One Hundred Workmen Discharged.

ALBANY, Aug. 1.—One hundred workmen were discharged from the West Albany shops to-day. It is understood that this action was caused by their participation in the late disturbances at that place.

The Mails Running on Time in all Directions.

WASHINGTON, Aug. 1.—Business men need give themselves no further anxiety in regard to the mails. They are running on time in all directions. The burnt districts in Pittsburgh are bridged by backs, and to-night the through cars for Tennessee, Alabama, and Louisiana go south by way of Pittsburgh and Cincinnati as usual.

The University Normal School.

The exercises of the University Normal School will close on Tuesday, August 9th. Wednesday evening (August 8th) there will be a free concert given by students of the Normal School, led by Prof. E. Wilson, and his brother, Mr. Charles Wilson. On Thursday morning there will be public speaking by representatives of the Normal School Debating Society. Gov. Vance will be in attendance, and will address the school at the close.

Vanderbilt's G. ift.

POUGHKEEPSIE, Aug. 1.—The following will be telegraphed to all railroad bulletins on the line of the New York Central and Hudson River Railroad: SAKATOGA, Aug. 1, 1877. To the Employees of the New York Central and Hudson River Railroad Company: We have passed through a period of unparalleled excitement, surrounded on all sides by a common enemy. All good citizens felt the necessity of sustaining the authorities, the dispersion of the mob, and a return of peace. I appealed to you to resist the willful lawlessness of bands of rioters, to protect the property of the company, and assist in restoring order. Your response has won the admiration and respect of the whole country. Of this company's 12,000 employees less than 500 have shown any disposition to embarrass it. The property remains intact and uninjured. You have everywhere, except when overcome by outside violence, performed your duties, and your example has tended greatly to allay the excitement. I think I am justified under the circumstances in making some marked recognition of your loyalty and faithfulness, and have this day directed that the sum of \$100,000 be appropriated for the purpose, to be divided ratably according to their position on the pay roll, among all the employees, except executive and departmental officers and the clerical force not directly engaged in operating the road.

The Atlantic and Pacific Telegraph Company.

New York, July 31.—The Atlantic and Pacific Telegraph Company having completed the extension of its lines from Nashville to New Orleans, via Athens, Tenn., Tusculum, Columbia, and Meridian, Miss., announces that it will accept contracts for these offices on and after August 1st at the following rates, which will also apply to offices that may in future be opened in the South. Intermediate offices three hundred miles or more apart, 25 cents; between intermediate offices more than three hundred miles apart, 20 cents; and from all offices South of Nashville, Tenn., and to and from all offices North, East and West of Cincinnati and St. Louis, 50 cents; and from all offices South of Nashville, Tenn., and to and from all offices North, East and West of Cincinnati and St. Louis, 75 cents. The Atlantic and Pacific has also extended its lines to Burlington, Iowa, and Chicago, Ill., and will reach Memphis, Tenn., about Sept. 1st.

The Indian Campaign.

SAN FRANCISCO, July 30.—A Portland dispatch says Gen. Howard is at present in Kentucky, awaiting the arrival of Major Howard. As soon as that officer joins him he will push vigorously after Joseph and White Bird, who have already crossed the Bitter Root mountains by way of the Selkirk. He will go through to Missoula as rapidly as his command can move, and he will have in the neighborhood of 6,000 men. Another force, under command of Gen. Wheaton, will leave from Lapwai, and, moving North, pass through the Spokane country and cross over into Montana through the Sahon range. When crossing the mountains they will push down to Missoula, where they will join Gen. Howard. It is expected that Howard and Wheaton's detachments will reach that point simultaneously. Wheaton will command about 4,000 or 5,000 troops. The detachment will not leave Lapwai for a week or more. Any straggling bands of hostiles that may have broken away from Joseph and White Bird, and who may attempt to reach the Spokane country will be intercepted by Gen. Wheaton and cut off. This movement will, it is thought, crush the strength of the hostiles and bring peace to the whole region of country west of the Bitter Root mountains, and with the capture or annihilation of Joseph's and White Bird's bands of renegades, will bring the war to a close. Col. Green, with a force of cavalry, will remain in and about Kamiah to protect the settlements and to cut off straggling squads of Indians.

