FOR GOVERNOR: ALFRED M. SCALES, of Guilford.  
FOR LIEUT. GOVERNOR: CHARLES M. STEDMAN, of New Hanover.  
FOR SECRETARY OF STATE: WILLIAM L. SAUNDERS, of Wake.  
FOR STATE TREASURER: DONALD W. BAIN, of Wake.  
FOR AUDITOR: W. P. ROBERTS, of Gates.  
FOR ATTORNEY-GENERAL: THEODORE F. DAVIDSON, of Buncombe.  
SUPERINTENDENT OF PUBLIC INSTRUCTION: S. M. FINGER, of Catawba.

FOR ELECTORS-AT-LARGE: W. H. KITCHEN, JOHN N. STAPLES.

To the inquiry of anxious friends we would say that the nomination of Cleveland and Hendricks—and their consequent election—signifies a new deal and less steal.

Mrs. McCormick, the widow of Cyrus H. McCormick, has added \$20,000 to the like sum given by her late husband to Washington and Lee University at Lexington, Va.

That "dark horse" which was supposed to be in waiting at the Chicago Convention, turns out to have been a flop-eared mule owned jointly by John Kelly and Ben Butler. He was not visible to keen Democratic eyes.

Our friends of the European press have probably learned by this time that Mr. Grover, of Cleveland, has been nominated for the Presidency. They are always accurate in matters connected with the history of this country.

A mining company of Deadwood offers to send to the New Orleans Exposition this fall an exhibit of gold bullion, in one solid piece, worth \$500,000, providing the various counties of the Territory will unite in defraying the expenses of transportation.

Spelling reform seems to be languishing, perhaps because other important reforms take the attention of reformers. At the ninth annual meeting of the Spelling Reform Association the attendance consisted of the president, treasurer and three or four members. Funds and larger membership were called for.

The New York Herald says that Jay Gould seems to be following in the footsteps of Villard, and hastening towards a grand collapse; that is, he is resorting to sterling loans and pledging his stocks on them, and that in order to get them he is tying himself up by all sorts of restrictions. In this way Villard was swamped.

The colored firemen of the city paraded yesterday, preceded by a band of music. The display was entirely creditable.

Where is the Cornet Concert Club? and when are they going to furnish our citizens with another evening's entertainment at the City Hall Park? We would like to hear them again.

The crops are growing with astonishing rapidity, and if this weather continues they will soon have ripened beyond any injurious effects from dry or wet weather, unless there should be so much of the latter as to drown them out.

Guy Wright's clarinet, accompanied by a big and little drum, marched through the streets in the Eastern section of the city last night, making the air resound with their strains. They did not begin to toot, however, until after 9 o'clock, but kept it up for more than an hour.

We doubt if so much street sprinkling during these intensely hot days is at all beneficial to the health of the city. On the contrary, we believe it is decidedly detrimental, and let any one cross a street in the hot sun just after it has been completely saturated with water, and inhale the hot noisome odor that arises and he will be of our opinion.

Harmony Lodge I. O. of Good Templars will make an excursion down the river on the *Passport* to-morrow, and will visit the Rocks, Smithville and the Forts during the day. They will have music for dancing at Fort Caswell, refreshments at city prices, and will do all in their power to make the day pleasant and the excursion agreeable.

**A Battalion Drill.**  
The Wilmington Light Infantry contemplates making a trip to Smithville on the *Passport* next Friday, and there is a strong probability that they will go, although the matter is not yet settled positively. The idea is to go down there and in connection with the Smithville Guards and the Sumter (S. C.) Guards, to have a battalion drill under the senior officer in command.

**The Political Pot.**  
The different political factions in the county are mustering their forces for the campaign. The war is between the Manning and Hewlett factions, and it promises to be waged with bitterness and zeal. Lorenzo Kennedy, of the latter faction, wants to be Register of Deeds, in opposition to Sampson, the present incumbent, who is the nominee of the Manning wing of the party.

**District Conference.**  
The Wilmington District Conference of the M. E. Church, South, will convene at Goshen, Sampson county, on the 23d inst. Arrangements have been made with the different railroads to convey delegates and others who may desire to attend at three cents per mile each way. Those going from this city should leave here on the W. & W. R. R. on Tuesday morning, the 22d inst., securing tickets for Faison, where conveyances will be in waiting to take them to Goshen.

**Personal.**  
Hon. H. S. Van Eaton, Representative in Congress from the Sixth Congressional District, of Mississippi, is in the city, and is the guest of his brother-in-law, Col. John L. Cantwell.

We are glad to know that Bishop Watson, who has been so unwell as to be obliged to vacate some of his appointments, has so far recovered as to be able to be out. He was on our streets to-day and we learn that he will at once resume his duties.

