The bill in substitute provides that no one shall practice dentistry except he be licensed some regularly chartered institution of dentistry or by a board appointed by the North Carolina Dental Association; provided, the provisions of this act shall not apply to any person now engaged in the practice of dentistry, nor shall it interfere with the mere pulling of teeth. CAROLINA.

Corn sells in Pamlico county at 35 cents a bushel. It is thought that Gov. Vance will make no change in the Directory of the Atlantic Road till the expiration of the term for which the present incumbents were appointed, in June next. The Goldsboro Messenger learns that just before vacating the Executive office Gov. Brogden issued a Brigadier General's Commission of Militia to our Mayor, Col. Jas. A. Washington; also a Commission to Colonel Geo. C. Moses, as Colonel of the 27th Regiment. The Goldsboro Messenger says: The horse and buggy, stolen at the same time the stables of Messrs. J. T. Freeman & Son, at Snow Hill, were destroyed by fire, has been recovered. We failed to learn the particulars. It will be remembered that the stables were fired, doubtless by the same fiend who stole the horse and buggy. Four other horses were consumed in the fire.

New Advertisements. GEORGE MYERS—Flour, Sugar Cured Hams, &c. A. SHREVE—All Made Linen Bosom Shirts for 90 cents, worth \$2.50. JAMES HEATON S. C. C.—Court Calendar. Don't take offence when none is intended. The "German" is now an institution in Wilmington. A good theatrical troupe here now would draw fine houses. Rebuses are now substituted for monograms on note paper. Bishop Gibbons confirmed at St. Mary's Church, Norfolk, on Sunday. It is the want of motive that makes life dull and makes men feel old. A Parisian has invented a method of sending photographs by telegraph. Tea should never be boiled, and should be made in an earthen vessel. At London weddings the frock coat is being abolished in favor of the dress coat. You cannot build a fire in the morning by lying in bed and quarreling about it. Maggie Mitchell's new character part fits her like a glove. But Maggie is no longer a kid. The advance in cotton during the few days will prove a gratifying fact to many. Many a servant who bates his master's coat loves to faucey that the maser is inside of it. Some people force fashions, but it was in vain that Canute tried to drive the tide back. Any young man is made better by a sister's love. The love of another fellow's sister will do. Business failures in New York during December: aggregate nearly two millions of dollars in liabilities. The programme for the Week of Prayer, published by us yesterday, is that adopted in the Churches at Petersburg. Some of our "bloods" call for "stage fixtures" when they drop into a bar. A new and novel name for it, but then it must be remembered that we live in a progressive age. We have secured the services of a special correspondent in Washington City which his name is "Gurgle," and he will furnish us with three letters each week. The first of the series will be found on the second page of this issue. We are going to turn over a new leaf and are determined that the Review shall appear on the streets by half past 4 o'clock, at the very latest, as long as the short days continue. See if we don't do it.

Fine flakes of snow have been falling, off and on during the forenoon.

Wood is very scarce here now and has advanced to \$.425 a cord for the best.

By order of His Honor, Judge McKoy the sessions of this term of Court will be from 10 A. M. to 3 P. M. of each day.

A married man up town giving his views concerning women to a friend yesterday, said a woman first loves a fast man, then a good man, and finally any man. Then his wife appeared in the doorway, and he went back into the cellar and began to split up kindling in an abject manner.

The following compose the petit jury for the first two weeks of the present term of Superior Court, viz:

S. T. Potts, Thomas Byrd, Obediah Royal, David E. Bunting, James K. Davis, Andrew J. Johnson, Andrew J. Walker, T. C. Moore, Albert Love, James H. Hall, Hiram Hankins, Geo. W. Murray, James Bender, William H. Williams

City Court.

Patrick Flynn, charged with disorderly conduct, case continued.

Capt. B. Morse, for disorderly conduct and committing an assault and battery on W. Edwards, was fined \$5 and costs but the fine was afterwards remitted.

A retail dealer, charged with selling liquors without license, submitted the case and was fined \$25 and costs.

Masquerade Ball.

We understand that some of the young gentlemen of this city are to have a grand masquerade ball on next Friday evening, which will be the first held here this season. Some very handsome and unique costumes are being prepared and those who are to participate are already anticipating a very pleasant time of it.

A Straw.

A dealer in this city, who advertised in the DAILY REVIEW during Christmas Week, and only in the REVIEW tells us that he sold that week, at retail, 2,000 pounds of candy, lacking but three or four pounds, and he does not hesitate to ascribe much of the result to his advertisement in our paper. We publish this simply as a little straw to tell which way the wind blows sometimes.

