**New Advertisements.**  
 B. F. MITCHELL & SON—3-7 bales Hay.  
 J. E. SAMSON—Schedule B Tax.  
 NORTROP & CUMMING—Juniper Plank.  
 SHERES—New Goods—Low Prices.  
 P. HESSINGER—Games and Croquet.

The market was well supplied with  
 shrimps yesterday.  
 To-day has been, unquestionably, the  
 hottest of the season.  
 Those interested should bear in mind  
 that to-morrow is the last day for listing  
 the schedule B tax.

Watermelons and canteloupes are getting  
 to be more plentiful and consequently  
 cheaper.  
 An excursion from Shoe Heel, or  
 Quebe, is booked for Smithville next  
 Wednesday.

Unmailable letters in the Post Office for  
 C A Wood, M C S C; Mr T C Bird,  
 Newport, Eng; and Albeck Johnson, Char-  
 lotte, N C.

Little slips of paper with the legend  
 "Mail for Boxes with Rent not paid on  
 the 15th inst will be put in the General  
 Delivery," printed on them, are being  
 distributed around in the Post Office.  
 Those interested will know what it all  
 means.

**A Vegetable Curiosity.**  
 We saw last evening a curiosity in the  
 shape of twin apples grown in the orchard  
 on the farm of Mr. John S. Harris, near  
 this city. The twins were both well formed  
 and were joined together in the middle  
 very much after the manner, so to speak,  
 of the Siamese twins. The stems of the  
 apples were twin, but joined in the same  
 manner as the fruit.

**Supreme Court Decisions.**  
 In the Supreme Court on Monday,  
 among the decisions rendered we find the  
 following:  
 Samuel Albertson, vs Bland, from Dup-  
 lin; modified and affirmed. Decision by  
 Chief Justice Smith.  
 Edward Kidder, vs T. C. McIlhenny  
 from Brunswick; corrected and affirmed  
 Decision by Chief Justice Smith.

**Schedule B Taxes.**  
 In speaking yesterday of the amount  
 of Schedule B. tax listed by two promi-  
 nent houses in this city we stated that  
 the largest listers (who give in \$135,000  
 for six months) included in the amount  
 the purchases of liquors. In this we are  
 informed that we were mistaken. The  
 amount listed was exclusively for gro-  
 ceries, provisions, &c., purchased.  
 Liquors, we are informed, are given in  
 separately and distinctly, the tax on these  
 being ten per cent. on the gross amount,  
 while on provisions, groceries, &c., it is  
 one fifth of one per cent. In both cases  
 the State receives one half and the county  
 one half of the tax.

**Capt. Ashe and the Observer.**  
 Yesterday's Raleigh Observer comes to  
 us with the announcement that Capt. S.  
 A Ashe has purchased the Ob-  
 server, that the control of the paper has  
 already passed into his hands and that its  
 destinies will hereafter be guided by him.  
 Need we say how cordially we welcome  
 our old companion and friend into the  
 ranks of journalism in this State, nor  
 how glad we are that the control of such  
 a paper as the Observer is in the hands  
 of one who shares so largely in the esteem  
 and confidence of the party in this State?  
 May the Observer continue to prosper  
 and strengthen for the grand warfare of  
 right against might.

**The Heavens in July.**  
 Toward the end of this month six  
 planets will be prominent in the evening  
 sky. Venus, Mercury, and Uranus may  
 be seen in the earlier part of the evening,  
 an hour after sunset, and Jupiter, Saturn,  
 and Mars are above the horizon before  
 midnight. The three latter are approaching  
 their opposition, and are consequently  
 increasing in size and brightness. The  
 July moon was full on the 3d, and even  
 yet there is only an average difference of  
 twenty-four minutes in the time of rising,  
 so that the midsummer evenings are flood-  
 ed with silver light. To-night she will  
 form a picture fair to see, when in con-  
 junction with Jupiter. On the 11th she  
 is near Mars and Saturn. The new moon  
 of the 19th is in conjunction with both  
 Mercury and Uranus when two days old.  
 On the 22d the loveliest conjunction of  
 the month takes place between the moon  
 and the faintest of the stars.

