Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approval in its own city, state, and country, and among all people, as

**Ayer's Sarsaparilla.**

The following letter from one of our best-known Massachusetts Druggists should be of interest to every sufferer:

**RHEUMATISM.** Eight years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress without help. I tried several remedies without much if any relief, until I took AYER'S SARSAPARILLA, by the use of two bottles of which I was completely cured. Have sold large quantities of your SARSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public.

River St., Buckland, Mass., May 13, 1882.

**SALT RHEUM.** GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. His ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SARSAPARILLA. See certificate in Ayer's Almanac for 1883.

contains an antidote for all malarial disorders which, so far as known, is used in no other remedy. It contains no Quinine, nor any mineral nor deleterious substance whatever, and consequently produces no injurious effect upon the constitution, but leaves the system as healthy as it was before the attack.

**WE WARRANT AYER'S AGUE CURE** to cure every case of Fever and Ague, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Bilious Fever, and Liver Complaint caused by malaria. In case of failure, after due trial, dealers are authorized, by our circular dated July 1st, 1882, to refund the money.

The Daily Review has the largest and finest circulation of any newspaper published in the city of Wilmington.

**IN CONGRESS YESTERDAY.**

**SENATE.**  
WASHINGTON, May 28.—Among the bills reported favorably from committees, and placed on the calendar, were the following:  
By Mr. Hoar, from the committee on Claims, to reimburse the several States for the interest paid on war claims.  
Also—to require payment in cash to the State of Georgia of \$355,542, appropriated for said State by an act passed last year, to refund certain money expended by that State in the common defence in 1777.  
Mr. Voorhees, while favoring the bill, objected to its immediate consideration, in deference to the pressing claims of the Mexican Pension bill.  
On motion of Mr. Harris the Mexican Pension bill was then taken up. The pending question was upon Mr. Logan's motion to strike out that part of the amendment proposed by the Senate Committee, limiting pensions to ex-soldiers and ex-sailors who are dependent in whole or in part on their own labor, or on assistance from others.  
At 2 o'clock the Utah bill was entitled to come up for consideration, but Mr. Hoar stated that a strong desire existed for the passage of the Mexican pensions bill, and as he understood that Southern Senators desired to speak on the Utah bill, and there was no possibility of getting that bill through before Friday, he would not, at least for to-day, interfere with the pension bill.  
Debate on the Mexican pension bill was accordingly continued by Messrs. Logan, McPherson, Sherman, Call and others.  
Mr. Logan was opposed to giving any pension to soldiers of the Mexican war who afterward fought in the Confederate army.  
Mr. Maxey regretted that the pauper clause had been proposed to the bill. He was opposed to it, and asked how the line could be drawn.  
Mr. Morgan, in expressing the hope that the bill would pass as it came from the House, delivered an eloquent eulogy on our Army, which, he said, had never been defeated. It had added, continued, 250,000,000 acres of the territory of an empire—to this Republic, yet we were here dicker with the poor Mexican soldier as to whether we should give him the paltry sum of \$8 a month unless he went down on his knees and begged for it, and produced a certificate of his poverty. The Senator expressed himself as mortified and disgusted at the present prospects presented by this debate.  
Mr. Ingalls moved to lay on the table the amendment proposed by the Senate committee, restricting pensions to those who depended on their labor. The motion was agreed to, and the amendment was laid on the table—yeas 40, nays 20.  
One clause of the bill, as it came from the House repeals the section of the Revised Statutes, that prohibits pensions to soldiers who engaged in the rebellion against the United States, but limits repeal to cases coming under this act. The Senate committee recommended striking out the limitation, but the Senate, on motion of Mr. Ingalls, by a vote of 35 yeas to 29 nays, laid the amendment on the table. Several other amendments were offered and tabled; some of them ironical and sarcastic, and others with the evident purpose of overloading and killing the bill.  
Pending debate the Senate at 6:20 P. M. adjourned.

**HOUSE OF REPRESENTATIVES.**  
The morning hour having been dispensed with, there was a struggle for precedence between the Legislative and River and Harbor Appropriation.  
The Legislative bill was successful, and at 11:30 the House went into committee of the whole, Mr. Cox, of New York, in the chair, for its consideration. The amount appropriated is \$50,737,876, being an increase of \$28,190,000 over the appropriation for the current year, and \$388,636 less than the estimates.  
Mr. Holman, of Indiana, briefly explained the provisions of the bill, stating that the only changes from the existing law which they contained, was the one reducing the number of internal revenue collection districts from 84 to 73, and the one increasing the force in the Pension Office.  
Mr. Thompson, of Ky., favored the abolition of the entire present system for the collection of the internal revenue taxes, and granting to the Secretary of the Treasury power to consolidate collection districts.  
The bill was debated for some time and then read by paragraphs for amendment. The paragraph specifying the committees of the House which shall be entitled to annual clerks gave rise to a good deal of discussion, and it having been passed from Mr. Belford, of Col., offered an amendment granting every member a private clerk. Ruled out on a point of order. Mr. Belford then offered an amendment providing that in conformity with civil service reform principles, no committee clerk shall perform any service of a clerical or other character for any member of the House, and rendering him liable to removal for violation of this proviso, and subjecting to censure, fine and imprisonment, at the discretion of the House, any member requesting or permitting such service. This was adopted amid a good deal of merriment.  
After completing the consideration of 13 of the 96 pages of the bill, the committee rose.  
Mr. Dibrell, of Tenn., submitted the conference report on the Agricultural Appropriation bill, and it was adopted.

