### By the Light of Day. PAST IMPOSSIBILITIES THE FACTS OF THE PRESENT-HELP IN THE NEW ERA.

"I remember when they were putting up the poles for the first telegraph line in the State of New York, and now look there!" exclaimed a citizen of the metropolis to his friend, as the two stood on the summit of the tall Equitable Building in Broadway. "The city is strung with wires like a harp, and elec tric communication is the daily miracle of the world. People no longer wonder and laugh at it as they did at Morse when he first suggest-

The age marches on and prejudice must give him," said old Galen. Once that terrible dis ease, Rheumatism, was supposed to be a shifting, local ailment, now attacking the joints and now the muscles. To day it is demonstrated to be a disease of the BLOOD. Mrs. Henry Bogert, of No. 454 Atlantic Ave nuc, Brooklyn, N. Y., writes to Messrs. His COX & Co., of New York, proprietors of PAR-KER'S TONIC, that "she had been completely

disabled from Rheumatism and pain in the back and limbs. She was advised to take the Tonic for Kidney disease. She did so, and her Rheumatism disappeared. The reason is simple. Disessed Kidneys produce rheumatic symptoms. Cure them and you destroy Rheumatism. This is now admitted by all intelligent physicians. It is the new light thrown on their time-worn and mistaken theories. PARKER'S TONIC which is a combination of best remedles for the blood known to science, is universally successful in combating this terribly common complaint. Those ho, like Mrs. Bogert, suffer from Kidney or Liver diseases or any complaint arising from impure blood, will find the Tonic a prompt and certain remedy. Prices, foc. and \$1 per bottle. The larger size the cheaper.

### Gilmore Strikes a Chord.

As Mr. Gilmore sat on the outer promenade at Manhattan Beach the other night in his neat blue uniform he preached a sermon almost startling in its novelty. A Herald reporter sat beside the popular musician and the conversation turned upon Chinese music.

"I don't believe that any people on earth will be able to appreciate modern music," he said, until they accept the twelve apostles."

"You mean that music is founded on religion?" said the reporter. "I mean these twelve apostles." and the bandmaster rapidly pencilled the twelve notes which form the chromatic

scale in music.

"They are the apostles of the chromatic scale, upon which all modern music is founded, just as the Christian Church rests upon the testimony of the twelve apostles of Christ. I discovered about a year ago that there is a most wonderful resemblance in the composition of the Saviour's Church and that of our musical system, and I am satisfied that the likeness is not merely chance work, but is the evidence of a connection between the two.
