Let no man lean aside ever so lightly  
from the broad path of honor on the  
plausible pretence that he is justified by  
the goodness of his end. All good can be  
worked out by good means. Those that  
cannot are bad and may be counted so at  
once and left alone.  
Opium is the most dangerous drug,  
especially when given to children in the  
shape of a soothing remedy. Dr. Bill's

opium in any form and is the most in-  
valuable and efficient remedy for children  
teething. Price 25 cents a bottle.  
A Reliable Wine.  
Mr. A. Speer, of New Jersey, whose  
Port Grape Wine has such a wide reputa-  
tion, and which physicians prescribe so  
generally, was the first in this country to  
introduce the art of making wine from  
the Operto Grape, which is now the best  
wine to be had, and has become a great  
favorite among the most fashionable in  
New York and Philadelphia.

**The North Carolina Medical Jour-  
nal**  
For September has been received. It  
contains a large amount of reading mat-  
ter which seems to our unprofessional  
eyes to be of great value to medical men.  
Some of the papers presented, even to  
us, are interesting and instructive. It  
should form a part of the library of every  
physician and we trust there are but few  
in regular practice in this section of the  
State at least whose names are not upon  
its subscription list.  
Window Glass of all sizes at JACOBI'S

**Appleton's Journal**  
For October gives the second installment  
of Mrs. Edward's brilliant novel, 'Vivian  
the Beauty,' and a continuation of 'The  
Seamy Side,' by Messrs. Besant and  
Rice. The third of Karl Blind's papers  
on 'Russian Conspiracies' appears, which  
concludes the series. The revelations  
which these papers give of life under the  
Czars is certainly startling. Mr. W. H.  
Mallock's latest contribution to the ethic  
and aesthetic discussions of the day is en-  
titled 'A Dialogue on Human Happiness,'  
and this is given in full. It is a brilliant  
and suggestive paper. From Matthew  
Arnold we have an article entitled 'The  
French Play in London,' which is not  
only an analysis of the French theatre as  
exhibited recently in London, but a  
comparison of the French and English  
drama, with some fresh and acute com-  
ments on the nature of dramatic poetry.  
'Art and Criticism' is devoted to the  
discussion of certain theories now current  
in London. 'Leaves from the Leaves of  
Moliere' is a very readable paper on the  
great French humorous dramatist. A  
description of a remarkable rocky group  
in Utah, known as 'The City of Rocks,'  
and poems by Locker, Fawcett, and oth-  
ers, complete the body of the number.  
The editor has for his topics 'The  
Nude in Art once more,' 'Women as  
Horticulturists,' and 'Art and Democracy';  
and in the 'Books of the Day' reviews  
some of the more important of recent pub-  
lications.

**Hebrew Jurisprudence and Proce-  
dure in Court.**  
Rabb. Mendelsohn, of the Temple of  
Israel, in this city, will deliver a lecture  
on the above-named subject on next Mon-  
day evening at St. James' school room,  
next door to the church. This must prove  
a very interesting subject and we know  
of no one more capable of doing com-  
plete justice to the subject than the  
learned divine whose name is  
announced as the speaker of the occasion.  
An invitation is extended to the public to  
attend, and it is to be hoped that an over-  
flowing house may greet the speaker, and,  
in fact, we would wish that a more  
commodious hall could be obtained so as  
to accommodate the large audience who  
will undoubtedly desire to attend.

Homes.  
Yesterday the first of the three games  
for the championship, between the Cham-  
pion and Home Clubs, was played on the  
grounds of the former and resulted in a  
victory for the latter. There was a lively  
interest manifested in the result by the  
spectators present and the weather being  
fine, quite a number of ladies were pre-  
sent to witness the game. The Cham-  
pions held the lead until the last inning  
when the Homes went to the bat and fin-  
ished the game. The score stood as fol-

**Beautyifiers**  
Ladies, you cannot make fair skin,  
rosy cheeks and sparkling eyes with all  
the cosmetics of France, or beautyifiers of  
the world, while in poor health, and  
nothing will give you such good health,  
strength, buoyant spirits and beauty as  
Hop Bitters. A trial is certain proof.

**YELLOW FEVER---BLACK VOMIT.**  
It is too soon to forget the ravages of this  
terrible disease, which will no doubt return  
in a more malignant and virulent form in the  
fall months of 1879.  
MERRILL'S HEPATINE, a Remedy discovered  
in Southern Arabia, and used with such won-  
derful results in South America, where the  
most aggravated cases of fever are found,  
issues from one to two ounces of bile to be  
filtered or strained from the blood each time  
it passes through the Liver, as long as an ex-  
cess of bile exists. By its wonderful action  
on the Liver and Stomach the HEPATINE  
not only prevents to a certainty any kind of  
Fever and Black Vomit, but also cures Head-  
ache, Constipation of the Bowels, Dyspepsia  
and all Malarial diseases.  
No one need fear Yellow Fever who will  
use the Malarial Poison and excess of bile  
from the blood by using MERRILL'S HEPATINE,  
which is sold by all Druggists in 25 cent  
and \$1.00 bottles, or will be sent by express by the  
Proprietors. A. F. MERRILL & CO.,

The reports of wonderful cures of  
Rheumatism, Sciatica, Salt Rheum, Syphi-

all parts of the country, are not only remark-

**Remarkable Cure of Sciatica &c.**  
CASE OF COL. J. C. BRANSON,  
KINGSTON, GA., Sept. 15, 1871.  
Gentle—For sixteen years I have been a  
great sufferer from Sciatica in its most dis-  
tressing form. I have been confined to my  
room and bed for fifteen years with excru-  
ciating ulcerations. The most approved re-  
medies for such cases had been used, and the  
most eminent physicians consulted, without  
any decided benefit. Thus prostrated, dis-  
tressed & despairing, I was advised by Dr.  
J. C. Floyd county, Ga., to commence  
the use of your Compound Extract Stillinger  
Language is as insufficient to describe the re-
