Shad are beginning to get scarce.

Cows have broken down two of the
pretty shade trees in the middle of Market
street.

The hucksters captured the market
again to day. They rule the truckers,
merchants, community and city gener-
ally.

Read the admirable letter from our
special correspondent at Washington
City, Jacobs, as published on the second
page of this issue.

One of the heaviest showers of the season
visited the city this afternoon about 2
o'clock, and for an hour or more the
rain poured down in torrents.

We learn that twenty-five new mem-
bers joined one of the Sunday Schools in
this city on Sunday morning last, but of
course the coming picnic season had
nothing to do with it.

The Carolina Yacht Club will hold
their regular annual meeting for the elec-
tion of officers and arranging the date
and place for the regattas during the
season on next Monday evening.

The Lutheran Synod meets in Bethel
Church, Stanley county, tomorrow, and
Rev. G. D. Bernheim, D. D., and Mr.
W. H. Gerken will be in attendance from
St. Paul's church, in this city.

No Opium! No Morphia or other
dangerous drug is contained in Dr. Bull's
Baby Syrup, for the relief of Colic,
Teething, etc. Price 25 cents.

The Sunday School Concert is to take
place this evening in Front Street M. E.
Church. It is a treat without money and
without price, except such as your own
internal generosity and sense of justice may
dictate to you to give freely and of your
own will.

The exhibition proposed for last
night in the City Hall, for the benefit of
St. Stephen's A. M. E. Church, drew
together a large audience, but in con-
sequence of the failure of the apparatus
or generating light to work satisfactorily
the entertainment was postponed.

To take grease out of silks or stuffs,
take a lump of magnesia, and rub it wet
over the spot; let it dry; then brush the
powder off, and the spot will disappear.
Or: Take a visiting or other card; sep-
arate it, and rub the spot with the soft
internal part, and it will disappear with-
out taking the gloss off the silk.

The foolish man taketh his wife to a
church sociable, and spendeth five dollars
for ice cream and cake. The wise man
alloweth his wife to serve on the refresh-
ment committee, and when the evening
cometh he goeth to that church sociable
with a good appetite. If he has im-
proved his opportunity he getteth away
without spending a cent and with a
stummy cake too.

Cable out of Gear.

The telegraph cable across the bottom
of the Cape Fear at the foot of Market
street was being examined by Sergeant
Watson and his assistant, Mr. Smith,
of the U. S. Signal Service, this morning.
The cable is either very badly torn or is
broken in two and in all probability will
have to be replaced by a new one.

A Remarkable Counterfeit.

Money handlers will be interested to
know that the secret service has come
into possession of a most remarkable
counterfeit. It is a counterfeit \$20 Uni-
ted States legal tender note, and is cal-
culated to deceive even persons accustomed
to handling notes of that denomination.
What makes it the more remarkable is
the fact that the work on the note was
executed with a pen and ink. All the
intricate figures and curves, all the
heads the seal, the fine engraving work,
and even the fibre in the paper, are al-
most perfectly counterfeited by pen and
ink. The signature of John Allison,
formerly register of the treasury, is al-
most exact, while that of John C. New,
formerly treasurer, is perfect. The whole
bill, back and face, is a wonderful piece
of pen-work. The bill was detected at
the sub-treasury in New Orleans.

The Rifles.

The Whiting Rifles met last evening and
elected C. W. Brewer, late Orderly Ser-
geant, to the position of Third Lieuten-
ant, Capt. Jno. W. Gordon, President;
J. G. Darden, Vice President, C. H.
Leggett, Secretary, and T. L. Rowell,
Treasurer. The command expect to pa-
rade Memorial Day.

A Line Wedding.

Saturday evening last Mr and Mrs.
Wm. N. Bowden celebrated their Line
Wedding at their residence, corner Second
and Chestnut streets. They had intend-
ed to quietly celebrate the twentieth an-
niversary of their wedding day, but their
friends gave them somewhat of a surprise
and sent and brought in handsome
presents. A pleasant evening was of
course the result, and when the guests
bade their happy entertainers good night
it was with the heartily expressed wish
that they might meet there again five
years hence and tender their silver wed-
ding congratulations.