**A Country Toilet.**

A country toilet may be of navy blue  
 linen, trimmed with embroideries in light  
 blue. The front of the skirt is trimmed  
 with a plaited flounce, bordered with a  
 light blue cording. A trimming is made  
 in the shape of an apron, with two em-  
 broidered flounces and linen plaitings.  
 Two straight pieces of goods fall down  
 the sides of the apron, which are trimmed  
 with an embroidered ruffle and cordings.  
 These pieces are draped over the hips and  
 then fastened under the front seam. The  
 back of the skirt is made of straight seams.  
 The top part of these seams is raised in  
 puffs, and the lower part plaited in large  
 hollow plaits fastened down on the wrong  
 side by means of ribbons. The puff is  
 trimmed with sky-blue ribbons. The  
 waist, with a plastron, is of navy-blue  
 linen. The back is cut "tailleur" shaped,  
 and is open on the lower part of the  
 seam; below this are ribbon loops. Near  
 this opening are two tongues embroidered  
 with light blue. The waist is hooked in  
 the middle, over the plastron, which but-  
 tons on either side, and is separate from  
 the waist. Around the waist is a light  
 blue cording. The collar is shawl-shaped  
 and terminates in revers. The sleeves  
 reach to the elbow, and are trimmed with  
 an embroidered ruffle and a ribbon bow.  
 The hat is of white rice straw, trimmed  
 with a light blue Amazon feather. The  
 bows and draperies around the hat are of  
 navy blue satin.

**How and When to Bathe.**

Avoid bathing within two hours after  
 meals, is the advice of the Royal Humane  
 Society of England, or when exhausted by  
 fatigue or from any other cause, or when  
 the body is cooling after perspiration, and  
 avoid bathing altogether in the open air  
 if, after being a short time in the water,  
 there is a sense of chilliness, with numb-  
 ness of the hands and feet, but bathe  
 when the body is warm, provided no time  
 is lost in getting into the water. Avoid  
 chilling the body by sitting or standing  
 undressed on the banks or in boats, after  
 having been in the water, or remaining too  
 long in the water, but leave the water im-  
 mediately there is the slightest feeling of  
 chilliness. The vigorous and strong may  
 bathe early in the morning on an empty  
 stomach, but the young and those who are  
 weak had better bathe two or three hours  
 after a meal; the best time for such is  
 from two to three hours after breakfast.  
 Those who are subject to attacks of giddi-  
 ness or faintness, and who suffer from pal-  
 pitations and other sense of discomfort at  
 the heart, should not bathe without first  
 consulting their medical adviser.

**Election of Officers.**

At a meeting of the Star of Hope  
 Lodge, No. 42, Independent Order of  
 Good Samaritans and Daughters of Sa-  
 maria, a colored organization of this city,  
 held last evening, the following officers  
 were elected to serve in their respective  
 positions for the ensuing year:  
 W. C.—Jacob Dixon.  
 V. C.—Ben. Halsey.  
 W. R.—Stephen Washington.  
 W. F.—Luke Grice.  
 W. T.—Robert Green.  
 W. C. R.—Richard Farrow.  
 W. P.—Edward Simmons.  
 W. I.—James Kelly.  
 W. D.—Prince Johnson.  
 A. C.—Henry Ball.

**Preparing to Open.**

Mr. F. A. Schutte is now busy pre-  
 paring the premises in the old Empire  
 House for a reopening at an early day.  
 He is renovating and cleaning up every-  
 thing and will make his announcement in  
 a day or two when the name under which  
 the House will hereafter be known will  
 be given. We imagine that "mine host  
 Schutte" will make a good landlord and  
 we know that he will keep a good house.

**Tried for Escaping From the Work  
House.**

Wm. Price, colored, a convict of the  
 County Work House, was arraigned be-  
 fore a trial Justice in this city to-day for  
 escaping from confinement at the above  
 named institution. The defendant alleged,  
 so we hear, that he was sick and unable  
 to work, and being ordered to work mad-  
 his escape to this city and gave himself  
 up to the officers of the law. He was  
 committed for trial until to-morrow.

**Committed for Safe Keeping.**

Sheriff Paddison, of Pender, sent to  
 this city last night in charge of Deputy  
 Sheriff Hand, to be committed to jail in  
 this city for safe keeping until the Decem-  
 ber term of Pender County Superior Court  
 Nicholas Baker, colored, who shot and  
 killed at the Stone Quarry (an account  
 of which was published in the REVIEW  
 yesterday) the colored man, Martin Mac-  
 enzie.

