### Ratification Map of the Federal Suffrage Amendment.

The 35 White States Have Ratified. Make North Carolina the Perfect 36.

### 17,500,000 WOMEN WILL CAST VOTE FOR PRESIDENT THIS YEAR

REGARDLESS OF RATIFICATION  
Only 4,000,000 Voted in 1916.  
Women's Votes Gave Election to the Democrats in 1916.  
What About 1920?

How can a Democratic state refuse to help women to vote for President this year? asks former State Senator Frank P. Holbrook of Greensboro, N. C. In 1916 it was frequently said that it was the women voters of the west who re-elected Woodrow Wilson. At that time there were less than 4,000,000 women of voting age living in the states which had franchised women. Now there are 17,500,000.

Even if the Federal Suffrage Amendment to the United States Constitution is not passed by 36 states, all those women can vote for President because they have gained either complete suffrage or presidential suffrage, or, in the case of Arkansas and Texas, full primary suffrage. If one looks on the suffrage ratification map, he will see that except for two little states, Vermont and Connecticut, all the states of the north, northeast, northwest and southwest have already ratified. The only states standing out against ratification are those of the southeast.

It is the men of the south who are blocking women's freedom. And what are they doing? They cannot keep the women of Wyoming, Colorado, Idaho, Utah, Washington, California, Arizona, Kansas, Oregon, Montana, Nevada, New York, Oklahoma, Michigan, Nebraska, Rhode Island, Indiana, Iowa, Kentucky, Maine, Minnesota, Missouri, Tennessee, Wisconsin, Ohio, Arkansas and Texas from voting for President. They are holding back the vote from Democratic North Carolina women and letting the Republican women of Maine walk away with it. Is this good politics?

The states where women vote control 339 of the total 531 electoral votes. This means that North Carolina's twelve might be wiped out by California's 15. If the California women should this year feel that the Republican party, which has given the suffrage amendment 29 ratifications, is a better party for women than the Democratic party, which has rejected the amendment in six states.

The refusal of southern men to give a thirty-sixth ratification to the women of the country will not defeat woman suffrage; it will only defeat the loyal women of the Democratic south, and a few women in the smaller states of the north.

### MOST POPULAR AMENDMENT IN THE HISTORY OF THE AMERICAN CONSTITUTION.

Nine states had ratified the Federal Suffrage Amendment within three weeks from the date it was signed in June, 1919. That was one-fourth of the total number required. Of those nine states seven were already in session and could make quick work of ratification. After that it was a question of calling special sessions for the special purpose of ratifying, as all the other 36 legislative sessions of 1919 had closed. Yet so widespread was the sentiment for ratification that within three months, in spite of expense, in spite of summer heat, in spite of everything, eight states had called special sessions. Before the end of 1919 five more had called special sessions and ratified. January, 1920, was ushered in by ratification in two states that held regular sessions. Another state, New Jersey, took advantage of its regular session to ratify in February.

But 1920 is not a "legislature year." Very few states have regular sessions this year. It is our hope for a ratification to be made at the special sessions.

called special sessions during the brief month of February. Three more called special sessions in March. Of the three legislatures called in March, Delaware's is still in session, having not yet taken final action on ratification. Thirty-five states acted between June 5, 1919, and March 22, 1920. Not one of the eighteen preceding amendments to the Federal Constitution has made such a time record in view of the number of ratifications needed in each case. A federal amendment today needs three times as many ratifications as were needed to ratify the twelfth, for instance, which has held the speed record up to now.

Not one of the preceding amendments has commanded such huge majorities in state legislatures as has the nineteenth.

### WOMAN SUFFRAGE STRENGTHENS WHITE VOTE

White Population Shows Greater Increase Than Black.

"When the men of North Carolina make the excuse of keeping the vote from white women of the south, because they fear the negro women's vote," says Dr. Della Carroll Dixon of Raleigh, N. C., "do they think what they are doing?"

Here is some arithmetic for them: "In the fifteen states south of the Mason and Dixon line are: 10,961,924 white women 4,554,083 negro women 6,307,837 more white than negro women."

10,991,929 white women 8,643,040 total negro population 2,018,286 more white women than total negro population.

"These fifteen states are: Maryland, Virginia, North Carolina, South Carolina, Georgia, Florida, Mississippi, Alabama, Tennessee, Kentucky, Arkansas, Louisiana, Texas, Missouri, West Virginia.

"In four southern states, Texas, Tennessee, Virginia and Kentucky, the number of white women exceeds the whole colored population. In Alabama, Arkansas, Georgia, North Carolina, and Louisiana, woman suffrage would tremendously increase the preponderance of white votes. In Mississippi and South Carolina, where the colored population exceeds the white, equal suffrage would double the intelligent electorate, since in both these states there are educational qualifications limiting the franchise to those who can read.

"Equal suffrage in southern states would: "1. Increase vastly the white vote. "2. Raise the educational and moral standard of the electorate. "Not only would woman suffrage give white control in these states a more permanent footing than now, but white supremacy will continue to grow, as the increase of white population is more rapid than the increase of colored population."

### FOR THE SAKE OF THE DEMOCRATIC PARTY.

Appropos to the fact that the women of thirty states in the Union are going to vote for the next President, whether the thirty-sixth state ratifies the Federal suffrage amendment or not, Mrs. Charles D. Melver of Greensboro has this to say "For the sake of the Democratic party."

"Why cut down the popular vote in North Carolina by denying North Carolina women the right to vote for Presidential electors along with the women of other states. True, a state's electoral college vote is no larger no matter how much the popular vote is increased, but it's just as true that there is a psychological factor in the larger popular vote that has its effect. It doesn't do the Democratic party any good to seem to be the party of a few people instead of many people. Of the thirty states where women will vote in the presidential election of 1920 the popular vote is nominally Republican in two-thirds of them. With the women voting in those states the popular vote on the Republican side is increased by millions. In the Democratic South millions of women are excluded and the popular vote correspondingly reduced. It makes a bad appearance on the face of things. It creates the impression that the Republican party is the people's party. It isn't. The Democratic party is the people's party. It's unfair to create this false impression by an exclusion of the woman vote in the South at the expense of the Democratic party."
