A Curious Bug.

A lady residing in this city discovered,
a few days since, a very peculiar bug, the
like of which is a great rarity in these
parts. Many who have examined it state
that they have never seen anything of the
kind before. It was found on the leaf of
an oleander tree and is evidently of the
beetle species. It somewhat resembles a
conch, is enclosed entirely within a shell,
with the exception of its tail, which it
hooked into a leaf and gives no evidence
of either feet or wings. It has been left at
Messrs Green & Flanner's drug store
where amateur naturalists may examine it.

Simplicity of Dress.

Female loveliness never appears to so
good an advantage as when set off with
simplicity of dress. No artist ever decks
his angels with towering feathers and
gaudy jewelry; and our dear human an-
gels, if they would make their title good
to that name, should carefully avoid or-
naments which properly belong to Indian
squaws and African princesses. These
tinseleries may serve to give effect on the
stage or upon a ball-room floor, but in
daily life there is to substitute for the
charm of simplicity. A vulgar taste
is not to be disguised by gold and dia-
monds. The absence of a true taste and
real refinement of delicacy cannot be
compensated for by the possession of great
beauty or the most princely fortune.

Strangers in the city should not fail to
visit the Sash Factory, foot of Walnut
street.

The New Counterfeit.

The following is a description of the
new counterfeit \$5 note on the National
State Bank of Troy, N. Y., of which
\$1,700 was found upon the person of
William Cluff, when arrested by secret
service officers in New York City Satur-
day evening 1st. The counterfeit has
the name of John C. New, Treasurers
and a pointed seal; the genuine note
bearing the same name has a scalloped
seal, and the words "series of 1875" in
colored ink, which the counterfeit has
not. The old genuine issue of this bank,
which has the pointed seal, bears the name
of F. E. Spinner, Treasurer. In the
counterfeit the word Treasurer under the
name of Allison is spelt Treasury. The
note is printed from the skeleton plate,
sold by Henry C. Cole, before his arrest,
to New York parties. The printing is
much below the average of this class of
work.

Unregistered Mail Matter.

By section 405 of postal laws and regu-
lations, 1879, senders of matter other than
first-class are permitted and should be en-
couraged by postmasters to write or print
upon parcels sent by them the following,
or the substance thereof, to the postmaster
at the office of delivery--to-wit: 'If not
delivered within _____ days the postmas-
ter is requested to notify the sender, spec-
ifying the amount of postage which must
be remitted to insure the return of the
parcel to _____' (giving the name and the
address of the sender). It is the duty of the
postmaster receiving matter with this re-
quest written or printed thereon to comply
therewith as promptly as in the case of
first-class matter.' The postage on such
parcels returned to senders will be at the
rate of three cents for each half-ounce,
not at third or fourth rates.

City Court.

One foreign sailor, arrested at the in-
stance of his Captain and locked up for
safe keeping, was the first case on docket
this morning.

The case of Richard Atkinson, colored,
arrested on suspicion which case was con-
tinued from yesterday, was again postponed
for further investigation.

C. Blount, colored, arrested for rap-
ping for a policeman, was discharged
the Mayor stating that more discretion
should have been exercised by the officer
who made the arrest.

Kit Huggins, the inimitable Secretary
of War from the Hollow, was next ar-
raigned on the charge of assault and bat-
tery upon the person of her majesty,
Fanny Gore, the Queen of the same classic
precinct, and received a sentence of \$25
fine or thirty days in the City Prison.
This is the first time that Kit has come
within the purview of the law sufficiently
to be grabbed by the police and they
made good the opportunity.

Fanny Gore was next arraigned upon
the charge of disorderly conduct, in that
she converted herself into a battering ram
for the purpose of demolishing the Sec-
retary of War's headquarters. Her sen-
tence was \$10 fine or twenty days in the
C. P. 'The Queen went below.'

John Broadway, colored, and Win
Wright, colored, were both arrested last
night coming out of the W. & W. R. R.
yard at 12 o'clock, upon the ground of
suspicion. They claimed to be from the
Quarry and to be likewise ignorant of
any offence. The Mayor told them to
leave town before sundown and to 'git'
as soon as possible.

The next case called, was T. W.
Costin, charged with forestalling the
market. The evidence failed to convict
and the case was dismissed.

W. E. Davis, and W. B. Davis were
also charged with the same offence. The
evidence was conclusive that the
parties had purchased before the hour
prescribed by the ordinance, but Mr. W. E.
Davis, principal defendant in the case
claimed that he was not subject to the
law as applied to bucksters that he claimed
an inherent right as a citizen to buy
and sell any article of produce, whether
from the forest or the rivers, as much as
any merchant in the city of Wilmington
who bought cotton by the million. The
defendant stated as a matter of informa-
tion for the Court that in eight months
there had been shipped from this port
9,000 pounds weight of fish alone on ice
and that if the Board of Aldermen and
His Honor, as Chief Executive Officer of
that Board, chose to lay an embargo on
this trade why he would have to submit
for the present. The case not coming
within the provisions of the ordinance
as applied to bucksters was dismissed.

