The Raleigh Sentinel tells of the discovery of an old certificate of stock in the N. C. R. R. on which the dividends had accumulated for 22 years.  
The Rockingham Spirit says: A man by the name of Shockley Gibson was thrown from his buggy by a runaway horse and instantly killed, in this county, a few days before Christmas.  
A young man in Raleigh, name suppressed, having been disappointed in love, attempted to shuffle off in a big dose of laudanum on Wednesday night, but he was pumped dry and his life saved.  
One man in Newbern caught in one day 750 white perch, 40 very large, and 186 medium size rock fish and about 100 small size rock fish, besides a number of an inferior quality which were laid in the bottom of the boat for "wedge-wood."

It will embrace a digest of the cases contained in Battle's four volumes and in the six or seven volumes of reports since.

SOCIABLE—By the Ladies of St. Thomas' Church.  
DANFORTH—20 cent Boxes Paper Envelopes. J. T. PETTEWAY, Agt.—Cotten for Guano. A. SHIRER—All Made Linen Bosom Shirts or 30 cents, worth \$2.50.  
There were four blind men on the streets begging to-day.  
And now New River oysters are held at one dollar per gallon.  
Bill Moore has introduced another bill into the Senate for the colored race.  
And now the spiritualistic Everett turns up in Raleigh where he will gull everybody as he did the people of Wilmington and Charlotte.  
Posters have appeared in this city announcing the carnival in New Orleans on the 13th of February, whether Packard or Nicholls is Governor.  
Rev. George Patterson, who is now in Raleigh, was to have preached at Christ Church yesterday morning and at the Church of the Good Shepherd last night.  
Among the other burglaries and attempts at burglary made in this city between sunset on Saturday and sunrise on Sunday, was an attempt to enter the residence of Mr. John Dawson, which was fortunately foiled.

### Back to Fort Johnson.

Col. Pennington's command of U. S. troops which was moved from Smithville some months ago and sent over to Marion, S. C., has been ordered back to their old quarters at Fort Johnson. They arrived in the city this morning and will go down the river to-day to Smithville where we prophecy that a hearty welcome will await them.

### Another Attempt.

The rascals succeeded in forcing an entrance on Saturday night into the residence of Maj. T. H. McKoy, corner Second and Nun streets. Judge McKoy who is stopping with his brother, heard them in the house and went to his room door when the slight noise he made was heard by the rascals who were frightened off.

### Could't Make the Trip.

An attempt was made some time on Saturday night to break into the residence of Mr. W. S. Hewlett, corner Fifth and Ann streets, but it was foiled. Nothing was known of the fact until yesterday morning when it was found that a hatchet belonging to Mr. Hewlett, which was left at the house by the rascal, had been placed under a window from the outside and an attempt made to force the window up, which would have succeeded but for the strength of the fastenings.

### Worth Reading.

We publish, on the third page of this issue, a lengthy but very interesting history of the discovery and use of fertilizers in South Carolina and especially of the operations of Messrs. Wilcox, Gibbs & Co. in the manufacture of their so well-known and widely used guano. The sketch is very interesting and will be read by all, especially by the farmers.  
Mr. James T. Petteway, of this city, is now and has been for years past, the Agent in this State for the sale of this fertilizer. He has given the subject much close study and attention and is thoroughly at home in a knowledge of the process and manufacture of all kinds of guano. He knows that these fertilizers are all that they are represented to be, or he would not touch them, and the farming community can therefore rest satisfied with his endorsement of what he sells.

### The Methodist Conference.

The North Carolina Conference of the Methodist Episcopal Church, (North) commenced its session in the City Hall on Wednesday, and has held daily sessions there until Saturday, when the meeting was held in Trinity Chapel, Bishop Harris, D. D., J. L. D., presiding, Rev. W. G. Matton, Secretary.  
It was stated that the preachers of one entire District were detained by the severe snow storms of a couple of weeks since. The business of the Conference proceeds with much regularity and is moved steadily along by the Bishop.  
Much of the time of the Conference has been occupied in the regular routine of business, which is principally done by committees whose reports are usually promptly disposed of.  
The report on temperance called forth some debate; when an amendment condemning the use of tobacco was offered and finally adopted.  
The statistical Secretary reported membership, 10,070; 110 churches; Ministers, 46; Local Preachers, 70.  
The Conference voted against changing ratio of representation to the General Conference.  
Four preachers were received on trial and two into full membership. The Conference holds its final session to-day.  
On Saturday night the Conference Missionary Society held its Anniversary; Rev. E. J. Bird presided. Bishop Harris gave an interesting account of his trip around the world, to visit the Missions of their church, which has Conferences in every quarter of the globe.  
Services were held yesterday as follows: Love feast at 9 A. M. Preaching by the Bishop at 11 when he ordained the Deacons. Preaching at 3 P. M. by Rev. Dr. Fulton, of Atlanta, (one of the commissioners who recently met at Cape May, N. J., to arrange a plan of fraternity between this and other Methodist churches.) Afterward the Elders were ordained. Preaching also last night by Rev. M. H. Wilson.

Seven dollars and eighty cents has been deposited in the mite chest put out by the Ladies Benevolent Association, left at Mr. George Myers' store during the past two weeks. This, we are informed, is the largest amount collected from any chest.

### There is plenty wool on market to-day.

The arrival of several cargoes has added to the stock in yards and wool can now be bought for less money than it could a week ago.

### The Two Dockets.

The criminal docket of the present term of Superior Court will take up much more time than was thought, but the probabilities now being that it will run nearly all of the next week, if not quite all of it. This will give but one week, the last of the term, for the disposal of the civil docket.