**Circular from the State Chemist.**

Dr. A. B. Ledoux, Chemist to the State  
 Board of Health, has issued a circular re-  
 cently, which is of especial interest to  
 those who may wish analyses made. He  
 gives very plain directions to all, and as a  
 matter of interest and to further the ob-  
 jects had in view, we publish them here.  
 The analysis will be made free of charge  
 to the sender, but the Board of Health has  
 no funds with which to pay express  
 charges. The following are the directions:  
 1. In cases of suspected poisoning of the  
 Coroners and County Superintendents of  
 Health must comply with special instruc-  
 tions which have already been sent them,  
 or which may be had on application.  
 2. Analyses of articles of food, drugs,  
 etc., examinations in cases of suspected  
 adulteration of food and medicines, and  
 investigations desired in connection with  
 the hygienic duties of the Superintendents  
 of Health, will be undertaken when au-  
 thorized by the Secretary of the Board.

Parties desiring a chemical exami-  
 nation of the waters of public or private  
 wells must first write to Dr. Thomas F.  
 Wood, Secretary State Board of Health,  
 Wilmington, for permission. They will  
 then proceed to obtain a sample according  
 to the following directions. These direc-  
 tions will also be complied with by agents  
 of the Board, taking samples of water by  
 their order; Secure one or more glass  
 bottles, or a demijohn, which will hold  
 at least two gallons. These bottles must  
 be PERFECTLY CLEAN (better new.) When  
 possible, secure a sample by letting the  
 bottle down into the well, being careful  
 not to stir up the bottom or touch the  
 sides. Cork tightly with new corks and  
 seal with wax. Mark each bottle with  
 designating numbers. Pack in saw-dust,  
 straw or tan-bark, and prepay the ex-  
 press charges to Chapel Hill.

Having sent the samples, directed to  
 THE EXPERIMENT STATION, fill out and  
 send by mail the accompanying blank.  
 Samples sent during the winter run great  
 risk of freezing and bursting the bottles.

**Will Not be Ordered Out.**

It has been definitely decided that the  
 Wilmington Light Infantry will not go  
 to Smithville on Friday as a guard for  
 the execution of John Davis, colored, which  
 is to take place there on that day. In  
 response to telegrams from Gen. Taylor  
 communications have been received from  
 the Governor and from Adjutant Genl  
 Jones, the former stating that a guard  
 may be furnished the Sheriff of Brun-  
 swick county if he so desires  
 but that it must be at  
 the expense of the county, as the State  
 will pay no part of it; and Adjutant-  
 General Jones says that before the guard  
 is furnished the Sheriff of Brunswick  
 county must certify that he has a reason-  
 able apprehension of riot.

The Wilmington Light Infantry, there-  
 fore, will not be ordered out as Sheriff Tay-  
 lor writes to Gen. Taylor, saying that he has  
 no apprehension of any trouble and that  
 he does not think the presence of the mi-  
 litary will be necessary.

**Given It Up.**

Sheriff Chinnis of Brunswick county,  
 on Saturday last, in according with the  
 advice of friends and counsel, delivered  
 over to Mr. E. W. Taylor, of Brunswick,  
 the Sheriff's office for that county, which  
 has been in litigation between the first  
 named party as a Democrat and the last  
 named person as a Republican ever since  
 the election in August last, the Supreme  
 Court having decided adversely to Mr.  
 Guthrie, Democratic claimant for Superior  
 Court Clerk which, we believe, was made  
 a test case for the other offices.

**Trying to Learn How.**

Sheriff Taylor of Brunswick was in the  
 city to-day and called at Sheriff Manning's  
 office where he received instruction in  
 practicing the art of tying a hangman's  
 knot. After an hour or so spent in this  
 occupation the Sheriff of Brunswick  
 finally considered himself proficient and  
 took his departure to make the purchase  
 of the rope in order to adjust the fatal  
 noose, before he forgets (the lesson he had  
 received, which is to launch John Davis,  
 on Friday next, from Smithville into  
 eternity.

**Keomved his Office.**

Major Graham Daves, the polite and  
 affable cosmopolitan agent of the Atlantic  
 Coast Line, has removed his desk to the  
 Produce Exchange Rooms where he can  
 be found during business hours, while in  
 the city, and ready and willing to answer  
 all inquiries in his power pertaining to  
 the business of the line he represents.

Pender County Board of Health was  
 organized last Monday, at Burgaw, with  
 Dr. E. Porter as Chairman and Dr. W.  
 T. Ennett as Superintendent of Public  
 Health and Secretary to the Board. As  
 everybody knows these are excellent se-  
 lections.

