Seldom does a popular remedy win such a strong hold upon the public confidence as has HALL'S HAIR RENEWER. The cases in which it has accomplished a complete restoration of color to the hair, and vigorous health to the scalp, are innumerable.

Old people like it for its wonderful power to restore to their whitening locks their original color and beauty. Middle-aged people like it because it prevents them from getting bald, keeps dandruff away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beautiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.

The infidence of "Document No. 1," poems, and essays are by the first American and European authors. Its choice art pictures would fill portfolios, and its humorous cuts are the most amusing to be found in any jour-nal in America. A host of brilliant novelties are promised for 1884:

The indence of "Document for by the Democratic State Executive Com in 1882, was generally recognized as in in that year's campaign. A similar Handb ek has been present this year's use, and will be issued inner ly after the session of the Chicago Demi