Will Cure Consumption.

To all suffering from the following diseases a ray of hope is offered through the kindness of a missionary friend who has sent me the formula of a purely vegetable medicine which has long been used by the native medicine men of Hindostan:—for the positive and radical cure of Consumption, Bronchitis, Asthma, Catarrh, Dyspepsia, Throat and Lung difficulty, General Debility, Loss of Manhood and all Nervous Affections, its power has been tested in hundreds of cases without a failure. I now feel it my sacred duty as far as possible to relieve human misery and will send the recipe—FREE OF CHARGE—to any person who may desire it with directions for using. Sent by return mail by addressing with 2 stamps, naming this paper, Dr. O. R. Brigham, Drawer 28, Utica, N. Y.

The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue of BOSCHER'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumption, or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing every one that use it. Three doses will relieve any case. Try it.

Got His Hand Mashed.

Yesterday afternoon, while the REVIEW was being worked off, Willie Berry one of our route boys had his right hand severely mashed. Dr. J. Francis King treated and dressed the wound and in a very short time the little fellow was comparatively easy.

New Quarters.

Mr. A. Shrier, has, we learn, leased that beautiful store on Market street now occupied by Wheeler & Wilson Sewing Machine Co., to which he will remove on the 1st of October. He goes North in a few weeks and while there will lay in an elegant stock, enough to fill the entire three floors of the building and to make his house one of the most extensive clothing emporiums of the South.

The Oceanicon.

Arrangements have been made for the exhibition of Burr's Oceanicon at Smithville on next Monday and Tuesday evenings, after which it will go to Fayetteville and then to the West. We can assure our friends of not only Smithville and Fayetteville, but every where, that the entertainment to be offered there is of rare merit, brimful of interest and sure to elicit the warmest commendations.

St. George & St. Andrew.

The excursion to be given by the St. George & St. Andrew's Athletic Club next Tuesday, on the steamer Gov. Worth, promises to be no ordinary affair. Every arrangement will be made to ensure the comfort of those who attend and to render it a quiet, pleasant, family excursion, and to this end only a limited number of tickets will be issued. Full particulars will appear in a day or two.

Harbor Master's Report.

Capt. Joseph Price, Harbor Master at this port, makes the following report for month of July: Vessels arrived—1 barquentine, 1 brig, 13 schooners, 10 steamers, American, with an aggregate tonnage of 9,493, and 7 barques, 2 barquentines and 5 brigs, foreign, with aggregate tonnage of 4,267. Soundings for the month taken at low water and with a rise of 4 1/2 feet: Seward bar, 8 1/2 feet; Western bar 7 1/2 feet and rip 11 feet; New Inlet 9 feet and rip 8 feet.

Ho! For the Springs.

Those who are desirous of taking a trip to Catawba and drinking the life giving waters, had better avail themselves of the opportunity now offered. Mr. F. W. Clark, General Freight Agent, has made such arrangements with the Roads connecting with the one he represents that will enable one to trip it from home to the Springs and back for \$10. From a letter just received from our kind and genial friend, W. H. H. Gregory, Esq., mine host at the Springs, we learn that they are to have a gala time there to-morrow night, the occasion being a grand dress ball.

The Outs and the Ins.

The article published by us yesterday from the Raleigh News, relative to the time at which the new magistrates will assume office, has excited considerable comment in legal and official circles, and has caused a general looking-up of authorities. The result seems to be a pretty unanimous agreement that the News was in error and that the seven officials will go into office to-morrow, and not to-day as the News suggested this morning. It is the day on which the elections should have been held had the appointments not been made by the Legislature, and as the object of the law is to make the actual term date as soon after the election as possible, the plain construction is, therefore, that the term of the present incumbents will expire at 12 o'clock to-night. This view of the case is, we learn, concurred in by the retiring officials.

Paid Off.

The City Treasurer was busily engaged this morning in paying off the police force. On the principle that it is more pleasure to give than receive, Capt. Savage must have been overjoyed this morning, for some of the police were particular delighted, we thought, and if Capt. S. was any happier than they were he must have been O. B. joyful.

The Pender Election.