**Benal Berith**

The following officers of North State  
 Lodge, No 222, were installed by Grand  
 Vice Presidents J I Macens, assisted by  
 Past President M M Katz and M Good-  
 man, at the last meeting, for the ensuing  
 term:

- President—Nathaniel Jacobi.
- Vice-President—J L Greenwalde.
- M—H Brunkild.
- A M—E Carlsberg.
- Secretary—Nathan Mayer.
- Financial Secretary—J Sternberger.
- Treasurer—B Greenberger.
- Warden—Marcus Bear.
- Guardian—E Levy.

 Katz, S H Fishblate, Geo Honnott.

**City Court.**

His Honor Mayor Fishblate opened  
 Court this morning to hear the cases of  
 a few delinquent merchants in regard  
 to payment of their license tax. Some  
 submitted and paid the costs of the war-  
 rant that were issued while a few others  
 had their cases continued for a future  
 hearing. This being the only business  
 for the Mayor's consideration, after dis-  
 posing of the cases as stated above, the  
 Court adjourned until to-morrow morn-  
 ing.

**The Dry Dock.**

The second section of the Sectional Dry  
 Dock was launched yesterday, and very  
 successfully, at Messrs J R Blossom &  
 Evans' yard, in the upper part of the city.  
 We understand that this section was  
 built and launched under the personal  
 supervision of Mr. DeLancey Evans, of  
 this city, and his success in the under-  
 taking is the prettiest compliment that  
 can be paid him on the occasion.

**Indications.**

WAR DEPARTMENT,  
 Office of the Chief Signal Officer  
 Washington, D. C., July 10, 1879.  
 For the South Atlantic and Gulf  
 States, stationary or rising barometer,  
 warmer, clear or partly cloudy weather  
 and southerly winds, except cooler north  
 west winds in the Carolinas.

**Success in the Stock Market.**

Few people understand how large for-  
 tunes are amassed so rapidly in stock  
 operations. Messrs. Lawrence & Co.,  
 Bankers, N. Y., have just published "two  
 unerring rules for success," and full de-  
 tails, so that any one can operate—  
 Mailed free. Their new combination  
 system of dealing in stocks is wonderfully  
 profitable. By this method thousands of  
 orders, in various sums, are pooled into  
 one immense capital, and co-operated as  
 a mighty whole, thus securing to each  
 shareholder all the advantages of vast  
 capital and best skill. Profits divided  
 every 80 days. \$15 would make \$75  
 profit, \$100 would return \$1,000, or 10  
 per cent on the stock in the month, and  
 so on, according to the market. A New  
 York Fashion Editress and prominent  
 newspaper correspondent, made over 375  
 per cent profit on an investment, Oct. 5th,  
 1878. Many others are doing as well or  
 better. Large or small amounts can be  
 used with equal proportionate success by  
 this system. All kinds of stocks and  
 bonds wanted. Government bonds sup-  
 plied. Apply to Lawrence & Co., Bank-  
 ers, 57 Exchange Place, N. Y. City.

**Thermometrical.**

From the United States Signal Office in  
 this place we obtain the following report  
 of the thermometer, as taken this morn-  
 ing at 7:31 o'clock:

**DIED.**

On the 3d inst., at his father's residence,  
 near Point Caswell, WILLIE JAMES,  
 only son of James and L. A. Thomson, after  
 a most painful illness of eight days, aged 2  
 years, 10 months and 13 days. Skillful and  
 experienced physicians and kind and constant  
 friends did all they could to avert the calamitous  
 stroke, but the hour had come when no  
 power could stay death's triumph, and the  
 precious bud was taken from earth to bloom  
 forever in Heaven.  
 "Farewell, dear mother, I am at rest  
 And shall forever be;  
 I could not stay on earth with you,  
 But you can come to me.  
 Weep not, dear father, that I am gone  
 But strive to follow me.  
 And train my sisters for the Lord  
 That they may happy be.  
 Farewell, my dearest parents,  
 Shed not a tear for me;  
 For on pain, care and sorrow  
 I am forever free.  
 Oh! yes, I am now in glory,  
 I have gained my Heavenly rest;  
 I want you all to meet me  
 And be forever blest." SALEM.

**PLEASE NOTICE.**

We will be glad to receive communications  
 from our friends on any and all subjects of  
 general interest but:  
 The name of the writer must always be fur-  
 nished to the Editor.  
 Communications must be written on only  
 one side of the paper.  
 Personalities must be avoided.  
 And it is especially and particularly under-  
 stood that the Editor does not always endor-  
 se the views of correspondents, unless so state  
 in the editorial columns.
