# THE DAILY REVIEW.

VOL. IV. WILMINGTON, N. C., WEDNESDAY, SEPTEMBER 17, 1879. NO. 190

## LOCAL NEWS.

**New Advertisements.**  
P. HEINSBERGER—Markoff.  
H. C. BROCK Chief of Police—Notice.  
Yates' Book Store and Photo Rooms—Organs.

**A. & I. SHRIER—Fall and Winter Clothing.**

The new moon is visible now.  
Rice birds are fat now, but scarce.

Schr. E. S. Powell, Williams, from this port, arrived at New York on Monday.

For bar steel, iron and carriage good go to JACOBI'S Hardware Depot.

It is quite the style now for the gentleman to take the lady's arm, when serving as an escort.

We are glad to learn that Mr. John L. Dudley, who has been quite ill for several days past is improving.

"Heaven lies about us in our infancy," says the poet. Yes, and our neighbors lie about us when we grow up.

Steamship *Regulator*, Capt. Doane, arrived here this morning from a New York with a very large cargo.

'Tis passing strange that amid all the mistakes of the world nobody ever passed a quarter for a twenty-cent piece.

Such weather as this should induce morality. It is too hot, you know, for whisky punch and too cold for lager beer.

A tailor who was asked if the close of the year made him melancholy, answered quickly: "Until they are settled for."

That is a very mean individual who has discovered that a five-cent nickel will make more noise in a contribution plate than a one-dollar bill.

He said but little, yet as he gazed on the mutilated edge of his best razor, he mentally vowed never again to marry a woman with corns.

'Mountain dresses for young girls have single skirts, plain in front and kilt plaited behind, and are trimmed with three rows of white traid.

The theatrical season was opened on Monday night, in Charlotte, by the Tempions, who played *Pinafore* to a large house.

Settlement of a long dispute.—Physicians have at last come to the conclusion that the best medicine for teething children is Dr. Bull's Baby Syrup.

The latest style of fancy stationery has a beautiful leaf embossed on the flap of the envelope, and the corner of the paper is turned down and fastened with a bow.

The three companies from Raleigh, and the colored companies of this city, will be reviewed and inspected at Hilton this afternoon by Lieut.-Col. Geo. L. Mabson, of this city.

This pleasant weather is not a very strong reminder of the fact that the Autumnal Equinox, the head centre for the Fall stormy season, is less than a week distant.

Everything is tranquil in Paddy's Hollow, at the Long House and in Thompson's Alley, consequently Mayor Fishplate was without a single case to hear this morning.

Capt. Brock, Chief of Police, gives notice that the bridge over the W. & W. R. R. (Boney Bridge) on Fourth street, will be closed for two days for repairs. In the interim Sixth street bridge may be used.

A Michigan lady wants to know whether or not it is honorable for a young man to stand idly by and watch a girl pass out of her teens into the twenties, and so on down to the shady side of forty still bearing her maiden name.

Singular, isn't it, that when a man gives his wife a dime to buy a box of hairpins or a gum ring for the baby, it looks about seven times as big as when he plunks it down on the bar for a little gin and bitters for the stomach's sake.

A young man seems to be nearer fulfilling the law and prophets when he walks along the street helping his wife trundle their baby-wagon than when he strolls out in bachelor freedom grinning at the girls, and carrying a dog-headed cane under his arm.

The relationship of a man and woman in rainy weather is easily discovered. If they are lovers, the woman will have all the umbrella, and the man won't care a fig how wet he gets. But if they are married it is just the opposite. Marriage makes the difference, that is all.

## Unmailables.

There are unmailable letters in the Postoffice for Jarrett Hall, Richmond, Co. N. C.; Maggie Roan, Blue Banks; S. J. Morgan, Brunswick Co., N. C.; and E. J. Smith Tar Heel, N. C.

