Gerald Massey has just concluded negotiations to deliver ten lectures in Australia.

A member of the Harvard class of 1883 has just been appointed a pitcher for a base ball club at \$3,000 a year.

Eggs in the New York market just now are phenomenally plenty and were sold at fifteen cents per dozen last week.

Mr. J. H. Estill, the editor of the Savannah News, has been chosen President of the Georgia Democratic Committee.

Isaac Walton, who died in New York on Monday, was a lineal descendant of Isaac Walton, much loved of fishermen.

Joseph Fisher, at Craig county, Va., 94 years old, weighs but fifty pounds, is four feet and a half high, and wears boys' boots.

Diamonds do not like to be mistaken for glass, neither do they like glass to be mistaken for diamonds. This is the reason, probably, that diamonds cut glass.

Old Col. Cash has written a letter to somebody saying that his son Boggan Cash, the murderer, is near his home and will surrender when the county Court convenes.

The steamer Bear, which is to be the advance ship of the Greely Relief Expedition, is now ready for sea and will probably sail from New York tomorrow or Thursday.

The Atlanta, Ga., Constitution (Dem.) does not see how any Southern member of Congress can object to the Educational bill, which will chiefly benefit his own section.

Iowa liquor dealers and manufacturers are getting ready to fight the new prohibitory law in the courts, and it is reported that they have retained both R. G. Ingersoll and B. F. Butler to help.

A fruit merchant estimates that from 10 to 50 per cent of the fruit shipped from foreign countries to this country is ruined on the way, the greatest loss being in oranges and the least in coconuts.

George Jones, the owner of the New York Times, denies a report that he is to retire from the active management of that journal. As his health is good he does not expect to go abroad this year.

The ship Loni Woolwich has left Philadelphia for Japan with the largest cargo of petroleum ever sent to that market in all about 95,000 cases. The Japanese, it would appear, are now using American oil for illuminating their pagodas and places of worship.

The Colorado town of Durango has material communication with the world again, after being shut in by the snow for sixty-three days. The telegraph wires have worked well all the time, and a little mail has been carried over the drifts on men's backs once or twice but it has been utterly impossible to get a train through on the one railroad, and highways have not existed at all.

There are very serious labor troubles in England, and indications of very great distress ahead. A special to the New York World dated London, 19th inst., says:

There has been no improvement during the past week in the condition of shipping. The depression amounts almost to a paralysis, and the destitution and suffering of unemployed men are on the increase. Public subscriptions are being organized at Newcastle-on-Tyne, at Liverpool, at Shields and at Sunderland for the men.

The engineers who are on a strike at Sunderland issue a new protest, in which they say that the employers refuse to meet them for a conference and decline to discuss any basis of settlement of the differences between them. They say that this is an evident attempt to force them into an unconditional surrender, and they appeal to the trades unions of Great Britain to stand by them.

The boot and shoe traders of London have joined the army of strikers and unemployed and are making a general demonstration against the system of piece-work now prevailing. The prospect is that this strike will involve the entire shoe trade and will become general throughout England. The London workmen have sent out delegates to the provinces, who are trying to induce a general cessation of work.

Now is the time to give Smith's Worm Oil.

The receipts of cotton at this port to-day foot up 21 bales.

The seventh annual meeting of the Bellevue Cemetery Company will be held on Friday evening next.

Attention is invited to the new advertisement of Miss E. Karrer, as it appears in this issue.

Col. Burr's recent contribution to the Raleigh Register, about New Hanover county and Wilmington, appears on the third page of this issue.

The thanks of "ye local" are due for an invitation to attend the ball of the Howard Relief Fire Engine Co., No. 1, to be given at Germania Hall to-night.

It is this weather should continue a day or two longer, the farmers might as well prepare to plant their corn for the second time, as that which has been planted will be sure to rot.

We invite the attention of our citizens to the fact that first quality shirts are being made to order at one dollar at the Wilmington Shirt Factory.

The indications this morning were that Summer clothing might possibly be in demand in the "Sweet by and by," but not at present. Overcoats and gloves were the popular and correct things to-day.

Thanks to all of the kind friends who sent in to us to-day the copy of the South Atlantic for May, as asked for by us yesterday. The poem was copied and the book returned before 10 o'clock this forenoon.