### A Few Bottles of Wine.

About 5 o'clock yesterday morning burglars broke into the residence of Mr. L. A. Hart, on Third street, between Dock and Ann. The noise they made aroused some members of the family and the alarm was given when the burglars made off with what they could lay their hands on, which consisted of but three or four bottles of wine.

### To Take Charge.

We understand that Capt. Cuyler, of the U. S. Engineer Corps, has arrived here and will take charge of the works below for the improvement of the mouth of the river and bar. We do not know what disposition will be made of Mr. Bacon, the gentleman who has been in charge since Capt. Phillips left and who we have cause to believe has rendered very efficient service.

### The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:  
Augusta, 61; Charleston, 60; Cincinnati, 34; Jacksonville, 62; Key West, 70; Knoxville, 40; Lynchburg, 34; Memphis, 60; Mobile, 58; Montgomery, 61; Nashville, 54; New Orleans, 67; New York, 23; Norfolk, 43; Pittsburg, 68; Savannah, 62; St. Louis, 35; Washington, 31; Wilmington, 50.

### Information Wanted.

Capt. Fitzgerald, Chief of Police, has received a letter from Marcellus W. Dyer & Co., making enquiries as to the whereabouts of one W. S. Byles, of New York, who the firm understand to have been in this city. He has been making collections for the firm and as he enjoyed their fullest confidence, they are afraid that he may have been foully dealt with. His family are in destitute circumstances in New York and would also be glad to hear from him. Leave information at the City Hall.

### The Masquerade Ball.

We understand that the prospects for a large attendance at the Masquerade Ball, to be given at the City Hall to-morrow evening by Mr. James M. Brown, are very encouraging. There will be many masqueraders on the floor and the costumes will be rich and unique. In this connection we are requested to state that tickets, 50 cents for spectators and \$1 for masqueraders, may be had at Capt. J. W. Lippitt's store where also a large assortment of masks is offered for sale.

### City Court.

The following cases were disposed of by the Mayor this morning:  
C. C. Shields, for disorderly conduct, and interfering with police officer Jones while in the discharge of his duty, was fined \$20 and costs.  
Hyman Singer, a white man and tramp, who was found on the piazza of a residence peering through the door lights, was fined \$20 and costs or 30 days work on the streets.  
John Hagggett was charged with larceny, but the case was dismissed at the cost of the prosecutor, Richard Howard.

### Rev. Mr. Oertel.

It has been mentioned that Rev. Mr. Oertel, formerly of this State, has lately removed to Washington and the "Union" of that city has this to say of his new picture:  
Johannes A. Oertel, who has opened a studio in the Young Men's Christian Association building in Twenty-third street has just completed a picture, cabinet-size, representing the Prophet Elijah at Mount Horeb. The man of God, clad in a garment of goat-skin, with an outer robe or burnous of camel's hair depending from his shoulders, is seated on a broad stone at the base of a perpendicular rock, which forms the background of the picture. He is represented at the moment when, disconsolate and complaining, he thins himself sole survivor in Israel of the true worshippers of Jehovah. The figure is powerfully drawn; and although so finely finished as to bear close inspection, gives the impression of commanding energy and strength.

J. B. Hill, Esq., U. S. Marshal for this District, is in the city.

### Death of Mrs. Satchell.

We regret to learn of the death of Mrs. Satchell, an esteemed friend of Dr. S. S. Satchell, which took place at the residence of her daughter at Rocky Point, on Saturday last. We tender to him our sincere sympathies in his bereavement.

### Vessel Ashore.

German brig Constance, Capt. Hollis, from St. Martin's, W. I., for this port, with a cargo of salt and molasses, went ashore on Bald Head, about five miles E. S. E. of the point, at 7 o'clock yesterday morning. Tugs went out to her during the day but nothing was done towards getting her off and this morning there was a very dense fog and after that lifted a heavy gale with the wind from the Southwest, each gust of which must have served to drive her farther on shore. She draws 102 feet but showed yesterday only 9 feet astern. It is doubtful if she gets off.

### Superior Court.

The following cases were disposed of in this court this morning:  
State vs. Robert Shaw, for larceny. Verdict guilty.  
State vs. Shepard Thompson, for larceny. Verdict guilty.  
State vs. John Fisher, on a peace warrant. Case dismissed on payment of cost.  
State vs. Obadiah Jenkins, for assault and battery with a pistol. Defendant submitted and it was ordered that witnesses be heard to-morrow.  
State vs. Thomas Payne, for wilful trespass. Jury out.  
State vs. John Bright, for larceny. Jury out.

### This Term of Court.

The position we took relative to this term of the Superior Court has been confirmed by the Legislature, a bill having passed the Senate on Saturday last in relation to this term, when on motion of Mr. Graham, the Senate took up the bill in relation to the Superior Court of New Hanover county. [Proposes that the January term, 1877, of said court shall be held by the judge of the 4th judicial district.] The bill passed its second reading and under a suspension of the rules, passed its third reading, and was ordered to be transmitted to the House without engrossment. This bill virtually admits this term as forming part of the Spring Circuit and legalizes all of its acts, thus anticipating and preventing any future litigation.

### House Entered.

The residence of Mrs. Sarah, corner Fifth and Nun streets, was entered by a burglar on Saturday night, probably the same rascal who attempted to break into Mr. Hewlett's house, in the same neighborhood, account of which we published elsewhere. In this instance the rascal mounted on a water barrel and forced the window of the parlor open and thus entered the house. Muddy tracks were found yesterday morning on the carpet in the parlor but nothing has yet been traced.
