—the little additional first cost of a Majestic is nothing compared with its economy of fuel, durability and satisfactory service.

Nearly a million Majestic Ranges, now economically, scientifically and satisfactorily serving millions and millions of people, civilians and soldiers, is proof positive of their superiority over all others.

There is only one best. The public has judged. The Majestic is recognized as the standard of all ranges. The construction, material, workmanship and beauty of this wonderful range is unequalled, and it embodies important features possessed by no other range.

If you haven't a Majestic, avail yourself of this opportunity to get acquainted with this wonderful range—know the inside of ranges.

It's going to be awful lonesome in this country when the strikers cease from striking and the peace treaty is ratified.

James Stuck Says "Rats Cost Me \$125 For Plumbing Bills."

"We couldn't tell what was clogging up our toilet and drains. We had to tear up floor, pipes, etc., found a rat's nest in basement. They had choked the pipe with refuse. The plumber's bill was \$125. RAT-SNAF cleaned the rodent out."

Three sizes, 55c, 90c and \$1. Sold and guaranteed by Pierce-Whitehead Hdw. Co., Weldon.
