The news of one Moore, centennial celebration comes to us every day.

If you want to find out whether a gun is loaded, blow down the barrel. It generally is.

Mr. John Nutt, Jr., of this city, is now running as route agent on the Spartanburg & Asheville R. R.

Quite a number of ladies and gentlemen shipped aboard of the *Passport* this morning for the sea side and the Forts below.

The little schooner *Diamond C.*, which arrived in this city a few ago, came from Topsail to Masonboro Inlet through the sounds.

The *Regulator*, of the Clyde line of New York steamers, made her appearance at her wharf in this city at 2 o'clock this afternoon.

Messrs. Munds Bros. have a neat home-made fountain to be used in connection with the soda fountain at their store, over the railroad.

More joy can be extracted from an old pair of shoes all run down at the heel than from all the new patent leather boots that were ever invented.

Rev. Dr. Patterson, of this city, leaves to night for Raleigh. He is to deliver the Commencement Sermon at St. Mary's in that city, on Sunday next.

A good square kick will sometime help a man further along in this world towards independence and prosperity than a dozen pulls by the hand.

A "Hardly Ever" Temperance Society has been formed in Wilmington. When a man is asked if he drinks, he says "Hardly ever, but if I do, it is about this time of day."

A milk lemonade is the latest summer drink. It is made like an old-fashioned lemonade, except that milk instead of water or seltzer is used. It is both cooling and palatable.

Our attention has been called to the fact that the article published by us recently relative to the Lorillard-Clyde suit in New York was credited to the *Norfolk Virginian*, when the article was really from the *Norfolk Ledger*.

The eagle which walks about the streets has begun to assume some proportions, and is not now thought to be ugly. It is very gentle and seems to like being fondled by little children. Is it "another revolution" for the American Eagle to be tamed by a Tar Heel?

At the earnest request of the proprietor of the Atlantic Hotel at Beaufort, who is to entertain the members, the time for the annual meeting of the North Carolina Press Association is changed from the 16th of July to Wednesday, the second day of July.

The time for picnics, mad dogs, snake bites, bee stings, red ants, ice cream, strawberry festivals, barbecues, white pants, meet me by moonlight alone, watermelons, excursions, flies, grats, mosquitos, toads, spiders and garden truck generally, is at hand.

Indications.
WAR DEPARTMENT,
 Office of the Chief Signal Officer,
 Washington, D. C., June 11, 1879.

For the South Atlantic and East Gulf States nearly stationary pressure, stationary or slightly higher temperature and partly cloudy weather and local rains are probable with Southwest to South winds

It is a sad sight to see an intoxicated person on the street. How much more so is it to see a dull and sickly baby rendered so by the use of dangerous opiates? Dr. Bull's Baby Syrup contains nothing injurious and may be given to the most delicate baby.

Superior Court.

This Court was occupied in the trial of civil cases until 12:30 o'clock to-day at which time it adjourned until half past 3 this afternoon. But at the hour last mentioned the adjournment was continued until 10 o'clock to-morrow morning on account, as we are informed, of the indisposition of the Judge.

Going to Europe.

Bishop Atkinson, accompanied by his wife, will leave here to-night for New York, at which point they will embark for Europe, on the Thursday of next week, the 19th inst. The Bishop, we understand, goes for the benefit of his health. We sincerely wish him a pleasant and a rapid voyage, improved health and a safe return.

Green Turtle Soup.

The largest green turtle we have seen here this season was lying flat on his back at Eyden's Pilot House, on North Water, near Market street, this morning. He will be served up in the shape of green turtle soup to-morrow and next day and Mr. Eyden extends a general invitation to everybody to call and partake of the soup without money and without price.

Meeting of the Members of the Bar.

At a meeting of the members of the bar, held in the Court House this morning immediately after the adjournment of court, Col. B. R. Moore called the meeting to order and stated the object of the meeting to be to take suitable action regarding the loss the bar has sustained in the death of the lamented Col. Wm. S. Dayane. Upon motion of Col. Moore, the Hon. R. S. French was called to preside and Mr. Jno. D. Bellamy, Jr., requested to act as Secretary. The meeting thus organized, upon motion of Hon. Edward Cantwell, the Chair appointed a committee to draft resolutions expressive of the feeling of the bar at the death of the deceased member. The Chair then announced the Committee on Resolutions, as follows: Hon. Edward Cantwell, Hon. D. L. Russell and Messrs. DuB. Cutlar and A. G. Ricaud.

