

[Charlotte Observer.]
CONFERENCE.

Forty-First Annual Conference of the Methodist E. Church South for North Carolina.

FIFTH DAY.

Conference met at 9:30 yesterday morning, Bishop Doggett in the chair. The bishop introduced Rev Thos S Campbell, transferred to the North Carolina Conference from the North Mississippi Conference.

Rev Dr Redford made an announcement in reference to receiving subscriptions for the Nashville *Christian Advocate*, and to other church publications.

The bishop announced that the hour for the special order of Monday at 10 o'clock had arrived, and that conference would make arrangements for going into the election of delegates to the General Conference.

Mr J Robinson stated that report had obtained circulation among the members of conference that Rev W S Black, presiding elder of the Wilmington district, contemplated having himself transferred to the South Carolina Conference. He was authorized by Mr Black to state that there was no foundation whatever for the report.

Mr Robinson then asked that the conference consider the question of memorializing the General Conference for a division of the North Carolina Conference, immediately after the election of delegates. Agreed to.

Rev T H Pegram, late of the Methodist Protestant Church, then came forward and took the vows of ordination. The arrangements for the election were then made. The following were elected on the first ballot: N H D Wilson, of Greensboro, L S Burkhead, of Raleigh, W S Black, presiding elder of the Wilmington district, B Craven, president of Trinity College, and J W North, of Shelby.

The following were elected by the lay delegates on the first ballot: C G Montgomery, of Concord, Henry Lilly, of Fayetteville, W F Kornegay of Goldsboro.

The second ballot for clerical delegates was then held and resulted in the selection of Revs E A Yates, presiding elder of the Newbern district, and W H Bobbitt, presiding elder of the Charlotte district.

On motion of Rev R T Wyche, it was agreed that three should be the number of clerical alternates elected. Mr F C Robbins, of Lexington, was elected lay delegate on the second ballot.

A third ballot for lay delegates resulted in no election, and a fourth was ordered.

The bishop suggested that the three persons receiving the highest number of votes on the ballot for alternate clerical delegates be declared elected. Rev T M Guthrie made a motion to this effect, which prevailed. Under this rule the following were elected: Revs Dr Wm Closs, presiding elder of the Washington district, W M Robey, of Lenoir, and H T Hudson, of Shelby.

The hour of 2 o'clock having arrived and the list of lay delegates being yet incomplete, Rev R O Burton moved that the conference adjourn till 3:30 p. m. The motion prevailed and conference adjourned.

AFTERNOON SESSION.

The fourth ballot for lay delegates resulted in the election of Rev T M Jones, D. D., of Greensboro, and Prof O W Carr, of Trinity College.

On the fifth ballot Dr. W J T Miller, of Shelby, was elected this completing the election of delegates. Mr. J Robinson moved the election of three lay alternates, and that the three persons who should receive the largest number of votes be declared elected. Under this rule the following were elected: J W Mauney, Dr R F Hackett and Rev R L Abernethy.

DIVISION OF CONFERENCE.

The committee on the division of conference then made the following report: "The committee is unanimous in the opinion that the time has come when the conference should be divided into two conferences. The reasons for this opinion are the following: First, It is palpable to all that the conference has grown too large and burdensome to be entertained at its annual sessions, except in a very few of our largest cities; while many of the smaller towns, both in the east and the west, which are anxious to extend to us their hospitality, are deprived of this privilege and blessings accruing from our gatherings.

"Second, The territory of our present conference stretches over a scope of country about four hundred miles in length, embracing two totally dissimilar climates, which endangers the health of the preachers, who do not remain long enough in either to become acclimated; and, furthermore, this length of travel forces upon them bills of heavy expenses which diminish the small pittance left them after their necessary expenses are paid at home.

"Third, And chiefly, it is believed that the spread of the gospel will be promoted by this measure. There is a long strip of country lying between the borders of this and Holston Conference, which will never be perfectly cultivated until a new conference stretches over it, besides many corners and nooks in the mountains that will not be reached except through a new conference. Furthermore, it is well known that a division of the large churches and congregations tends to more rapid development and fruitfulness; and this is equally true in reference to conferences.

"Fourth, The division seems to be a foregone conclusion, a mere question of time. The people of Western North Carolina have spoken out for it, on both sides of the Blue Ridge, in their official meetings. The growing numbers will soon force it upon us, and this is particularly the suspicious time,

lest the territory we need slip from our hands.

"Finally, it is believed that with the transfer of the State territory lying within the bounds of the Holston Conference, if no more is obtained, we would have material enough to have two respectable conferences. We have in the eastern division about 36,000 church members and 100 pastoral charges; in the western, about 25,000 church members, and 70 pastoral charges. These numbers would make both conferences larger than twenty of the other conferences in the M. E. Church, South. It would make ours about the seventh in the list of conferences.