Rev. G. U. Wenner, of New York City, will reach here to-night, on his way from Charleston, S. C., to the former city, and will preach at St. Paul's Evangelical Lutheran Church at half-past eight o'clock.

Quite a large number of passengers, on their way from Florida to their Northern homes, stopped at the Purcell House last night for a night's rest, before continuing their journey. They left on this morning's train to pursue their journey.

Interesting to Fishermen: The celebrated "Fish" Brand Gilling thread is sold only at JACOBI'S. He is the Importer's Agent.

Escaped.
Sam Williams, colored, a convict turned out the recent term of the Criminal Court, and sentenced to 12 months in the County House of Correction, made a dash for liberty yesterday, while he was at work with others under charge of an armed guard, and succeeded in making good his escape. Mr. Savage offers in this issue a liberal reward for his apprehension.

Delegates to Convention.
At a meeting of the Vestry of St. John's Church, held last night, the following were elected delegates to the General Convention of the Diocese, which is to meet at Washington, May 14th:
Delegates—Josh T. James, S. L. Fremont, W. H. Green, Walter G. Rutland. Alternates—Gabriel Holmes, Jno. J. Fowler, O. P. Meares, Jr., Jno. E. Lippitt.

St. James and St. Paul have not yet elected, and the names of the delegates from St. Mark's were published by us last week.

City Court.
Andrew Robertson, colored, was brought before the Mayor this morning charged with disorderly conduct last night, and was fined \$3 for the offense.
Henry McNeill, also colored, was next brought up on the same charge and was fined the same amount.
August Tobijohn and August Frinck, two German sailors, got into a fight in the "Hollow" last night, and were proceeding to pummel each other in a hearty sailor fashion when officer Woebe took them in tow and saw them safely docked in the guard house. Their fun cost them \$3 each this morning.

If you need a real good first class cooking stove, don't fail to see the Excelsior Penn., Zeb. Vance and New Emerald, besides others. They are to be found at factory prices at JACOBI'S, who is the manufacturers' agent.

Delegates Elected.

The Church Council of St. Paul's Evangelical Lutheran Church held a meeting yesterday and elected the following as delegates to Synod, which will meet at Ebenezer Church, in Rowan county, on the 30th inst. Principal—J. W. Doscher. Alternate—Henry Haar.

Phosphate Rock.

Some of the phosphate rock recently discovered in Duplin and Sampson counties has been pronounced very rich in those properties which make it valuable as a fertilizing agent. There is a good deal of interest manifested in those counties on the subject and explorations are still in progress. In consequence of the discovery lands have materially advanced in many localities and those who offered to sell last year at certain figures would hardly entertain any proposition to buy, even at an advance three times as large as the former asking price.

Excelsior.

Such is the name of a new steam propeller yacht which has just been completed at the lumber yard of Mr. J. W. Taylor, and which made her trial trip this afternoon. The Excelsior was built for Capt. R. P. Bowdoin, who intends her for a freight and passenger boat on the Northeast and Black rivers. She is 75 feet long, 13 feet beam, with 3 1/2 feet depth of hold and is of 33 tons gross. She will run when light in 12 inches of water and is supplied with a patent propeller which can be raised or lowered as the depth of water may require. Her engine is 25 horse power and she is supplied with steel boilers. She is built of unipiper throughout and can average about 7 miles per hour. Several of our citizens went with her on her trial trip, which was to the bridge at the Navassa Guano Works and return. She is a neat looking craft for one of her size and we hope that she will prove a profitable investment to her owner.

Supreme Court.

The following cases were disposed of on Monday in this court:

E. L. McCormac et al. vs. Board of Commissioners of Robeson county, from Robeson; appeal by both plaintiffs and defendants, argued by John D. Shaw for the plaintiffs, and Thomas A. McNeill for the defendants.

J. H. Caldwell et al. vs. Commissioners of Robeson county, from Robeson; argued by J. D. Shaw for the plaintiffs, and T. A. McNeill (by brief) for the defendants.

State vs. S. M. Leak, from Richmond; motion to withdraw appeal allowed.

H. S. Ledbetter vs. Stephen Quick, from Richmond; argued by J. D. Shaw for the plaintiff, and Strong & Smedes for the defendant.

Roper & Roper et al. vs. Town of Laurinburg, from Richmond; argued by J. D. Shaw for the plaintiffs, and Strong & Smedes for the defendants.

