The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

About 1,000 letters and telegrams reached Mr. Gladstone on his last birthday.

Mr. Tilden has left Greystone and taken up his residence in Gramercy Park, New York.

Failure to pass a school examination was sufficient cause for the suicide of an overstrained Minnesota student.

The Prohibition party of Michigan has subscribed \$10,000 toward the founding of a newspaper for their interest in that State.

Vesuvius is in eruption, and visitors to Naples are entertained by the gorgeous spectacle of burning pumice stone and molten lava reflected on the clouds.

Mrs. Gladstone, the wife of the Premier, hitherto has not been noted for fine dressing, but it is said that she now "has taken to wearing the richest clothes and the finest diamonds."

Miss Georgia Wybee, who lately figured in the variety theatres, under the name of Georgia La Tour, as the champion dupe, has been arrested in New York on the complaint of her parents as incorrigible. She is only seventeen years of age.

Lord Carrington and the Duke of Argyll will introduce Lord Tennyson in the House of Lords on some day early in this session of Parliament. It is said he is writing a short poem to be recited on the assembled lords on that occasion, eulogistic of John Brown.

Oscar Wilde, in his lecture tour through Ireland, was accompanied by Miss Lloyd, the lady whom he is to marry. He is giving her lessons preparing her for the stage. They are both to appear in New York next season in a play written by Father Prout just before his death.

The El Paso Herald speaks feelingly of hard times in Texas: "How time flies! The first month of the new year is nearly half gone, the Times busted, the Lone Star is advertised for sale, and three hash houses closed up yesterday. Whither are we drifting? In the midst of life we are in debt."

Mr. Croffut writes from New York to the Boston Globe his prophecy that Gen. Grant will never again be a well man, and even expresses a doubt that he will ever go out of the house again. He suffers great pain, which prevents his getting a necessary amount of sleep. His diet is rigidly simple.

Mrs. Quincy Shaw, of Boston, spends \$30,000 annually out of her private income in support of 30 kindergartens and 20 nurseries which she has established in those parts of the city where the roughest and most squalid features reign. In addition to this she spends \$200,000 a year in other charities.

Mr. W. W. Corcoran, of Washington, has presented to the Southern Historical Society, of Richmond, Va., the original Constitution of the Confederate States, signed by the representatives of South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana and Texas.

The Medical Record estimates that among 1,000 doctors the annual death rate ranges between 17 and 25, making a yearly loss of 1,800 physicians out of our 93,000. But the supply is such as to remove all cause of apprehension, for the number of our medical graduates in 1892-93 was 3,979, more than double the estimated number of deaths.

Colds yield to onions like magic, but Dr. Bull's Cough Syrup is a still better and by far more agreeable means of curing a cold or cough. You can buy a bottle for 25 cents at any drug store, and we are sure it will do the work every time.

Table with 2 columns: Court Name and Date. Includes Elizabeth Circuit, Bladen Circuit, Newton Grove Mission, Point Caswell Mission, Duplin Circuit, Waccamaw Mission, Onslow, Flemington Circuit, and Wilmington District.

The receipts of cotton at this port to-day foot up 90 bales.

Schr. Curtis Goodwin, Abdell, cleared at Baltimore Feb. 13th for this port.

The rock-throwing nuisance was carried on to an unlimited extent last night and there were none to hinder.

The cold wave, the approach of which was warned from the storm signals yesterday, came last night with a vengeance.

Brig C. S. Packard, Harkness, cleared to-day for Ponce, P. R., with 228,224 feet of lumber, valued at \$5,104.85, shipped by Messrs. E. Kidder & Son.

The Monroe Enquirer-Express comes to us this week in a new dress and greatly improved in other ways, which shows that the people in that section of country know how to appreciate a good home newspaper.

Keep a dish of meal on the toilet stand near the soap and rub the meal freely on the hands after soaping them for washing. It will surprise you, if you have not tried it, to find how it will cleanse and soften the skin and prevent chapping.

Samuel Steele, in the Chicago Times, in speaking of Remenyi, the violinist, who is to appear at the Opera House on the night of the 20th inst., says: "A most extraordinary genius. His playing is simply wonderful."

The steamship Regulator, which sailed hence for New York on Tuesday evening, arrived at that port this morning, having made a remarkably quick trip. She will, as a consequence, be enabled to leave New York to-morrow afternoon, on regular schedule time.

William Haywood and Charles Lowe, two colored boys, for disorderly conduct in front of the Purell House last night, were brought before the Mayor this morning, who sentenced them to the city prison, the former for 20 days and the latter for 10 days.

