VIEWS AND REVIEWS.

Though the Rev. Asa Routh, an aged clergyman of Bristol, Tenn., has twentysix children, he had the courage, a few days ago, to marry his fourth wife.

Senator McDonald, of Indiana, is morally certain of a Democratic victory in 1880. He thinks the weakest candidates that could be brought out by the two parties would be Tilden and Grant.

India has become one of the largest wheat producing countries in the world, and it is anticipated that the completion of the Indus Railroad, by cheapening carriage, will make the Publaub a wonderfully large exporting province.

The largest steel cannon ever cast in Russia is now the subject of experiments in St. Petersburg. It was made in the Government foundry of Obukhoff; it is 16 inches in diameter, 120,000 pounds in weight, 35 feet in length, and throws a ball nearly five miles,

Joaquiu Miller, speaking of Sitting Bull thus explains how his Sioux highness came by his name, the key to the conundrum having been imparted to him by the Indiaus themselves: "An Indian is never honored with a distinctive name," said Mr. Miller, "until he has done something noteworthy, and which reveals a marked trailof character. When Sitting Bull was a young man he was shot in the legs in battle and disabled, but he sat bolt upright on the ground and continued to fight with the fierceness of a wounded buffalo bull, and it was this incident which drew from the tribe the appellation of Sitting Bull.

WESTERN NORTH CAROLINA:

During our stay in Asheville there was a meeting he'd there of the Board of Directors of the Western North Carolina Rail Road. They were met by M.j. W. W. Rollins, President of the Western Division of that road, who was expected to turn over to Maj. Wilson and Board the assets of that division, in accordance with an act of the Legislature, passed at the recent session, but this Maj Robbits refused to do, stating that he had been so advised by his lawyers. The result will probably be extensive litigation and a feast for the legal fraternity. The Ashevillians were particularly interested in the result of this meeting, as one of the objects discussed was in regard to a site for the depot of the Western N. C. R. R., but this question, although brought forward, was not decided, but was left open for action at a future meeting of the Board. 'We thick, though, from all that we could ascertain, that the depot will not be within less than a mile of the Court House. The matter of schedule and connections was also brought up at this meeting when it was decided to make no changes at present.

Among those whom we met in Asheville were Judge McKoy and his excellent wife, who had been spending a week or so at Flat Rock, and who came on to Asheville only a day or two before we left there. We were pleased to note the high estimation in which this genial gentleman and learned jurist is held by our boiler tubes last five years and the crank neighbors in the West as well as among those in his own section of the State boxes from six to seven years; the side Judge McKoy's name having been mentioned in connection with the nomination Snow is shovelled out of a large granite for Congress from this district next year building in Boston every morning, and | we broached the subject to him, and were, the boys may play at snowballing in a not much surprised to learn that not only temperature of 90 degrees, if they are had he not given the matter a thought, quick about it. It is located in a large hall on the third floor of the Court House and is capable of seating seme three hundred persons. The stage effects, funiture, &c. are owned by a company and the chairs, a good, handsome and substantial article, were turned out at the furniture manufactory in Old Fort, of which Mr. D. A. Smith, of this, city is President and Capt. W. J. Calais, formerly of Wilmington, is Superintendent. The Opera House is now under lease by the Thorne Comedy Company, who perform there during the Summer season. Mr. Thorne is a very good comedian, and his wife, Miss Bennie Meyer, is a very good vocalist and a sprightly, pleasing performer. Mr. W. M. Paul, known to many persons here, is with this troupe.

THE LOBBY.

It is stated that Gen. Ewing, in his Democratic canvass for Governor of Ohio, is making a strong point on the fact that of the government. The notorious fact, however, is pointedly made that since the Democrats obtained the mastery of the House the lobby has utterly disappeared 120 cents on the dollar, and you can from Washington, which is an argument every farmer and mechanic in Ohio can understand. It means that huge and wasteful leaks in the treasury have been

It has been commonly said that the cold water poem, "The Old Oaken Bucket," was inspired by a glass of brandy. The liquor was excellent, and Woodworth remarked that is was superior to any he ever tasted. "No." said a comrade, "there was one thing that you and I used to think far surpassed this in the way of drinking." "What was that?" asked Woodworth, dubiously. "Fresh spring water that we used to drink from the old eaken bucket that hung in the well, after our return from the hav field on a sultry day in summer." The rbythm of the phrase, "The old caken bucket that hung in the well," struck Woodworth at once, and the picture of the well at his boyhood's home came to his mind. Within a few hours he had completed the poem.

THE TENNESSEE COMPROMISE.

