The fish market was poorly supplied yesterday.
Evening Prayer and Lecture at St. John's Church this evening.
Veils will soon be abandoned as an injury to the eyes—of inquisitive gentlemen.
Ladies now work at embroidery and crochet while attending morning lectures.
A contemporary says "for spring pests in our issue of yesterday read spring poets."

A stocking with a yellow snake coiled around the upper part, is the latest-snake story.
Embroidered cotton is substituted for the thin muslin frills placed at the lower edges of trains.
Col. McRae was to have lectured in Hillsboro last evening and was also promised for this evening.

THE DAILY REVIEW.

VOL. IV. WILMINGTON, N. C., WEDNESDAY, APRIL 2, 1879 NO. 48

This month has five Tuesdays and five Wednesdays.

We received two copies of the *Nat Shell* to-day together, the 29th and the 31st.

Though mixed voices may make a better kind of music they will not make so much music as mixed drinks will.

He who loves little, suffers least; he who loves many, suffers most; while he who loved all suffered death.

A man being sympathized with on account of his wife's running away, said: "Don't pity me till she comes back again."

How many men there are who think they are making themselves popular, when they are making themselves ridiculous.

Truthfulness is a corner stone in character, and if it be not firmly laid in youth there will always be a weak spot in the foundation.

The man who wrote that "duty" was the most sublime word in the English language is believed to have been the collector of a lucrative port.

Col. J. G. Burr, of this city, is in Raleigh in attendance on a meeting of the Board of Directors of the Insane Asylum, of which he is a member.

The Association of Officers of Third N. C. Infantry meet to-night at Dr. Thos. F. Wood's office. Business of importance will be brought before the meeting.

One of the best kinds of training for a pedestrian is to have his girl live about twenty miles from his home, with no railroad or stage communications, and the horses all busy.

When a boy walks with a girl as though he were afraid some one would see him, the girl is his sister. If he walks so close as to nearly crowd her against the fence she is the sister of some one else.

Col. W. L. Smith, P. G. M. in the I. O. O. F., will represent Cape Fear Lodge No. 2, of this city, at the meeting of the fourth commingession of the Grand Lodge, which is to be held at Fayetteville.

Some of our readers inform us that we made a mistake in our article on the "First of April," in yesterday's issue, in calling attention to the thirteenth verse of the fifth chapter of the first book of Samuel, and say that there are but twelve verses in that chapter. We accept the correction, but congratulate ourselves as having been instrumental in causing a search of the Bible which otherwise might have been neglected.

City Court.
L. Anderson, charged with disorderly conduct, was fined \$5 or ten days in the City Prison. The defendant paid the fine and walked out.
Wm. Hyde, charged with disorderly conduct, was fined \$10 or 15 days in the City Prison. He hid himself away under escort to a cell below.
Wm. Smith, charged with disorderly conduct, was discharged.

Rest for Headaches.
Dr. Day says, in a late lecture: Whatever be the plan of treatment decided upon, rest is the first principle to inculcate in every severe headache. Rest, which the busy man and the anxious mother cannot obtain so long as they can manage to keep about, is one of the first remedies for every headache, and we should never cease to enforce it. The brain, when excited, as much needs quiet and repose as a fractured limb or an inflamed eye, and it is obvious that the chances of shortening the cure and arresting the pain will depend on our power to have this carried out effectually. It is a practical lesson to be kept steadily in view, in that there may lurk behind a simple headache some lesson of unknown magnitude which may remain stationary if quietude can be maintained.
There is a point worth attending to in the treatment of all headache. See that the head is elevated at night, and the pillow high; for, if it is soft, the head sinks into it and becomes hot, which, with some people, is enough to provoke an attack in the morning if sleep has been long and heavy.

Health Notes. Statistics prove that twenty-five per cent of the deaths in our larger cities are caused by consumption, and when we reflect that this terrible disease in its earlier stage will readily yield to a bottle of Dr. Bull's Cough Syrup (costing 25 cents), shall we condemn the sufferers for their negligence, or pity them for their ignorance?

Meeting of the Presbytery.
The Wilmington Presbytery will meet at 8 o'clock this evening, at the Second Presbyterian Church, and will probably continue its session during the week. There will probably be preaching every night during the session, and a cordial invitation is given to the public to attend.

North Carolina Minstrels.
The minstrel troupe recently organized in this city proposes if possible to give one of their entertainments in this city before starting on their Southern tour. They are booked for Obarleston on the 10th instant and from there they go to Savannah. The troupe is composed of young men of talent and will no doubt do well.

The Shrier Brothers.
Messrs. A. & J. Shrier renew their advertising contract with us to-day and make their Spring and Summer bow to our patrons in the regular advertising columns. It is with much pleasure that we can from a long acquaintance and extensive dealings with this house, testify to the fact that their goods are not only always of the best but are invariably as represented. They have built up an excellent business here and they deserve the success they have attained.

Swearing in the New Police.
The newly appointed officials and members of the police force were assembled at the City Court room yesterday afternoon, where Mayor Fishblade made them a short but eminently practical address, and, after designating those who were to be on day duty and those who were assigned to-night service, they were "sworn in," and signed the regulations. The present force is a good one, and we have no doubt that they will be faithful in the discharge of the duties imposed upon them.

Thanks.
We acknowledge with thanks the courtesy of an invitation, from Messrs. T. C. Ethridge, Duval French and S. B. Leggett, committee, to attend a lecture to be delivered before the Clarendon Literary Society, at the school-room of the Cape Fear Military Academy, on Friday evening next, by Prof. Catlett, (no) of the teachers in that popular institution. The Society is composed of members of the Academy, with the object of mental improvement and culture, and this lecture is to be given with that laudable design in view.

