Amount of school funds paid up to date \$6,600.

Unsuccessful attempt at jail breaking in Goldsboro on Saturday.

Rockingham tobacco planters are fearful of the ravages of the fly.

The wharves of Newbern were again flooded last Friday morning.

Heavy frost in Goldsboro on Sunday morning and fears for the fruit and things.

Homor D. Gope was to have read in Raleigh last night. We took Serkus in ours.

The Governor has appointed Chas. Edgar Mills a Commissioner of affidavits, resident in New York.

The ladies of St. Stephen's Church, Goldsboro, realized over \$50 at a dime party given by them last Wednesday night.

The passenger fare on the Atlantic Road has been reduced to four cents a mile for first-class and three cents for second-class.

Rev. Dr. Craven, of Trinity College, will deliver the annual address at the closing exercises of Monroe High School, May 24th, 1877.

The Busy Bees, a juvenile society in Charlotte have purchased and presented to St. Peter's Episcopal Church a lot on which is to be erected a Home and Hospital.

The Goldsboro Messenger says: The cold and rainy weather has greatly retarded farming operations throughout this section.

The Charlotte Observer says: A small lot of ore was assayed at the Mint yesterday, which showed the very remarkable yield of \$2,000 worth of gold to the ton of ore.

The Monroe Express says: We are assured by many persons that the prospect for an abundant fruit crop is yet excellent.

The Raleigh Observer says: The tobacco manufactory of J. M. Reams, at Durham, was burned to the ground on Friday night last together with 250 boxes of plug and 330 boxes of smoking tobacco.

The Raleigh Observer says: In accordance with a resolution adopted by the State Agricultural Board, Prof. Kerr has recently visited Richmond, Va., where he conferred with the United States Fish Commissioner, and the Fish Commissioner of Virginia, in regard to fish hatcheries.

The Raleigh Observer says: The Agricultural Commissioner has ordered several varieties of the sugar beet seed which he proposes to distribute in every county of the State, his object being to ascertain what sections are best adapted to its culture.

In France the cultivation of the sugar beet is becoming the principal industry of that prosperous nation, and it is believed that this beet can be made equally as profitable in this State, as all the tests and experiments that have been made have proven entirely satisfactory.

The sugar beets raised in Wake county last year were tested by an eminent chemist at the centennial with specimens from Delaware, New Jersey, Illinois and Connecticut; the average percent of sugar in those from the other States was about 4 per cent, while the North Carolina beet yielded 16.6 per cent.

When we consider the fact that in France 14 per cent of sugar is considered extraordinary, and far beyond the average, this is a good showing for North Carolina.

FERTILIZERS. COTTON for GUANO

A Fair Exchange. THE CELEBRATED FERTILIZER WILCOX, GIBBS & CO.'S Manipulated Guano

IS OFFERED ON THE FOLLOWING LIBERAL TERMS: ON CREDIT TO 1st NOVEMBER, 1877, at \$70.00 per ton, with 10% discount on the basis of 15 cents or Middling, delivered at Planters' depot, (Plauter paying expenses on Guano to destination.)

The Advantage To the Farmer in buying on these terms is plain, as he will know when he has bought 400 pounds Cotton (Middling) will pay for a ton, no matter how the price may be, and can make his calculations accordingly.

THE QUALITY OF THIS GUANO IS UNEQUALLED; as has been thoroughly established by the use of the many thousand tons sold. Our Agents sell on same terms.

Wilcox, Gibbs & Co., IMPORTERS AND DEALERS IN GUANO, Charleston, S. C., and Savannah, Ga.

We do not publish certificates, as the MANIPULATED GUANO is well known from its long and extensive use. That it is unnecessary to do so hardly any section in South Carolina, Georgia, North Carolina, or Alabama, where it is not used, and instead of giving certificates we would refer you to the Planters in your immediate neighborhood who have used it, who can testify personally to its value.
