Mrs. Custer, the widow of Gen. Custer, is at the Ocean House, Swampscott, accompanied by her sister-in-law, Mrs. Calhoun. By a singular as well as a sad coincidence, both these ladies lost their husbands in the same battle with the Indians on the Yellowstone.

The future Queen of the Netherlands will be the richest woman in Europe, being heiress to the \$4,000,000 of her late brother and the vast private possessions of her father, the present King.

The popularity of the epidemic expert, Dr. Koch, is greatly enhanced in this country since his official declaration that, although Europe may be doomed to a general epidemic of cholera undoubtedly America will be wholly exempt.

Mrs. Mason, a lady belonging to one of the blue-blood families of Boston, spends her Summers at the Restigouche Fishing Club's grounds, at Metapedia, Canada. She has landed 35 salmon this season and has had an expensive fly named after her.

Nine-tenths of European counterfeiters are from Italy. They are more skillful in making and passing false money than criminals of any other nationality, their artistic perceptions quite predominating over love of hard work.

On appeal from the Jews in Jerusalem the Sultan has annulled the sale of a part of the Mount of Olives, which contains the graves of the Prophets Haggai, Zachariah and Malachi. The purchasers were the Russian priest-hood. The burial place of the prophets has been secured by the Jews in perpetuity.

So successful has been the trial of the electric motor on the Cleveland street railway that cars are now regularly run. The fare is five cents and the speed is about eight miles an hour—much faster than street-car horses are accustomed to travel. These trips will be continued till winter, by which time it will have been determined what shall be the future of the electric motor.

Sir Joshua Reynolds' picture called "Simplicity," which is a portrait of Miss Theophila Gwatkin, one of his grand-nieces, was sold recently and privately in England, for £3,760 (\$18,800). It was painted in 1789 as a present to the father and mother of the subject. Until the sale it had not been out of the possession of the family.

THE DAILY REVIEW.

VOL. VIII. WILMINGTON, N. C., FRIDAY, AUGUST 8, 1884. NO. 188

There will be displayed in the New Orleans Exposition a silk map of the State of Mississippi, wrought by hand. A large map of the State of Louisiana, also in silk, the ladies of the several parishes have worked, each "square" representing a parish. The colors used have been selected with taste, and each parish will have a motto or a device characteristic of the locality represented.

A revolution in the match-making industry may be expected. The Russian department of commerce and manufactures has recently awarded a patent to the inventor of a means of so impregnating wood with a liquid that, when dried, it lights with slight friction, and can be used several times over, thus securing, according to the inventor, an economy of at least 75 per cent.

Three Milwaukee lawyers having picked up some ideas from the New York Bar, charged \$25,000 for settling up an estate worth \$32,000. Instead of complimenting them on their moderation in leaving nearly one fourth of the estate to the heirs, Judge Drummond, of the United States Circuit Court, told them that for sixty days' service the fees were infamous, and such as thieves and scoundrels would charge. He knocked ninety per cent. off the fees, and threatened the lawyers that if they ever did that again he would disbar them.

Beast Butler says that he will accept the Greenback nomination and will run. The following letter to Mr. Chas. A. Dana explains itself:

BOSTON, Aug. 6, 1884.
Hon. Charles A. Dana, Editor New York Sun, New York City:
"DEAR SIR: As a means of reaching more querists than I can do in any other way, I write you this note for such use as you choose to make of it. Answer:
"I do intend to stand by the nominations of the Greenback and laboring men and the Anti-Monopolists, and I hope everybody will vote for me who thinks that it is the best thing to do. I will give the reasons for my action, which are controlling, to the public as soon as I can have the benefit of Mr. Cleveland's letter of acceptance, so that where I disagree with him I may do him no injustice. Very truly, your friend and servant,
BENJAMIN F. BUTLER.

INDEX TO NEW ADVERTISEMENTS.
F. C. MILLER—Conundrum
C. W. YATES—New Goods
HEINSBERGER—Hammocks
MUNDS BROS. & DEROSSSET—Mellins' Food

There was no City Court this morning.

Everybody in want of Paints, White Lead, Glass &c., should go to JACOBI'S

At 3 o'clock this afternoon the thermometer in this office registered 82 degrees.

