# THE DAILY REVIEW.

VOL. IV. WILMINGTON, N. C., TUESDAY, JULY 1, 1879. NO. 124

## NEW ENTERPRISE.

**BROWN & RODDICK,**  
 Will open on or about

Wednesday, June 18,

The Store on the Southwest corner  
 of Second and Market streets. We pur-  
 pose devoting this entire store to the sale  
 of articles at

**5 and 10 Cents.**

We cannot enumerate the different articles  
 at this time but our patrons may rest  
 assured that no effort will be spared to de-  
 scribe this

## New Enterprise.

We certainly will offer the greatest in-  
 ducements that have ever been shown in  
 this section of the country, as no house in  
 the country has better facilities for the  
 purchase of such articles.

**BROWN & RODDICK.**

We would also take this opportunity of  
 stating that we are offering some Special  
 Bargains at 45 Market Street, in our Dry  
 Goods Department.

Being short of space can only quote a  
 short price list, but can safely say that at  
 no time have we been better prepared or  
 had greater inducements than at this partic-  
 ular moment.

## Dress Goods.

We have just received another small lot  
 of those at 15c. Call early.

## Ladies Linen Finish, 6c.

Worth double.

Celluloid Bows for Gent's wear in Black  
 and White, 5c, worth 25c.  
 The above when sold can be cleansed  
 with a damp cloth.

## Ladies Linen Collars, 5c.

A decided Bargain.

## Summer Shawls.

We are closing out a small lot of the  
 above at less than half the cost of manu-  
 facturing.

## Children's Col'd Hose.

The cheapest lot in this market; 10c a  
 pair, and the quality is good.

## LADIES LISLE THREAD GLOVES, 5c.

per pair. Comment unnecessary.

## Parasols and Sunshades.

We have just received another lot of the  
 above and can safely state that they are  
 without exception the cheapest goods ever  
 offered by us at any time.

## FANS!! FANS!!!

For the millions at all prices.

## Gents' White Shirts.

Made of Wamsutta Cotton and the best  
 Linen front. Our price is still 75 cents

Persistence is a virtue, except in a  
 fly.

Positive: Prince; Comparative: Regent  
 Superlative: Khedive.

Watermelons are coming in more freely  
 and are somewhat cheaper.

The police of the city were paid off to-  
 day, "whereof they are glad."

Geologists can tell the age of the stone  
 which David threw at the giant.

Violent crimes abound in hot weather.  
 Even the best of men lose their temper.

A large quantity of spoiled beef was  
 sent out of the market yesterday and this  
 morning.

The fly with the stickiest feet is always  
 elected to do the 'never give up' business.

Mr. James Petteway has at the Potter  
 plantation, near this city, a field of cotton  
 in bloom.

Dwellings and fences in various por-  
 tions of the city are being improved by  
 the use of paint and whitewash.

Scandal is fed by as many streams as  
 the Nile, and there is often as much  
 difficulty in tracing it to its source.

The Steamer Isis carried down and  
 brought back a right good crowd on the  
 moonlight excursion last night.

\$67.10 was the amount paid in to the  
 City Treasury by the Mayor's Court for  
 fines collected during the month of June  
 just ended.

We think it was Charles Dickens who  
 used to say that genius is nine parts hard  
 work to one part inspiration. Success  
 depends more upon perseverance than  
 brilliancy.

The Whiting Rifles so we have been  
 informed, numbers over fifty active bon-  
 afide members and that in a short time  
 they will parade on the streets in this  
 city in full uniform. Their membership  
 is said to be rapidly increasing.

The work of demolition of the old  
 building on Front street at the Southern  
 terminus of the railroad bridge is being  
 carried on, and we may expect soon  
 to see it entirely removed.

The train which leaves here to night  
 for the North will have a postal car be-  
 longing to the Pennsylvania railroad, a  
 baggage car belonging to the Petersburg  
 railroad and two passenger cars belonging  
 to the Alexandria & Fredericksburg rail-  
 road.

### The Concert To-Night.

Do not forget that the Cornet Concert  
 Club will give the second open-air concert  
 of the season at the City Hall Park to-  
 night, commencing at 9 o'clock. A small  
 fee of ten cents will be charged for admis-  
 sion inside the Park. They discourse  
 excellent music, and it affords an enjoy-  
 able way of passing an evening.

