

These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building. There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 10 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill — cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.

Mrs. Chandler went into a shop to purchase some handsome water glasses. Not having the money with her to pay for them she gave her address and instructed the salesman to mark the glasses C. O. D.

The salesman made a note of the request and later the glasses were delivered, but no request was made for payment.

Mrs. Chandler unpacked the parcel and found that each glass had been beautifully engraved with the letters "C. O. D." placed very prominently upon them.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health. . . I owe it to Cardui for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

WILSON INVADES HOUSE OF FOES

CARRIES HIS BATTLE FOR LEAGUE OF NATIONS INTO HOME OF HIS ENEMIES.

GIVES COST OF GREAT WAR

Infuses Them of Lives and Treasure Poured Out to Save Civilization.

(By Mr. Clemens News Bureau)

Aloud President Wilson's special train—carrying his war against those who oppose the adoption by the United States of the peace treaty and the covenant of the League of Nations into their households, President Wilson last week invaded California.

And there, where the question on which league opponents have hammered the hardest, that of Shan Tung—is of most interest, the president found the same enthusiasm among the people for peace and for insurance against future wars. The people want the long controversy ended. They want the country to be able to again turn its undivided attention to social, economic and industrial development. Their leaders may not feel this way, but judging from the expressions which met the president on every side. The leaders have overstepped the limits of the peoples' patience in their stubborn determination to force a change in the great document.

Must Take This League.

"We must take this League of Nations," said the president, "for there is no way in which another can be obtained without compelling reconsideration by the powers. And it would sit very ill upon my stomach to take it back to Germany for consideration."

"All over the world people are looking to us with confidence. Our rivals along with the weaker nations. I pray God that the gentlemen who are delaying this thing may presently see it in a different light."

Germany, the president declared, is taking new courage from our delay in ratifying the treaty and her newspapers and public men were again becoming arrogantly outspoken.

Deeply impressive were the figures of the cost of the late war, in lives and dollars. It was the first time that the official statistics have been made public and the tremendous totals shocked the president's audience.

Shows Cost of World War.

"The war," said President Wilson, cost Great Britain and her Dominions \$28,000,000,000; France \$20,000,000,000; the United States \$22,000,000,000; Russia \$18,000,000,000; Italy \$12,000,000,000 and a total, including the expenditures of Japan, Belgium and other small countries, of \$122,000,000,000.

It cost the Central Powers as follows: Germany \$22,000,000,000; Austria-Hungary, \$21,000,000,000; Turkey and Bulgaria, \$1,000,000,000.

"The United States," the president said, "spent one million dollars an hour night and day for two years in the struggle to save civilization. All this, however, fades into insignificance when the deaths by battle are considered. declared the president. Russia gave 1,500,000 men; Germany 1,600,000; France 1,800,000; Great Britain 900,000; Italy 864,000; the United States 50,500. In all, almost 7,500,000 men perished in the great struggle, or 1,500,000 more men than died in all of the wars of the previous 100 years.

Should Remember Recent Horrors.

"These are terrible facts, and we ought never to forget them. We went into this war to do a thing that was fundamental for the world and what I have come out of this journey for is to determine whether the country has forgotten or not. I have found out. The country has not forgotten and it will never permit any who stands in the way of the fulfillment of our great pledges, ever to forget the sorrowful day he made the attempt."

Arbitration and discussion, the president pointed out, must replace force of arms in the settlement of world controversies. Constantly he dwells upon the fact that all the nations in the League agree to do one of two things, first to submit their differences to arbitration, in which case they agree to abide by the decision rendered, or if unwilling to arbitrate, to have their case discussed by the Council of the League, in which case six months is granted for discussion. Three months must elapse following the result of this last step in arbitration before the nation concerned can declare war.

Holds Out Hope For Ireland.

The president took advantage of questions propounded by the San Francisco Labor Council to give the inference that he believes Ireland can bring her case before the League of Nations for settlement when the League is actually in existence.

Shan Tung, he declared, will be returned to China. Japan, he said, had given her solemn pledge to that effect. And with the League of Nations in force, said the president, we can, if occasion arises, stand fifth and sixth.

Poverty brings strong landlords.

About the first question our salesman will ask you when you try on one of our new