A. M. Long vs. John A. Long, from Richmond; to be dismissed on agreement of counsel.

State vs. Alexander Edwards, from Cumberland; argued by attorney-general Kenan for the State, and J. W. Hinsdale (by brief) and T. P. Devereux for the defendant.

The justices delivered opinions, in causes heretofore argued, as follows: Gilbert Patterson, executor, vs. Robert Lilly et al., from Richmond; no error; judgment affirmed.

May Murrill et al. vs. A. J. Murrill et al., from Onslow; error, decree of court below set aside and decree directed according to former opinion of this court.

State vs. G. H. Crumpler, from Cumberland; error; cause remanded for judgment to be pronounced according to law.

Mary C. Medley vs. Dunlap & Little, executors, from Anson; error; judgment reversed and judgment for the defendants.

Alexander Jackson vs. McLean & Leach, from Robeson; no error; appeal dismissed.

S. A. Young vs. B. T. Barden et al., from Columbus; no error; judgment affirmed.

State vs. Stephen Royal, from Cumberland; no error.

A. McA. Council et al. vs. W. H. Averett, from Bladen; no error; judgment affirmed.

D. L. Saylor et al. vs. B. F. Powell et al., frs Anson; no error; judgment affirmed.

R. McMill vs. Commissioners of Robeson county, from Robeson; no error; judgment affirmed.

For fifty cents a free circulation of the blood and healthy kidneys. Try St. Jacobs Oil, it will cure.

Board of Aldermen.

The Board met at the City Hall last night at 8 o'clock. Present—Mayor Hall and Aldermen DeRosset, Boney, Bear, Chadbourne, Sweet and Howe.

The Mayor stated that the object of the meeting was to consider and act upon a tax ordinance for the ensuing year.

The Finance Committee reported amendments to the tax ordinance.

An amendment authorizing the collection of license taxes annually in advance was rejected, after a prolonged debate.

Alderman Bear then offered the following:

Resolved. That the time and method of the collection and payment of taxes shall remain the same as set forth in the tax ordinance of 1883.

On this the ayes and noes were called for by Alderman Boney, resulting as follows:

Ayes—Aldermen Boney, Bear, Sweet and Howe.

Noes—Aldermen DeRosset and Chadbourne.

Adopted.

Several sections of the tax ordinance were then considered; when, on motion, the Board adjourned until Monday evening next at 8 o'clock.

Personal.

Bishop Watson left last night for New York, for attendance on a council of the House of Bishops of the Episcopal Church. He was summoned yesterday by telegraph.

Mr. E. J. Hale, of the Fayetteville Observer, is in the city to-day and gave us a pleasant call this afternoon.

Dr. John H. Freeman and Mrs. Freeman returned to the city this morning after a two weeks' visit to Florida and to relatives in Thomasville, Ga. They went as far South as Ocala and Dr. Freeman says the half has never been told and never will be told relative to the boom under which that wonderful State is now blooming.

We are glad to hear from Dr. Freeman some pleasant reports in regard to our former townsman, John L. Holmes, Esq., who is located at Jacksonville. Mr. Holmes has now all of his family with him, except a married daughter residing in this section, his health has improved and he has already secured a good practise. His sons are in good situations in Jacksonville.

An Experience at Wilmington.

Under this caption Mr. D. O. Kidder, the gentleman from Boston who stopped here a few weeks ago on his way to Florida with an invalid daughter and whose further progress South was sadly arrested by the death of the young lady at the Purcell House, has written the following handsome testimonial in the columns of the Boston Courier:

MR. EDITOR:—As I have heard statements somewhat uncomplimentary regarding the experience of strangers at Wilmington, N. C., will you allow me a brief space in your valuable columns to relate my own experience during a sojourn in that city?

Travelling towards Florida with an invalid, I was compelled to stop there for rest; with some trepidation, I confess, as I was strongly advised by a fellow traveller not to do so, but illness obliged us to remain. We went to the principal hotel, and after a short time, the weakness of the invalid increasing, I sought the advice of a prominent gentleman in regard to a physician. He recommended one who not only proved a skilful adviser, but an exceedingly kind friend, and from this time until our departure we were the recipients of the utmost kindness and hospitality. The tables in the room of the invalid were all the time covered with beautiful flowers sent by the ladies of the city who also sent her every delicacy to tempt the appetite of the patient, and who also called frequently upon us, and kindly offered their services in every possible way. The gentlemen were also extremely solicitous for our welfare, tendering the use of their carriages and endeavoring in every way to promote our comfort.

