

SUFFER PAIN?

Heed This Woman's Advice

Springdale, Ky. — "I was in a run-down condition and every month suffered from severe pain. I had taken treatments for feminine trouble, but seemed to get no results from the treatments. It was through my daughter-in-law that I heard of Dr. Pierce's Favorite Prescription and decided I would try it. I took a few doses when at her home in Illinois, and when I came home I took it regularly. It surely helped me very much. I can say that 'Favorite Prescription' is a very good remedy for women in a run-down condition or if troubled with feminine trouble." — Mrs. Henry Soward, Route 1.

If you have the above-mentioned symptoms, you should profit by Mrs. Soward's advice, and get the "Prescription" from your druggist at once. To be had in tablets or liquid, or write Dr. Pierce's Invaluable Hotel in Buffalo, N. Y., for free medical advice.

REALLY, it looks as if the governments will have to disarm or disband.

Children Cry FOR FLETCHER'S CASTORIA

ARMISTICE DAY.

The Whole County Entered into the Spirit of the Day and Nearly Every Section was Well Represented.

ABOUT 7,000 PEOPLE PRESENT.

Friday, November 11th, was indeed a gala day in Weldon. A big crowd, a fine parade, good speaking, free dinner for the musicians, soldiers and guests of honor, a game of football in the afternoon completed a program which had been well planned and was carried out to the letter with not a single disagreeable feature from beginning to end.

The whole county entered into the spirit of the day and nearly every section was well represented. All of our business men, showing their loyalty and patriotism by an elaborate display of flags and bunting in the National colors and the stores were beautiful in their holiday dressing. Besides this a great number of the homes of our citizens were beautifully decorated.

The floats were especially fine, many of them displaying artistic skill in conception and execution of various ideas they were intended to represent.

The music by the Weldon and Rosemary bands gave interest and enthusiasm to the large crowd present.

At the close of the march the crowd assembled in the park, where a stand had been beautifully decorated, and after a most fervent and inspiring prayer by Mr. Job Taylor, Bishop J. B. Cheshire was introduced, and made a most excellent speech.

Then came the dinner served free to all ex-service men by Capt. Gus Pappas, of the New York Cafe. The dinner consisted of all the delicacies of the season, over three hundred ex-service men participating.

Immediately after dinner the Commanders of the various County Posts went to Cedarwood cemetery and decorated the grave of the late Captain William T. Shaw, killed in action.

At 2:30 a game of football was played at the base ball park by the freshmen teams of A. & E. and the University of North Carolina. This was won by the score of 14 to 13 by the University. The game was enjoyed by a large crowd, estimated by some as being eight hundred.

Next year's celebration will be held in Scotland Neck.

DEATH OF MRS. PIERCE.

She Was a Former Well Known Resident of Weldon.

Mrs. Margaret Condon Pierce died at her home in Richmond, Va., on Saturday, November 5, 1921 at 9:30 P. M. The deceased was the eldest child of the late George G. and Emma Whitaker Lynch, of Weldon, N. C. She was born in Enfield, N. C., on December 12, 1846, and married at the age of 19 years to the late Albert Leroy Pierce, of Halifax county.

Mrs. Pierce was a woman of the noblest Christian character, and spent her whole life in unselfish work for others.

May the beauty of her life be a guiding influence to those members of her family and friends, who are left to mourn their loss.

She is survived by her four grandchildren: Mrs. David P. Moody, Mrs. Charles W. Warren, Miss Florence W. Froelich and Frederick Leroy Froelich, all of Richmond, Va., and two brothers and three sisters: Messrs. G. G. Lynch, of Florence, S. C., and A. B. Lynch, of Wilmington, and Mrs. L. B. Tillery and Mrs. B. W. Arrington, also of Wilmington, and Mrs. F. S. Overton, of Little Rock, Ark.

Mrs. Pierce requested on her death bed that she be laid to rest in Maury cemetery of South Richmond, so she could be near her grandchildren. — Wilmington, (N. C.) papers please copy.

GETTING HIM UP.

How to get Friend Husband up in the morning in a cheerful mood has long been a problem with the head of the house. The alarm clock shatters peaceful slumber and sends many a man to work with a groan.

A Boston housewife has solved the problem, or says she has. She wakes her husband by tickling his feet with a broomstraw. This makes him start the day with a laugh. If he went to bed with a groan she uses a feather.

Tickling soothes the nerves. An alarm clock or any other sudden noise irritates them. And good disposition is largely a matter of nerves.

Seventeen years before Napoleon died Beethoven composed a funeral march for him.

A GENEROUS WORLD.

"French Sal," a famous Chicago beggar, died the other day, and after the funeral it was found that she had \$100,000 hidden in her attic home.

A wealthy Montana copper operator, visiting Detroit, fell asleep in a chair in front of his hotel. He had on dark glasses. Many people mistook him for a blind beggar, and when he woke up he had 40 cents in his hat.

Cities have as many kind-hearted people as small towns. The cold-bloodedness of big cities is mostly on the surface. Folks are much the same everywhere.

Human nature travels under many disguises but it never changes.

DOING THE IMPOSSIBLE.

Have you ever done a thing which other people declared could not be done? If not, you have never known the greatest joy of life. You have missed the finest thrill that human beings are permitted to experience.

