Knights of Honor meet to-night.
The Storm Signal is floating to-day.
March is more than half gone a-head.
Sure and this is Saint Patrick's Day in
the morning, so it is.

Mr. Benj. White, we are sorry to learn,
is reported as no better to-day.

Mr. John A. Henderson is no better
to-day, we are sorry to hear.

March just got up and dusted, this
forenoon, and no mistake.

The fragrant yellow jessamine is in
bloom in the woods around the city.

The prospects are now for one of the
finest fruit seasons ever known in this
section. This of course, provided there
does not come soon a killing frost.

The sale of tickets for reserved seats at
the Opera House to witness the perform-
ance of the Opera of H. M. S. Pinafore,
will commence to-morrow morning at
Heinsberger's.

Hon. A. A. McKoy arrived in the city
on Saturday night and left this morning
for Lumberton, where Robeson County
Superior Court convenes to-day. Judge
McKoy will hold this Court.

Opinion of a Baltimorean.—I have used
Dr. Bull's Cough Syrup for some time in
my family and found it the best remedy
for Coughs, Colds, &c., I ever tried.—Louis
Brusling, 26 Caroline Street.

Street Cleaning.

The sanitary condition of the city may
be good, and the street-cleaners may do
their duty, but we have been credibly in-
formed that there are heaps of trash on
Hanover, between Second and Third
streets, which have lain there undisturbed,
except by the hogs, for nearly or quite
twelve months.

FULL WEIGHT IN THE CANS:
absolutely pure material; careful chemi-
cal combination—these are the secrets
which have made DOOLEY'S YEAST POW-
DER the acknowledged nonpareil of this
class of preparations. Now-a-days people
have learned to study the question of
health, and they have solved it in one
direction by the use of this article.

False Alarm.

Between the hours of 12 and 1 o'clock
this morning there was a cry of fire, but
it proved to be a false alarm. One or two
of the fire companies got under way, but
as there was no fire, and they could not
even find a smoke they returned to the
quiet of their beds.

Confirmation.

Bishop Atkinson preached at St. Mark's
Church last evening and confirmed
eleven persons. The church was crowd-
ed to its utmost capacity, there having
been present in seats reserved for their
many white worshippers. The Bishop's
discourse occupied about three-quarters
of an hour, and his exhortation to the con-
firmed about twenty minutes.

The Biggest Train Yet.

The freight train on the C. C. railway
which arrived in this city yesterday, started
from Charlotte with 44 cars attached
(two better than have been heretofore
announced) but left two of them at Ab-
bottsburg and reached here with 42 cars.
This on a North Carolina railroad, with
a native North Carolina engineer, which
his name is Garrison and his front name
is George, than whom no better steps into
a cab or pulls a throttle.

Three Times Arrested.

The only case at the Sheriff's office or
in Magisterial circles to-day was that of a
colored man arrested upon a warrant
from J. C. Hill, J. P., which, the defen-
dant alleges, is the third time that he
has been arrested and summoned before
a Magistrate upon the same charge. This
sort of thing, the defendant protests, is
getting rather too monotonous, the only
variety about the arrest being that he is
summoned before a different Magistrate
each time of arrest. The prosecutor is a
wo-man of dark complexion.

Up for Repairs.

The steamer Wave has been taken
temporarily from the line between here
and Fayetteville in order to have her old
boiler removed and a new one placed in
position. She will probably be again
ready for her regular trips in the course
of a week.

A Big Issue.

The last issue of the New York Herald
was a quintuple sheet and contained sev-
enty columns of advertisements and fifty
or sixty columns of news and editorial
matter. This is several columns of print
ahead of any newspaper published in our
little burgh. When the REVIEW reaches
the climax of the great New York daily
we promise a big champagne supper to
all the printers in town. In fact, we might
as well be generous, it will do harm, and
extend the invitation to all printers and
newspaper men in the State, for we feel
sure they will all come.

Sudden Death.

Miss Sarah Henderson, of Pender
county, died between the hours of 10 and
11 o'clock, a. m., to-day, at the residence
of her brother, Mr. J. M. Henderson, of
heart disease. Miss Henderson had come
to this city to attend upon her brother
during the severe sickness with which
he has been prostrated, when she was at-
tacked with the disease which proved sud-
denly fatal. We learn that she has been
afflicted with this terrible disease for some
years, and it was probably owing to the
excitement and fears incident to the se-
rious sickness of her brother which caused
such a sudden termination of life.

Fire in Duplin.

We regret to learn that the residence
of Mr. Daniel D. Wells, of Magnolia
township, Duplin county, took fire from
a defective stove pipe on Thursday last
and was entirely consumed, with all its
contents including the furniture and nearly
every article of clothing belonging to
the family. Mr. Wells, who is an Hon-
Duplin's best men, and a thriving young
farmer, was absent from home on busi-
ness in this city when the conflagration
occurred, and knew nothing of the dis-
aster until his home, which had been
built only a few years, was in ashes. The
property destroyed was insured for \$2,-
000.

St. Patrick's Day.

