

IN CONGRESS.

SENATE.

WASHINGTON, June 25—The President pro tempore, unable to be present on account of illness, under rule 4 appointed Mr. Eaton to act as presiding officer.

A communication was received from the Secretary of the Treasury, transmitting the information asked for by the Senate in relation to the action of the National Board of Health under the act authorizing a contract for a refrigerating ship, &c. Referred to committee on Epidemic Diseases.

Mr. Vest introduced a concurrent resolution favoring the reorganization and free coinage of silver. Ordered printed.

Mr. Barnside introduced a joint resolution reaffirming the principles of the Monroe doctrine, and declaring that the people of the United States would regard with serious inquietude the establishment of a canal across the Isthmus of Darien under the protection and domination of European powers. Referred to the committee on Foreign Affairs.

Mr. Beck's concurrent resolution, providing for a joint committee to recommend changes, if necessary, in the methods of collecting the revenues and making appropriations, was considered and referred to the Finance Committee.

The unfinished business was then taken up, viz: Joint resolution providing extra pay for clerks, pages and other employees of Congress during the session.

The pending question was on Mr. Wallace's amendment to Mr. Ingham's amendment, the two together forming clauses of the Judiciary bill lately vetoed.

Mr. Windom spoke upon the record of the Republican party as compared with that of the Democrats, and was replied to by Mr. Saulsbury.

Debate then ensued upon the alleged frauds and defalcations of Republican Administrations, and at the close of the discussion the Senate adjourned.

HOUSE OF REPRESENTATIVES.

The business transacted by the House to-day was unimportant.

Mr. Upson, of Texas, offered a resolution calling on the Secretary of War for information relative to Indian and Mexican massacres in Texas since 1878, and the number and class of troops there stationed. Adopted.

The unfinished business of yesterday was then taken up, viz: Senate bill exempting from license and enrollment fees vessels not propelled wholly by sail or internal power.

A long debate ensued, Messrs. Ryan, of Penn., and Conger, of Mich., favoring the bill, and Mr. Reagan, of Texas, opposing it as a piece of legislation involving a change in the laws in regard to coastwise navigation.

Mr. Acklen, of La., moved to recommit the bill, pending which the House adjourned, and a joint Democratic caucus was announced for this evening.

CABLE NEWS.

LONDON, June 24—A despatch from Alexandria, to the Daily News, says on Monday night it was rumored that the Khedive had agreed to abdicate on certain conditions. A Cairo dispatch to Reuters' Telegram Company says: Negotiations have been opened between the Porte and the powers, relative to the order of the Egyptian succession.

The Times in its financial article this morning says: "The dread of further trade complications in the north of England caused a depression in home railway securities on Monday. These complications ramify so widely that their full development would be most serious, and hopes are still entertained that they may be averted."

PARIS, June 24—Several newspapers state that Prince Jerome Bonaparte will publish a manifesto this evening, declaring that he remains faithful to his Ajaccio programme in which he announced his Republican principles, and that he is not a pretender to the Imperial succession, while at the same time he says his dormant claims bar the succession of any other pretender.

LONDON, June 24—Notwithstanding the temporary alleviation of her distress which the Empress Eugenie experienced yesterday, a relapse took place last night, and very serious apprehensions are now entertained in regard to her life. During the visit of Queen Victoria yesterday the Queen persuaded the Empress to endeavor to partake of some food, and this gave temporary hope of her recovery, but today paroxysms of grief, which she undergoes not only continue, but become more frequent and severe, and deep gloom hangs over the household. Mr. Rousier still remains at Chislehurst, anxiously awaiting such recovery of the Empress's health as will enable her to calmly give her opinion and wishes respecting the future of the family.

LONDON, June 25—Ex-Empress Eugenie is somewhat better.

United States Minister Welch has abandoned official receptions and social engagements in consequence of the death of his sister.

LONDON, June 25—A dispatch from Calio says the Peruvian fleet has retired from before Antofagasta, having been unable to silence the batteries.

A Cairo dispatch says the Khedive is shrinking back from his intention to abdicate.

"Truth lies in a nut-shell," and "brevity is the soul of wit." To be brief, when the shell is broken, the truth will be discovered that the Grand Central Hotel, on Broadway, New York, now kept on both plans, the American \$2.50 or \$3.00 and the European \$1.00, and upwards per day, gives more satisfaction for the same money than any other first-class house in Gotham. An elegant Restaurant, at moderate prices, is conducted by the Grand Central.

CAROLINA.

Goldboro Messenger: The new town of Sauls' X Roads, in this county, is making rapid progress. They have now a flourishing Sunday School with a membership of over sixty.

Raleigh News: A telegram to Colonel A. B. Andrews yesterday announced the death of Mr. John A. Wilson, of Charlotte, the popular and efficient agent of the North Carolina Railroad.