Mr. R. H. Whitaker, of Raleigh, Worthy Grand Secretary of the Grand Lodge of the Independent Order of Good Templars of North Carolina, is expected to arrive in the city to-night. Upon his arrival he will visit Harmony Lodge I. O. of G. T., to which he will impart instructions in the working of the order. He will be the guest of Dr. F. W. Potter while in the city.

Lieut. Joseph B. Batchelor, of the United States Army, has been stopping for a day or two at the Seaside Park Hotel. He is detailed from the army as one of the teachers at the Bingham School, and during his present vacation is visiting different portions of the State making observations which he embodies in the shape of correspondence for the Raleigh Chronicle. He is expected to return from Wrightsville to-day, and will then go down the river, visiting the Rocks, Smithville and the government works for the improvement of our river and harbor, upon which he will undoubtedly make an interesting and valuable report.

Schr. *Alice Tarlton*, Freethey, cleared to-day for Port au-Spain, Trinidad, with 228,007 feet of lumber, valued at \$4,623.99, shipped by Messrs. E. Kidder & Son.

Quite a number of showers have arisen in the Southwest during the afternoon, all of which threatened for a time to visit our city, but they all went Eastward. It has probably rained heavily in the vicinity of the Sound from some of the clouds which went in that direction.

The excursion to Lake Waccamaw to-day under the auspices of the Sunday School connected with St. Paul's Lutheran Church, was largely attended, and all left the city in the best of spirits in anticipation of a pleasant time on the shores of that beautiful sheet of water.

The lighter *American Eagle* has gone to the assistance of the lighter *Charles Thomas*, which sunk yesterday near the mouth of Brunswick river. The latter vessel had a cargo of 250 barrels of rosin, which will be taken off by the former, when the *Charles Thomas* will be raised with but little difficulty.

**Confirmation.**  
The Rt. Rev. A. A. Watson, Bishop of East Carolina, will visit St. Mark's Church corner of Sixth and Mulberry streets on Sunday evening next, July 20th and administer the Apostolic Rite of Confirmation. Services to commence at 8.30 o'clock. A general invitation is cordially extended. Seats free.

**The Sick.**  
Mr. J. W. Cronly remains in about the same condition that he was in yesterday.

There has been no decided change, either way, in the condition of Mr. J. B. Munson in the last 24 hours. We regret to learn that Mr. George Harris, Jr., is quite sick and confined to the house. He is threatened seriously with typhoid fever, but we hope that he may escape without a severe sickness.

**A Word of Caution.**  
We would impress upon our people the vital importance of the most complete disinfection of all premises, so that the germs of disease may not be propagated during this hot weather. Our city is now remarkably healthy for this season of the year, and with the proper sanitary means it can be kept so. "An ounce of preventive is worth a pound of cure," and no one has a right to be so criminally neglectful as to jeopardize either his own health or the health of others.

Everybody in want of Paints, White Lead, Glass &c., should go to JACOBI'S to get best qualities and lowest prices.

The Ben Butler boom started rather late, but it was disposed of without much trouble.

Let us have ratification meetings at once, and have them on grand Scales. No pun is intended.

The Republican crop failed to get a good stand this year. It has been struck with a Democratic frost.

We think it would have been better for Bill Chandler if he had not written that letter to Gov. Hendricks.

Fifty-three names of bolting Republicans have been received from a Massachusetts town containing less than 650 inhabitants.

The true and tried Republicans have become the blue and tired, and they will grow bluer and more tired until they are all fagged out in November.

In view of the oft-repeated cry of Mr. Dana, of the New York Sun, to "turn the rascals out," we would like to know what he is going to do about it?

Mr. Dana, of the New York Sun, says that the "Republicans must go." Certainly, they must, but is not brother Dana growing lukewarm in the good cause?

The nomination of Cleveland and Hendricks is taking the country by storm and will sweep it like a hurricane next November, until there will not be a Republican tree left standing.

The press of the country, which is the most potent political power in the land, are coming out in full columns for the Democratic nominees. Democratic, Independent, neutral, and even Republican journals have arrayed themselves alike for Cleveland and reform.

To those who believe in signs and omens and the like, it may be regarded as a singular coincidence that both Cleveland and Blaine were nominated on Friday, which is held by the superstitious to be an unlucky day. The political soothsayers interpret the coincidence as signifying that Blaine will bring bad luck to his party and that Cleveland will bring bad luck to Blaine.

Mr. H. Q. Mack, in the Hudson Evening Register, calls Blaine "this magnet that so naturally and irresistibly draws to itself such base metal as the Bradys, Elkinses, Dorseys, scuffling rogues' attorney Ingersoll, railroad wreckers like Gould, stock gambling Sages, watered railroad stock operating Fields, Me Too Platts, Robesons and the entire body of corruptionists who have fattened under more than twenty years of uninterrupted Republican success."

Now is the time to give Smith's Worm Oil. ly d w
