The late Allan Pinkerton, the detective, left an estate valued at \$300,000.

The heat was so great in London on the 4th that work was almost impossible.

It is believed that the English harvest this year will be one of the finest of the decade.

The sanitary inspectors in New York are now looking after dealers who doctor coffee with chrome yellow.

James Reilly, who has given exhibitions as a snake charmer, died in terrible agony in New York last week from the effects of a rattlesnake bite.

A Maine Republican has just passed away at the ripe old age of 110 years. Some Republicans, says the Boston Post, had rather die than vote to Blaine.

Ex-Collector Simmons, of Boston, one of Gen. Butler's most trusted lieutenants, was interviewed in New York. He says he will cordially support Cleveland.

The Rochester Union confidently believes that Cleveland and Hendricks will carry 23 States, having 255 electoral votes. These States are the Solid South and California, Indiana, New Jersey, New York, Ohio and Wisconsin.

In a letter acknowledging the congratulations of a well-known New York merchant, Governor Cleveland writes: "I am glad that in my nomination you find so many causes for thankfulness. I hope that I shall not fail you."

H. B. Scharmann, president of the New York State Brewers' Association, who has for many years been an active Republican, is outspoken in his opposition to Blaine, and he has many followers among the rank and file of the German-American Republican voters of Kings County.

Mr. James M. Brown, president of the New York Chamber of Commerce, says the best interests of the country in a commercial sense demand a change of party control and the election of such a man as Governor Cleveland. Mr. S. D. Babcock, president of the same body, is of the same opinion.

Prepare for better times. The wheat crop of the United States at 80 cents per bushel is worth four hundred million dollars. East of the Rocky mountains it is worth \$360,000,000. The winter wheat is sowed, and is beginning to move briskly to market. This part of the crop, which may be considered a cash asset, is worth, at 80 cents, \$280,000,000. In a few weeks the spring wheat crop, which is in every way promising, will fall into the procession.

THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., WEDNESDAY, JULY 23, 1884. NO. 174

Gen. Logan's letter of acceptance has been published. It but echoes Mr. Blaine's few remarks and is careful to steer clear of shoals and quicksands and all embarrassing subjects.

George W. Grubbs has been nominated for Congress by the Republicans of the Fifth Indiana Congressional District, but we incline to the opinion that Indiana will hardly furnish any Republican Congressional grub this year.

Statistics published in Berlin give 80,104 as the number of Germans who emigrated mostly to America, during the first five months of the present year. This number is 709 less than the number for the corresponding period in 1883. For the same period in 1882 the number was 102,324, and in 1881 it was 102,519.

The estate of the late Archbishop James F. Wood, of Philadelphia, is valued at but \$7,143. His will provided that his library and money deposited with him in trust should be transferred to his successor, with the same power that the decedent held. It was also set out in the will that there was no real or personal estate to descend to his heirs or next of kin.

We could state for the benefit of Mr. Blaine that there is a large force of his voters now engaged in this State in building railroads and upon other works of internal improvement, but, unfortunately by the terms of their contract, and the interpretation of our laws, they will not be permitted to return home to vote.

The Convention of Independent Republicans, which met in New York yesterday, was largely attended and the delegates were all representative men. An organization was effected and an adjournment was had until to-day. There is but little doubt that Cleveland and Hendricks will be endorsed.

Edward Kearney, a prominent Tammany sachem, says: "I am in favor of endorsing Cleveland and Hendricks at once." Thomas Dunlap, another Tammany sachem, says: "The ticket is in the field and we will have to support it. I think that the sooner we ratify it the better for the party and the organization."

Jacob F. Schoelkopf, the wealthiest German manufacturer in Buffalo, N. Y., has declared for Cleveland. Mr. Schoelkopf is a thorough Protectionist but he believes Cleveland to be able and honest, and is for him out and out. It is conceded that a large majority of the German leaders of Buffalo will support Cleveland.

Another Radical rose has fallen to the ground. Edward McCarthy, of New Haven, who wrote to Mr. Blaine and, claiming to be a Democrat, announced his intention of supporting the Republican ticket and to whom Mr. Blaine responded with a regret that he was not yet able to discharge the little debt of gratitude, turns out to be a Republican of several years standing. He was formerly a Democrat but became disgruntled at not having received a nomination to which he aspired, and which was given to a better man, and has for three elections past voted full Republican tickets. He is a "Democrat" of the Tyre Yorke School. The Blaineites will please trot out another Democratic bolter to take the place of this lone fisherman—just as soon as they can find him.

There were no tramps at the guard house last night.

We venture the prediction that Mr. Frank H. Darby, of this city, will be the nominee of the Republicans for Congress in this district.

Health Officer Hays was busy to-day in seeing that all the drains, gutters, alleys and rear premises were thoroughly disinfected.