Goldboro Messenger: Just before going to press we received a telegram from Kinston, announcing the death of Col. Owen W. Jones, of Greene county, which sad event occurred last Monday night.

Raleigh Observer: Mr. John C. Blake, Cashier of the Raleigh National Bank, funded \$170,500 old bonds yesterday. This we take it is a large operation—the largest we have heard of in the new securities.

Charlotte Observer: Lieut. A. L. Smith, of the Hornets' Nest Kifsbuam, has received from Col. C. W. Alexander his appointment as Adjutant of the Second Regiment, in the place of the W. M. Smith, resigned. Lieut. Smith has tendered his resignation to the H. N. R. and his place will be filled at the next meeting.

Charlotte Observer: Yesterday morning Maj. J. A. Saddler suffered a slight shock of paralysis in one of his eyes and a part of his face, running down and affecting his tongue. His condition created considerable uneasiness at first, but later in the day he recovered in a measure, and last night was considerably better.

Washington Press: On Sunday night last at the churches of our town were in the midst of their services, the cry of fire was heard, and in a few minutes very few hearers remained. The cause of the alarm proved to be a kitchen on the premises of W. B. Campbell, E. q., on Third Street, which is supposed to have caught from a lamp. Almost everything in the house was consumed.

Goldboro Messenger: Somebody is laboring hard to arouse a 'Kansas craze' among the negroes here, but the scheme, whatever its object, will doubtless fail 'still-born.' We see that another Kansas meeting is advertised for Saturday next, and ex-Gov. Brogden, Col. L. W. Humphrey and others are announced as speakers, but, we take it for granted, without their consent.

Farmer & Mechanic: Nearly 2,000 yeomanry of Granville, with a considerable number of Masonic visitors from Raleigh, and points along the Railways, assembled on the green of Oxford Orphan Asylum yesterday and were entertained by addresses by Senator A. S. Merrimon, W. R. Cox and others. A fine dinner and interesting Masonic ceremonies made the day complete. The Raleigh Band made music.

Charlotte Observer: Two young men of this city who have given some time already to pedestrian exercises, are likely to have an exhibition contest on the race course at the fair grounds within two weeks. Parties have offered to back them for \$50 a side and the young men are quite eager for the undertaking. They propose to walk for twenty-four hours on a dead stretch—from 12 o'clock of July 3d to 12 o'clock of the 4th—without rest or sleep.

Goldboro Messenger: There is a disease prevailing in some parts of the country to a certain extent among horses. It commences with a swelling on the chest, extending like a knotted chain along the course of the jugular to the throat-latch, where the glands are enlarged and hard. It has yielded to the following treatment: When first discovered, bleed freely; give 15-grain doses of iodine of potassium three times a day, and rub the swelling with crude petroleum and spirits of turpentine.

THE PANAMA REVOLUTION A FAILURE.

PANAMA, June 16—Gen. Aizpurn's attempt at overturning the legitimate Government has proved a failure. He left Aspinwall on Monday, the 6th inst., and took up his position in Garun. The government has sent out forces to oppose him, but they were unable to cross the river, Aizpurn's men having taken possession of all the boats. On the 11th Aizpurn and his party disappeared from Gatun, and it was generally thought that they had gone to the interior to keep the contest alive until after the elections in September. On the 12th, however, much to the surprise of the Government troops, he opened fire upon them at Lion Hill station on the line of the railway, and kept up a sort of desultory fight until the morning of the 13th. Then seeing that his cause was hopeless he opened negotiations with the Government, and on Sunday, the 15th, surrendered his force, arms &c., the Government agreeing to pay the expenses of the revolution—a very good thing for Aizpurn, and in fact a triumph over law and order. The victors and vanquished returned on the evening of the 15th.

GREENBACK CONVENTION.

TOLEDO, OHIO, June 24—The National Greenback Convention assembled in this city to-day, and organized by appointing N. M. Odell president pro tem., and electing J. G. Throckmorton permanent president. The programme laid down by the managers last evening was fully carried out to-day. The platform adopted reaffirms the principles of the Toledo convention of February 22, 1878, with an additional plank favoring income tax, and also unlimited coinage of silver; denounces the hoarding of coin in the Treasury and demands that all unemployed men be placed in the hands of the people, and that National bank notes be withdrawn, and full legal tender greenbacks be substituted in their stead. It approves the mechanic's lien law; favors instead of high interest and cheap labor, a low interest and well-paid labor. It demands that bonds be paid in exact accordance with conditions of their issue. A resolution was adopted that the

convention deems it inexpedient to put new candidates in the field. The committee previously agreed upon was then appointed to select a ticket. The committee are all Ewing and Rice men, and the action is the endorsement of the Democratic ticket.
