Fine rains here early this morning and this forenoon.

Window Glass of all sizes at JACOBI'S Hardware Depot.

Spoiled meats and fish were sent out of market this morning.

Nor. brig *Lyn* Wold, arrived at London on the 20th ult from this port.

Get. barque *Minna*, Boese, from this port, arrived at Stettin on the 28th ult.

Capt. Worth reports barely two feet of water on the shoals near Fayetteville.

The most inexcusable folly, is to endure Dyspepsia with all its miseries, when a 25 cent bottle of Dr. Bull's Baltimore Pills will cure the malady.

The Atmosphere.
The following is the range of the thermometer in this office to-day: At 9 o'clock, it stood at 83; at 10 o'clock at 83; at 11 o'clock at 84; at 12 o'clock at 85; at 1 o'clock at 86; at 3 o'clock at 86; and at 4 o'clock at 86.

SIGNAL SERVICE, U. S. A.,
Station, Wilmington, N. C., Sep 2, 1879—10:30 a. m.
The following order has been received at this station:
Signals are ordered down at Galveston, Indianola, New Orleans, Port Eads, Mobile, Storm centre in Alabama.
J. M. WATSON,
Sergt. Signal Corps, U. S. A.

The North Carolina.
There are many here who will be glad to learn that the beautiful barque *North Carolina* has been gotten off the beach below Cape Henry, where she had been driven by the late storm, and that she is comparatively uninjured. Yesterday's *New York Herald* tells us that the signal Corps Station at Norfolk, Va., reports at 11 50 a. m. as follows:—The Coast Wrecking Company floated the bark *North Carolina* (Br) from the beach at Station 4 and brought her to Hampton Roads at 11 p. m., 30th. No serious damage had been done her that is perceptible. She will proceed to Baltimore.

The Weather in August.
The Meteorological report for the month of August was received this morning from the office of the Signal Observer in this city. The information it conveys in regard to rain is its principal item of interest. It would seem that there were eight or nine days last month when rain fell, and that the total rainfall during the month was 11.37 inches. The prevailing wind was from the southwest; the total movement was 50.13 miles, and the highest velocity attained was on the 18th, when it was at one time blowing at the rate of 63 miles an hour. The highest temperature was on the 7th and 8th and scored 98°, and the lowest was on the 29th at 58°.

Corn at Newbern.
The *Newbern Democrat* complains that the corn trade of that city would be very much larger but for the "exorbitant freight charges of the railroads." However true it may be as regards other points the complaint is hardly applicable to Wilmington. The freight on grain by railroad from Newbern to this city is only six cents per bushel, which, considering the distance, the transfer at Goldsboro, and the fact that there are two corporations to be paid, cannot be called an "exorbitant rate."
The consumption of corn in this vicinity is very great, and the supply is largely drawn from Hyde and our other Eastern counties. Newbern has sent, and probably still sends, considerable, and her dealers will always find a ready sale for their grain in this market.

Is it Possible
That a remedy made of such common, simple plants as Hops, Buchu, Mandrake, Dandelion, &c., make so many and such marvelous and wonderful cures, as Hop Bitters do? It must be, for when old and young, rich and poor, Pastor and Doctor, Lawyer and Editor, all testify to having been cured by them, we must believe and doubt no longer. See our her column.

Wine and Cake for Evenings.
Alfred Speer of New Jersey, it should be known, is one of the most extensive producers and dealers in Pure Wines and Brandies in the United States. He makes a Superior Port Wine, which took the highest premium at the Centennial, known as Speer's Port Grape Wine. It is sold by J. C. Munds, P. L. Bridgers & Co. and Green & Flanner.
Aug-15

They Wouldn't, but they Did.

Eight hucksters having refused to pay the license tax this morning to the Clerk of the Market were searched up to the City Hall under a warrant, when they concluded that they would reconsider their previous resolution and fork over the amount. They were then required to pay the costs of the case besides.

The Fayetteville Excursionists.