Sportsmen will bear in mind that the last General Assembly passed an act prohibiting, under severe penalties, the killing of partridge between April 1st, and October 1st of each year. Consequently it is yet two weeks before it is lawful to hunt these birds.

**Maj. J. C. Wind r.**

It is gratifying to announce that this gentleman, who is the Superintendent of the Raleigh & Gaston and Augusta Air-Line Railroads, has been appointed Consulting Engineer for the Oxford & Henderson Railroad. This is indeed a valuable acquisition to our strong force. The Major was in town yesterday and will call and see us often during the progress of the work -- *Oxford To-night.*

The best Windows, Doors and Blinds and Lowest Prices can be got at JACOBI'S Hardware Depot.

**The Colored Military.**

The Raleigh colored military companies are quartered in the City Hall and give the neighborhood the benefit of the music from their life and drum all day long. By the way, is it not a little singular that these companies should be quartered in the City Hall? Are they the guests of the city?

**Jewish New Year.**

Tomorrow, September 18th, Rosh Hashanna, is the first day of the month Tisri, and the Jewish New Year. The year is 5,646, this count being from the creation of the world. September 27th is Yom Kipper, the Day of Atonement. Both are holidays, and all Jewish business houses will be closed.

**From Pender.**

The proceedings of the meeting at Lillington, in Pender county, relative to an appropriation from the government for the improvement of Long Creek, the publication of which has been necessarily delayed for some days, appear in the columns of the REVIEW to-day. They contain matter of importance to the people of that section and to all that portion of the State to which Long Creek is tributary, and will be read with interest by many who were unable to attend the meeting.

**Notes for the Season.**

Bronze shoes will be very fashionable for the house and for carriage wear.

Flowers will be almost entirely abolished except for face trimming or for ornamenting dressy evening hats.

The fancy in bracelets and armlets is for the Etruscan style, both massive and light, and for the coiled serpent of the ancients. Small bangle shaped bracelets of dead gold, ornamented with precious stones set deep into the gold, are a favorite design.

Among the newest designs in embroidery work on foot wear are butterflies just covering the toes of black satin shoes, worked in opal, red, blue, gold and other tiny beads.

Fall wraps will be chiefly made up in light colored cloths for young ladies, and in black cashmere and Sicilienne for elder ladies. Long coat shaped sequins in ecrú or electric shades, ornamented with large fancy buttons, are to be the very stylish garments for the first cool days. Dolmans, mantles and circulars in black, with jet trimmings, will be the favorite wraps for elderly ladies.

The plain high buttoned and undressed kid gloves are very popular, although an occasional pair of gauntlets may be seen. Embroidered gloves are considered in decidedly bad taste.

The fashionable male suit is remarkable for its dressy, yet quiet appearance, nothing bordering on display showing itself either in the form, color or material.

Notwithstanding the advance in the price of silks, they will probably be more worn than any other fabric for handsome street costumes and for evening dresses, although the fine woollen goods of the past few seasons will of course be fashionable, and will be combined with silk or satin or made up in the one material. Heavy brocades and watered silks are to be largely imported, and will no doubt be very fashionable.

You can get the best White Lead, Paints and Oils, and lowest prices at JACOBI'S Hardware Depot.

Pendant tulips are among the pretty flower fringes for ball dresses.

## Base Ball Grounds.

The Athletic Club Grounds, in the Northeastern part of the city, near the old Union Depot, have been leased by the owner, Capt. W. G. McKee, for the term of twelve months, to Messrs. Herbert Smith, Brooks Empie, and Henry T. Baum, acting for the Champion Base Ball Club.

**The River.**

The water in the upper Cape Fear is still distressingly low. The *Murchison* due here last night, did not arrive until 1 o'clock to-day, in consequence of having to pull over the flats. Steamboatmen are fretting and fussing over the low stage of the water, and no wonder, as it is particularly hard on them.

