

# THE DAILY REVIEW.

VOL. 2. WILMINGTON, N. C., FRIDAY, APRIL 20, 1877. NO. 77

WEDNESDAY  
We will be glad to receive communications from our friends on any subject of general interest but:  
The name of the writer must always be furnished to the Editor.  
Communications must be written only on one side of the paper.  
Personalities must be avoided.  
Audit is especially and particularly understood that the editor does not always endorse the views of correspondents, unless so stated in the editorial columns.

## NEWS SUMMARY.

Gov. Hampton visited Charleston day-before-yesterday, and was of course received with all sort of manifestations of popular regard. It is said that Crazy Horse is moving toward this agency at Camp Robinson with about 2,000 people, with the intention of surrendering. They may be expected there in a few days.

Secretary Evarts is carrying on a vigorous correspondence with the Venezuelan Minister here, in regard to the treatment of Minister Russel, accredited to Venezuela by this Government, by the late President Guzman. Pending the correspondence, Russel's commission remains in force. Two of the three gentlemen invited to accept the positions of commissioners to investigate the affairs of the New York Custom House, have accepted, but, until the third party has accepted, Secretary Sherman declines to say who the commissioners will be. The State Department received a dispatch by cable from Brussels announcing the serious illness, by a paralytic stroke, of Mr. Ayres P. Merrill, United States Minister Resident at Brussels.

There is a Returning Board quorum in both branches of the Nichols Legislature to-day. The President has accepted the resignation of L. Cass Carpenter, Collector of Internal Revenue of Charleston (S. C.) District. The reported failure of Ghalsou, Walker & Co. is untrue. A Reuter telegram from Orsova says the Roumania troops are concentrating in Little Wallachia, the greater portion being dispatched to Kalafat. A Vienna special to the Times confirms the Paris dispatch regarding the manifesto, and adds that Russia seems determined to avoid a real declaration of war. Her troops in Europe will remain on the defensive, but in Orsova it is believed she will commence hostilities at the latest at the end of next week.

A meeting of citizens of Cincinnati was held yesterday, when a committee was appointed to lease the Cincinnati Southern Railroad under the provisions of the common carrier's bill. Dr. E. Thompson Baird has resigned the Secretaryship of the Board of Publication of the Presbyterian General Assembly. Rev. Wm. A. Campbell, of Virginia, has been appointed to fill the vacancy. It is rumored that the Porte intends to proclaim a state of siege. Greece is preparing, in case of war, to incite an insurrection in the Greek provinces of Turkey and Crete. The Packard Legislature is rapidly dissolving. There are now sixty-five or sixty-six Returning Board members in the Nichols House. At Cleveland, Ohio, 1,500 coopers of the Standard Oil Company have struck for wages. The rates of freight from St. Louis to the Eastern cities and seaboard are about being advanced. Hon. A. B. Foster, Canada's railroad king, has failed. Liabilities two and a quarter million.

### The Mails.

The Mails close and arrive at the City Postoffice follows:  
Northern through mails, 8:15 P. M.  
Northern through and way mails, 8:15 A. M.  
Mails for the N. C. Railroad, and routes supplied therefrom, 8:15 P. M.  
Southern mails for all points South, daily, 6:30 P. M.  
Western mails (C. C. R. W.) daily (except Sundays), 6:30 A. M.  
Mails delivered from Cape Fear River, Tuesdays and Fridays, 1:30 P. M.  
Fayetteville by C. C. R. W. daily (except Sundays), 6:30 A. M.  
Onslow C. H. and intermediate offices every Friday, 6:30 A. M.  
Smithville mails, by steamboat, daily (except Sundays), 9:30 A. M.  
Mails for Easy Hill, Town Creek, Supply, Shallotte and Little River, every Friday at, 6:30 A. M.  
Northern through mails, 12:15 P. M.  
Northern through and way mails, 7:15 P. M.  
Southern mails, 9:30 A. M.  
Mails delivered from 6:30 A. M. to 7:30 P. M., and on Sundays from 6:30 to 7:30 A. M., and from 2 to 6 P. M. Money order and Register Departments open same as stamp office.  
Stamps for sale at general delivery when stamp office is closed.  
Key Boxes accessible at all hours, day and night.  
Mails collected from street boxes every day at 1:30 P. M.