"With these reasons stated your committee submit the following: Resolved, That we, as a Conference, memorialize the General Conference, which meets in Atlanta in May next, to transfer to the North Carolina Conference all the territory in the State of North Carolina within the bounds of the Virginia and Holston Conferences.

Resolved, But if in the wisdom of that body they should refuse the request to transfer the territory of the Virginia Conference in this State, and will transfer us the territory of the Holston Conference within this State, we request that a division be made, the line running along the eastern boundaries of the Charlotte and Salisbury districts on the east and with the State lines of North Carolina on the west."

Rev D R Brnton moved to amend by striking out the line indicate, and asking the General Conference to make an equitable division.

Rev K O Burton opposed the amendment on the ground that the General Conference could not have the facilities for determining an equitable division which this conference possesses.

Rev J R Brooks thought that the report of the committee only indicated our wishes in the matter.

Rev W M Robey favored the amendment, and also preferred voting on the preamble and resolution separately.

Rev L S Burkhead objected to the use of the word "equitable," and read the resolution of the Holston Conference.

Mr Burton consented to substitute the word "fair" in the place of equitable in his amendment.

Mr Burton moved that Mr. Brnton's amendment be laid on the table. A division was called for and the vote stood 78 for and 63 against laying on the table.

Mr Burton moved the Mr. Brnton's amendment be laid on the table. A division was called for and the vote stood 78 to 63 against laying on the table.

Rev T W Guthrie introduced the following: Resolved, That we memorialize the General Conference at Atlanta, Ga., to transfer the territory of North Carolina, now in the Virginia and Holston conferences, to the Conference of North Carolina for the purpose of making a division of the North Carolina into two conferences if, in their judgment, the best interest of Methodism in North Carolina can be thereby subserved.

Rev Dr Closs called Rev J P Moore to the chair and taking the floor, spoke in favor of this resolution.

Mr Guthrie's resolution or amendment was then laid on the table. Rev Mr Yates moved to adjourn. Lost.

Rev Dr Craven called the previous question and moved the adoption of the report as recommended by the committee. The motion prevailed by what appeared to be about a two-thirds majority.

The conference then adjourned till 9:30 this morning.

The Grand Lodge of Masons
The Raleigh *Observer* says: The Grand Lodge of Masons of North Carolina meets in the hall of the Grand Lodge in the Fisher building this evening at 7 o'clock. Col. H. H. Manson, of Wilmington, Grand Master, will preside. The trains of last evening brought in a large number of delegates and we are assured from what we have already seen that there will be an unusually large attendance. Business of strict importance to the craft is to come before the present session, and we are pleased to see from the delegation already present that "good heads and sound minds" are here to consider it. It may be out of place in us to say it, and we want, but we suggest that something be done about the Masonic Temple movement. We say this at the instigation of a number of our brethren of the mystic tie, who are non-residents of the city and requested us so to do.

An Amusing Sight.
Prof. Gessley, the man minus of arms who was here last week and was shown in connection with the educated hog, is a curiosity in very many respects. He is somewhat of a pugilist, and the day before the combination left this city there was some quarrelling between the old man and the man who showed the hog. The hog was passed and the young man went for the Professor, who by a series of high jumps, low jumps and successful dodging managed to keep out of the way of his antagonist until he saw a good chance and then jumped just above the waistband of that young man's pantaloons, and, by a dexterous movement of his head, the Professor put a black eye on the big man. Having his man down he used his feet as fists and bruised the big man so badly as to almost completely disfigure him.

LATEST NEWS.

NEW YORKERS DECEASED.

The Baltimore Union Banking Company's Transactions.

BALTIMORE, Dec. 2.—The arrest yesterday of three well-known Baltimore merchants, formerly officers in the Union Banking Company, together with the cashier of that concern, was a surprise to the men themselves and to business circles. The presumption is that the transfer of the bank to New Yorkers, just before its failure, was dishonest. Since the bank closed its doors, on Oct. 8, equity proceedings have been in progress, but they have not brought to light the workings of the institution, and some of the depositors went before the Grand Jury and made revelations that justified the extreme measures that have been resorted to. The presentments were found against Samuel Barth, President of the bank, a wholesale liquor dealer of this city; Charles Harvey, who inherited a large fortune from the estate of his father, formerly a partner with Wm. T. Walters; Wm. H. Strauss, one of the directors of Strauss Brothers & Bell, extensive brewers; and the cashier, F. A. Savin, who was recently a City Council candidate. When the concern suspended, statements were made placing its liabilities at about \$100,000, and assets at \$75,000. None of the latter have been found. The bank had been involved for a long time, and, on the 28th of September, it passed into the hands of New Yorkers, who obtained control by buying the stock. It was proposed to build up the institution by putting in money enough to carry it through; but that project was never executed, and the New Yorkers went home and left the bank to take care of itself. It reverted to the original officers, who kept it open a few days, and then closed its doors.