**CHARLOTTE OBSERVER:** An interesting bicycle race has been arranged to come off shortly at the park course between Will Pharr, the champion wheelman of the South, Thorwell Gilmer and Will Maxwell. Pharr is to run against both on a three mile stretch, the first opponent being allowed to ride one mile and a half, and the second then taking his place and coming in fresh, Pharr keeping on a straight run in the meantime. If Pharr wins this race he may as well buckle on the belt and keep it.

**LENOIR TOPIC:** The storm of Monday last week, which consisted of a heavy rain, a hurricane and a slight fall of hail in Lenoir, assumed larger proportions in other parts of the county. Beginning in the northwest and extending over a narrow strip in a southerly direction, the storm of wind was tremendous, blowing down trees and fences, and was accompanied by an unprecedented fall of hail, which destroyed the foliage of the trees and did great damage to wheat crops and vegetables.

**FARMER & MECHANIC:** A shooting scrape occurred in Northern Wake recently. A man named Pulley, of some note in connection with counterfeiting charges, borrowed a negro's gun on pretense of shooting hawks, and having drawn the small shot, re-loaded with larger, and waylaid a man named Gib O'Neal. Confronting him in the path, and heaping curses upon him, he fired the whole load into O'Neal's thigh. The latter drew his pistol and fired several shots at Pulley, who fled, though not in time to escape one or two flesh wounds. O'Neal pursued until he fell from weakness. Neither are dangerously hurt. Woman in the case, of course.

**FLIZABETH CITY FALCON:** Mr. H. L. Hart, a fine-looking gentleman of fifty or so, hailing from Palatka, Florida, and Miss C. Thompson, of Boston, a handsome lady of say 35 Summers, were made man and wife in this town last week, through the kind offices of Rev. O. C. Horton. The groom was also a resident of Boston, we hear, but had been spending some time in the Lad of Flowers. Being matrimonially inclined, the parties met by agreement at Old Point for the purpose of consummating their happiness, but they were not altogether pleased with the Virginia marriage laws. So they took the train for Elizabeth City, and upon arrival repaired at once to the office of Register Brothers. Having examined the law thoroughly (and the bride-elect read it through very carefully) they at once set about the business on hand, which was dispatched in the neatest manner.

**NEWS AND OBSERVER:** Thomas Ruffin Brown, of Backhorn township, Harnett county, was killed by lightning at 7:30 P. M., the 24th inst. Mr. Brown leaves a wife and nine children to mourn their loss.—The rain last evening was very heavy on the line of the Raleigh and Gaston railroad, and in a few moments the track was submerged in half a dozen different places between Cedar Creek and Youngville, and the evening up-train was obliged to stop several times.—Probably Raleigh is the only place in the United States where local railroad fares are cheaper than through fares. A through ticket to Baltimore costs \$11.45, but a ticket to Portsmouth costs \$6.70 and from Portsmouth to Baltimore \$3, making the total cost \$9.70.—Parties of farmers from the North on a prospecting tour, are to be seen daily on the cars. Tuesday evening a party of five farmers from Pennsylvania came to this city on their way to Charlotte to look at lands in that vicinity, and a retired clergyman from the same State came to Ridgeway, accompanied by his

The Democrats of Cumberland in Convention—Col. Green Unanimously Endorsed.  
FAYETTEVILLE, N. C., May 27th, '84.  
EDITOR REVIEW:—The Convention was called to order by W. C. Troy, Esq., who explained the object of the meeting and called Mr. Joseph A. McArthur to the Chair. Mr. E. J. Hale, Mr. Joseph Evans and Mr. Wm. Alderman were elected Secretaries.  
Mr. Geo. M. Rose moved that the various townships be called to ascertain the representation, which resulted in a full delegation from each of the townships.  
Mr. Geo. M. Rose moved that the Convention ratify the nominations made by the townships, which was carried.  
Mr. W. C. Troy moved that the County Convention for nominating various officials be held the last week in August. Mr. Rose was in favor of a short and active campaign, and moved that the time be fixed for the 27th of September, which was carried. The original motion of Mr. Troy was then passed. Mr. Troy also moved that the primary meeting be held the 30th of August, which was carried.  
Mr. Geo. M. Rose addressed the meeting upon the question of instructing the delegates to the State and Congressional conventions. Mr. Rose said he was not, as a general rule, in favor of instructing delegates to conventions, but after paying a glowing tribute to Hon. Wharton J. Green, the present Representative in Congress, he moved that the delegation of Cumberland be instructed to vote for Col. Green, at Burgaw, which was carried by a rousing unanimous vote.  
Mr. Dan Hugh McLean, of Harnett, was called upon, who made a stirring speech endorsing the sentiments expressed by Mr. Rose, instructing the delegation to support Col. Green. Mr. McLean paid a very handsome compliment to Col. Green and said he felt sure he could pledge his section for him. Both Mr. McLean and Mr. Rose were opponents of Col. Green at the Warsaw convention which nominated him and both said that they congratulated North Carolina that she had one of the best and most enterprising Representatives in Congress, he moved that the delegation of Cumberland be instructed to vote for Col. Green, at Burgaw, which was carried by a rousing unanimous vote.

**Newbern Journal:** Messrs. Watson & Daniels received from Cape Lookout yesterday a sun fish—Pompona—which weighed thirty-six pounds, the largest ever seen in this market. When it is remembered that the ordinary size of this fish weighs about five pounds, we will be excused for calling this a very large one. It is said to be a very fine fish. This one was shipped north.