## LOCAL NEWS.

### New Advertisements.

A. SHRIER—Collars by the bucket fall—25 cents a bucket.  
S. JEWETT—The Southern Hotel Fire.  
CROLY & MORRIS—Horses and Mules at Auction.  
HEINSBERGER—New Publications.  
Out of season—An empty pepper box.  
Sappires are the fashionable stone for day wear.  
The days are now lengthening at the rate of two minutes daily.  
Sheriff Manning returned from Raleigh this noon, having delivered his prisoners at the Pen.

To keep the head cool and the feet warm—wear an ice hat and tight boots.

A church bell will always go when it is tolled, but a church organ will be blown first.

Steamship *Benefactor*, Jones, arrived at New York from this port on Wednesday last.

Nor. barque *Runer*, Langfeldt, cleared from Charleston for this port on the 18th inst.

Religion is a little like ether in one respect—it evaporates unless you look after it carefully.

Remember that the foundation of a good garden is first good seed and then good culture.

Schr. *Mattie Holmes*, Richardson, from Bucksport, Me., for this port, sailed on the 19th inst from Salem, Mass.

Strawberry short-cake has already made its appearance in Florida. One strawberry and a half to a cake is the last operation.

The remark of Lord Bacon has been often quoted, that a higher degree of civilization is required for planting gardens than building fine homes.

Commissions have been issued to the officers of the three battalions of the North Carolina State Guard—three Lieutenant-Colonels and three Majors.

The blue-birds and the robins have come, and likewise the frogs; and, moreover, the song of the cricket is again heard down stairs behind the cellar door.

A boy may have ever so yellow hair and ever so meek a look, and yet he will drum on an old tinpan in the back yard if half of the family are at the point of death.

The *Raleigh Observer* says: The portrait of H. H. Munson, of Wilmington, Grand Master of Masons, of North Carolina, was placed in the Grand Lodge room yesterday alongside his long line of predecessors in that office.

### Specie Payment.

The Secretary of the Treasury has decided to suspend the issue for the present of one dollar greenbacks in sums exceeding ten dollars. This is done for the purpose of bringing silver coin into more general circulation; and as a further step toward specie payment; under the act of 1875, he will also in retiring legal tenders select notes of the smaller denominations when it is practicable. All payments of drafts upon the Treasury when change is desired will be made in silver instead of paper.

### The Colored Military.

The Adjutant-General of the State, when he was in the city last week, made some arrangements towards organizing a colored battalion in this district. It is proposed to form this battalion of two companies from Fayetteville and two from Wilmington and he agrees to arm them as soon as they have acquired a proper condition in drill and efficiency. With this object in view the company heretofore known as the Sumner Light Infantry met a few nights since and reorganized as the Hanover Light Infantry with George L. Mabson as Captain, Alex. Sampson, First Lieutenant, Francis Payne, Second Lieutenant, and King McCall, Junior Second Lieutenant.

The endeavor will be to carry the membership up to 65, in accordance with the recommendation of the Adjutant-General, the object being to form two good companies instead of the five or six heretofore in commission. The two companies from this place in the expected battalion will therefore probably be the old Brogden Guards, now known as the Cape Fear Light Infantry, under command of Sol. W. Nash, Captain, and the newly organized Hanover Light Infantry, Geo. L. Mabson, Captain. These two companies are formed of picked men and mostly young men known to our merchants and citizens as of quiet, orderly and industrious habits, and if the two companies to come from Fayetteville are like these, the battalion will be made up of very good material.

The four companies will probably be formed into battalion organization about the first of June.

### Perfect Honesty Plus Chemical Science.

In these words you have the secret of the unexampled success of DOOLEY'S YEAST POWDER. It is made from the purest cream-tartrate, manufactured from grape juice expressly for this firm.

### Bishop Lyman at St. Mark's.

Bishop Lyman will preach and confer at St. Mark's (colored) Episcopal Church, corner Mulberry and Fifth streets, this evening. A cordial invitation is extended to all who may desire to be present, and ushers will be in attendance to conduct them to seats.