The excursion party from Fayetteville arrived on the steamer *A. P. Hart* this morning. There were only a very few in attendance on account of the low water on the shoals near Fayetteville. A few of the excursionists embarked on the *Passport* this morning for a trip down the river. Unfortunately, their lines have fallen on a wet time for the outward man. The only way, therefore, to extract any enjoyment from the day, is on the homeopathic principle—*similia, similibus, curantur*, which, being very liberally translated means, wet cures wet.

You can get the best White Lead, Paints and Oils, and lowest prices at JACOBI'S Hardware Depot.

City Court.

The Mayor had quite a levee again this morning.

Henry McNeill, colored, being the first case on docket, stepped to the front, and was arraigned for disorderly conduct on Sunday morning, at the 'Long House.' The defendant pleaded guilty, and craved the mercy of the Court, in consequence of which His Honor said only \$5 fine—or ten days in the city prison. Otherwise the Court stated the fine would have been \$10—or twenty days in the C. P.

One case of drunkenness was disposed of by a sentence of \$10 fine—or twenty days below.

The case of a colored man, arrested for disorderly conduct, in which there were numerous witnesses of the colored persuasion, was continued until to-morrow, the defendant pleading previous conviction before a Magistrate.

Mitchell Spicer, a colored lad, for insolence to a policeman, was ordered locked up until to-morrow morning.

Solon Shingle, having cooled off sufficiently to an intelligent understanding of his case, was required to pay a fine of \$5. This exhausted the docket and the Court adjourned.

Edwin Booth's Debut in Wilmington.

We mentioned the fact, in our issue of yesterday, that it was in this city and in our old theatre that Joseph Jefferson first won fame in his profession. We to-day chronicle an additional item in regard to another very distinguished actor, if not the most distinguished American actor now on the stage. It is not generally known that the eminent tragedian, Edwin Booth, also made his debut within the walls of "Old Drury," as it was then called, in the then town of Wilmington. His father, the then celebrated Junius Brutus Booth, though an erratic genius, had few equals in his palmy days, and when he was true to himself. He was filling an engagement here many years ago, with Mr. Preston, the lessee of the theatre, and a desire having been expressed by his admirers to see him in his great personation of the powerfully drawn character of Pescara in the play of the *Apostate*, it was put upon the stage, and his son, Edwin, appeared as Hemeysa. He was a mere lad at the time, knew nothing of stage business and doubtless had never read Shakespeare's advice to the players; certainly he had never studied it, for he ran terribly. It was the effort of a boy and the audience not only overlooked his short-comings, but gave him generous applause throughout the performance. Those who were present on that occasion little dreamed of the brilliant future of the youthful debutant. It is certainly a little remarkable that the two most prominent actors in the country, and the most opposite in their profession, should each plume their flight to the zenith from this good old town of ours.

Many of our play-goers well remember Preston. Poor fellow! his life was a failure and his end a tragedy. Like the renowned Mrs. Gummage, in Dickens' *Story of David Copperfield*, everything "went contrary" with him, until at last, broken in mind and body, he one day wandered to the river's bank, and the widening circles told those who sought him the sad fate of the poor actor.

Nor. brig *Azha*, Hanger, from this port, arrived at Liverpool last Saturday.

The melancholy days have come, the saddest of the year to the man who velocipedes on a grape hull.

The Good Work.

The revival at the Fifth Street Methodist Church, which is being conducted by Rev. B. R. Hall and Mr. and Mrs. McPherson, is increasing in interest. Sunday evening the church building was crowded to overflowing and last night another very large congregation was in attendance. Thus far there have been some forty conversions; there were twenty-seven penitents at the altar and eight standing up in the congregation for prayers last night.

For bar steel, iron and carriage goods go to JACOBI'S Hardware Depot.

Borondine.

The disinfectant and deodorizer, borondine, which is manufactured and offered for sale by Messrs D. M. Buie & Co., is in many respects a truly marvelous preparation. It has been thoroughly tested and the proofs of it will be exhibited to any inquirer. The patentees should urge its use, not only here but in other localities. We would suggest that a specimen of it be submitted for examination by the National Board of Health.