### Addenda.

There are three names which should be  
 added to the list to whom prizes were  
 awarded last week in St. Joseph's Aca-  
 demy, as published by us yesterday. Master  
 Henry Westermann was awarded a fancy  
 box of fine writing material as a premium  
 in the First Class of arithmetic and pen-  
 manship, and Masters William Bate and  
 Lawrence Cobb, for good conduct, each a  
 book.

### Bright Prospects.

We learn that the crops in the vicinity  
 of Point Caswell were never looking more  
 prosperous than they do this season. Not  
 only at that particular place, but in the  
 country surrounding, extending into Bladen,  
 Sampson, Duplin and Cumberland,  
 the same conditions exist. On the 'Mill  
 Branch' farm, owned by Mr. L. Vollers, corn  
 is represented as being on an average of ten  
 feet in height, and is tasseling. It is very  
 uniform in appearance, and unless some  
 untoward accident occurs, it is estimated  
 that it will yield seventy-five bushels to  
 the acre. This crop is entirely upon the  
 uplands.

### The Telephonic Fire Alarm.

The poles for the Telephonic Fire  
 Alarm wires were being placed along the  
 route on yesterday, and to-day some are  
 being placed in position. The poles will  
 be erected in the middle of the streets, in  
 order to save the shade trees. Gen'l Tay-  
 lor has informed us that not a shade tree  
 in the city shall be mutilated or other-  
 wise disfigured on account of the wires.  
 See his card in another column.

### Severely Injured.

Yesterday afternoon, Alfred Bush,  
 colored, who was engaged in hauling  
 poles for the fire alarm was severely  
 hurt by one of them falling on him. He  
 was at the time of the accident unloading  
 his dray and had one end of the pole on  
 his shoulder when he lost his balance  
 and was crushed to the ground the pole  
 falling on his head. Medical assistance  
 was near at hand and the unfortunate  
 man was promptly cared for. His injuries  
 are very severe and may prove fatal.

### A Disclaimer.

Handbills having been posted up in  
 different parts of the city announcing  
 that an excursion to Smithville on the  
 Waccamaw, to remain until after the exe-  
 cution, would be given on  
 the 11th inst., with the un-  
 derstanding that it would be under the  
 Independent Order of Good Samaritans  
 and Daughters of Samaria, we are request-  
 ed to state that the organization has  
 nothing to do with the matter, and the  
 use of its name is entirely unauthorized  
 and unwarranted. The I. O. of G. S.  
 and D. of S. take no stock in any such  
 excursions.

### Breaking Insulators.

About half a mile from the toll gate on  
 the turnpike quite a quantity of pebbles  
 were placed on the road for the purpose  
 of hardening it, but boys seem to think  
 they were placed there for some other  
 purpose, and have been assiduously throw-  
 ing them away, generally taken the glass  
 insulators on the telephone poles as their  
 target. The insulators have been com-  
 pletely ruined, several times and new  
 ones had to be put up. Those on the  
 poles now are so badly broken that a  
 new set will have to take their places.  
 This wanton destruction of property is  
 doubtlessly the result of thoughtlessness,  
 but should be put a stop to.

### New Postal Arrangement.

We learn from the postoffice depart-  
 ment in this city that a new postal ar-  
 rangement has been effected, to go into  
 operation to-day, by which the route  
 agents who leave for the South on the  
 mail train from here go directly through  
 to Charleston without change, and those  
 who leave for the North go directly  
 through to Washington City without  
 change. This arrangement will greatly  
 facilitate the delivery and transportation  
 of the mails, and, although it will neces-  
 sitate the employment of a larger force  
 of route agents, it will subserve the public  
 interest very much.

### Harbor Master's Report.

From Captain Joseph Price, Harbor  
 Master, we have the following report of  
 the number of vessels arrived here during  
 the month of June, 1879:

American.	Tonnage.
Steamers.....	3 330
Schooners.....	669
Brigs.....	326
Total.....	4,375
Foreign.	Tonnage.
Schooners.....	159
Brigs.....	3,026
Barques.....	5,550
Barquentines.....	1,179
Total.....	10,214

Total number of vessels, American and  
 Foreign 43. Total amount of tonnage  
 14,589.

