the prophecies.

The meeting of Knights of Honor  
called for to-night has been postponed.

Steamship *Benuefer*, Jones, hence,  
arrived at New York on the 15th inst.  
Ba que *Concordia*, (No. 9) Olsen, hence,  
arrived at Liverpool on the 14th inst.

Barque *Edwin Heriot*, sailed from  
Bristol, Eng., for this port on the 5th inst.  
Turkeys are faring sumptuously now  
little thinking what their doom will be in  
the near future.

Barque *Emma Crank*, (Bt) Woodland  
and brig *Anna* (Nor) Salverson, hence,  
arrived at Liverpool on the 15th inst.  
Meat Cutters and Suffers, Guns, Grid  
stones and so on, at Jacob's.

The oyster trade is now in full blast  
and the delicious bivalves are to be had  
in almost any quantity in this market.

How charming the ladies look in seal-  
skin saques! But a young man who  
opens oysters for a living may be just as  
happy.

Save your money by buying your Build-  
ing Supplies from Altair & Price.

Christmas is rapidly coming this way  
and the young man with a No. 9 foot  
will, as usual, be presented with a pair of  
No. 6 slippers.

**Indications.**  
For the South Atlantic States north  
east to southeast winds, cooler, partly  
cloudy weather and rising Barometer.

The ladies are taking advantage of the  
beautiful weather and are beginning to  
throng the streets and stores looking for  
something for the dear little ones at home.

Painting pictures on old tea cups is  
very nice employment for a woman, but  
the girl who can fix up a last winter's  
bonnet is the one who will make her mark  
in the world.

New silks are of gros grains, in mul-  
berry, bottle-green, Japanese blue and  
shades of brown which partake of copper.  
High colors are represented by poppy  
and peony shades.

Mr. W. M. Collins, the well known  
caterer, has opened a restaurant—a tem-  
perance house, in the Tiesken building,  
on Front street, a few doors above Dick-  
street. He is nicely located and is pre-  
pared to sleep as well as to feed people.

Skirts are worn short this season, and  
are trimmed with the usual flounce, or  
kilt-flounces, knife blade and plait-  
ings. Panties appear on those skirts, or  
scarfs, and arranged to produce panier  
effects.

You pay the lowest cash prices for  
Household Hardware at Jacob's Hard-  
ware Depot.

Three or four stuffs are required to  
make a black silk costume now. First  
is the heavy silk, then the velvet brocade  
for the draped sash, then the satin for  
pippings, and last of all the cheap silk for  
the underskirt.

The best receipt for going through life in  
an exquisite way, with beautiful manners,  
is to feel that everybody, no matter how  
rich or how poor, needs all the kindness  
they can get from others in this world.

You can buy a No. 1 heating or Cook  
Stove at almost any price at JACOB'S, No.  
10 South Front street.

**The Methodists in this State.**  
During the year there were 241 local  
preachers, 61,613 white members, 445  
colored members, 713 Sunday schools,  
4,533 teachers, 34,461 scholars, and the  
library of the various schools contained  
24,530 volumes, valued at \$7,398. There  
are 70 parsonages, valued at \$88,175,  
and 764 churches, at \$702,385. There  
are about 190 ministers, of which num-  
ber 15 are supernumerary, leaving 175  
active preachers.

**Improving.**  
Mr. Francis M. James, who has been  
very sick for the past two weeks, has so  
far recovered as to be able to appear on  
the streets. He will enter upon the dis-  
charge of his duties as a health officer on  
Monday. Notwithstanding the fact that  
the old gentlemen has been sick for some  
time, his "smellers" are as keen as ever.

**Dispatching Dogs.**  
The dog killer was on the war path  
last night. He armed himself with strychnine  
and fresh beef and distributed the  
poisoned beef in the vicinity of Sixth and  
Ann streets. This morning five or six fine  
canines were dead corpses, and if the  
owners of the dogs should manage to find  
the "dog killer" he would not fare well.

**Porto Rico Oranges.**  
The schooner *Post Boy*, from Ponce  
Porto Rico, arrived here to-day with a lot  
of very sweet oranges. They were plac-  
ed in Messrs Cronly & Morris' hands and it  
was decided to retail them from vessel  
at \$2.25 per hundred or \$18 per thou-  
sand. These who want a lot of very  
sweet oranges for Christmas will do well  
to send in their orders to Messrs Cronly  
& Morris.

**To Clean Silver Spoons.**  
The disagreeable discoloration of egg  
can be readily taken from silver spoons  
by washing them in potato water—in  
which potatoes have been boiled. It is  
much better than salt and does not scratch  
the metal. The taste of fish may be re-  
moved very effectively from steel knives  
and forks by rubbing them with fresh  
orange or lemon peel.

**Magistrate's Court.**  
George West, colored, the same who  
played U. S. Detective in Newbern, after  
he had played on the Jailor and Register  
of Deeds in another role here, was to-day  
arraigned before Justice Mills for carrying  
a concealed weapon at the time of his first  
arrest, in the shape of a bowie-knife or  
dirk. The defendant was committed to  
jail, after an examination, to await his  
trial at the next term of the Criminal Court  
for this county.

**At McIntire's.**  
Capt. R. M. McIntire has a new and  
very attractive advertisement in this  
issue. He has many things that would  
make nice Xmas presents, combining the  
useful with the ornamental. He knows  
what to buy for this market and just how  
to buy it and everybody, the ladies in  
especial, are invited to call and see the  
display he makes and the low prices he  
asks, before making up their list of holi-  
day presents.