It is said here to-day that Col. Cash was not the man, after all, who shot Douglass, the leader of the expedition against Bogan Cash. Col. Cash, it is said, was at his home at the time the shooting occurred.

A sick sailor, belonging to one of the foreign vessels in port, was taken to police headquarters last night, and was turned over to the Marine Hospital this morning for treatment.

The attention of the health authorities is called to the fact that the odor from decaying watermelon rinds left in the sun is not by any means pleasant to the olfactory nor invigorating to the system. The smell was a rank one this forenoon at the foot of Market street.

Personal.

Hon. Wharton J. Green and his daughter, Miss Sadie, are at the White Sulphur Springs, in Virginia. The New York World correspondence says that she is greatly admired and her name heads a list of accomplished horsewomen that is given.

The C. & P. C. R. R.

Capt. R. P. Paddison has taken the contract for building 15 miles of the Clinton & Point Caswell Railroad, and the subscription list has been placed in his hands for collection. How will push the enterprise with his well-known energy, and he will need the subscriptions as fast as they can be obtained.

It has been asserted that the climate of Wilmington is not suited to the manufacture of tobacco; that it is too moist here. We fail to see how this can be, as Mr. Meadows has now on hand at his store a lot of Cape Fear Smoking Tobacco, put up by him four years ago, which we smoke every day and which is as sweet and pleasant as the day it was first put into the bags.

Big Sweetness.

Messrs. E. J. Moore & Co. will have on exhibition and for sale at the Lawn Party at City Hall Park to-night, a piece of confectionery in the shape of a Confederate Soldier. It will be mounted on a pedestal, which will also be a confection, and will be gotten up with taste and skill. The proceeds of its sale will be devoted to the North Carolina Confederate Home. The figure will present a fine soldier-like appearance, which Mr. Moore ought to know how to design, as he was for four long and weary years as gallant a Confederate soldier as ever did honor to the gray.

City Court.

John Merrick, a young colored man, was brought before the Mayor this morning as a suspicious character. The evidence showed that he was caught yesterday afternoon in the house of Capt. James Bagley, corner of Fourth and Davis streets, while the family were absent at the Sound. He had gained an entrance by opening a window, and when found was under a bed with a razor and file in his possession. He was raised on Capt. Bagley's premises, and when arrested, claimed that he entered the house to feed the canaries. He was taken to the guard house and was brought up for examination this morning, but as no one appeared against him, he was discharged.

The Lawn Party To-Night.

There will undoubtedly be a large assembly at the City Hall Park in attendance upon the Lawn Party given by the Ladies' Oakdale Memorial Association for the benefit of the North Carolina Confederate Home. The management are making every exertion possible to insure a pleasant occasion, and we trust that they may be amply rewarded for their efforts. There will be music by the Cornet Concert Club, which, of itself, should be a sufficient inducement to attend. There will also be refreshments of the best kinds in abundance which may be obtained at reasonable prices. The proceeds of the party will be devoted to a noble and patriotic cause which should be dear and sacred to every person who had a loved one in the Confederate Army.

A New Counterfeit.

The secret service division of the Treasury Department has received advice that a new counterfeit \$10 silver certificate has appeared in the West. It is supposed to have been printed from a wood-cut, but is likely to deceive an ordinary judge of money. It is of the serials of 1890, G. W. Schofield, register; James Gillilan, treasurer. The note is one quarter of an inch shorter than the genuine; the paper is composed of two thin layers, with the silk parallel lines and fibre placed between them. In the story on the back, where it should read: "And all public dues and when so received" the word "all" is entirely omitted, and the words "when so" are tied together as one word. There are numerous other defects which judges of paper money will readily discover.

Important.

The delegates to the Congressional Convention at Lumberton from this city are requested to meet at the City Hall at 8:30 o'clock on Friday night. Business of importance is to be transacted and it is hoped that all the delegates may be present. This call is issued by Mr. H. McL. Green, chairman of the County Convention.

The members of the police force are anxious to get up a walking match, and offer to stake money on officer Woebes against any policeman in the State, the distance to be ten miles or more. If any police officer in other portions of the State would like to try a short distance running match, officer Grant, of the Wilmington force, will be happy to accommodate him.

Democratic Mass Meeting.

As will be seen by notice elsewhere in this issue, the Democratic Executive Committee of New Hanover county have called a mass meeting of the Democrats of the county, to be held at the Court House in this city, at 8:15 o'clock to-morrow night. The object of the meeting will be to form a Democratic Central Club, and it is hoped that there may be a full attendance.

From South Carolina.

There will be a match game of base ball on the 7th of August next, to be played between the Mechanic nine of Columbia, S. C., and the Seaside Park nine of this city. The game will be played on the grounds of the latter at Wrightsville. The Mechanics coming here for that purpose. An excursion party from Columbia will accompany them and we shall be glad to see our friends from the capital of our sister State.

