

HALL'S VEGETABLE SICILIAN Hair Renewer.

Seldom does a popular remedy win such a strong hold upon the public confidence as has HALL'S HAIR RENEWER. The cases in which it has accomplished a complete restoration of color to the hair, and vigorous health to the scalp, are innumerable.

Old people like it for its wonderful power to restore to their whitening locks their original color and beauty. Middle-aged people like it because it prevents them from getting bald, keeps dandruff away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beautiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.

BUCKINGHAM'S DYE FOR THE WHISKERS

The Daily Review.

SATURDAY, MARCH 15, 1884.

The Daily Review has the largest circulation, of any newspaper published in the city of Wilmington.

IN CONGRESS YESTERDAY.

SENATE

WASHINGTON, March 14.—On motion of Mr. Cameron, of Wisconsin, the Senate agreed that when it adjourns today it be to Monday next.

Mr. Plumb called up the joint resolution appropriating \$25,000 for the eradication of the foot and mouth disease.

Mr. Plumb's effort to secure the immediate passage of the resolution and to avoid protracted debate failed, upon the constitutional ground that to carry it into effect would infringe upon State rights, and upon the ground that no necessity existed for it; that the State of Kansas was abundantly able and morally bound to grapple with the evil herself. The matter occupied the session to adjournment.

The Speaker announced the appointment of Messrs. Forney and Ellis as conferees on the part of the House on the Military Academy appropriation bill.

The morning hour was dispensed with and the House went into committee of the Whole on the private calendar.

A bill granting a pension of \$2,500 a year to Septimia Randolph Meikham, the sole surviving grandchild of Thomas Jefferson, the author of the Declaration of Independence, was taken up and the favorable report of the committee on Pensions was read.

The minority report of the committee approved the bill on the ground that it provides for granting a civil pension, Jefferson's service being civil instead of military. This report, while asserting that it is a disgrace to the people that this good old lady should be in want, yet contends that Congress has no authority to vote money for charity.

The minority argued that if a pension were granted it would be only a short time before efforts will be made to pension the living children or grand-children of all Presidents.

On motion of Mr. Hewitt, of Ala., the enacting clause was stricken out—139 to 69.

The committee then rose, and the House ratified its action.

STATE NEWS.

Albemarle Observer: Captain W H Orchard, Charles F Blume and Peter Fink, of Cabarrus county, all died with in the past week. They were all good citizens. Mr Blume was 79 years old and Mr Fink 87. Capt Orchard was a prominent citizen, having been a member of the State Legislature, and Chairman of the Board of Commissioners for Cabarrus county.

Wilson Advance: Owing to the bad weather our farmers are somewhat behind in their preparations. With a few exceptions the usual large acreage of cotton will be planted and a majority will continue to keep their smokehouses in the West. We have heard no talk of planting tobacco. We believe our people are afraid of it, and prefer to plant crops, the cultivation of which they understand.

Newbern Journal: Mr. A. S. Cooke, of New York, is in the city, stopping at the Central hotel. He has been on a trip down South and reports the pea crop badly damaged by the cold. He thinks prices will rule high on account of the short crop. —One of the best Fire Insurance Companies doing business in this city has ordered all policies cancelled where the risk is on merchandise in frame ranges. The city has made two or three sickly attempts to establish a fire district and prohibit the erection of frame buildings for business within its limits, but having failed in every instance to carry out the ordinance they have finally thrown up the sponge and abolished the whole thing.

Wadesboro Times: The laying of track of the railroad which is to run from Hamlet to Gibson's store, nine miles distant was commenced last Saturday. This new road is the property of the C. C. R. R., and will be operated by them as a feeder to the main line. —Mr. W. C. Threadgill is now lying in the shadows of the unexplored future; his death is momentarily expected and no doubt before this issue of the Times is distributed through the county his soul will have left its earthly casement and passed the river to that bourne from whence no traveler ever returned. There will be many a silent tear shed over the memory of poor Bill Threadgill.

Chatham Record: The stables and two horses of Mr Mack Bryan near Lockville, were burnt last Tuesday night. Origin of the fire unknown. Bishop Lyman will visit this place and preach on Sunday (Easter), the 13th of April, and at Guilford on Monday, the 14th.

Cow peas were never before known to be so scarce about here as now. They cannot be bought at any price. Some of our citizens are feeding their cows on cotton seed meal. —A few days ago, while Mr John Baringer was dressing a stone of his mill at Lockville, a piece of the steel broke off, struck one of his eyes, and it is feared has destroyed the sight.

Winston Sentinel: Mr Isaac Shore, of Yadkinville, Yadkin county, died very suddenly at the store of Capt J E Gimer, in this city, on last Saturday. Mr Shore came into the store about 11 o'clock, a. m. and complained of feeling unwell. At his request a dose of pepper mint was given him and a bed prepared on the second floor. Mr W H Marler accompanied Mr Shore up stairs who, upon reaching the couch, threw himself across it, face downwards. Mr Marler returned to duties below and about 1 o'clock, going to look after the comfort of his guest, found him dead and lying in the exact position he had left him in an hour before. Dr R D Hay was summoned at once and gave it as his opinion that the deceased came to his death by an attack of heart disease.

If you need a real good first class cooking stove, don't fail to see the Excelsior Penn. Zeb. Vance and New Emerald, besides others. They are to be found at factory prices at JACOB'S, who is the manufacturers' agent. †

THE SUN.

NEW YORK, 1884.

About sixty million copies of THE SUN have gone out from its establishment during the past twelve months.

If you were to paste end to end all the columns of THE SUNS printed and sold last year you would get a continuous strip of interesting information, common sense wisdom, sound doctrine, and sane wit, long enough to reach from Printing House square to the top of Mount Copernicus in the moon, then back to Printing House square, and then three-quarters of the way back to the moon again.

But THE SUN is written for the inhabitants of the earth; this same strip of intelligence would girdle the globe twenty-seven or twenty-eight times.

If every buyer of a copy of THE SUN during the year has spent only one hour over it, and if his wife or his grandfather has spent another hour, this newspaper in 1883 has afforded the human race thirteen thousand years of steady reading, night and day.

It is only by little calculations like these that you can form any idea of the circulation of the most popular of American newspapers, or of its influence on the opinions and actions of American men and women.

THE SUN is, and will continue to be, a newspaper which tells the truth without fear of consequences, which gets at the facts no matter how much the process costs, which presents the news of all the world without waste of words and in the most readable shape, which is working with all its heart for the cause of honest government, and which therefore believes that the Republican party must go, and must go in this coming year of our Lord, 1884.

If you know THE SUN, you like it already, and if you will read it with accustomed diligence and profit during what is sure to be the most interesting year in its history, if you do not yet know THE SUN, it is high time to get into the sunshine.

TERMS TO MAIL SUBSCRIBERS. The several editions of THE SUN are sent by mail, postage as follows: DAILY—50 cents a month, \$6 a year; with Sunday edition, \$7. SUNDAY—Eight pages. This edition furnishes the current news of the world, special articles of exceptional interest to everybody, and literary reviews of new books of the highest merit. \$1 a year. WEEKLY—Eight pages. Eight pages of the best matter of the daily issues; an Agricultural Department of unequalled value, special market reports, and literary, scientific, and domestic news. Intelligence make THE WEEKLY SUN the newspaper for the farmer's household. To clubs of \$10, an extra copy free. Address I. W. ENGLAND, Publisher, THE SUN, N. Y. City