Fashionable Trifles.

The ribbons this season are lovely;
there is a decided tendency towards the
soft mastic shades, with clusters of flowers
on a brocaded border. Not only are they
used for trimming bonnets, but for the
head-dresses, which seem to be an indis-
pensable part of a toilet this spring; they
are made into Alsatian bows, and worn on
the top of the head, being fastened by a
comb, which is pinned by a common guard
or safety pin to the bow, and can be trans-
ferred from one to another. These bows
should be worn to harmonize with the tri-
plette, and they are very popular, dividing
favor with the turbans, which by the way,
are more becoming when made to order
and suited to the shape of the face and the
manner of dressing the hair, than when
bought outright at haphazard.

The International Review

Pools,' by J. W. Midgeley; 'Army Re-
organization,' by Gen. Robert Williams
U. S. A.; 'Our International Carrying
Trade,' by Hon. Freeman H. Mace, U. S.
Consul General at London; 'Eng-
lish and American Painting in Paris, 1878,
II,' by Philip Gilbert Hamerton; 'Ameri-
can Autocrats,' by Felix L. Oswald;
'Contemporary Literature,' and
'Recent English Books.'

The International is published monthly
at \$3 per annum.

A Gallant Act.

The Charlotte Observer thus records a
brave and intrepid act on the part of
Engineer Cook, on the Carolina Central
Railway, on Friday last, whereby the
Company was saved a serious loss of
property and perhaps detention to trains.
It says:

Friday afternoon, while the train on
the eastern division of the Carolina Cen-
tral Railway was on its trip from Wil-
mington to Charlotte, a most unusual
occurrence befell it. Stopping at a certain
point, the tender was filled with dry
pine wood, and six miles further on the
whole mass of wood was discovered by
Engineer Cook to be in a bright blaze.
The material was so very inflammable that
before the train could be stopped the
flames had taken hold on the box-car next
the engine. As quickly as this could be
done the engine was uncoupled from the
train, and leaving Conductor Everett, the
train hands and passengers to fight the
fire on the box-car, the engineer, in the
intense heat generated by the burning pine
wood at his throttle and ran the engine
three hundred yards up the road to a
point where he knew he would find a
pool of water on the road side. By the
time he had made this distance, the en-
gine looked to the passengers in the rear
like a sheet of flame; the engineer's
clothes were scorched, his flesh blistered
and the rosin drawn from the cab over
his head; but with buckets of water, car-
ried by the fireman and wood-passer, Mr.
Cook finally extinguished the flames,
throwing the wood overboard as fast as he
could put out the fire on it. By the time
it was all over the water in the tender
was hot almost to the boiling point, but
for all that no damage had been done, the
party behind having in the meantime ex-
tinguished the fire on the box-car.

Engineer Cook's presence of mind in
uncoupling the engine from the cars
saved a great part if not the entire
train from destruction, and by stoiking
to his post on the engine and running it
forward to where he could get water to
put out the fire, he prevented great
damage to the engine.

A passenger on the train, a stranger in
the city, put himself to the trouble to
call upon us yesterday to narrate the
above facts. He rightly concluded that
Mr. Cook's conduct in the matter was
deserving of honorable mention, and this
opinion we cordially endorse.

Becoming Frequent—Another Case.

The practice of leaving children with
unwary females at railroad and steam-
boat depots is becoming frequent. Yes-
terday a well-dressed gentleman, who was
carrying an infant in his arms, stepped
up to a lady at the depot and handed
her the child. She took it at his request
and the man went off and the lady has
seen nothing of him since. The train
moved off and the lady and the child were
carried up the road. She was going to
her home and the gentleman was her
brother, who had escorted her to the de-
pot.

Personal.

