SCALES AND YORK MEE.

Opening of the Campaign at Newton.

The campaign in North Carolina opened yesterday in the town of Newton, where Gen. Scales and Dr. York met, face to face, for the first time in a public discussion before the people.

Being the first engagement of the campaign, more than usual interest was manifested in it, and to keep pace with the times, the Observer sent a special reporter to the scene so as to be able to furnish our readers a quick and full report.

Our reporter arrived at Newton early yesterday morning and found the town astir, for notice of the speaking had been well circulated and people began coming in early, not only from Catawba, but from several of the adjoining counties.

The Democratic campaign club of Newton had just erected a large flag pole eighty-six feet high, from which floated in the breeze a beautiful national flag. Another pole was also erected, from which floated a flag bearing the inscription, "Cleveland, Scales and Reform."

Gen. Scales spoke first and confined himself almost exclusively to State politics, and showed why it was to the interest of the people to continue the Democratic party in power.

Dr. York, on taking the stand, was listened to attentively, but it was soon evident that he was no match for Scales. He appeared hacked from the first and did not succeed in stirring up any marked degree of enthusiasm.

On Monday the speaking is to be renewed at Marshall, and a vast crowd will attend. The mountain Democracy is aroused and full of enthusiasm for the ticket.

THE SNU.

NEW YORK, 1884. About sixty million copies of THE SNU have been sent to our establishment during the past week.

If you were to paste end to end all the columns of all THE SNUS printed and sold last year you would get a continuous strip of information common sense, wisdom, sound doctrine, and sane wit, long enough to reach from Printing House square to the top of Mount Copernicus in the moon, then back to Printing House square, and then three-quarters of the way back to the moon again.

But THE SNU is written for the inhabitants of the earth, this same strip of intelligence would gridle and globe twenty-seven or twenty-eight times.

It is only by little calculations like these that you can form any idea of the circulation of the most popular of American newspapers, or of its influence on the opinions and actions of American men and women.

THE SNU is, and will continue to be, a news paper which tells the truth without fear of consequences, which gets at the facts no matter how much the process costs, which presents the news of all the world without waste of words and in the most readable shape, which is working with all its heart for the cause of honest government, and which therefore believes that the Republican party must go, and must go in this coming year of our Lord.

TERMS TO MAIL SUBSCRIBERS. The several editions of THE SNU are sent by mail, postpaid, as follows: DAILY—50 cents a month, \$6 a year; with Sunday edition, \$7. WEEKLY—\$1 a year. EIGHT—of the best matter of the daily issues; an Agricultural Department of unequalled value, special management, literary, scientific, and domestic intelligence, and a special copy free. Address: I.