No matter what it is—climbing a tree, or mending a broken toy, or reviving a dying business, or leading any sort of forlorn hope to victory—if you have done something which other people have said could not be done, you have placed yourself above your fellows. You have made them honor you. You have done a splendid thing, and your blood will tingle while you receive the praises that will be freely given. Try it some time—try doing the impossible thing. It will be great fun just to try, and if you succeed it will give you a sense of elation and mastery that will make all your ordinary everyday tasks seem mere trifles.

TWELVE MISTAKES.

There are innumerable mistakes that people can and do make in life. A writer in a current magazine enumerates twelve mistakes which he says are most common but which may easily be avoided. They are:

1. To attempt to set up our own standard of right and wrong.
 2. To try to measure the enjoyment of others by our own.
 3. To expect uniformity of opinion in this world.
 4. To fail to make allowances for inexperience.
 5. To endeavor to mold all dispositions alike.
 6. Not to yield in unimportant trifles.
 7. To look for perfection in our own actions.
 8. To worry ourselves and others about what cannot be remedied.
 9. To consider a thing impossible which we ourselves cannot perform.
 10. Failing to help others whenever, however, and wherever we can.
 11. To believe only what our minds can grasp.
 12. Not to make allowances for the weakness of others.
- There are many other mistakes that we can make, of course, but if we try to keep from these twelve in particular we will be headed in the right direction. And in striving to avoid these twelve we will no doubt avoid many others.

OLD WELDON.

Things That Happened 33 Years Ago in Town and Vicinity.

November 15, 1888.—Mr. S. M. Gary, of Halifax, is a candidate for the inferior court clerkship, made vacant by the death of Mr. G. L. Hyman. Mr. Gary would make a most efficient officer.

Mr. Claude Kitchin, of Scotland Neck, son of Hon. W. H. Kitchin, was married on Tuesday morning to Miss Kate B., daughter of Prof. Mills, of Wake Forest College, the ceremony being performed at the residence of the bride's father by the Rev. R. T. Vann. We congratulate Mr. Kitchin on his good fortune and Scotland Neck on the pleasant acquisition to its society it has acquired in the person of Mrs. Kitchin.

Mrs. Ida Wilkins, Miss Laura Powers, Mrs. J. W. Sledge, Miss Blanche Allen, Miss Lula Allen, Miss Nicely Brockwell and Mrs. E. W. Brown spent several days at the Richmond Exposition last week.

Miss Lizzie Fessenden, of Brooklyn, and Miss Jessie Kenan, of Wilmington, who have been visiting Misses Emily and Kate Long, left Saturday.

Miss Kate Gregory, of Crowells, left Saturday for Savannah, to visit the Exposition.

The community was greatly shocked on Saturday last at the announcement of the death of G. L. Hyman, Esq., clerk of the inferior court, which occurred on that morning at Halifax. Mr. Hyman occupied a room in the court house, and about sunrise smoke was seen issuing from under the door. He was called and there being no answer the door was forced open, when a horrible sight met the eyes of those who entered. His body was lying on the bed in a natural position but was so terribly burned as to be unrecognizable. One arm was burned off to the elbow and the flesh of the face and head was completely destroyed. On the floor under the bed lay a lamp which is supposed to have been accidentally overturned and which had set fire to the floor and bed.

On Friday last interest centered in the tournament which began about two o'clock. Twelve knights entered the lists. Capt. T. W. Mason and W. R. Bond were the judges. Capt. W. H. Anthony carried off the first prize. There being a tie between the next three highest, it was ordered that they each have one ride to settle the question which was in that way determined as follows: T. W. Fenner 26, G. H. Johnston 20, W. E. Watson 18, and they crowned the first, second and third maids of honor, respectively. After the play Friday night a large crowd assembled in the ball room to witness the coronation ceremonies. Miss Emily Long was crowned queen of love and beauty, Miss Jessie Kenan, first maid of honor, Miss Virgie Allen, second maid of honor, Miss Etta Allsbrook, third maid of honor.

PEPTO-MANGAN

KEEPS BLOOD PURE

Growing Children Need Plenty of Red Cells In Blood

When the young body is growing, children frequently experience weakness. Girls and boys sometime play too hard and over tax their systems. They lose their appetites, become languid and are not able to make progress in school work. "Growing too fast" is often true. It is often most important to keep the blood of growing girls and boys in a healthy state.

Pepto-Mangan keeps the blood pure. The red cells in the blood are increased. They carry life-giving oxygen to all parts of the body, and wholesome youthfulness blooms again in clear complexions, bright eyes and buoyant spirits. Sold both in liquid and tablet form by druggists everywhere. The name "Gude's Pepto-Mangan" is on the package.—Adv.

Hot Stuff!

Red Devil Lye sure is strong. Just try it and see how much better you like it. Next time you go to scrub put two table-spoonfuls of Red Devil Lye in a pail of water. Then instead of scrubbing—just mop. It does the work.

Gets rid of dirt

It quickly loosens the dirt because it softens the water! Great for all cleaning saves work and purifies while it cleans.

CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of This Treacherous Drug May Start Trouble

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up before and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and cannot salivate.