Smalls Out on Bail—Cardozo Despairs of Getting Bondsman.

COLUMBIA, Dec. 3.—Smalls gave bail this afternoon in the sum of \$10,000. His bondsmen are F. W. and E. A. Schieper, of Beaufort, both vouched for by good citizens of Beaufort as worth that amount each. Smalls is at large.

It is not thought that Cardozo will attempt to give bail, as the bail required in the cases against him aggregates \$35,000. United States Senator M. C. Butler arrived here to-night. His friends are congratulating him on all sides, and do not hesitate to say that despite the justness of his cause, he would have stood a slim chance before the Radical majority in the Senate, if it had not been for his own bold and sagacious management of his case.

The Crisis in France.

PARIS, Dec. 2.—A meeting of 1,500 merchants and manufacturers to-day drew up an address appealing to the patriotism of President MacMahon to yield to the wishes of the majority, in view of the threatened ruin of trade and in the interests of the International Exhibition. A letter from M. Krantz, Chief Commissioner of the Exhibition, was read, denying that the Exhibition would be delayed a single day, whatever might happen.

At a meeting of 120 members of the Republican Left, it was decided to refuse to vote any part of the Budget until the Government returned to parliamentary courses.

M. Laisant and De La Rochette, members of the Chamber of Deputies, fought a duel to-day. The affair grew out of the publication by M. De La Rochette of a disparaging letter in the *Univers*. M. De La Rochette was wounded in the thigh.

The Pope's Critical Condition.

Rome, Dec. 2.—Last night the Pope had a protracted paroxysm of pain so terribly severe as to ultimately induce syncope, a sudden arrest for a few seconds of the action of the heart. It was for a time apprehended that his holiness was in his last agony, but these alarming symptoms passed away with three hours of tranquil sleep.

Every moment is now regarded as painfully critical, and the Vatican Cardinals are in constant attendance.

CAROLINA.

Raleigh *Observer*: The sale of the Haywood residence, corner of Fayetteville and Cabarrus streets, took place yesterday in front of the Court House. Messrs. W. H. and R. S. Tucker were the purchasers at \$5,250.00.

Hon. R. B. Vance has sent to the State Library an autograph letter of Benjamin Franklin, dated London, April 22d, 1771, and addressed to Humphrey Marshall, West Bradford, Pa.

Charlotte *Observer*: The land of T. A. Davis, known as the Dr. Gibbon place, three and a half miles from the city, was sold at the court house door yesterday. The tract comprised one hundred and sixty-three acres, and was bought by J. M. Davis at \$16 per acre.

Newbern *Nat Shell*: The cotton gin, gin house and cotton screw with ten bags cotton all ready for packing, were burned on the plantation of Mr. Richard Russell, in upper part of this county, twenty miles from Newbern, about 7 o'clock P. M., on the 30th of Nov. last.

Raleigh *Observer*: Transylvania county, one of the three "irregulars," sent in her abstract yesterday. The list shows the amount of taxable property in the county to be \$478,930; general State tax, \$695.10; special State, \$710.89; school tax, \$1,011.68; county tax, \$2,597.65. The only counties that have not reported are Jackson and Perquimans.

Raleigh *News*: Revs. J. A. Fitzgerald and C. H. Wiley, on Sunday, duly installed Rev. Jas. M. Atkinson as pastor of the 2nd Presbyterian Church, of this city. The interesting services took place in the chapel of the Deaf, Dumb and Blind Institution, and were witnessed by a large attendance.

Newbern *Nat Shell*: Saturday morning last, Mr. Cicero Green, who lives a

few miles from this city, was awakened by the cry of fire and, on going out, found his gin house and grist mill in flames. The fire had such headway that nothing could be done to stop its progress. Upon the discovery of the fire, the meal room door was found open, and as the room was locked the night before and the key carried into the house where it was usually kept, it conclusively proves that the fire was the work of an incendiary. Mr. Green's loss is heavy: Two cotton gins, six bales of cotton, ten tons of cotton seed, engine and boiler, grist mill, and a large amount of grain, the whole amounting in value to \$2,000.

Raleigh *News*: In Harnett county, near Lillington, at Murchison's mill, one night last week at a corn snucking, two negroes, Albert McLean and Vander Murchison, got into a fight, when the latter bit the little finger of one of the hands of the former. The finger inflamed and mortification ensued, from which the negro died three days after the bite.