County Commissioners.

The Board of County Commissioners and the County Board of Assessors met at the Court House yesterday afternoon, pursuant to adjournment from last meeting.

All of the members of both Boards were present.

It was ordered that the assessments on the valuation of the Wilmington Compress Company be reduced to \$50,000.

Ordered, that the assessment on the property in Harnett township owned by C. D. Myers be reduced to \$1,400.

Ordered, that the assessment on the property in Harnett township owned by R. K. Bryan be reduced to \$400.

Petition of Henry Nutt, for reduction of assessment, was granted.

Application of Alex. Oldham, for reduction of assessment, on mill property and dwelling, was not granted.

On application of W. B. McKay, for a reduction of the assessment on his real estate, it was ordered that on the property in Block 151 the assessment be reduced to \$3,400; also, on property assessed in Block 151 at \$1,400, to \$1,200, and in Block 166 the assessment be reduced to \$5,000.

Ordered by the Board that C. H. Roberts, President of the Carolina Central Railway, be allowed to file the list of taxable property, consisting of the rolling stock of the said railway, for taxation, with a statement and protest attached. The list of said property, as given in, amounts to \$159,651.

The Board proceeded to revise the jury list for the ensuing year, in compliance with the law.

The following persons were drawn for the next term of the Criminal Court, viz: O. Ennett, Jno R. Latta, Wm McLaurin, Julius Thompson, Hezekiah Boquim, H. A. Hawes, H. W. McLaurin, Rob't B. Freeman, Jas T. Petteway, Harry Webb, T. B. Carney, W. T. Daggett, N. Jacobi, David B. Mosely, D. B. Mitchell, Daniel C. Davis, H. A. Alexander, E. J. Pennypacker, C. M. VanOrsdell, Jr., John Werner, E. S. Knight, W. J. Ennett, Chas M. Bonham, T. C. James, W. T. Johnson, F. A. Schutte, R. F. Langdon, B. F. Penny, Andrew J. Walker.

The Treasurer submitted his monthly report, showing a balance in the general fund account due the Treasurer of \$161,800; school fund, balance on hand, \$6,003.72, which was found correct.

The following resolution was adopted. *Resolved*, That the Chairman of the Board be authorized to take the necessary steps to enforce the collection of the delinquent jointed tax for the year 1875.

The Register reported \$13.30 paid over to the County Treasurer, as fees received for marriage licenses for the month of July.

Application from John Crawley, for license to retail spirituous liquors, for three months, was granted.

Ordered that the Sheriff of New Hanover county be notified of the insufficiency as to the amount of his official bond—one conditional for the collection, payment and settlement of the county poor, school and special taxes, and the other for the collection, payment and settlement of the public taxes; and, also, that he be notified to appear before the Board on the 15th inst.

Ordered that Duncan Holmes be notified to put Little Bridge in good order.

Adjourned to meet on the 15th inst., at 2.30 o'clock, p. m.

The best Windows, Doors and Blinds and Lowest Prices can be got at JACOBI'S Hardware Depot.

Failed.

An unsuccessful attempt was made Saturday morning to rob the residence of Mr. Chas Schwartz, on the corner of Fifth and Mulberry streets. The would-be thief was discovered and run off before he could effect an entrance into the building.

Board of Aldermen

The Board of Aldermen met in regular monthly session, at the City Hall yesterday.

Committee on Fire Department reported progress on Alderman Foster's resolution to establish a standard for kerosene oil.

Committee on Streets and Wharves reported progress on Alderman Flanner's gate ordinance.

A letter from Capt. Price, Harbor Master, was read and referred to the Chief of Police.

Special committee on the matter of Alex. Oldham reported progress.

Alderman Bowden's resolution, offered at last meeting, in relation to the petition of Mr. Nutt, was adopted: that the matter be referred to the attorney who has it in charge.