The proprietor of the hotel did everything in his power for our comfort, procuring every delicacy possible to be obtained, and telling us to call upon him at any time, day or night, and both his lady and himself would respond with pleasure. The illness terminated fatally, and if possible, the kindness already experienced was increased, and the tenderest sympathy was extended to us by all a beautiful floral tribute was sent by the lady of the proprietor of the house, and the proprietor would not allow the casket to be removed by the servants, but procured the kind services of several gentlemen of the city who tenderly carried it from the hotel to the hearse, accompanied it to the depot, and placed it on the train.

Such, sir, was my experience in the recently derided city of Wilmington. Verily, we were strangers and they ministered unto us.

It will interest the travelling public to know that a new hotel, first-class in all its appointments, is soon to be erected at Wilmington, the funds for which being already provided, it only remains to select a suitable location.

The Fire Laddies.

The Howard Relief Fire Engine Co. No. 1, paraded this forenoon, starting from their engine house on Fourth street at 10:30 o'clock, with 30 men in the ranks. The men wore for the first time their new uniforms which have recently been made for them in New York, and presented a fine appearance. From the engine house they marched down Fourth street to Orange; down Orange to the residence of their foreman, Mr. A. Adrian, whom they saluted with three rousing cheers. Thence they proceeded down Orange to Front, our Front to Dock and down the latter street to the river, where they halted and passed some little time in engine practice. They played through 200 feet of hose and 1 1/2 inch nozzle, with from 60 pounds to 80 pounds of steam, and threw a stream 190 feet by actual measurement. After concluding their engine practice the company returned to their hall where a bountiful collation had been prepared for them and of which they partook with a relish sharpened by the exercises of the preceding hours. The appetites having been satisfied by the tempting viands before them, speeches, songs, jokes and stories became in order with many, while others returned to their homes or places of business.

To-night the company will give a ball at Germania Hall at which the Italian harpers will furnish the music, and which will undoubtedly be well attended by noble firemen and, as a matter of course, by a galaxy of beautiful ladies, without which it would be a mournful bowl instead of an elegant ball. The gallant firemen of the Howard Relief have ever proved themselves ready and efficient in any ordinary conflagration, but the loving glances and sweet smiles of beautiful ladies can light a flame which they cannot extinguish.

The company is sadly in need of greater accommodations in their engine house and hall, as the membership is constantly increasing, and the rooms are now too small for convenience in the transaction of business. It was never in a more prosperous condition than it is at present; it is an honor to its members, a blessing and necessity to our city and we should do all in our power to manifest our appreciation of its self-sacrificing services.

From Charlotte.

Mr. J. B. Magill, chief engineer of the Charlotte Fire Department, and Mr. J. A. Bixby, one of the Aldermen of Charlotte, were in the city yesterday and passed a good portion in examining the working of our Fire Department. They called upon Capt. C. D. Myers, Chief of the Wilmington Fire Department, who took much pride and pleasure in giving them every desired information. During the day they visited the Little Giant engine house, where they witnessed the workings of the "drop" harness, at which they seemed both astonished and delighted. They were introduced to Mayor Hall and quite a number of the prominent officers and members of our Fire Department, who did all they could to make the visit pleasant and instructive. The main object of the gentlemen, however, in visiting our city, was to see if they could not induce our Fire Department and Military to visit Charlotte and participate in the anniversary celebration of the Mecklenburg Declaration of Independence on the 20th and 21st of May next. The invitation was extended some weeks since, and the visiting gentlemen hoped to arouse action in the matter, but as one of the fire companies has made arrangements to go to Newbern and the other to go to Charlotte, during the Summer, they will hardly be prepared to attend the Mecklenburg Celebration.

The Pavement.

The paving of North Water street has been completed its entire length, although there are a few places where some changes will have to be made in order that the gutters may be able to carry off the water so that the sidewalks may not be flooded. This latter work has nearly all been completed; the remainder will be finished in a day or two. The flagging on the sidewalks has not yet all been laid, in consequence of which the pedestrians are put to some inconvenience, but we presume this important matter will be finished in a few days when the street will be all that can be desired.