The patriotic sons of the Emerald Isle
residing in this city, honored the natal
day of their patron Saint with a due
observance of the occasion. For reasons
already stated there was no display. The
members of the Hibernian Benevolent
Association met at their Hall this morn-
ing and from thence marched in regalia
to St. Thomas' Church, where the services
commemorative of the day were to be
celebrated. They turned out with full
ranks. Arriving at the Church they
filed into the seats reserved for them, the
balance of the building being crowded
with the families and friends of the mem-
bers. There were services appropriate to
the occasion, some excellent music and
an address by Rev. Father Gross, which
we have heard spoken of on every hand
as singularly beautiful, interesting and
attractive.

At the conclusion of the services at the
Church the Association returned in order
to their Hall and after they had dispersed
a large number of them made a pilgrimage
to Oakdale Cemetery where rest their
deceased members. Beginning with that of
Capt. I. B. Grainger, their deceased Presi-
dent, they visited all of the graves, leaving
behind them floral trophies to the memory
of those who so peacefully repose there.

At a business meeting of the Association,
held to-day, the following officers were
elected for the ensuing term, viz:
President—Capt. John Barry.
Vice President—Frank H. Darby.
Secretary—D. O'Connor.
Assistant Secretary—M. O'Brien.
Treasurer—L. Brown.

There were two nominees for the office
of President, Capt. Barry and Mr. Darby,
but the latter gentleman arose in his seat
and declined to contest the election with
Capt. Barry and thereupon moved that
that gentleman be elected by acclama-
tion, which was done. Mr. Darby was
then elected Vice-President.

We are pleased to learn that the affairs
of the Association are in excellent con-
dition and that they never were, in a finan-
cial point of view, more prosperous than
they now are.

Oysters are on their last legs now.

City Court.

Alderman Bowden, Mayor pro temp.,
presiding:

Two subjects of the giant alcohol were
arraigned before the Mayor pro temp., this
morning, for disorderly conduct on Satur-
day night. The first offender on the docket
was released with costs.

In the second case a fine of \$3 was im-
posed. This ended the proceedings, and
the Court adjourned.

Convalescent.

We are glad state that Mr. J. W.
Thompson is improving as rapidly as
could be expected. For a short time yes-
terday (Sunday) he was thought to be
worse, but he soon rallied and has con-
tinued improving ever since. We ear-
nestly hope that the wishes of his many
friends and relatives may be fully real-
ized, and that he may soon be fully re-
stored to health.

Repairing St. John's.

Some repairs are now being made to
the chancel at St. John's Church. The
eastern window above the altar is to be
cleaned and repainted and other improve-
ments are to be made. The repairs, we
understand, are to be the gift of a liberal-
minded gentleman, a vestryman in the
Church. The congregation will worship
this week, while the repairs are in pro-
gress, in the Parish School House next
North of the Church.

Young Africa.

A slight altercation occurred on South
Water street this morning between two
colored youths at Elias Halsey's wood
pile. One boy was about to strike an-
other boy considerably smaller than him-
self with a can of concentrated lye, when
the other youth who, was of the same
complexion and antecedents as his adver-
sary, whipped out his pocket-knife and
sliced his big opponent's arm for him,
whereupon the combat ceased. The
wounded boy was taken to the doctor
shop where his arm was dressed and the
paternal parent of the other little darkey
happening along just then, took the knife
away from his young hopeful and depos-
ited it in the bottom of the river and
then marched his boy off home.

Whose Is It?

Saturday evening last Chief of Police
Brook had information that a colored boy
had been seen on Hanover street with
what appeared to be a gold watch which
he was offering for sale. Mr. Brook im-
mediately directed officer Allen to go over
to Brooklyn and ascertain the facts. The
after went to the corner of Second and
Hanover streets and there learned that a
colored boy had been seen to sell a watch
to another colored lad, and pursuing his
inquiries he found the watch in the pos-
session of a colored boy by the name of
Cowan, who had bought it of William
Henry Howard, the boy in whose pos-
session it was first seen, and for which
Cowan had paid ten cents and a ball of
twine. Howard upon being interrogated
said that he found the watch, which by
ways only a galvanized one, on the street.
The watch is now in the hands of Chief
Brook to be delivered to the owner on
proof of property.

A Wilmington Boy.

From a private letter which we have
had the pleasure of perusing, we glean
an item in reference to one of our Wil-
mington boys which we are glad to note.
The writer states that Mr. Anselm B.
Burr, a native of our town, son of Col.
J. G. Burr, has been employed for some
time past in the Engineering Department
removing obstructions in the Raritan
and Passaic rivers. A few days ago he
removed an enormous rock in one of the
slips at the foot of Whitehall street. He
drilled the stone and then blew it to
pieces with giant powder a species of
glycerine and fuller's earth. The experi-
ment was entirely satisfactory and was
witnessed by an immense crowd, and
strange to say, though the slip was sur-
rounded by ferry houses and one hun-
dred and sixty pounds of powder were
fired, which is thirteen times stronger than
ordinary gun powder, not a single pane
of glass was broken in any of the sur-
rounding buildings.

It always gives us great pleasure to
chronicle the success of our boys who
have been compelled to leave the old
homestead in the hope of bettering their
conditions, and never was a truer saying
uttered than that the old North State was
the best State in the Union—to move
away from.
