IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, April 8-Mr. Call presented a petition from the Board of Trade of Pensacola, Fla., relating to the necessity of harbor improvements at that place. Mr. Call commended the petition to the careful consideration of the committee on Commerce, to which it was referred. There is a bar rapidly forming in the harbor of Pensacola, Mr. Call said, which would soon become a serious obstacle to commerce if not provided against.

The regular order at 2 o'clock was the bill to provide for a uniform system of bankruptcy throughout the United States, but it was laid aside for the naval appropriation bill. Many of the documents proposed by the Senate appropriation committee were agreed to without much debate. The provisions relating to ordnance were reached and several Senators spoke upon the lack of guns in this country of sufficient power or insufficient number to avail the United States in a contest with any one of a dozen maritine powers of the world. There was a general concurrence of sentiment that something should be done at once to provide suitable ordnance, and Mr. Hale gave notice of the amendments to be hereafter moved, appropriating a total of \$1, 750,000 for the purchase and erection of

a plant for making heavy cannon. Pending a speech by Mr. Vest upon the subject, the Senate went into executive session, and when the doors were reopened adjourned.

HOUSE OF REPRESENTATIVES. Messrs, O'Neil and Randall, of Pa., presented a resolution of the Vessel Owners & Captains Association of Philadelphia, urging an appropriation for sustaining hydrographic offices in seaport cities, and for publishing pilot charts. Referred.

The House then, as a special order, a 12 15 o'clock went into committee of the Whole, Mr. Blackburn, of Ky., in the chair, on bills relating to the Terri-

tories. A bill was passed authorizing the President to appoint a commission. to act in connection with a similar commission to be appointed by the Governor of Texas, to mark the boundary line between the Indian territory and

Also a bill requiring territorial governors to be resident of the territory to which appointed at least two years preceding the appointment

These two bills were the only measure acted upon.