"Such rainy weather," says one of our subscribers, who is a thorough-going farmer and business man, "will be apt to shorten the crop of potatoes."

Another large consignment of Sash, Doors & Blinds at Factory prices, just received at JACOBI'S Hardware Depot.

The bay at Smithville was yesterday dotted with numbers of small fishing craft and as seen from a distance they all appeared to be having a fine time of it.

Every Farmer ought to get a "Boys Clipper Plow," greatest invention of the age. JACOBI is the Agent.

Dr. T. C. Miller is building a handsome store on the corner of Fourth and Nun streets, adjoining his present drug store, into which he hopes to move by the first of October.

A party of young gentlemen from this city have gone down to Buzzard's Bay on a week's fishing expedition. Their headquarters are in a lighter anchored in the bay and they fish around in a small boat during the day.

We invite the attention of our citizens to the fact that first quality shirts are being made to order at one dollar at the Wilmington Shirt Factory.

Steamboatmen report that there has been a rise of about 18 feet in the Cape Fear within the last few days, and the indications are that the freshet has not yet reached its greatest height.

Last Night's Reception.
The reception given Gov. Jarvis last night by the Wilmington Light Infantry was attended by many of our prominent citizens and was a very pleasant affair. Quite a number of appropriate toasts were given and happily responded to, and every thing passed off in the most pleasant manner.

Prune the Trees.
We have been requested to call the attention of the authorities to the fact that there are a good many dead and decayed limbs on the shade trees in the public streets which ought to be removed. They are liable to fall at any time, especially in a high wind, and are dangerous.

The Rain Fall.
The rain fall to-day, commencing at 4 minutes before 1 o'clock this afternoon and ending at 3 o'clock, at which time the measurement was made, amounted to 2 inches and 57-100. It was one of the most severe showers we have had this season.

Smithville and Hotel Brunswick.
We notice in the Charlotte Observer some notes about the Hotel Brunswick in which it is said that the management will next year fall into the hands of a hotelist in Charlotte. In this there is some mistake. We yesterday saw both Mr. Sublett and Dr. Curtis and were told there is no foundation for the rumor. Both gentlemen are at a loss to know how it could have originated.

There are a number of notable improvements to be made next Winter to this hotel. Dr. Curtis, the owner, has purchased the property in front of the hotel extending all the way to the water. On this there is a nice, commodious wharf and we hope before long that the steamers will land there instead of at the present incommensurable wharf.

Smithville possess a great many points of attraction for a Winter residence to tourists from the North and we understand that the claims of the place will be properly presented before the traveling public as it journeys Southward during the Winter season.

Criminal Court.
The following cases have been acted upon since our last report:

State vs. Robert Manning, charged with larceny. Defendant found guilty.

State vs. Jno. Smith alias W. H. Wortham, charged with larceny. Defendant found guilty.

State vs. John Smith, charged with carrying a concealed weapon. Defendant found guilty.

State vs. Ransom Jones, charged with burglary, continued until 10 o'clock a. m. on Tuesday next because of the absence of defendant's witnesses.

State vs. Rhoda Carter, charged with perjury, now on trial.

Personal.
Gov. Jarvis and his Private Secretary, Capt. G. L. Dudley, left for Raleigh this morning on the Wilmington & Weldon Railroad.

Col. F. H. Cameron, Inspector General North Carolina State Guard, left the city this morning for Raleigh via the Carolina Central Railroad.

We were pleased to receive a call today from Mr. J. H. Therrell, of Monroe, who is in the city on his return home from attendance on the Grand Council of the American Legion of Honor, in session this week at Newbern.

Our young friend, Mr. J. H. Greenwald, has been engaged by St. Thomas' Catholic Church, as organist for the year which will commence on the first of October next, at which time the Society expect their new organ, recently ordered, will be in readiness for use. Mr. Greenwald, although quite young, is, an accomplished musician who will fill the position with credit and honor to himself as well as the Church. We congratulate the Church upon their acquisition, and congratulate Mr. Greenwald on having secured so good a position.

Mr. N. Jacobi and Mrs. Jacobi and Mr. J. I. Macks, of this city, have returned from Newbern where the gentlemen had been in attendance on the Grand Council of the American Legion of Honor. Mr. R. E. Heide, who was also in attendance, and Mrs. Heide have gone to Morehead for a few days. Mr. Jacobi, as we see by the Journal, was the guest in Newbern of Mr. Jos. Schwerin, while the others were at the hotels.

