

Advice for Young Girls
Roanoke, Va.—Dr. Pierce's Favorite Prescription is an excellent medicine to give young girls who suffer. One of my daughters has been very delicate for some time, and suffered with functional disturbance, and every winter, and every spring, and I would have to have the doctor for her. She would be weak and nervous. Last winter a friend advised her taking "Favorite Prescription" and it has done her a world of good. She is in better health than ever before. I would advise mothers not to let their girls suffer, give them the "Favorite Prescription"—MRS. SARAH E. HAYMAN, 1514 London Ave., N. W. All Drugs.

THE CURFEW LAW.
Just as we expected they would do, the Board of Town Commissioners turned down the application for a Curfew Law, at their meeting last week. This was in our opinion, the right thing to have done. No right thinking Board could have done otherwise. Why should the little tots be denied the freedom of the streets after a certain hour, and dragged into court and sent on to the Judge of the Juvenile court? Then again, it would have been a terrible hardship on some of the mothers, who would have been compelled to stay at home to look after the children.

We clip the following from an exchange which fully explains the matter, in our opinion:
"It seems to us a great mistake to 'live down to' children. They are capable of understanding and responding to deep and fine thoughts and feelings. Never from the first did we criticize or humiliate our boys and girls in any way. We gave them credit always for the high and right motive, and suspended judgment till they had told their side. But if they were wrong they were not punished. The fact that they had fallen below what had been expected of them was punishment enough. A certain standard of conduct was established that they longed always to realize. They were able, even then, to see the beauty of certain qualities and the ugliness of others. It was lovely to see them trying to conform to the habit in the household, of unflinching courtesy and unselfishness and restraint. They often failed. They often showed their temper. But they grew to be more ashamed of their failures.

Character cannot be built from the outside. Coercion does not make for strength—only for compliance. That, it seems to us, is a great mistake some parents make. They exact obedience when they should instill principle. Inspire! That is the better word. Then the child will have an inner light to guide him, a compass to steer him to a certain goal.
When the guiding hand is lifted, so many are left with no deep conviction—principles to shape their destiny—but impulses. They may be good, they may be bad, as life plays upon their emotions and desires. To trust to them for guidance is like going out upon a stormy sea in a tiny craft at the mercy of tossing waves and wind."

SOCIAL SERVICE.

Read Before the Department of Social Service of the Woman's Missionary Society of Weldon Methodist Church by Mrs. S. H. Pierce.

What is Social Service? The philosophy of social relations is one of the most ancient parts of human wisdom.
Human beings who intellectually as well as sympathetically apprehend their common nature find pleasure in communication and acquaintance.
Social organization reacts upon the welfare of the community, furthering survival and individual happiness.
Now two individuals are affected by social conditions in quite the same way or degree and therefore the population is differentiated in respect of these matters into classes. So far as physical law is concerned it may equally well be an uplifting of the weak to higher planes of sympathy and intelligence by the hand of the strong.

The centre of interest in the Church today lies in the relation of religion to society. Before the social question can be solved it must be understood. From the Christian point of view we say that the social question is a question in human relationships. In a word, the social question viewed in the light of Christianity is simply man's answer to God's question to Cain, "Where is thy brother?" It is man's response to the second commandment, Love thy neighbor as thyself! It is an effort to answer the Lord's Prayer—Thy Kingdom come! It is the application of the Golden Rule to all the activities of life.

The Church in determining its social service policy should place very decidedly its emphasis on the

1st. Establishment of social justice, that is to say—of a condition of life wherein the fruits of industry shall be so distributed that every human being shall have a chance to live a full human life with due opportunity for the preservation of bodily health, the cultivation of mental powers and the exercise of spiritual faculties and further, that no merely improved or charitable activities can ever take the place of this fundamental duty.

We must give the gospel of love and forgiveness. Humanity was built for co-operation, service and love. We must reform through kindness. We must give practical service to the needy. We must make positive efforts to foster the spirit of good will between the races.

It is very necessary to have a community centre for social activities.
"What is Christian Social Service?"
It is the bringing about of this revolution within the Church herself, that God may use her to fill men full of power for combat with the forces of selfishness and the inhibition of individualism and to make of the world a place like heaven, and of men, beings a little more like Jesus Christ, the callous-hearted, mighty-hearted God of Golgotha, to lift Him up for all the world to see and worship, to imitate and to adore—that is the social service function of the Church."

GOOD BLOOD NEEDED IN SPRINGTIME.
People With Poor Appetite, Bad Complexions and 'Spring Fever' Need a Blood Tonic

GUDE'S PEPTO-MANGAN IS BEST
Makes Rich Red Blood—Renews Vitality and Increases Body's Resistance to Disease

Spring is the time when good blood is so vital to health. If you do not feel the thrill of spring in your blood, if you take no pleasure in living, if your appetite is poor, your complexion pallid or muddy, and you tire easily, you can be pretty sure your blood is not up to the mark. So many feel that way in the spring. Especially housewives who have so much work to do. They get over tired and run-down—their blood becomes weak and thin.

Build up your health now by taking that splendid spring blood tonic, Gude's Pepto-Mangan. It will give vital power to the red corpuscles in your blood. They will go racing through your blood, carrying fresh supplies of oxygen to all the tiny cells. It will help improve your color and your appetite. You'll take more interest in things and enjoy life more. You will stop going around with that tired all-gone feeling.
Physicians have prescribed Gude's Pepto-Mangan for thirty years. You can get it at your druggist's in either tablet or liquid form. Take whichever you prefer. They have the same medicinal value. Get the genuine.—Adv.

Ford
THE UNIVERSAL CAR
The Ford Sedan with electric starting and lighting system and demountable rims with 3 1/2 inch tires all-around, for every day in the year has no equal as a family car. Just as popular on the farm as in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make in an open car in pleasant weather, while in rainy weather and inclement weather it becomes a closed car, dust-proof and rain-proof. It is ideal for social functions, the theatre, or parties; carrying the children to school, or for touring. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability. We solicit your order for one.
