A WOMAN TESTIFIES

Here is the Help Most Women Need at Some Time in Life

Some years ago I was afflicted with my physician recommended Dr. J. J. Moore's Female Prescription. It was the best medicine I ever used for women. It is the best I have found for a long time. It helped me to get my health back and to get on my feet. I was very glad to see it in the New York Journal.

The name of Dr. J. J. Moore's Female Prescription is on the wrapper. It is the best medicine for women in the world. It is the best medicine for women in the world. It is the best medicine for women in the world.

THERE ARE FEW THIEVES

Ninety nine out of every hundred Americans are honest, says Frederick N. Withey, vice-president of a big bonding company.

Withey's company has written 7,000,000 bonds for cashiers, treasurers and others entrusted with money. Of these, only one in a hundred stole and only one in seven thousand "hit the wrong road out of downright criminal intent."

A criminal is the rare exception. That's why you read about him in the news while honest men go unnoticed.

ON THE FARMS.

American farmers use 2,140,512 automobiles, 221,817 motor trucks and 2,503,002 telephones, according to the 1920 census returns.

Life "down on the farm" steadily acquires more comforts and conveniences. Science is giving the farmer comforts which a decade or two ago were practically unknown outside the cities.

In time this will solve the "back to the farm" problem. Men go where it is most attractive.

THE NEW ERA.

As women check up the first year of their political enfranchisement, Mrs. Florence Hilles, new chairman of the Woman's Party, comes out with 37 recommendations for giving women equality with men.

Most interesting of these is "the right of women to keep their maiden names after marriage."

Time brings strange changes. The day may come when John Smith, marrying Susan Browne, will have to change his name to Mr. Susan Browne.

HOUSEWORK.

Housework is the chief cause of insanity among women, according to a report by English investigators. In making lunatics, dish washing heads the list.

Men, in shop or office or going about their daily tasks, meet friends and acquaintances, encounter new experiences, always something interesting.

How many men realize the monotony of housework, to women working alone?

Husbands should take their wives out for recreation. Work loses its monotony when occasional pleasure intervenes for contrast.

COULDN'T STAND PROSPERITY

Fatty Arbuckle's sister—poor woman, she is to be sympathized with—says that since he began making money he has "always been generous with his own people," but just what bearing that statement might have on the murder case is not so clear.

Perhaps Fatty, poor and struggling and with "the kindest, tenderest heart in the world," was a different man from the comedian of the movies after he had made money to burn.

Money was undoubtedly the ruin of the man who, as his sister says, in the days when he was poor and a gentleman, "would have done nothing unkind to a woman."

Arbuckle is another man of whom it may be said that he was not born to stand prosperity.

How Not to Take Cold.

Some persons are subject to frequent colds, while others seldom, if ever, have a cold. You will find that the latter take good care of themselves. They take a shower or cold bath every day in a warm room, avoid overheated rooms, sleep with a window open or partly open, avoid excesses, over eating, becoming overheated and then chilled and getting the feet wet. Then, when they feel the first indication of a cold, they take Chamberlain's Cough Remedy without delay and it is soon over.

LAW ENFORCEMENT!

The people of Kansas City have shown what an outraged public sentiment can do when genuinely aroused, in spite of the negligence of public officials.

During the early part of 1920, criminals of every sort overran the city, causing a veritable reign of terror. Finally the leading citizens' organizations decided that the only way to get relief was to take things into their own hands.

A law enforcement association was formed, its motto being, "Clean Up Kansas City."

There has been a steady improvement in the situation ever since. During the first five months of 1920 there were 19 murders and 1183 burglaries. During the same period in 1921 there were but nine murders and 695 burglaries, about a 50 per cent. cut in these two classes of crime. Highway robberies and auto thefts showed a like decrease.

The moral of all this is just this: There is no reason why the people of any other town cannot do what the people of Kansas City have done if they will act with the same energy and intelligence.

BEGGARS IN AUTOMOBILES.

We are all familiar with the old adage, "If wishes were horses beggars would ride." Well, the up-to-date beggar goes this one better and rides in automobiles.

In some parts of the middle west it has been discovered, professional beggars band together and travel from town to town in automobiles. Arriving in a town, they store in a garage, don their rags and tatters, and then work each house. Having worked their town, they get their machine and drive on to the next town.

The poor we will always have with us, but it not infrequently happens that the beggar at the door is a richer man than the man from whom he asks alms. It is our duty to help the poor, but it is only common sense to make sure that a beggar is really in want before shelling out money to him.

A stranger beggar in a community is not to be encouraged.

Feeble Blood Works Havoc

Gude's Pepto-Mangan Makes Red Blood; Liquid and Tablet Form

When blood becomes thin and weak it is due to a falling off in the number of red blood cells. It is easily recognized by pallid skin or a bleached complexion, loss of appetite or unnatural irritability and a sensation of weakness. It is not dangerous at first. In fact, many people scarcely notice it and go on for days, thinking they will be better the next day.

The great danger is in the possibility of becoming seriously ill from disease which can work havoc in a body that lacks the endurance and resistance in rich, red blood.

Taken in time and steadily, a few bottles of Gude's Pepto-Mangan are a great help. It improves the quality of the blood by adding new blood cells. They check the weakness, improve the appetite and clear the complexion.

You can get Gude's Pepto-Mangan in liquid or tablet form at your druggist's. Get the genuine with the name "Gude's Pepto-Mangan" on the package.—Adv.

CALOMEL USERS TAKE AWFUL RISK

Very Next Dose of Treacherous Drug May Start Terrible Salivation.

The next dose of calomel you take may salivate you. It may shock your liver or start bone necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your body like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It cannot be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and cannot salivate.

MONEY TO LOAN—I can loan some money or improved farm land in Halifax and Northampton counties, and on improved residential or business property in Weldon.

ASHLEY B. STAINBACK, Attorney at Law.

REPORTS indicate that the American soldiers who have been keeping the Watch on the Rhine have been having a good time.

A Missouri woman wants to sell her husband. Which is an admission that she got sold when she married him.

THE main reason why the Congressional Record is so expensive is that it carries so much free advertising.

HOME brew is a dangerous thing. A pot of it blew up in New Orleans the other day and killed two men.

AND speaking of prices, there have been several drops in airplanes lately.

REALLY, it looks as if the world is almost ready to fight for disarmament.

YES, and the Spaniards have just quelled one Moor uprising in Morocco.

NEXT year the politicians will raise our hope by promising to lower taxes.

YES, and Henry Ford has shaken things up in railroad circles, too.

Buy a pipe—
and some P.A.

Get the joy that's due you!

We print it right here that if you don't know the "feel" and the friendship of a joy's jimmy pipe—GO GET ONE! And—get some Prince Albert and hang a howdy-do on the big smoke-gong!

For, Prince Albert's quality—flavor—coolness—fragrance—is in a class of its own! You never tasted such tobacco! Why—figure out what it alone means to your tongue and temper when we tell you that Prince Albert can't bite, can't parch! Our exclusive patented process fixes that!

Prince Albert is a revelation in a makin's cigarette! My, but how that delightful flavor makes a dent! And, how it does answer that hankering! Prince Albert rolls easy and stays put because it is crimped cut. And, say—oh, go on and get the papers or a pipe! Do it right now!

PRINCE ALBERT