Dr. Joseph M. Toner, of Washington,
D. C., and ex-President of the American
Medical Association, is in the city, stop-
ping at the Purcell House. He is en-
route to Atlanta, Ga., to attend the meet-
ings of the National Board of Health,
and American Medical Association, which
assemble in that city on the 6th of May
next. The principal object of the meet-
ing will be to consult together for the es-
tablishment of National quarantine and
health laws. The doctor arrived from
the North last night, and will leave for
the South on to-night's train.

City Court.

Jas. Baker, colored, one of the twins
arraigned for disorderly conduct, was re-
leased and judgment suspended.

Isaac Baker, the other of the twins, who
frequently appears at the Mayor's levee,
was sentenced to pay a fine of \$10 and costs
or fifteen days in the city prison.

Chas. Ryburg, for being worsted in an
encounter with Jno. Barleycorn, was fined
\$5 or permitted the alternative of sweating
it out for five days in the C. P. The
defendant concluded to sweat.

Another white man or rather a youth
who has scarcely attained his majority, was
arraigned for drunkenness and disorderly
conduct, besides being very obstreperous,
pugnacious and so forth. The Mayor
in this instance measured the damage
done the quiet and good order of the city
to the extent of \$15 fine or twenty days in
the cell.

A 'study of culter' arraigned for dis-
orderly conduct, was fined \$2.50 and the
costs, to be paid by the paid and the re-
sult was a fine of \$2.50 and the costs.
The defendant was a young man, who
was arraigned for disorderly conduct, and
the result was a fine of \$2.50 and the costs.

Death of a Wilmingtonian.

A telegram was received in this city
to-day announcing the death at Atlanta,
Georgia, of Miss Sallie Kinyon, the only
daughter of Mr. Wm. Kinyon, a former
Wilmingtonian, and for a long time in
charge of the carpenter shops of the W.
C. & A. R. R. in this city. Miss Kinyon
was about eighteen years of age. She was
here on a visit to her relatives and
friends during the past winter and formed
many new ties of friendship. Her
death will be deeply mourned by those
who knew and loved her.

The Colored Troops.

Geo. L. Mabson was to-day again elec-
ted Colonel of the Fifth Battalion of the
N. C. State Guard. Mathew Levy, of
Fayetteville, defeated Jno. Holloway in
the election for Major of the battalion.
The election was held in obedience to an
order from Adjutant-General Jones.

Hydrangea.

It may not be known to many of our
readers that this flower, which is usu-
ally of a pink color, may be made to
come out a beautiful rich blue, by the
simple means of filling the box with
swamp or marsh earth. Common gar-
den loam produces the pink color.

A Festival in aid of St. Mark's Parish
will be held in the City Hall this evening.
The object is to raise money wherewith to
pay off some small debts due by the
church. We trust that there will be a
large attendance.

A little boy who was crying bitterly
was asked the cause of his tears. 'Nuthin,'
replied the urchin, 'but if I had er knowed
the Sunday School was er gwine to give
a scursion I'd er joined er afore this.'

A Card.

To all who are suffering from the ef-
fects and indiscretions of youth, nervous
weakness, early decay, loss of manhood
&c., I will send a recipe that will cure
you, FREE OF CHARGE. This great
remedy was discovered by a missionary in
South America. Send a self-addressed
envelope to the Rev. Joseph T. Leman,
Station D, New York City.

For Health and Pleasure

GO TO

Patterson's Celebrated Springs.

THESE SPRINGS are situated four miles
South of Shelby and six miles North of
Whitaker's, on the Air-Line R. R. The min-
eral waters are sulphur and chalybeate. The
properties of the sulphur are iron, sulphur
and magnesia. Properties combined are be-
neficial to all diseases, and never fail to cure
the most obstinate cases, as many will testify.
The chalybeate waters cannot be surpassed,
having wrought many almost miraculous
cures.

These Celebrated Springs will be open first
April, and the prices are in reach of all, hav-
ing been greatly reduced this season.

Bathing houses, elegant grounds, ten pin
alley, and other amusements and attractions
free for visitors. Hacka running from this
place will meet visitors at Shelby or at Whit-
aker's on the Air-Line R. R., upon short no-
tice to the Proprietor.