### Jumped Overboard and Drowned.

We learn that a colored man named  
 Ed. Smith, while attempting to escape  
 from Officer Watkins last night, ran and  
 jumped into the Cape Fear, at the wharf  
 of the New York steamers, and started to  
 swim across the river, but after swim-  
 ming a few yards, he turned around and  
 headed for the wharf from which he had  
 just plunged. Before he could reach a  
 landing place, however, he sunk and was  
 drowned. Smith, during the afternoon,  
 had indulged in a fight with another col-  
 ored man, on the wharf near the foot of  
 Orange street, and after beating his an-  
 tagonist severely threw him into the river,  
 and for this and other breaches of the  
 peace for he is an old offender he was  
 wanted by the police when he plunged in-  
 to his watery grave.

### Important Mail Regulation.

By a recent rule of the Postmaster Gen-  
 eral, any letter or other mail matter, not  
 having the requisite amount of stamps  
 affixed when delivered at the post office,  
 must have the same affixed before they  
 can be sent to destination. To accom-  
 plish this object postmasters will be sup-  
 plied with stamps specially for the pur-  
 pose, and they are authorized and in-  
 structed to affix the same when necessary.  
 By this arrangement it will be seen that all  
 mail matter must be prepaid.

### Mars and Saturn.

A remarkably close conjunction of Mars  
 and Saturn took place about 2 o'clock  
 yesterday afternoon, but of course was  
 invisible here as in Europe and seen only  
 of star-gazers in Australia. At their nearest  
 approach—according to Sir George Airy,  
 the English Astronomer Royal—Mars  
 would seem to the unassisted eye of a  
 spectator entirely to occult the more dis-  
 tant Saturn. The last conjunction of these  
 planets occurred sixty-two years ago.

### City Court.

Scipes Howard, colored, charged with  
 being drunk and disorderly was fined \$5,  
 in default of which he was locked up for  
 ten days.

Nellie Haggett, one of the *domi monde*  
 of the city, while returning from a moon-  
 light excursion last night became rather  
 boisterous on the streets, the effect of only  
 two glasses of spirits which the defendant  
 stated in Court was all that she took  
 But the Mayor seemed to infer that she  
 must have meant two glasses too much  
 and said \$10 fine or fifteen days in the  
 City Prison.

### Creditable to a Young Wilmingtonian.

We always like to record the well-do-  
 ing or well-being of any North Carolinian,  
 whether he be at home or abroad,  
 but especially do we take a deep  
 pride and pleasure in stating anything  
 that reflects credit upon a Wilmingtonian  
 who is native and to the manner born.  
 At the recent Commencement of Trinity  
 School, at Tivola, on the Hudson, in New  
 York, we notice that our young townsman,  
 Mr. James Dawson, graduated with first  
 distinction, and delivered the valedictory  
 on the occasion upon the subject "Know  
 Thyself."

'Are you building air castles in Spain,  
 Mr. Jones?' said a landlady up town to a  
 boarder, who was thoroughly regarding  
 his coffee cup. 'No, madam; only look-  
 ing over my grounds in Java,' replied  
 Jones.

In the almost unbearably warm weather  
 into which we are now entering every one  
 should keep as quiet as possible. Walk  
 slowly during the heat of the day, avoid  
 stimulating drinks, and do all the other  
 things which physicians and common  
 sense recommend, and the danger of over-  
 heating and its worst result, sun-stroke  
 will be very slight, even to nervous and  
 weak persons.

### Office National Bell Tel. Co.

WILMINGTON, N. C., July 1, 1879.

FOR THE REVIEW:—Hearing that there is  
 considerable apprehension in the minds of  
 parties residing along the line of streets  
 where our Telephone wires are to be placed  
 and fearing that great injury will be done to  
 the shade trees, I take this method to inform  
 them that we do not intend or propose to do  
 the slightest injury to these trees, or to do  
 any cutting of limbs that would require more  
 than an ordinary pruning knife to do; where  
 the trees are thickly covered with leaves, I  
 propose giving the matter my personal at-  
 tention when the wires are put up.