### Fire at Point Caswell.

The *Magnolia Record* says: It is with feelings of peculiar regret and indignation that we chronicle the destruction of the new, commodious and beautiful Presbyterian church, at Point Caswell, on the night of the 15th inst., by the hands of an incendiary. The fire was discovered about 9 o'clock, at which time the house was completely enveloped in flames. It is thought that the act of the legislature, prohibiting the sale of intoxicating liquors within two miles of this church, after the 12th of May next, is the cause of it. The fire-fund, ignited by the whiskey-fiend, has destroyed this pride and ornament of Point Caswell, which has just been completed, at a cost to the good people of \$2,500.

### Another Probable Loss.

A dispatch from Savannah, dated April 18th, says:

Captain Rawley of the schooner *M. K. Rawley*, from Philadelphia, reports that on the 12th instant he fell in with the schooner *Mary W. Hupper*, of St. George's, Maine, from New York for Savannah. Her captain (Harry Gilman) had been washed overboard and drowned; and the mate (W. G. Mason) killed by the staff-frag. The schooner *Hupper* had lost wheel, lower rudder, braces and foresail; had boat stove; took mate's wife and crippled man off. Schooner placed *Rawley's* second mate on her with orders to proceed to Wilmington, N. C.

The vessel alluded to has not yet arrived here and we fear that she never will. The gale was two days after she was found crippled and there can be but little hope of her having ridden out the fearful storm.

### Hagood on His Travels.

Hagood, the man who was arrested here some ten days ago, charged with bigamy and grand larceny and was held to await a requisition from Gov. Colquitt, of Georgia, but who was afterwards released on an *habecus corpus*, was nabbed in Goldsboro but made his escape from that town. He left here in a buggy and rode to North East, from which point he walked four miles and then took the train at Rocky Point. His wife and children are still here, probably for the purpose of disposing of his household effects in this city. We glean some items from the *Goldsboro Messenger* relative to his adventures in that town:

On the arrival of the 10:20 P. M. train officer Swearingen boarded the train and soon recognized his man whom he took in charge. He was permitted to lodge in the Humphrey House where policeman Frank Smith assumed charge of him during Monday night. On Tuesday morning Mayor Washington deputized Bob Everitt a special police and placed him in charge of the prisoner, who was still permitted to remain in his quarters at the hotel.

In the meantime Swearingen telegraphed the news of the arrest to Hendricks at Charleston, who replied asking that Hagood be held until an officer could arrive with a requisition from Gov. Colquitt, of Georgia, and receive him. Event continued in charge of the prisoner, but seems to have freely shared his whiskey and other liberties, and we regret to hear that even the Mayor allowed himself to be so completely charmed by the fellow as to accompany him to the bar-room, setting a bad example.

At about 10 o'clock Tuesday night it appears that Everitt was completely satisfied of Hagood's innocence and good intentions (?) and locked him up in the room to himself. In this confidence (?) Everitt leaves the hotel, and the prisoner to do the best he can for himself. And the sequel shows that Hagood was not slow in doing so. On Everitt's return to the room later in the night, he found the cage empty and the bird gone. The 10:20 P. M. train had come and gone and with it Mr. Hagood. He had succeeded in making his exit from the room by unscrewing the bolt catch of the door lock; and seems to have met with no further difficulty in his departure, and as the telegraph office was closed for the night Hagood doubtless continued his flight without interruption.

### The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of BOSCHER'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it.

Nor. barque *La Belle Olen*, is reported in below.

Gen. barque *Zepha Pichon*, is expected to come off the Marine Railway tomorrow.

A number of our citizens propose to visit the Schutzenfest at Charleston next week and we understand that round trip tickets will be sold for one fare to those who may desire to attend.

Messrs. Cronly & Morris will sell tomorrow morning, corner Princess and Second streets, 7 horses and 9 mules from the stock of Mr. J. B. Myers. Those who want a good animal should be on hand.

### The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock:

Augusta, 66; Charleston, 66; Galveston, 62; Jacksonville, 72; Mobile, 63; Montgomery, 65; New Orleans, 69; Norfolk, 66; Savannah, 72; Wilmington, 66.

### Counterfeits.

Large quantities of counterfeit silver half dollars are being manufactured and put in circulation. The secret service officers of the Treasury Department have now on hand about a half bushel of these counterfeit pieces which they have recently captured. These officers have received information of the appearance of counterfeit \$5 gold pieces.