It is rumored in the city that at the election held in Pender county to-day, for a county seat, the contest having narrowed down to Burgaw and South Washington, that the latter place was considerably ahead at 12 o'clock. This, however, must be taken as mere rumor, as it is almost impossible to have heard from any portion of the county through which the railroad does not run.

That Hole.

Hardly had our paper issued from the press yesterday when Capt. Cowan appeared to look up that ugly hole in the pavement which was not on "Chesnut between Second and Third" but was one block nearer the East. This is only a little item but it is one of the many things to show how earnestly and zealously the new officials have taken hold of their various duties.

Another Sudden Death.

Capt. Harding, of the schooner Wace, of this place, died very suddenly last night on his vessel, which was riding at anchor in Masonboro Inlet. Capt. Harding and crew had been wrecking during the past week the blockade steamer Columbia, which was run ashore during the war near Masonboro Inlet to avoid capture. It is supposed his death was caused from heart disease. Coroner Hewlett and jury went down to the Wace this morning to hold an inquest, and up to this time have not returned. We are unable to learn any particulars further than those stated above.

The Thermometer.

From the United States Signal Office at this place we obtain the following report of the thermometer, as taken this morning at 7:31 o'clock: Augusta, 77; Cairo, 78; Charleston, 75; Cincinnati, 79; Corsicana, 77; Fort Gibson, 79; Galveston, 82; Indianola, 82; Jacksonville, 82; Key West, 83; Knoxville, 71; Lynchburg, 73; Memphis, 78; Mobile, 82; Montgomery, 80; Nashville, 80; New Orleans, 82; New York, 69; Norfolk, 75; Pittsburgh, 74; Punta Rasa, 85; Savannah, 77; Shreveport, 81; St. Louis, 79; St. Marks, 78; Vicksburg, 76; Washington, 68; Wilmington, 75.

To-Morrow's Excursion.

The Odd Fellows' Excursion from Fayetteville to Wilmington and thence to the seashore, is on its way to the city, on the fine steamer Gov. Worth, commanded by that genial gentleman, Capt. Albert Worth. The boat is expected to arrive here to-night and will to-morrow morning leave for Smithville and the Ports, reinforced by a strong detachment of Wilmingtonians. The boat will leave Market Dock at 8 1/2 o'clock, and all who desire to spend a pleasant day in company with some of the good folks of the upper Cape Fear have the opportunity presented them.

A Hint for Hot Weather.

A correspondent of a scientific journal says: "There is a method which I have adopted in my house to cool the temperature of any room during hot weather, and that is to hang a sheet or a blanket down outside an open window upon which the sun may be shining. The sheet is wet, and evaporation of the water produces a deliciously cool apartment. The sheet is kept damp by having a vessel filled with water above the top of it outside, and a piece of flannel arranged to form a siphon, and touching several portions of the sheet. The water gradually empties out of the vessel, and may be replenished if necessary."

The Concert Last Night.

The first of the season of the open air concerts, was given last night at the stand recently erected on Fifth street, between Market and Dock, by the Cornet Concert Club and the Harem Scarem Band. There was a very large attendance despite the threatening clouds which floated overhead and the music was some of the best we have had in the city in many days. The following is the programme of pieces produced on the occasion: "Reception"—Quick Step—Cornet Concert. "Departed Days"—Cornet Concert Club. "Ich Lube Dich"—Mazurka—Harem Scarem Band. Nocturne—"By the Quiet Lake"—Cornet Concert Club. "Mocking Bird"—Harem Scarem Band. "Murdoch"—Quick Step—Cornet Concert Club. "Oriole"—Schottische—Cornet Concert Club.

Blue fish, or skipjack, have made their appearance in large numbers along the Masonboro coast. Fishermen say it is much earlier than they have been known to "run" in a number of years.

The excursionists from Fayetteville are expected to arrive here to-night at 11 o'clock. To-morrow night is spent "on the wave", to-morrow night in the city and Saturday on the return trip to Fayetteville.

Thanks to Mr. Wm. Futrell for one of the finest and sweetest watermelons of the season, sent in to us to-day. Mr. Futrell has just received a wagon load of these melons from Dr. Bellamy's plantation, in Brunswick county, and is selling them cheap.
