### Vital Questions!!!!

Ask the most eminent physician Of any school, what is the best thing in the world for quieting and allaying all irritation of the nerves, curing al forms of nervous complaints, giving natural, childlike refreshing sleep always?

And they will tell you unhesitatingly "Some form of Hops!!!" CHAPTER I.

Ask any or all of the most eminent physicians:

"What is the best and only remedy that can be relied on to cure all diseases of the kidneys and urinary organs; such as Bright's disease, diabetes, retention, or inability to retain urine, and all the diseases and ailments peculiar to Woman"-

"And they will tell you explicitly and emphatically "Buchu!!!"

Ask the same physicians

"What is the most reliable and surest cure for all liver diseases or dyspepsia; contipation, indigestion, bilionsness, malaria, fever, ague, &c.," and they will tell you :

Mandrake ! or Dandelion !!!!" Hence, when these remedies are combined

hit no disease or ill health can possibly exist

or resist its power, and yet it is Harmless for the most frail woman, weakest invalid or smallest child to use.

### Rested Her Head.

There was'a social gathering at a Rockland house the other evening, and among those present was a young man from Boston, who had come down for a season to rest his intellect, and during the evening he corraled a pretty girl in one corner of the room, and laid him-self out to talk her dizzy, and impress her with a becoming sense of his supe-perior style. He rattled along for an hour or two about himself, the girl now and then improving a chance to 15c. Quick, complete cure. Hard or put in a monosyllable, and the young oft corns, warts, bunions - eod man thought she was getting tolerably awed, when the father bore down on the pair and anxiously exclaimed: "See here, Maria, you be careful— you really must. ### Is Your Blood Pure?

Now this is an important question, for without pure and wholesome blood without good health life is a mere bur den and a waste. For impure blood the best remedy known is ROSADAL-IS. It is the great Southern time tried and true Remedy, and may be implicit-ly relied on when every thing e'se fails. Take it in the Spring time especially, for the impure secretions of the blood incident to that season of the year; and take it at all times for Cancer, Scrofula, Sattrheum, blood poisoning, dyspepsia in-restion, and, in fact, almost all diseases Tumors, Swellings, Skin Diseases, Malaria and the thousand ills that come