### City Court.

The following cases were disposed of by the Mayor this morning:

H. E. Clark, charged with drunkenness, was found guilty but judgment was suspended on his promising to leave the city immediately.

C. McKoy, charged with disorderly conduct, was fined \$25 and costs or 30 days work on the streets, but the fine was reduced to \$15.

Mary Anderson, disorderly, was fined \$50 and costs or 30 days work on the streets.

### Loss of the Schr. Abbe.

Schr. *Delhi*, Capt. Emerson, which arrived here to-day in distress, brought with her the Captain and crew of the Schr. *Abbe*, from which vessel they were rescued last Sunday. Capt. Adams reports as follows:

Left Matanzas on the 5th inst. with a cargo of 599 lbs. 45 barrels and 8 casks of molasses, bound for Hampton Roads for orders. Had pleasant weather five days but on the 10th inst. encountered a heavy gale from S. E. veering to N. E., which carried away jib, figure head and water casks. On the 11th at midnight the weather moderated and on the 12th it fell calm and so remained until about 3 P. M. when a light breeze sprung up which increased steadily until 4 A. M. on the 13th, when it began to blow a hurricane. Took on light sails and double reefed for aid mainsails and afterwards took in foresail and jib, and lay-to under foresail. At 5 P. M. of the same day wore the ship in fourteen fathoms water and in estimated latitude 35° and longitude 75° 42' W., when the wind shifted to N. N. W., carrying away foresail. At 11 P. M. shipped a heavy sea which stove forward house and killed a seaman named James Walton, who was sick in the forecastle. The vessel was leaking badly and the pumps kept constantly working. After 11 P. M. on the 13th inst. the schooner was continually shipping heavy seas which half filled the after cabin and carried away yawl boat and stove forward companion and all windows. On the 14th sighted a schooner and hoisted signal of distress but she took no notice and held to her course. That night, at 12 o'clock, the masts went out of her, the mainmast remaining in the skylight and the foremast head striking the large boat, staying high in the bottom, and also in the main deck. At daylight again hoisted signal on the boat's mast, all else being carried away and at noon on the 11th sighted a sail, steering directly for them, which proved to be the schooner *Delhi*, of Capt. Emerson. Capt. Samuel Emerson, Master, then launched the boat and with much difficulty and danger succeeded in reaching the *Delhi* when they were taken on board and treated with every kindness by Capt. Emerson. The *Abbe* was left in a sinking condition in latitude 33° 20' N. and longitude 76° 50' W., with the sea running high and the wind blowing a gale.

Capt. Adams will pay off his crew here and will then leave for his home at Yarmouth, Me.

### Bridge On Fire.

This afternoon the wood work of the Hilton bridge was discovered to be on fire but was extinguished by Mr. T. A. Watson before it had gained any very considerable extent. An engine and train passed down the bridge about twenty minutes before the fire was discovered and it is supposed the fire originated from coals from the engine. No damage was sustained other than the burning of plank.

### Theft of Geese.

A few days ago a gentleman residing on Market street purchased some geese from a colored person, and after keeping them up for two or three days to accustom them to their new quarters turned them out with other poultry. The geese marched off, and were not heard of until the next day, tracing them up he found them in the yard of Mr. W. M. Watson, to whom they belonged, and from whom they were stolen. A warrant was issued for the arrest of the thief, who proved to be Ipxanna. Costs being paid by the friends of the woman and the proper reparations being made to the late purchaser, the woman was released from custody.

### A Canard.

A rumor to the effect that "a very severe wind storm would strike us about 1 o'clock this afternoon, and that the storm of a week ago would be but a baby to it" was current this morning on the streets and had been so widely spread that many of our citizens became very much alarmed. Sergeant Scyboth received many notes and letters this morning, the purport of all being to find out in which direction the storm was coming. The storm signal was run up this morning merely as a cautionary signal to the vessels bound down the river, as a telegram had been received from the commander of the United States Buoy Tender, to the effect that the Flying Fan Lightship was still dragging her anchor, so as those bound out could be warned in approaching the lightship. The wind is blowing from the southwest though it is thought it will abate by night. At all events there is no need of apprehending a storm from present appearances.