Communication from the Board of Audit and Finance, disapproving the appropriation of \$100 for the purpose of taking a census of the city, was read.

Communication from the same Board, relative to the collection of taxes, was also read, and, on motion of Alderman Von-Glabn, it was referred to the Committee on Finance.

Bid of J. F. Garrell to repair footway at Little Bridge was read and referred to the Chief of Police.

Alderman Bowden moved that the night janitor's pay be increased from \$30 to \$35 per month. Carried.

Report of the Chief of the Fire Department was read and ordered on file.

Alderman Flanner moved that the Mayor notify the Agent of the Bell Telephone Company that unless the terms of the contract entered into with them are complied with in the next thirty days he is instructed by the Board to annul the same. Carried.

Burglary and a Capture.

That portion of the city, a little to the northward of the center, is establishing a reputation as the victimized locality. Within the past day or two it has furnished the papers with three burglaries, the boldest and most successful one being the robbery Sunday morning of the residence of Mr. W. J. Mott, on the corner of Fifth and Red Cross streets, as follows: At three o'clock Sunday morning Mr. Mott was up, every thing being in order about his room. At five o'clock, but two hours later, he arose for the day and found that his room had been ransacked and that sixty-one dollars had been stolen. Further investigation showed that the thieves had entered through a back window, had rummaged through two other rooms and had finally gone up stairs and turned down the bedding in an unoccupied room and had searched it for money and valuables.

Mr. Mott's gold watch was taken from the watch pocket of his pants and detached from the chain and afterwards shoved down in one of the hip pockets of the pants. It is thought that the thief first intended taking the watch but put it back for fear of its being the means of betraying him. From the position of the pants, Mr. M. believes that the thief was sitting in a rocking chair while looking through them. One Hardy Wright, colored, who was a short time ago in the employ of Mr. Mott, was suspected as being the thief and a warrant was issued and the premises of Wright searched for some of the missing articles. It was ascertained that Wright was not the thief on this occasion, as he was, and is now, serving out a term in the Work House for the costs in a case; but that during his stay with Mr. Mott he had stolen several articles of furniture and some tools which were identified by Mr. M. as his property.

As soon as Wright serves out his term for costs he will be arrested on the charge of larceny and held for trial at the next term of the Criminal Court.

Grape Wine for Communion.

The superior quality and entire purity of Speer's Port Grape Wine, of New Jersey, and the success that physicians have had by its use have induced them to write about it, and caused hundreds of others to prescribe it in their practice as the best and most reliable wine to be had. It is held in great favor for evening parties, and for communion purposes. For sale by P. L. Bridgers & Co., J. C. Munds and Green & Flanner.

PLEASE NOTICE
We will be glad to receive communications from our friends on any and all subjects of general interest but:
The name of the writer must, always be furnished to the Editor.
Communications must be written on only one side of the paper.
Personalities must be avoided.
And it is especially and particularly understood that the Editor does not always endorse the views of correspondents, unless so stated in the editorial columns.

F. C. MILLER,
Corner 4th and Nun Streets.
Open day and night.
sept 2-11

Borondine.

THE UNDESIGNED respectfully call the attention of those who have been given charge of the health and comfort of others, to the BORONDINE, the most prompt and perfect disinfectant that has been introduced since the days of the ancient Egyptians, who possessed the lost art of embalming dead bodies in such perfection that they are still extant.

It is proposed to use this Salt in promoting the health and adding to the comfort of the sick; we ask that those who have charge of the "Sanitary Regulations" of the public health would appoint a competent committee, who will make an investigation of the virtues claimed to be possessed by this article.

On our part we propose to disinfect any vessel or house, or any clothing or utensil, that may be infected by any contagious disease, in a reasonably short time, so that the vessel or house, &c., will be perfectly healthy. In all cases we ask that we be furnished suitable facilities for conducting the experiments. The tests will be made by Dr. D. M. Buie in person.
D. M. BUIE & CO.,
