Seme Pleasant Facts in Connection with the Month of Fools,

The month of April is the seven th mouth of the year. It was originally the thirteenth, but in 1302 Augustus (a ar chauged the calendar because he had a note to meet in the middle of the month, and didu't have a cent to pay it with, and so he dropped that month out entirely, and April thus be came the third month, as it now is. LIFE IN A BOTTLE.

The Most Valuable Medical Discovery Known to the World-No More Use for Quinine, Calomel or Mineral Poisons-Life for the Blood, Strength for the Nerves, and Health for All.

AN OPEN LETTER TO THE PUBLIC.

Believing that by cleansing the blood and building up the constitution was the only true way of bani hing disea e and being troubled with weakness of the lungs, catarrh, very much broken down in constitution, &c , and after trying the best physicians and paying out my money for many kinds of medicines advertised without inding a permanent cure, I b gan doctoring myself, using medicines made from roots and herbs. I fortunately discovered a wonderful Bitters or Blood mentioned, and also for damages for the de- Cleanser, the first bottle of which gave me new tention of the same, and the plaintiffs claim life and vigor, and in time effected a permanent cure. I was free from catarrh, my lungs became strong and sound, being able to stand the most severe cold and exposure, and I have gained over thirty pounds in weight. Feeling confident that I had made a wonderful discovery in medicine, I prepared a quantity ot the Root Bitters, and was in the habit of giving them away to sick friends and neighbors. I found the medicine effected the most wonderful cares of all diseases caused from humors or scrof ala in the blood, Imprudence, Bad Stomach, Weakness, Kidney Disease. Torpid Liver, &c, &c. The news of my discovery in this way spread from one person to another until I found myself called upon to supply patients with medicine far and wide, and I was induced to establish a laboratory for compounding and bottling the Root Bitters in large quantities, and I now d vote

al' my time to this business. I was at first backward in presenting either myself or discovery in this way to the public, not being a patent med cine man and with small capital, but I am getting bravely over that. Since I first advertised this medicine I have been crowded with orders from druggists and country dealers, and the hundreds of letters I have received from persons cured, prove the fact that no remedy ever did so much good in so short a time and had so much success as the Root Bitters. In fact, I am convinced that they will soon take the lead o' all other medicines in use. Nea ly one hundred retail druggists, right here at home in Cleveland, now sell Root Bitters, some of whom have already sold over one thousand