On Thursday Tenneessee vot:d en the question of acceptance of the fifty per cent, bond compromise. The cane vass has been very earnest, but it is feared that the proposition has failed. From the following balance sheet presented by the American, one would con-

clude that it ought to have succeeded: We pointed out the other day how we have got \$40,000,000 of debt-the amount of the debt at the time the rallroads were sold—down to \$21,000,000, new with ac cumulated interest, \$24,000,000, and how we are about to reduce that to \$12, 000,000. This we thought about as much as any man ought to ask in the way of progress out of this burden. Re duced to \$12,000,000, it can be easily carried and paid off without feeling it Some further figures on this subject will be interesting, The State has received from insolvent roads including interest from July 1,1870, to date of payment, \$6,898,000; interest from July 1, 1870, to June 1, 1780, is \$3,812,000. Amount received by the State from solvent reads in payment of this indebtedness, \$15, 086 074. Interest on payment to Jan. 1, 1880, \$6,507,616. The total amount, then, is including interest on the amount, \$32,104 490.

It seems to us that when a railway system has done that much, although it was almost utterly destroyedeby the war, it was a wise thing to build it. We have the best system in the South. We will have but \$12,000 000 debt incurred on account of it. Where would we be without it? These facts are worth considering.

Out on Michigan avenue a man near 70 years of age started a small confectionery store some months since, and the other day sent word to his three creditors up town that he had failed, and desired to compromise. The trio went down to the store, which they found in full blast, and the four sat down for a talk. 'You see, shentlemens, I do no i peesness, und my family eats up all der brofits, explained the tradesman by way of excuse. 'You owe me \$12,' replied one of the creditors, 'and each of these others \$15 apiece. That makes \$42. 'Shuse forty-two,' sighed the old man. 'Now then, how much money have you on hand?' 'Shust zixty tollars und no mare.' 'Very well, as you have had bad luck we will settle with you for go on as before. 'Yaw, I will do dot, shentlemens, und I am much obliged for such kind treatment.' He got out his money, the 20 per centum was added to the claims and paid, and before the creditors retired he insisted on treating them to ice cream. They had been gone an hour before the old man rushed out and halted a policeman, and said: 'If I fails in peeshness und bays 120 cents on der dollar, vhat does it mean? 'It means that you don't understand how to fail,' was the reply. 'Is dot bossible?' whispered the old man, 'I should say so.' 'Vell, I go pack to der shoe peesness again. LIFE IN A BOTTLE.

ery Known to the World-No More Use for Quinine, Calomel or Mineral Poisons-Life for the Blood, Strength for the Nerves, and Health for All.

AN OPEN LETTER TO THE PUBLIC Believing that by cleansing the blood and building up the constitution was the only true way of bani hing disease and being troubled with weakness of the lungs, catarrh, very much broken down in constitution, &c., and after trying the best physicians and paying out my money for many kinds of medicines advertised without finding a permanent cure, I began doctoring myself, using medicines made from roots and berbs. I fortunately discovered a wonderful Bitters or Blood Cleanser, the first bottle of which gave me new life and vigor, and in time effected a permanent cure. I was free from catarrh, my lungs became strong and sound, being able to stand the most severe cold and exposure, and I have gained over thirty pounds in weight. Feeling confident that I had made a wonderful discovery in medicine, I prepared a quantity of the Root Bitters, and was in the habit of giving them away to sick friends and neighbors. I found the medicine effected the most wonderful cures of all diseases caused from humors or scrofula in the blood, Imprudence, Bad Stomach, Weakness, Kidney Disease, Torpid Liver, &c , &c. The news of my discovery in this way spread from one person to another until I found myself called upon to supply patients with medici e far and wide, and I was induced to establish a laboratory for compounding and bottling the Root Bitters in large quantities, and I now d vote al' my time to this business.

I was at first backward in presenting either myself or discovery in this way to the public, not being a patent med cine man and with small capital, but I am getting bravely over that. Since I first advertised this medicine I have been crowded with orders from druggists and country dealers, and the hundreds of letters I have received from persons cared, prove the fact that no remedy much good in so short a time and had so much success as the Root Bitters. In fact, I am convinced that they will soon take the lead of all other medicines in use. rearly one hundred retail druggists, right here at home in Cleveland, now sell Root Bitters, some of whom have already sold over one thousand

They penetrate every part of the body, searching out every nerve, bone and tissue from the head to the feet, cleansing and strengthening the fountain springs of life, hence they must reach all diseases by purification and nourishment.

No matter what your feelings or symptoms are, what the disease or ailment is, use Roet Bitters. Don't wait until you are sick, but if you only feel bad or miserable, use the Bitters at once. It may save your life,

Thousands of persons in all parts of the ountry are already using Root Bitters They have saved many lives of consumtives who had been given up by friends and physicians to die, and have permanently cured many old chronic cases of Catarrh, Scrofula, Rheumatism, Dyspepsia, and Skin Diseases, where all other treatments had failed. Are you troubled with sick headache, costiveness, dizziness, weakness, bad taste in the mouth, nervousness, and broken down in constitution? You will be cured if you take Root Bitters. Have you humors and pimples on your face or skin? Nothing will give you such good health, strength, and beauty as Root Bit-

I know that jealous physicians will cry humbug because my discovery cures se many of their patients, b .t I care not. It is now my desire and determination to place my Root Bitters as fast as possible within the reach of all those suffering throughout the world.