Fifth Street M. E. Church.

The series of meetings which were in-
augurated at this church about five weeks
since have been continued with unabated
interest until the present time, resulting
thus far in about 180 conversions. We
are pleased to learn that the meetings are
still in progress, with no perceptible
diminution in religious fervor. Penitents
are presenting themselves at the altar at
every meeting, asking the prayers of the
pious that they may be led to know the
tollness of reconciliation and pardon from
on high. Rev. B. R. Hall, the pastor,
has labored indefatigably in the cause, and
has been ably assisted by Rev. Mr.
McPherson and his wife, who have been
earnest pleaders for the salvation of souls.

An Omission Supplied.

In noticing the arrest, a few days since
of a mail agent who had been for about a
year deprecatory upon the mails between
Troy, Montgomery county, and Bostick's
Mills, we omitted to state that the case
was worked to a successful result by
Maj. Chamberlain, of the Secret Service
Division of the Post Office Department.

Dr. W. F. Harlee, formerly of the
North Carolina Argus, has assumed a
position in the editorial department of
the *Rockingham Spirit of the South*.
Dr. Harlee is a fine writer, but he is a
Democrat, and the *Spirit* we have always
heretofore thought to be a Republican
paper. How the difference is to be re-
conciled we are not informed.

Capt. N. H. Sprunt has, at his store at
Exchange Corner, a very pretty novelty,
purchased by him recently in New York.
It consists of a dish, filled with water, in
which are rocky beds for the gold fish
which disport within it, and with a rare spe-
cies of water-palm growing from the cen-
tre. It is well worth seeing.

"Handsome is as Handsome Does?"

We invite the attention of our readers
to the correspondence which we publish
below between Capt. D. R. Murchison,
President of Wilmington Compress Com-
pany, and Col. Roger Moore, Chief of the
Fire Department. The action of Messrs
Williams & Murchison and of the Com-
press Company is simply handsome and
every way in keeping with the high re-
cord of the firm ever among the first in
all deeds of liberality and enterprise, and
the Company which was the pioneer of
the compress business in this city. The
tasks expected by Col. Moore will be
heartily endorsed and seconded by our
people in general as well as by our gallant
firemen in particular. The following is
the correspondence alluded to:

WILMINGTON, N. C.
October 2nd, 1879
COL. ROGER MOORE,
Chief of Fire Department,

DEAR SIR:

Wishing to show my appreciation of
the very efficient service rendered by the
Fire Department, in their efforts to save
the property at the Wilmington Compress
at the fire which occurred there
yesterday morning, I beg to enclose a
check for \$300, contributed by the firm
of Williams & Murchison and the Com-
press Company, which you will please
divide as you see proper.

Thanking you for the untiring energy
and good judgment which you showed in
the management of the fire, I am,
Very respectfully,

D. R. MURCHISON,
Pres't Wilmington Compress Co.

Wilmington, N. C. Oct. 4th, 1879
CAPT. D. R. MURCHISON,
Pres. Wil. Compress Co.

DEAR SIR:

Your note of 2d inst., enclosing check
for three hundred dollars, a present from
Messrs Williams & Murchison and the
Wilmington Compress Co., of which you
are President, to the Fire Department, to
show your appreciation of the very efficient
services rendered by the department at
the Compress fire, and to be divided as I
may deem best, I have received and have
divided in the following manner, which
I trust may meet your approval:

To the Adrian, Little Giant and Cape
Fear Companies, who were at the fire
upon the day of its occurrence until late
in the afternoon, sixty dollars each; to the
Hook & Ladder Co., and the Stedman
Bucket Co., thirty-five dollars each; to
the Brooklyn Bucket Co., thirty dollars
and Brooklyn Engine Co., twenty dollars,
To the generous donors (your good firm
and the Wilmington Compress Company)
please bestow the grateful thanks of my-
self and the good men composing this de-
partment, for this very substantial recog-
nition of their services.

To know that their services are appre-
ciated is gratifying, but to have them
recognized and acknowledged in so hand-
some a manner is especially pleasing.

Thanking you again for the very hand-
some present, and for the very compli-
mentary manner in which you have seen
fit to speak of the working of the depart-
ment in tendering same,

I am,
Very truly yours,
R. GER MOORE,
Chief Engineer Wilmington Fire Depart-
ment.