First National Bank.

At a meeting of the stockholders of the First National Bank, held at their Banking House, in this city, this forenoon, E. Kidder, Esq., was called to the chair and W. A. French, Esq., to the Secretary's desk.

An election for directors resulted in the choice of the old board, as follows: Messrs. E. E. Burruss, W. H. McRary, D. G. Worth, James Sprunt and Walter L. Steele.

The Waters Coming.

The waters which have been preparing for a visit down to the sea are on the way now. The melted snow and the rains which fell last week in the interior are combining to make up a big freshet for us. Capt. Robeson, of the steamer Wave, who left Fayetteville yesterday morning, reports that there has been a rise already of ten feet, making about fifteen on the shoals and that there is more coming.

Promotions and Elections.

At a meeting of the Wilmington Hook & Ladder Co., No. 1, held last evening, Mr. E. S. Nash was elected Second Assistant and Mr. R. F. Hamme, Axeman. Mr. Nash fills a vacancy caused by the promotion, last month, of Mr. R. A. Beery and Mr. Hamme succeeds Mr. Nash as Axeman.

On the same occasion Mr. A. V. Wood was elected Treasurer, Mr. Nash having resigned the position.

In this age of education and general intelligence the household is hardly complete without a Cornish & Co. Piano or Organ. Read the advertisement in another column, and then send for illustrated catalogue and price list.

Pay the Small Bills.

This is the time when tradesmen and storekeepers and producers of all the articles of domestic use, wear and consumption, expect their bills to be paid, and it is most important that all who owe them anything should give their accounts prompt attention. It is the period for settlement all round, and by putting the money in motion it will go from one to another, paying off many scores. Thus each will be relieved from his indebtedness, and a general feeling of satisfaction be imparted. A ready attention to this matter will help to revive business in all retail circles.

A Really Liberal Offer.

The New York Family Story Paper is one of the best literary papers published. Its enterprising publishers give as a premium to each subscriber the work of Shakespeare, in weekly parts, printed in royal octavo form, on good paper, and finely illustrated. This is alone worth the yearly subscription price of \$3, and is by far the most liberal gift ever presented to the patrons of any paper now published. Those buying the paper of the newsdealers are likewise entitled to the part of Shakespeare which accompanies each issue. We would advise our friends to avail themselves of this opportunity. Address Norman L. Munro & Co., 74 Beekman street New York.

Annual Meeting of Lot Owners.

At the regular annual meeting of the Property Holders of Wilmington (Oakdale) Cemetery, held last evening, Col. W. L. Smith was called to the chair, and Wm. M. Poisson was requested to act as Secretary.

The proceedings of the last annual meeting were read.

The Secretary and Treasurer submitted his annual report, which, upon motion was received and ordered spread upon the records of the meeting.

The Superintendent reported the grounds in good condition, considering the amount of labor placed upon them during the past year.

The lot-owners proceeded to the election of officers for the ensuing year, which resulted as follows:

President—Donald McRae. Directors—W. J. Yopp, J. H. Chadburn, Norwood Giles, G. R. French, E. Kidder, W. A. Wright.

On motion, the meeting then adjourned.

The report of Mr. R. J. Jones, Secretary and Treasurer, gives some points of much interest to the public.

During the year a new feature in the matter of taking care of the lots has been introduced. A lot-owner pays a certain sum in advance for the "perpetual care" of his lot, the amount being at once invested in some first-class security. This is a feature of some prominence in the management of cemeteries in the North but has never been introduced here before.

During the past year there have been 136 interments, as follows: Ages—under one year old, 32; over one year and under five, 24; over five and under ten, 14; over ten and under twenty, 4; over twenty and under thirty, 10; over thirty and under forty, 11; over forty and under fifty, 10; over fifty and under sixty, 11; over sixty and under seventy, 7; over seventy and under eighty, 7; over eighty and under ninety, 2; not stated, 4. Eleven of this number died elsewhere and were brought here for interment.

Disease or cause of death:—burns, 2; drowned, 3; bowel disease, 5; brain, 2; consumption, 15; cholera infantum, 6; chronic enteritis, 1; chills, 3; croup, 1; child-bed, 1; dysentery, 2; diphtheria, 30; dropsy, 3; fevers, 6; congestive fevers, 2; typhoid fever, 2; heart, 8; kidneys, 1; lockjaw, 2; liver, 2; meningitis, 2; old age, &c., 3; paratyphoid, 3; suicide, 1; still-born, 4; small pox, 1; pneumonia, 4; thrush, 1; tumor, 1; whooping cough, 3; not stated, 17.