We notice that a number of our State exchanges are publishing a double column advertisement of the Rochester Publishing Company. The same was offered to us and we refused it because we had good reason to believe that no one who publishes the advertisement will ever receive a cent of money for it.

Better Lights.
The new system of lighting the First Baptist Church is admirable, so far as the central portion of the building is concerned, but there is not sufficient light for the seats beneath the galleries. To remedy this a committee has been appointed who will have lights arranged around the sides of the building, by which means the entire church may be well illuminated. The committee will proceed at once with the work and probably have it completed in a few days.

The Insane Asylum.
We have before us a copy of the "Annual Report of the Board of Directors of the North Carolina Insane Asylum for the year ending November 30th 1883." It presents the carefully compiled report of Dr. Grissom, the Superintendent and from this we learn that there were on November 30th 199 patients, 96 males, 103 females. The number of patients January 1, 1883 was 278, so there is a falling off of 77; 133 patients were discharged and 53 received.

Foiled.
Last night, while one of the policemen was in the vicinity of Fifth and Walnut streets, he heard some thief trying to effect an entrance to the small store on the corner of the same. He at once started to effect the capture of the thief, but the latter took the alarm and fled in a hurry, and, although the policeman gave a hot chase, managed to escape.

The Injured.
We are glad to learn that the condition of Mr. C. N. Collins, the wounded engineer, continues to improve and is entirely satisfactory.
We are also pleased to be able to state that Mr. Alexander Johnson is doing as well as could possibly be expected and that his speedy recovery is hoped for with every indication that the wish will be gratified.

Silver Plated Spoons, Forks and Knives of best quality, and at manufacturer's prices, can be found at JACOBI'S Hardware Depot.

The Sociable.
The family sociable, given last night by the Hibernian Association, was largely attended and the party was in all respects an extremely pleasant affair. There was an abundance of refreshments, good music and the young people danced to their hearts' content. During the evening the occasion was made more enjoyable by a true Irish jig danced by Mr. M. Judge. It was finely done, in our opinion, but then we were not the Judge. Dancing was continued until about 2 o'clock this morning, when the party broke up. Great enjoyment was manifested by all and there was nothing to mar the pleasure of the happy occasion.

The Modern Age.
"The Story of a Genius," the first half of which is given in *The Modern Age* for March, is certainly a very powerful piece of fiction. That powerful secret connotation known as the Fehmgericht is written of in an entertaining way by Louis Barbe; and Lady Hardy is the author of "Under the Palmetto Flag," a description of travel in South Carolina. "Nissa" is a thrilling bit of Oriental experience; and "Frau Autje" is a Dutch story. "Seven Year Sleepers" deals a death blow to a popular myth; and "The Kronprinz's Home" treats its subject in an interesting way. The prizes for the first of the "Examination Papers" are awarded in this issue, the best set of answers being sent by a Maryland lady. Boston, Chicago, Denver and Buffalo are the other prize winners.

Personal.
Mr. A. C. Huggins, Clerk of the Superior Court of Onslow county, was in the city to-day.

Mr. Hazel W. Burgwin is now in Wadesboro on a visit to his brother in law, Judge Ashe.

Mr. M. C. Toms and family, of Hendersonville, are in the city, the guests of Mr. George R. French.

We are sorry to learn that Mr. Harry Loeb, who has been ill for some time, continues quite sick and is still confined to the house.

The latest report from Mr. Eugene Wiggins is that he continues to improve and every indication is favorable for his speedy recovery.

We had a very pleasant call this morning from Mr. R. J. Dixon, who has editorial charge of the work soon to be published, entitled, "Wilmington; Past, Present and Future." He reports very favorable progress in the work.

The Vagrant Law.
The law in this State is now very strict as regards vagrants and tramps, and it seems to be pretty generally put into force in all of the cities and larger towns. Here is the provision of the law as set forth in the new Code, Sec. 3,834:
"Any person who may be able to labor and who has no apparent means of subsistence, and who neglects to apply himself to some honest occupation for the support of himself and his family; or, if any person shall be found spending his time in dissipation, or gaming, or sauntering about without employment, or endeavoring to maintain himself or his family by any undue or unlawful means, such person shall be a vagrant and guilty of a misdemeanor, and punished by a fine not to exceed fifty dollars, or by imprisonment not to exceed thirty days; and the offense shall be cognizable before a justice of the peace, who may release the party on his giving recognizance, with or without security, for his industrious and peaceful deportment for one year or less from the date thereof, or may also impose on him a punishment not to exceed that above mentioned."

