The Syndicate Contracts.

WASHINGTON, Nov. 19.—The Secretary of the Treasury, in reply to the resolution of the House requesting him to furnish copies of the contracts made with the syndicate for the funding of the four per cent. bonds, with copies of all papers relative thereto, says that he met the contracting parties both in New York and Washington, and discussed at some length the feasibility of placing the four per cent. bonds upon the market, and on the 9th of June, 1877, perfected the arrangements for the purpose of executing said contract. During the thirty days which were set apart by mutual consent for the receipt of popular subscriptions, the amount of \$7,073,250 was sold by the Treasurer and Assistant Treasurer of the United States, and subscriptions to the amount of \$69,423,800 were procured through the efforts of the contracting parties. The business of refunding proceeded satisfactorily, and arrangements had been perfected for the continuance of the sale of the 4 per cent. bonds, and a call was about to be made, when fears of the effect of the proposed legislation by Congress, remonetizing silver, arrested for the time the sale of these bonds, and caused a temporary postponement. Up to Nov. 16, 1877, the amount of the subscriptions received was \$75,496,550. The amount of the calls for the six per cent. 5-20 bonds is \$50,000,000, leaving a balance on account of the Resumption act of \$25,496,550.

Two of Hayes' Appointees.

WASHINGTON, Nov. 19.—Hilliard's personal character and fitness to be Minister to Brazil will be put to test to-morrow morning at the meeting of the Committee on Foreign Relations of the Senate. The same Hill who has who has already filed written charges touching Hilliard's morals will to-morrow submit a transcript of a record of an Alabama court which goes to show that Hilliard, in the course of business, collected for a Baltimore firm over \$600, which he pocketed, and refused to pay over until forced to do so by judgment six years afterwards. Mr. Sanford, would-be Minister Resident in Belgium, will also have to pass the ordeal. One Plummer Smith of Philadelphia has stated to the committee, and will state it over again, that while he was Government agent abroad to buy military cloth during the war he was approached by Sanford and invited to join him in an enterprise to defraud the Government by purchasing at a discount old gray cloth which had been rejected by the agent of the Confederate Government, have it dyed blue, and send it to the United States at a high price per yard, the spoils to be divided. Smith claims to have Sanford's original letter making the proposition, and will file it with the committee.

Cremating an Infant.

Julius Kirscher of 307 East Fifty-sixth street is a member of the Lutheran Church, while his wife is a Jewess. Their eight-day old infant son, Equihar, died on the 11th inst., and a burial permit was granted for burial in the Lutheran cemetery in Middle Village. The friends of Mrs. Kirscher objected, however, to the burial in a Christian cemetery, and wished that the child might be buried in the Jewish cemetery; but the friends of the father objected. A compromise was effected, however. Kirscher is the proprietor of an ultramarine manufactory where very hot fires and a good deal of sulphur are used, and it was decided to cremate the child. On the evening of the 13th inst., the remains were wrapped in burial clothes and taken to the furnace and there cremated, the ashes being gathered up and placed in an urn and taken home. Mrs. Kirscher said, last evening, that the child was very dear to them, and they wished to have the ashes always with them.

Ingersoll Declines the Berlin Mission.

WASHINGTON, Nov. 19.—Some time ago Secretary Evans asked the Republican Congressmen from Illinois to designate some man from that State for appointment to the Berlin mission. The delegation mentioned Col. Robert G. Ingersoll, and since then he has had the subject under consideration. To-day Ingersoll, in company with Senator Oglesby, called on the Secretary of State, and said that he did not wish his name to be used in that connection, as he did not want the position, preferring to practice law.

The Colorado Contest.

WASHINGTON, Nov. 19.—The House Committee on Elections held a meeting to-day, and considered the Colorado contest, but came to no vote on it. The question will be determined on Wednesday. Four Democrats favor Patterson, three Republicans will report for Belford, and Harris, Turney, Ellis, and S. D. Cox are in favor of vacating the seat. The Louisiana contest case was referred to a sub-committee, consisting of Messrs. Harris of Virginia and Ellis and Cox of Ohio.

An Adventure of a Charlotte Young Lady.

One of the most beautiful and lovely young ladies of Charlotte attended the ball at Columbia on Thursday night, and met with quite an adventure. During the evening she was dancing with one of the handsomest beaux of that city, when, becoming entangled in the intricacies of the train of another lady, he fell and also threw his partner, who struck the floor with such force that she became insensible. Great excitement followed the occurrence and in an instant the young lady was surrounded by a frightened crowd of ladies and gentlemen. At this instant Gov. Hampton, who had been an eye witness to the occurrence, appeared in the midst of the eager and excited crowd and pushing aside those who stood near, gathered the reeling form of the young lady in his arms, and bore her into the Lieut-Governor's room,

which adjoins the hall of the House of Representatives where the ball was progressing. The windows were thrown open and several of her lady friends were summoned. They administered the usual restoratives, and in a few moments she recovered consciousness. Shortly afterwards she was able to enter the ball-room again, and for the remainder of the evening was the envy of all the other girls.

CAROLINA.

Hillsboro Recorder: Mr. Jonathan Nichols of Little River Township from one grain of twin corn this season made six good ears—no nubbins.

Hillsboro Recorder: A lady in this county has in her keeping apples of the Mattamuskeet variety, now in the third year of their existence, perfectly sound, but not juicy or sweet.

Edenton Times: A drunken man by the name of W. P. Boughman shot Mr. Haggart, by mistake, at Roxabel, Bertie county, on the night of the 3d instant. It is feared that the wound will prove fatal.

Charlotte Observer: Mr. N. Dumont, of the firm of Griffith & Dumont, and agents and editors of the Charlotte Call, left yesterday morning for a two month's trip through the North with a view of inducing people from that section to emigrate to North Carolina.

Raleigh Observer: We were pleased to meet in the city last evening Mr. W. C. Rencher, of Chatham, who has just returned from an extended European tour. He is direct from Paris where he has spent several months, as he says, of rare pleasure.

Charlotte Observer: The Porter place, a well known farm in this county embracing 539 1/2 acres, was sold at the court house yesterday by T. L. Vail, commissioner, and was bid off by J. W. Wadsworth Esq., for the sum of \$6,015.

Charlotte Observer: A gentleman of this city took off one of the trees in his yard Sunday, what he believes to be a genuine centipede. It is many-footed and in other respects resembles this insect. The gentleman put it in alcohol and will preserve it.

Hillsboro Recorder: When over the Chatham line last week we had the pleasure of learning that a disease akin to that which has been sweeping off the hogs has laid hold of the dogs, and the curs who have grinned defiance at taxation and public opinion are melting away before a foe who respects neither.

Charlotte Observer: Sheriff M. E. Alexander, of Mecklenburg, who exhibited the best specimens of Indian corn at the Vienna Exposition three years ago, has this year produced a quantity which is superior to the Vienna lot. A dozen ears of this he will send to Col. L. L. Polk, commissioner of agriculture for North Carolina, with the understanding that Col. P. will send it to the Paris Exposition next year.

Raleigh News: A dispatch was received by Capt. Robinson, of the North Carolina Railroad, yesterday, that his son-in-law, Mr. Zack Pae, formerly of Company Shops, but recently an engineer on the Mobile and Ohio Railroad, was killed by an accident on that road last Saturday, and that his wife is on her way with his corpse for burial at Company Shops. There were no particulars as to the cause of his death except that it was by an accident on the road.