Lawn Party.

There was a very pleasant time at the Lawn Party last night, given by the congregation of St. Thomas' Catholic Church. There was a large number in attendance, nice refreshments were on sale, fine music enlivened the hours and a pleasurable time every way. Col. F. W. Kerchner was declared the most handsome—we mean the most popular merchant by an immense majority, in consequence of which he became the recipient of the gold-headed cane. It was worthily bestowed and we congratulate Col. Kerchner upon his successful popularity.

Music on the Waters.

The excursion on the *Passport* to-morrow will be given under the auspices of the Cornet Concert Club, and of course every ticket will be sold. The number will be limited, as the Club are more anxious that their guests shall suffer no discomfort from a crowded boat than they are to swell the balance in the treasury. The Club is composed of some of the best and most deserving of our younger citizens, who have been at a good deal of expense and the sacrifice of much time to cater to the musical tastes of our people, and we should do all in our power and within our means to encourage and sustain them in their laudable enterprise.

Maj. Stedman will begin his part of the campaign in the Western counties of the State and after he gets started the Republicans in those sections will have but little time for vacation until the canvass is made. He will lead them the liveliest sort of a dance.

The daughter of Mr. James R. Hatcher, of Clair View, Inverell, N. S. W., Australia, was for months unable to speak. Her case was given up by the physician, and her father writes, that one application of St. Jacobs Oil, the great pain-cure, restores her speech.

We learn that Caleb Blount, the colored man who was shot a few nights since, has considerable fever, but otherwise is doing as well as could be expected.

The excursion given to-day on the *Passport* by the Y. P. A. of St. Paul's E. L. Church, was largely attended and there is no doubt that a pleasant time for all has been the result.

The Cornet Concert Club received two new instruments to-day—one tenor and one base tuba. The latter will be played by Mr. S. G. Hall, who is an excellent base player.

We invite the attention of our citizens to the fact that first quality shirts are being made to order at one dollar at the Wilmington Shirt Factory.

Mr. W. B. Hocut, Chairman of the Rocky Point Executive Committee, calls upon the voters of that township to assemble at Rocky Point depot on Saturday, August 2d, for the purpose of forming a campaign club.

At 3 o'clock this afternoon the thermometer in this office registered 89 degrees.

Fullest assortment of Fishing Tackle can be found at JACOBI'S.

The members of the Cornet Concert Club are requested to be on hand promptly at 8 o'clock to-night to take part at the Lawn Party at City Hall Park.

Exports Foreign.

Ger. barque *Richard*, Paske, cleared to-day for Riga, Russia, with 4,092 barrels of rosin, valued at \$5,257.21, shipped by Messrs. DeRosset & Co. Br. barque *George Davis*, Macomber, cleared for Hull, Eng., with 2,000 casks spirits turpentine and 3,175 barrels rosin, valued at \$32,500, shipped by Messrs. Alex. Sprunt & Son; making a total value of exports foreign amounting to \$37,757.21.

Base Ball.

There will be a match game of base ball between the Clarendon and the Seaside Park nines, to be played on the grounds of the latter at Wrightsville. The game will be called at 4 o'clock Friday afternoon, and there will probably be a large gathering to witness the exciting contest. Messrs. Scoville & Co., of the Seaside Park Hotel, will give a hop in the evening complimentary to the winning nine, which will be quite an attractive feature in the day's sports.

Every Farmer ought to get a "Boys Clipper Plow," greatest invention of the age. JACOBI is the Agent.

You Must Go.

A pleasant evening for all who may attend the Lawn Party for the benefit of the Confederate Home, to be given this evening in the City Hall Park. There will be many attractions. The Cornet Concert Club will perform some of their choicest pieces. A delightful supper will be ready for all who may call for it and then a quiet game of whist, chess, backgammon or checkers may be indulged in afterwards, and all in the open air and by the light of chinese lanterns. Let all who have the cause at heart be sure to go.

The Law System.

Mr. W. R. Cook, manager of the Construction Force of the Southern Bell Telephone Company, arrived in the city this morning, from Charlotte, with six men, for the purpose of putting in position the new fire alarm which is to be adopted here and which is now in use in Norklet, Danville and other cities. The new plan is known as the Law System and its advantages over that now in use lie principally in the fact that it can be used both as a telephone and a fire alarm.

Another large consignment of Sash, Doors & Blinds at Factory prices, just received at JACOBI'S Hardware Depot.

To the Democrats of New Hanover County.

THE CAMPAIGN OF 1884 IS ABOUT TO open. The State Ticket for North Carolina has been put into the field, and embraces a list of candidates whom every Democrat in the State will be proud to assist in elevating to the respective offices for which they are nominated. The time has arrived to make preparation for the battle that must be waged to gain this grand consummation.