**The Excursionists.**  
Our paper will be on the street when  
the excursionists shall have arrived here  
this afternoon. There is a large crowd  
expected, some even from Virginia,  
many from Tarboro and crowds from  
Goldboro and stations this side. The  
streets of the city will probably be filled  
with them to-morrow and it is hoped that  
our merchants will have all they can  
attend to in the way of customers.

**They Are Coming.**  
We learn from a gentleman who came  
down last night that a large number of  
rafts of timber and naval stores are on  
their way to this port from the Cape  
Fear and its tributaries. Several are re-  
ported which are from the Coharie sec-  
tion in Sampson county, besides others  
from different localities. Our informant  
says that he did not count the number  
but feels confident that he passed as  
many as thirty after he left the vicinity  
of Point Caswell.

**City Court.**  
The drunken white tramp who was  
carried to the guard house on a dray yester-  
day afternoon gave his name this  
morning to the Mayor as Tom Kelley.  
He tried hard to work up a little sympa-  
thy for himself but the Court was inex-  
orable and remanded him to a cell until  
the law applicable to his case could be  
looked into.

A colored woman who gave her name  
as Mat Moore was arraigned upon the  
charge of disorderly conduct, but was re-  
leased by Mayor Fishblade after a short  
lecture and permitted to go and try and  
do better.

Seven street corner hucksters, all colored  
individuals, were brought before the  
Mayor for non-payment of the huckster's  
license tax. After a short examination  
the parties were all ordered released upon  
the payment of the tax. This ended the  
proceedings and the Court adjourned.

**The Cape Fear.**  
Steamboatmen report a rise of about 8  
feet in the river with a very slight falling  
off within a day or two. There is now a  
plenty of good boating water and the  
boats have no trouble nor delay in making  
their regular trips on time.

**Origin of Familiar Words.**  
Husband is the householder—one who  
keeps the family together by supporting  
it. Sometimes the wife is, practically,  
the husband.  
Wife means a weaver—one who makes  
the cloth which dresses the family.  
Spinster is she who spins the yarn  
which makes the cloth which covers the  
family.  
Lady is compounded of words which  
mean to give away, to dispense charity to  
the poor.  
The heirloom of a family is literally  
the apparatus for weaving cloth. In early  
history it was an indispensable article of  
household furniture, was well taken care  
of and lasted for generations; was kept in  
affectionate memory of those who had  
gone before. In Germany and Holland  
the petticoat was considered the heir-  
loom, worn by mother and daughter, and  
granddaughter sometimes; so well were  
they made, and of so substantial a ma-  
terial, and so cleanly kept, that they seem-  
ed almost to never wear out.

**About Drinking Water.**  
The following communication, which  
we have received from Dr. Thomas F.  
Wood, Secretary of the State Board of  
Health, relative to a well known spring  
in this city, is important and of interest  
to those who study the health of the peo-  
ple:  
N. C. BOARD OF HEALTH.  
OFFICE OF THE SECRETARY.  
WILMINGTON, N. C., Dec. 17 1879.  
EDITOR REVIEW:  
DEAR SIR—For the information of all  
concerned, I send you the analysis made  
by Dr. Ledoux of the water from a spring  
on the corner of Dawson and Second  
streets, used very largely by the people  
living in that neighborhood. It is known  
as the "boiling spring," and its water is  
much esteemed for its supposed purity.  
"Total solids in solution, 18.86 grains per  
gallon; chlorine, 2.20 grains per gallon;  
free ammonia, .0932, parts in a million;  
albuminoid ammonia, .132 parts in a  
million; lime, large amount; carbonic  
acid, large amount; iron 0; magnesia,  
trace."  
"N.B.—The large amount of chlorine  
and of ammonia indicates that this water  
is not safe for drinking."  
"A. R. LEDOUX, Director."  
Yours, very truly,  
THOMAS F. WOOD.  
Secty. N. C. Board of Health.

**A Good Indorsement.**  
It would no doubt be highly amusing,  
and at the same time astonishing, to see  
a complete list of all the expressive and  
"powerful" names of the multitude of  
short lived medical preparations placed  
upon the market during the past few years  
as "most wonderful discoveries" and "in-  
fallible cures." (*In hoc signo vinces.*) by  
unscrupulous speculators and adventur-  
ers, who, recognizing the value of adver-  
tising seek by these means to obtain  
public favor and popularity for their  
doubtful and too often entirely worthless  
and even dangerous preparations. And  
it is a genuine pleasure for us to commend  
Dr. Bull's Cough Syrup as one of the few  
really deserving medicines offered to the  
public. Its adoption by many of our  
intelligent physicians is due only to its  
real worth and merit and by thousands  
of families it is regarded as "the standard  
household remedy." (*Wash. D. C. Critic*)

**Physician's Wine.**  
New York physicians say that they have  
been using Speer's Port Grape Wine and  
Wine Bitters in their practice for years,  
the entire satisfaction of their patients and  
themselves, and take great pleasure in  
recommending them to the public as being  
all that is claimed for them, and in fact  
the most reliable they can find. For sale  
by Green & Plummer, Jas. C. Munds and  
P. L. Bridges & Co.

general interest but:  
The name of the writer must always be for-  
warded to the Editor.  
Communications must be written on one

stood that the Editor does not always endorse