On motion of Mr. Ricaud, the meeting adjourned until Friday afternoon, at 4 o'clock, at which time the Committee on Resolutions will make their report.

An Important Movement.

We have been favored, through the courtesy of Dr. Thomas F. Wood, of this city, Secretary of the State Board of Health, with an advance copy of the blanks which are to be furnished to every physician throughout the country, in which are to be recorded the age, occupation, sex, social position, race, date and cause of death of every person, during the year, to whom they have rendered medical attendance. These blanks when thus filled out, to embrace the year commencing on the 1st day of June, 1879 and ending on the 31st day of May, 1880 both inclusive, are to be forwarded to the Superintendent of the Census, to be used in obtaining more complete and accurate mortality statistics than have heretofore been given, and to be made a part of the census report which is to be made in 1880. This plan was very urgently recommended to the American Medical Association, and at the late convention of that body at Atlanta, Ga., resolutions giving the full endorsement to the measure were unanimously adopted. All the expense incident to the carrying out of the plan, save the mere act of filling out the blanks, will be paid by the government and any money paid out for stamps or in other correspondence legitimately arising from this service will be immediately refunded.

Sheriff Manning is better and is out again.

Rev. J. C. Hiden, D. D., did not lecture at the Opera House last evening, as was announced last week that he would.

Mr. L. A. Angel, agent for the Wilmington Telephone Exchange, files a bill of particulars in this issue of the Review.

Thanks to the manager for complimentary tickets to attend the entertainment to be given by the Thalian Amateurs at the Thieston Upper Room, on Friday night next.

We regret to learn that Mr. J. N. Hinton, Principal of Wilmington High School, is dangerously ill at his residence in this city on Second, between Princess and Mulberry streets.

Mr. W. Roddick, of Messrs. Brown & Roddick, got back to-day from New York, where he has been for a week past on the lookout for bargains for his customers. He will tell all about it in our advertising columns in a day or two.

That active little steam tug, the *Wm. Noyce*, had a struggle which lasted nearly an hour this afternoon, in which she was trying to move a deeply laden barque down the harbor, but which from some cause seemed reluctant to move. After a succession of efforts, however, the tug was victorious, and moved the vessel off in triumph.

The Day We Used to Celebrate.

The Fourth of July, which is just three weeks and two days off from this date, will be ushered in by the Cape Fear Light Artillery firing a national salute of thirty-eight guns from the wharf in front of the Custom House, at sunrise.

Among the Breakers.

We again invite attention to the play which is to be presented by the Thalian Amateurs at the Thieston Upper Room, on Friday evening, by the Thalian Amateurs. It is an exceedingly pretty piece and has been so carefully and thoroughly rehearsed that it will be presented in an unusually acceptable manner.

Accidental.

This morning, about four o'clock, a person employed at the Mariner's House on Nutt, between Mulberry and Walnut streets, was shot through the hand by a small cartridge pistol. The man had gotten up for the day and as he pulled the pistol from under the pillow it was discharged, the ball passing through his hand. The wound was dressed and the unfortunate fellow is as comfortable as could be expected.

Sudden Death.

Mr. Archie Ramsay died very suddenly of diphtheria this morning at the residence of Mr. David J. Joyner, on Harnett, between Third and Fourth streets. He had been sick for three or four days, but had not been considered critically ill. He was out this morning and visited a drug store for medicine, and was in the store of Mr. J. W. Moody, on Fourth street, where he had formerly been employed, but a very few moments before he went to Mr. Joyner's, where he boarded, and in fifteen minutes he was a corpse, death being caused by strangulation. The deceased was about 28 years of age, was unmarried, and came from South Washington, Pender county, where his mother now resides, his father being dead.

Magistrate's Court.

Before Justice Gardner, yesterday afternoon, Thos. Clark was arraigned upon a peace warrant and committed in default of a \$50 bond to keep the peace for ninety days and failure to pay the costs of the case.

Before the same Justice, Thos. Clark had Martha Robbins arraigned but failed to substantiate the charge and was committed in the last case upon failure to pay \$3.45 costs.

Henry Green, colored, before another Justice, was committed yesterday afternoon without bail for his appearance at the next term of the Criminal Court, charged with a capital offence.

Delafate Towers was arrested yesterday afternoon on a warrant issued on the 7th inst, but not previously executed, and held to bail in the sum of \$200 for his appearance on the 14th inst to answer to the charge of committing an assault with a deadly weapon. He was committed to the custody of the Sheriff, but gave necessary surety this morning and is now at large.

When a man has tried everything, and found it will not answer, let him go where there is an echo and try that.