Report of the Harbor Master.
From Capt. Joseph Price, Harbor Master, we have the following report of the arrival of vessels at this port, for the month of March:
American—Schooners 16, steamers 8; total 24. Tonnage 9,060.
Foreign—Barques 8, barquentines 2, brigs 4, schooners 1; total 15. Tonnage 4,770.
Total arrivals, 39. Total tonnage, 13,830.

The Pilots' report of soundings at low water, is as follows:
Bald Head Channel... 10 feet 0 inches.
Western Bar... 12 " 00."
Rip... 7 " 06"

For Coloring Easter Eggs.
As Easter is approaching the following will be of interest to the coming generation: "To color eggs a beautiful crimson buy 5 cents worth of cochineal; put this in two quarts of water and boil the eggs in it. Another good coloring is logwood. You can also bronze them with common bronze used for shoes. To scratch figures on them use a quill dipped in vinegar. Another way to color them is to sew brightly colored ribbons tightly around the egg, put a teaspoonful of powdered alum in a quart of water and boil the egg in it for an hour or two. If the color is not deep enough, repeat the process."

WHOLESALE AND NUTRITIOUS BREAD.
Intelligent housekeepers who use Dooley's Yeast Powder—there are thousands upon thousands who now use and have used it for the past twenty-two years—will not be misled by the false statements of unscrupulous rival manufacturers as to its purity and wholesomeness. They know by practical experience when they buy Dooley's Yeast Powder that they get one of the best baking powders in the world; an article of perfect purity, of full strength and full weight; one which always makes light, wholesome and nutritious biscuits, bread, rolls, muffins, corn-bread, waffles and cakes of every kind. It stands to-day, as for the past twenty-two years, the leading, standard Baking Powder of America.

Freak of Nature.
Mr. Kikanah Allen, of this city, has a young chicken among his poultry which has two feet upon each leg. The feet on one leg have seven toes each, while those on the other have only six on each foot. The sum total is one chicken, two legs, four feet and twenty-six toes—Scratch!

New String Band.
Excursion and picnic parties can be supplied this season with choice music, as will be seen by advertisement in this issue. The band is a new organization, but the members are old hands at the bellows, and will keep up with all the new music. Parties in want of good music will do well to call on or address Messrs. F. W. Ortmann or Frank Rieman.

Yesterday's Wounded.
John Merrick, the colored man who was hurt by a horse on yesterday was not as seriously injured as was first feared. He is expected to be out in a few days. The colored man who was knocked down by a block of ice at Messrs. J. E. Lippitt & Co's. ice house is also improving, but the ice is finally ruined.

Rosenthal's New Stock.
Mr. Rosenthal, of the new and popular boot and shoe house on Market street, has returned from the Northern cities, where he bought an elegant stock of goods in his line, of new and beautiful styles and of superior workmanship and finish. Some of these goods are already here, others are on the way, and still others are to be shipped. We invite particular attention to the advertisement published elsewhere, and to an inspection of the stock.

Personal.
Mr. James M. Brown, of this city, leaves to-morrow for Charleston, S. C., to join the Bartley Campbell H. M. S. Pinafere troupe, which is billed to appear here on Monday, the 7th inst. Mr. Brown has been connected with the troupe for several months and has been on a brief visit to his friends in this city. He joins them again in order to complete his engagement with the company. It has been said that his personation of Capt. Corcoran is one of the best on the stage.

Our Fire Department.
Brother Pittman, of the Newbern *Nut Shell*, who was here last week, has this to testify in regard to our splendid fire department:
The Wilmington Fire Department is probably the most efficient in the State, and this fact is mainly because there is a company in the Department which uses a Salsby Engine. Capt. Manning never retires at night before so arranging his clothing as to enable him to dress in one minute after the first tap of the fire bell and on almost every occasion the Salsby engine has had a stream on a burning building in less than ten minutes from the first tap of the bell. We may not hope to have our Fire Department as efficient as that of so large a city as Wilmington, but we believe when the Salsby engine is added to the Department its efficiency will be greatly improved.

Church Services.
ST. JOHN'S CHURCH,
corner Third and Red Cross streets. Rev. Geo. Patterson, D. D., Rector. Wednesday, April 2d, 1879. Evening Prayer and Lecture on the Humiliation of our Dear Lord Jesus Christ. Services at 8 p. m.
The Raleigh News comes to us this morning in a bran new suit, neat but not gaudy and yet still quite handsome in its typographical appearance. We congratulate Messrs. Jordan and Husey upon the improved appearance of their paper.
The regular annual meeting of the Produce Exchange will take place at the rooms of the Exchange on next Tuesday the 8th inst., at which time there will be an election of officers for the ensuing year.
Formerly the sergeants of the police forecapped on a post or curb stone when they entered a round-man's boat. Last night the practice was discontinued.
All quiet along the line of the river between this city and Fayetteville. The recent rise was about six feet, which makes good boating water.
Misers are neat in one respect. You have only to look at their faces to see that they keep shaving mugs.
Nothing doing in magisterial circles to-day.
Live like a Prince, on \$2 50 per day: you can do this now in New York, and that on Broadway too, by getting a room at the Grand Central Hotel, European plan for \$1 00 per day and upwards, and taking your meals at their elegant Restaurant, at moderate prices. Or choose the American plan at \$2 50 or \$3 00 per day, which includes both room and meals.

American Wines.
But few persons are aware of the great amount of grapes raised in New Jersey. Alfred Speer is known to be the largest wine grower east of the Rocky Mountains. His Port Grape Wine is the best, and is considered by physicians and chemists as the best wine to be procured. It is ordered to London and Paris, where it is becoming very popular among wealthy families. For sale by J. C. Munds, P. L. Bridgers & Co and Green & Flanner