Mr. D. Kahnweiler, of this city, who has for so many years past done business in New York, has secured the representation for the entire Southern States of the firm of C. & S. Werner & Co., of 459 and 461 Broadway, one of the largest wholesale clothing houses in the country. Mr. Kahnweiler will, we trust, do well in this new position. He is one of the cleverest and most experienced travellers on the road and commands a fine patronage where he is known.

Fulllest assortment of Fishing Tackle can be found at JACOBI'S.

The Base Ball Contest.
There was a large throng of people from this city who went to Wrightsville yesterday to witness the match game of base ball between the Mechanics, of Columbia, S. C., and the Seaside Park Club of this city. The game was played on the grounds of the latter club and was called promptly at 4 o'clock yesterday afternoon. Mr. Frank Kay, of Columbia, was selected as umpire, a position which he filled with entire satisfaction to all concerned. Messrs. J. H. Bacon and James McDougall were the scorers. The Mechanics Nine are young men of fine physique and averaged considerably larger and heavier than the Seasides, yet the latter exhibited more suppleness and activity, which compensated in a measure for their lack of muscular power. It was soon apparent that the clubs were very evenly matched and that the game was to be played on both sides for all it was worth. Both nines exhibited superb skill in batting, and both did some excellent fielding. This was evidenced by the score, which may be found below. That three innings were played without a score for either nine is sufficient proof that the game was hotly contested. On the fourth inning the Mechanics scored two, and the fifth inning the Seasides succeeded in scoring the same number. After that nothing was gained by either side until the ninth, and last, inning, when the Mechanics scored one and the Seasides scored nothing, thus giving the game to the former by a tight squeeze. It was a hard fought battle and a faithfully earned victory. The best of feeling prevailed throughout, and the Mechanics left for home on the last night's train, much pleased with their visit. It is the intention of the Seasides to challenge them to another trial, but the time when has not been definitely determined upon.

Below we give the score of each nine:
Innings.....1 2 3 4 5 6 7 8 9—T.
Mechanics.....0 0 0 2 0 0 0 1—3
Seasides.....0 0 0 0 2 0 0 0—2

The above facts are culled from the report in the Newbern Journal.

The Crops.
The recent rains have materially injured the cotton crops in this immediate section, but they have been highly beneficial to the peanuts. This latter crop looks remarkably fine and flourishes and bids fair to yield an abundant harvest.

Now is the time to give Smith's Worm Oil.

Maj. Stedman's Appointments:
The Democratic State Committee announce the following appointments for Maj. C. M. Stedman, at which Hon. W. T. Faircloth the Republican Candidate, is invited to meet him:
Bravard, Thursday, Aug. 14; Hendersonville, Saturday, August 16; Waynesville, Tuesday, August 19; Webster, Thursday, August 21; Franklin, Saturday, August 23; Nantahala, Macon county, Tuesday, Aug. 26; Hayesville, Thursday, August 28; Murphy, Saturday, Aug. 30; Valleytown, Cherokee county, Monday, September 1; Robbinsville, Wednesday, Sept. 3; Charleston, Saturday, Sept. 6; Asheville, Thursday Sept. 11.

The Governor at Smithville.
EDITOR OF THE REVIEW:—I was one of the company that dined with Gov. Jarvis at the Hotel Brunswick on Tuesday, and think that the very exceptional good dinner provided on this occasion entitles the proprietor to notice. There were at the table gentlemen who are old city livers and frequenters of the finest restaurants and it was the universal opinion that the dinner was a real surprise, not only in the material served, but in the manner of the service. It is not extravagant to say that, barring some incidental advantages which can only be found in a large city, the dinner would have been creditable even on Delmonico's table.

Anybody who wants a first-class, well served dinner, and is willing to pay one half what he would be willing to pay in New York can be accommodated here at any time, as the proprietor informs me.

Seeing no notice of the dinner to the Governor's party here, in the Wilmington papers and knowing that it is the feature of the Governor's trip I thought I would write this as eminent evidence to a very clever landlord.

Hotel Brunswick,
SMITHVILLE, Aug. 7, 1884.