**Personal.**

Mr. Thos. A. Darby, one of those who were born and raised under the protectingegis of the Rock Spring, left here yesterday morning, with his wife and child, on the return to his home in Florida, after a short visit to relatives and friends in this city. Mr. Darby is not only a clever gentleman, but he is an excellent business man and we are glad to learn that he has met with success in his milling operations in Florida.

**Brentano's Aquatic Mont ly**

For September has been received, and is, as usual, replete with information relative to every healthful, manly sport and exercise. Everything of a low or brutifying nature is excluded from its columns. It is just the work needed by those who delight in aquatic or athletic exercises. We are glad to notice that the subscription price has been reduced from \$4 to \$3 per annum. Address Brentano's Literary Emporium, 39 Union Square, New York.

**Corn and Corn Shuckings.**

The splendid crops of corn on the river lowlands may now be considered as secure. The fodder has been stripped and there is no damage now from a heavy freshet. The crops there are said to be the best for years and some of the farmers estimate the yield as high as 100,000 bushels. In a few weeks the corn will have fully matured and been gathered and stored and then there will be lots of good old-fashioned corn shuckings on hand, with a plentiful besprinkling of the kissable red ears in the pile.

**Reorganization.**

There was a very good attendance at the meeting called last evening, by Col. R. ger Moore, Chief of the Fire Department, for the reorganization of the Fifth Ward Bucket Company, on which occasion on the following list of officers, all good selections, were chosen for the ensuing year, viz:

President—G. W. W. Davis  
Vice President—P. T. Dicksey.  
Secretary—H. O. Rankin.  
Treasurer—George Mitchell.  
Foreman—Wm. H. Griffith.  
First Assistant—John Sneedden.  
Second Assistant—Joseph Craig.  
Axemen—A. A. Marine, N. Parker, A. Shiver, John Bell.

Window Glass of all sizes at JACOBI'S Hardware Depot.

**Supposed Arrest of "Buck" Walker**  
—Summons for a Witness to Attend the Trial.

Sheriff Manning received a subpoena this morning from Justice W. E. Duncan, of Burgaw, Pender county, for Walter Yeates a young man of this city, to attend at Burgaw to day as a witness in the trial of W. J. Walker, alias Buck Walker, for the alleged murder of Frank Ball, colored, which occurred some two months ago, near Rocky Point.

It is natural to infer from the summons mentioned above, that the defendant Walker must be in the custody of the officers of the law. It will be remembered by the readers of the REVIEW that a reward of \$200 was offered some two weeks ago by the Governor for the apprehension of Walker, notice of which, together with the advertisement, was published in our regular edition of the WILMINGTON JOURNAL.

The young man Yeates left here on the through freight train this afternoon at 8 o'clock for Burgaw.

**A War Anniversary.**

To-day is the anniversary of the battle of Sharpsburg, or Antietam, as the Yankees called it, fought in Maryland, seventeen years ago, between General Lee on the Confederate side and General McClellan on the Federal side. The battle was considered a drawn one, but Lee was adjudged to have been most discomfited as he withdrew from the field the next day and recrossed the Potomac into Virginia. Wilmington mourned on that occasion for the loss of many gallant sons, prominent among whom were the names of Cowan, Meares and Quince, besides numbers of others who were severely wounded.

The Ger. barque *Marie* has been hauled up on the marine railway for repairs.

**Better than Foreign Port.**  
Speer's Port Grape Wine is better than Imported Port, and since the adulteration of the latter, it must take its place. It is pure, and really excellent and health giving.—*Troy Times.*

The most select Fifth Avenue families of New York use this wine at their evening entertainments. Messrs. F. L. Bridgers & Co., J. C. Munds and Green & Flanner have some direct from Mr. Speer.

**Worthless Stuff!**

Not so fast, my friend; if you could see the strong, healthy, blooming, men women and children that have been raised from beds of sickness, suffering and almost death, by the use of Hop Bitters, you would say, "Glorious and invaluable remedy." See another column.
