St. James' Home.
Along with many others who enjoyed the pleasure of listening to the Rev. Dr. Watson's Thanksgiving sermon, we were particularly impressed with that portion of the reverend gentleman's discourse which referred to the good seed sown by those engaged in the mission work of this noble institution, and in common with many other christian people of this city we rejoice to see such a worthy exhibit of the workings of the institution in the past. But it is a great pity such a good work should languish in the remotest possible degree for a lack of means, when it is not only within an easy range of possibility to assist materially in furthering this work so well begun, but very probable, if all who manifest any interest at all in the institution would earnestly endeavor to assist it to some extent, that it might be placed beyond the peradventure of a doubt upon a certain and sure basis. In this connection we may state that we have been kindly permitted to publish the following extract referring to this institution from Dr. Watson's sermon on Thanksgiving Day, which will, no doubt, prove interesting to many of our readers.
There is a special way in which our gratitude may have a voice to-day. The special object appointed for your offerings upon Thanksgiving Day has, for some years past, been "St. James' Home", your own particular city mission. The work there is still going on vigorously and successfully. The school (a free school for whites) has at present between sixty and seventy names upon its roll. It is admirably conducted, and is as quiet and orderly as any in the community. In it we are endeavoring to do something more than cultivate the head. We try to teach the heart also, to lay down in the depths of young natures, the great principles of honesty and honor and of religion; to teach reverence for God and respect for man. It may easily happen, some day, that the quiet of this town and community and their security from violence and rapine may depend upon the stamp upon character made by this very institution.
Nor is our work confined to the school. Our Home Sisterhood goes out among the poor, and sick, and ignorant, and the suffering through whatever cause, in mind, in body, or estate, visiting our brethren at their own homes, bearing the inestimable offerings of sympathy, and the priceless lessons of the Gospel to many who would never come to church for them. Out of 38 baptisms, within a given time, 20 have been the result of this "Home" work.
So far we have found our labors most acceptable to those for whom it has been especially organized. But for all this we need pecuniary resources. The regular subscriptions amount to between \$400 and \$500 per annum, with which to maintain the household, and meet all the other expenses of the school and mission. We are, consequently, largely dependent upon what additional contributions you may make for this object, and especially upon the two set offerings of Ash Wednesday and Thanksgiving Day.
But, besides this, we find our present living force by far too feeble for the work we could do, and even for the present demand upon it. We need more laborers; and that we may obtain and sustain them a larger pecuniary support. You have been liberal to this cause. May God put it into your hearts to be still more so.
To the above may be added that since the beginning of the active "Home" work, 9 years ago, from 500 to 600 children of this community have come under the moral and religious influences of the institution. As an evidence of the activity of these influences, it may be stated that nearly or quite 155 baptisms, and 34 confirmations, out of all within that period, in the Parish, may be attributed more or less to the agency of this mission.

The Midgets.
The "Midgets," General Mike and Major Atom, held their first reception at the City Hall this afternoon, but owing to the unfavorable aspect of the weather, there was not a great crowd in attendance until late in the afternoon. Those who were among the visitors speak of the two Lilliputians as remarkable specimens of humanity.

Information Wanted.
E. W. Bagby, Attorney-at-Law, whose office is at No. 27 Broadway, Paducah Ky., desires information on the following matters:
If there is a colored man living in this county by the name of Handy Vano? If not, are there any white persons of that name? and if so, he wants their address.
If there is a colored woman in the county by the name of Lucy Rouse, or Lucy Taylor? If not he wants the address of Henry Taylor, a white gentleman, who lived in this county before the war.

Poultry Market.
The following wholesale prices rule here to-day, Thursday, December 4th:
Chickens, Spring, 10 to 18 cents each; do. old, 20 to 25 cents each; turkeys, alive, 75 cents to \$1 each; do. dressed, 12 1/2 to 15 cents a pound; geese, 30 to 35 cents each; ducks, common, 20 to 22 cents; do. Muscovy, 25 to 30 cents each; eggs, 18 to 20 cents a dozen; dressed pork, 5 to 6 cents a pound; sausage, 10 to 12 1/2 cents a pound; beef, dressed, 3 1/2 to 5 cents a pound; potatoes, sweet, 30 to 40 cents a bushel.