Important to Hunters.
From now until the 15th day of August next it will be unlawful to shoot or hunt deer in this State as section 2, 833 of the Code will show: The following is the section alluded to:

Section 2832.—Any person who shall hunt with guns or chase with a dog, or shall kill or destroy any deer remaining wild in the woods between the fifteenth day of February and the fifteenth day of August next thereafter ensuing, unless in an inclosure surrounded by a sufficient fence at least five feet high, and where such person shall have a lawful right so to do, shall pay a penalty of fifty dollars for each offence to any person suing for the same, one half for his use and the other for the use of the public school of the school district wherein the offence is committed, and shall be guilty of a misdemeanor.

Section 2833 makes it the duty of the School Committee to prosecute, in the event that no one has brought a prior suit, and they shall cause any person so offending to be prosecuted by indictment for such offence.

Schrs. J. N. Huddell, Henderson, and Alice Borda, Dukes, cleared at Philadelphia Feb. 13th for this port.

By Rail to Fayetteville!
There are many persons here who believe that the Cape Fear & Yadkin Valley R. R. will be continued on to Wilmington, but we must confess that we are not of the number. This is the natural outlet of the road, beyond a doubt, but yet it has seemed to us for some time past that the management of that road are determined not to make a direct connection with Wilmington if it can be avoided. Still, there is no reason why an attempt at connection should not be made by our people, and it is possible that such an attempt may yet succeed. The Wilmington, Clinton & Point Caswell R. R. will probably be the medium of this connection, if it is ever made, and with this view of the matter we submit here some remarks, very pertinent to the subject, which we clip from the *Clinton Caucasian*:

The *Caucasian* has time and again called attention to the necessity of this extension. It is of vital interest to both Fayetteville and Wilmington, for the extension to be built to Wilmington, because it would pour into her lap the rich products of the West and greatly increase her importance as a shipping point to Fayetteville because it would greatly facilitate her shipments and render her position as a railroad centre and head of navigation on the most important river in the State, especially favorable to commerce and manufacture. Now let us be heard as to the route. Why not locate the extension via Clinton? We are informed that the distance is only eight miles greater to come by Clinton than it is by any other practicable route. This, of course, is an objection, but there are reasons in favor of the route by Clinton which far outweigh the insignificant increase in distance. First: The cost of the construction per mile from Clinton to Fayetteville, on account of the level nature of the country and the absence of large swamps and rivers would be much less than by any other route. Second: From Clinton to Wilmington will soon be a road way already graded and no doubt an arrangement to use the same track, mutually advantageous, could be made with the Clinton & Caswell Railroad Company. Third: The people of Sampson, collectively and individually, will give liberal aid to such a road. We know what we are talking about when we say that this county will give enough aid to more than counter-balance the increase in distance. It is plain to any one that the Yadkin Valley railroad must have a deep water terminus somewhere in the State and Wilmington is the natural outlet. We invite the railroad authorities to consider this matter.

Penetrated to the Bone.
Alderman John Baxter, Toronto, Canada, avers that St. Jacobs Oil will penetrate to the bone. I know it, for I have tried it; it hits the mark every time.

Knights of Pythias.
Messrs. John L. Dudley and W. L. Jewett of Stonewall Lodge No. 1, K. of P. and J. W. Gerdt of Germania Lodge No. 4., who left here on Monday last to attend the meeting of the Grand Lodge K. of P., which convened at Raleigh on the 12th inst., have returned. Mr. Dudley informs us that, outside of what was contained in our yesterday's report of the proceedings, very little was done except the ordinary routine business and the election of officers. The following are the officers elected to serve for the ensuing year:
P. G. C.—E. G. Harrell, Raleigh.
G. C.—W. T. Hollowell, Goldsboro.
G. V. C.—J. W. Moore, New Bern.
G. P.—J. C. Browster, Raleigh.
G. M. of E.—R. T. Scanlan, Fayetteville.
G. K. of R. & S.—John L. Dudley, Wilmington.
G. M. at A.—W. L. Jewett, Wilmington.
G. I. G.—G. M. Pavie, New Bern.
G. O. G.—E. B. Neave, Salisbury.

Criminal Court.
In the case of the State vs. W. H. Howe, Cass Hooper, and Boyser Davis, charged with larceny, which was on trial when our report closed yesterday, the arguments were concluded and it was given to the jury this afternoon, but a verdict had not been returned when our report closed.
