

FROM THE PRESIDENT

OF BAYLOR UNIVERSITY.

"Independence, Texas, Sept. 25, 1882.

Gentlemen:

Ayer's Hair Vigor

Has been used in my household for three reasons:—

- 1st. To prevent falling out of the hair.
2d. To prevent too rapid change of color.
3d. As a dressing.

It has given entire satisfaction in every instance. Yours respectfully, WM. CAREY CRANE."

AYER'S HAIR VIGOR is entirely free from uncleanly, dangerous, or injurious substances. It prevents the hair from turning gray, restores gray hair to its original color, prevents baldness, preserves the hair and promotes its growth, cures dandruff and all diseases of the hair and scalp, and is, at the same time, a very superior and desirable dressing.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists.

Jan 1 1884

FITZ-EDWARD ON SHIRTS!

A shirt is a very humble garment, but after all it has a great deal to do with a man's happiness. What misery arises from an ill setting bosom, a bad-fitting neckband, an uncomfortable yoke, or sleeves too short or too long. But now I will be comfortable and happy, I have found the shirt that always fits—"The DIAMOND."

If your dealer does not keep it, send his address to Daniel Miller & Co., sole manufacturers, Baltimore, Md.

apl 14 3m1

Administrator's Sale.

BY VIRTUE OF A DECREE OF THE Superior Court of New Hanover County in a cause pending between James F. Gause, Administrator of Richard H. Grant, plaintiff, and Malvina A. Grant and others, defendants, the undersigned will at 11 o'clock, A. M. on Monday, the 5th day of May, 1884, at the Court House door in the city of Wilmington, expose for sale to the highest bidder, the following lands: A lot of land situated in the city of Wilmington, being the West half of lot No. 3 in block 117, according to the plan of said city, fronting 66 feet on the East side of 117th street, and running back the same width 163 feet, on which is situated a dwelling containing 6 or 7 rooms, and the necessary outbuildings. A tract of land on Wrightsville Sound, in said county, beginning on the North side of Lee's Creek at the mouth of a gully or ditch and running thence North 2 1/2 degrees West 3 chains, 5 links to a road, thence North 71 degrees West 1 chain, 51 links with the road, thence North 22 degrees East 31 chains, thence South 39 degrees West 27 chains, 22 links to the mouth of a branch emptying into Lee's Creek, and thence down the said Creek to the beginning, containing about 110 acres, and being well known as the former summer residence of the late Richard H. Grant.

Terms—One third cash, balance in 6 and 12 months from day of sale. Purchasers to give notes for the deferred payments drawing interest from the day of sale at 5 per cent.

The Daily Review.

FRIDAY, APRIL 25, 1884.

The Daily Review has the largest bona fide circulation of any newspaper published in the city of Wilmington.

IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, April 24.—Among the petitions presented and appropriately referred were the following:

By Mr. Frye, of Maine, from the Governor, Executive Council, Secretary of State and other citizens of Maine, praying that Congress may appropriate money in aid of the Cotton Exposition at New Orleans.

The Chair laid before the Senate a communication from the Attorney General, requesting that immediate provision be made by a joint resolution of Congress for the payment of jurors and witnesses for the United States courts. The sum recommended is \$60,000. The Attorney General states that the courts are in session all over the country, and there is no money to pay jurors or witnesses.

The bill amending the Revised Statutes, relating to trespassers on the Indian lands, was read a third time and passed. It adds imprisonment to the fine already provided for.

At two o'clock the chair laid before the Senate the unfinished business; being the bill to provide for a bureau of animal industry, and to suppress the cattle disease.

Mr. McPherson moved to recommit the bill. Mr. Plumb addressed the Senate in reply to the objections made to the bill and in opposition to the motion made to recommit.

The remainder of the session was consumed in debate between Messrs. Ingalls and McPherson on the pending bill. Finally, Mr. Jones, of Fla., took the floor, but gave way to a motion that the Senate go into executive session. After a few minutes spent in executive session, the doors were reopened and the Senate adjourned.

HOUSE OF REPRESENTATIVES.

At the conclusion of the call of committees, the House went into committee of the Whole. Mr. Converse, of Ohio, on the chair, for the consideration of the Senate amendments to the Naval Appropriation bill.

Mr. Wilson gave notice that tomorrow, at 2 o'clock, he would call up, in order to move its reference to committee and make some remarks on the subject involved, his bill on inter-State commerce.

No opposition to the recommendation of non-concurrence was made until the amendment appropriating \$400,000 to complete the ordnance outfit of the new cruisers was reached, when Mr. Blackburn moved concurrence. He would vote, he said, for non-concurrence in all the Senate amendments except this one. This amendment had been put on in the Senate on motion of the Senator from his own State. The Government had begun the construction of four vessels costing in the aggregate \$3,000,000, and the amendment simply proposed to provide for an armament to put on those ships. He had not voted for the construction of those vessels; he had not favored it; but with \$3,000,000 invested already he was not willing to go before the country as refusing to appropriate \$400,000 to make these ships efficient.

Mr. Blackburn's motion was agreed to, and Mr. Randall gave notice that he would demand the eyes and nays in the House.

Mr. O'Neill, of Pa., moved to concur in the amendment for additional cruisers with an amendment providing that at least three of the vessels shall be constructed in United States navy yards. Upon this motion another long and acrimonious political debate arose, which ended in the defeat of the motion, and the remainder of the Senate amendments were non-concurred in.

