Lon't Do It.

We have been requested to urge upon the authorities the fact that now while the City Hall is being repaired would bea good time to transfer the bell from the Market House to the top of the City Hall building. But we do not urge it, as we oppose such a thing. A curola and bell Daniel H Lyons A G Ross, Daniel M on the top of the City Hall would be eye sore and a blot on the looks of that handsome structure. It was never designed for such a thing and it would be a hideous blot on the appearance of that fine building.

John McLaughlin, colored, a trustworthy employe of Mesers. Northrop & Cumming, at their steam saw mills, in the Southwestern portion of the city, had the misfortune to lose his thumb and three fingers of his left hand by a circular saw this morning The hand was terribly lacerated and two of the severed fingers were thrown a distance of fifty feet from the saw. Dr. W. J. H. Bellamy dressed the wound and did all in the power of the unfortunate man.

Cruelty to Animals.

Our attention has been called to the inhuman treatment of some of the animals attached to the drays and teams by some of the drivers in this city, and our own observations convince, as that there is great need of a Society for the Prevention of Jrueity to Animals ' We hope to see such a society organized and chartered by the next Legislature but in the meantime, if there is my law by which inhuman and brutal trea ment to dumb animais may be suppressed, we hope that its power may be speedily invoked. We see exhibitious of this cruelty every day, and it is shameful that a brutal man is allowed to starte and beat a poor old crippled dumb animal, so lame that he can hardly stand, in such a monstrously inhuman manner, as has actually been done recently on the streets of this city.