The Theatre.
Quite a large audience gathered at the Opera House last night to witness the performance of the McKee Rankin troupe in Joaquin Miller's play of "The Danites." Many went expecting to see a good play well rendered, and were not, in the main, disappointed. The play is an attempt to portray mining life in the earlier days of California, and, although in some respects disjointed and disconnected in plot, has many good dramatic points. Of these the actors last night made the most as was shown by the marked attention they received from the audience.

Dangerous Habit.
The property of many persons in this city is endangered by a habit which seems to be wide spread among a certain class of colored juveniles. We have reference to their sleeping under residences, often striking matches and in some instances building fires by which to warm themselves. Last night John Gurley and Dick Chambers were captured under a residence on Seventh street, by the police. The notorious Tom Tit was also under the house at the time of the capture of his two parads, but owing to the situation of the building he made his escape. In their bed under the front steps were found burnt matches, cigar stumps and a piece of burnt lightwood. These little rascals have been detected under other residences, but have succeeded in making their escape until last night.

The Death Sentence.
The jury in the case of Allen Mathis, charged with the murder of Reuben Herring, in Pender county, in September, 1878, which was removed to this county for trial, was given to the jury last night at half-past 6 o'clock, long after our paper had been put to press. The parties were all colored, and the principal witness for the prosecution was Lucy Herring, the wife of Reuben Herring and the paramour, as has been ascertained, of Allen Mathis.
The woman turned State's witness and on her evidence it is probable that the verdict was rendered. The jury remained out only about an hour and came into Court last night about 7:30 o'clock and pronounced a verdict of guilty of murder in the first degree. Mathis, when called upon, declined to say any thing and Judge Eure then sentenced him to be hung on Friday, January 9th, between 11 a. m. and 2 p. m.
The prosecution was conducted by Capt. Swift Galloway, the Solicitor, and the defence by Messrs. Bruce Williams and Jno. T. Bland, of Pender county, and Mr. Edward Buykin, of Sampson. These gentlemen worked hard for their client and the defence was conducted in an able and masterly manner, but the evidence was too plain and direct and the result was foreshadowed as soon as the evidence was heard.

City Court.
Upon the mandate issued upon the Sheriff by the Mayor to produce the body of John Grady, this individual was brought into the City Court this morning, and arraigned before Mayor Fishblade. Dr. J. C. Walker, Superintendent of Health, testified that the man John Taylor, whom he had testified at the preliminary examination of John Grady, before the Mayor as lying in a critical condition, had since died, whereupon Mayor Fishblade ordered the defendant, John Grady, to be committed to jail, without bail, to await his trial at the next term of the Criminal Court upon the charge of murder.
John Gurley and Dick Chambers, two little colored vagrants, who were found under the house of a gentleman residing on Seventh, between Market and Dock streets, last night at 9 o'clock, were ordered locked up in a dark cell for the present and until further orders. This finished the business, and the court adjourned.

Middling cotton is quoted here to-day at 12 1/2 cents, whereas on the corresponding day of last year it sold here for 8 1/2 cents, a difference of very nearly 4 cents on the pound.
This section was visited to-day by a very refreshing rain, followed in the afternoon by a beautiful rainbow "with a bag of gold at each end," which may be taken as indication of fair weather tomorrow.

Vessel Ashore.
The Nor. barque *Nethange*, Captain Jensen, which cleared from this port on the 2nd instant for London with a cargo of 3,538 bbls rosin, shipped by Messrs. DeRosset & Co., parted her hawsers and drifted on shore between Price's Creek and Smithville, will probably have to be lightened to get off.

Magistrate's Court.
J. R. Bolton was arraigned before Justice Gardner this morning upon the charge of assault and battery upon C. Z. Costin, on the night of the 1st of December. The judgment of the Court was that the defendant pay the costs.
The same defendant was then arraigned upon a peace warrant by the same plaintiff. Defendant was ordered to give bond in the sum of \$50 for his good behavior until the first Monday in February.

The Skates.
The skating season has been very happily inaugurated at Currie's Hall, on Second street. There was a fair attendance last night and much fun, the floor being pretty well filled. A grand reception is to be had there tomorrow night when all who love to see or participate in the exciting pastime would do well to be present. As the hall is divided by folding-doors, gentlemen with ladies will be able to sport themselves on one side and gentlemen without ladies on the other. The price of admission, including skates, is very low.

One Experience from Many.
"I had been sick and miserable so long and had caused my husband so much trouble and expense, no one seemed to know what ailed me, that I was completely disheartened and discouraged. In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said 'Hurrah for Hop Bitters' long may they prosper, for they have made mother well and us happy."—The Mother.

DIED.