The committee then rose and the House agreed to its report on concurrence in the ordnance amendment.

Mr. Kasson withdrew the point of order which had sent the postoffice appropriation bill and Senate amendments to the committee of the Whole, and the House proceeded to their consideration. The amendments were non-concurred in.

EXPOSITION NOTES.

What is Being Done at Headquarters in the Interest of the Great Display.

Very busy men are president Primrose and secretary Fries, of the State Exposition. The burden of correspondence is becoming a heavy one, and many dozens of letters are daily received from all parts of the country. These in the main are inquiries as to all possible matters in connection with the exposition. So numerous are the letters that this week a stenographer and typewriter will be put at work to dispose of them, and will be used until the close of the exposition.

The main building will, as has been stated, have four court-yards in the interior, one at each angle. These are each 100 feet 6 inches square. Two will be utilized, one for the display of machinery other than saw mills, the other for agricultural implements. A little distance from the main building will stand the boiler house, 40x60. A shed, 100x150 feet, will be erected at a little distance, for the special display of saw mills.

Great numbers of applications for special displays of machinery are being made. A lithographic press will be shown in operation.

Lithographs of the main building are being prepared, giving a bird's-eye view, showing their perspective, the arrangements of the courts, &c. These will soon be upon posters and circulated in all parts of the State. An application has been received from Mrs. Frank Leslie for photographs of the building and also of president Primrose and these will soon be sent for publication in the "Illustrated Weekly."

Knabe & Co., of Baltimore, propose to make an elaborate display of pianos, the finest ever seen in the State.

Space has been given the State agricultural department for its distinctive display. The southeast section of the building is thus given, containing 12,848 feet of clear space. In this the superb collection of products, etc., of

the State will be shown to great advantage. It will be larger than the now famous collection shown at Boston. All the articles shown at Boston, as well as all the department of agriculture can gather from this time until the opening day of the exposition, will be shown in the most attractive style. Commissioner McGehee and Secretary Wilson will spare no pains in their endeavors to make this part of the exposition a miracle of completeness.

The factories and manufacturing establishments of the State will be well represented. Cotton spinning and weaving, blanket-making, shoe-making, tobacco and cigar manufacturing and dozens of other manufacturing features will, it is understood, be illustrated in operation.

To sum up in a few words—no State ever attempted to make such a display and the completeness and value of this one bid fair to more than equal its novelty.

STATE NEWS.

Newbern Journal: The Greenback party of this section will not be gobbled up by the Liberal movement or any other just now. Although invited to attend the convention at Raleigh, they will not do that or anything that surrenders their organization.

Snow Hill Telegraph: The corner stone of St. Barnabas Episcopal Church was laid on last Saturday, in the afternoon, owing to the inclemency of the weather in the morning. Rev. Mr. N. Harding preached the sermon. Rev. Mr. Israel Harding conducting the services.

Greenville Reflector: A protracted meeting has been held in the colored Methodist church in this place for the past several weeks. Rev. A. York, the pastor, has been assisted by Rev. B. R. Glass, of Tarboro. The meeting closed last Sunday and resulted in thirty conversions and nineteen accessions to the church. Fourteen were baptized Sunday morning.

Chatham Record: A white man in Bear Creek township, named Bryant Hillard, in a paroxysm of anger struck his three months old infant so violent a blow on the head that it is expected to die. He is now being out to evade arrest.—Mr. G. D. Hill, of this place, has a hen that is said to be thirty years old and still lays eggs, but they have no shell like other hen-eggs, being covered with a thin skin-like substance.

Charlotte Observer: Jim Lee is a young white man employed as flagman on the Air Line Railroad. Jim had a sweetheart, but she gave him the bounce, and he looked lovingly to a bottle of laudanum as his only solace. At Central, he switched off from his train, sought a secluded spot and traded the bottle of laudanum to his lips, absorbed its contents and lay down to die. Somebody discovered this condition, however, and between beating and pounding and dragging him about, they finally made him conclude to live. No doubt Jim will make a better man of himself now, and will find another girl who will make him happy in the sugary bye and by.

Durham Herald: On the evening of the 9th of April fire was discovered in the roof of Mr. Lurie Nichols, residence, five miles from Durham, on the Hillsboro and Fish Dam road. It was soon evident that there was no chance to save the house and every energy was bent on moving the furniture. All the furniture in the lower part of the main building was saved, but that in the cook room and dining room was lost. Just one week from the fire our friend moved into a new four room two story house which had been built by his neighbors. It is indeed pleasant for a man to know he is surrounded by such neighbors. Mr. Nichols' loss is estimated at \$1,500, and during the fire he was badly burned.

Shrier's Suggestion.

TAKE GOODS HOME, EXAMINE THEM CRITICALLY IN ALL PARTICULAR points, such as material, make up, style of garment, and above all, price, which tells who sells the cheapest. We have been victorious in every instance where goods from competing houses have been sent home for comparison. We do it every day, and advise you to try it once to convince yourself.

Only last week a prominent business man in this city had a suit sent to him home from different houses, with one from us among them; he kept our suit and remarked: "I do not know much about clothing, but it did not take me long to decide after I had them together at home, but if I had not had them together I might have paid from \$5 to \$8 more for my suit."

We handle all grades of goods, guaranteeing every article worth what we pay for it or money refunded. After one trial you will say, as thousands have said, it pays to trade with
