ELECTOR, SIXTH DISTRICT, ALFRED ROWLAND, of Robeson.

New York Germans will have a big gratification meeting, with addresses by Carl Schurz and prominent speakers.

Dr. John W. Mallett, professor of chemistry in the University of Virginia, has been notified of his election to a chair in the Jefferson Medical College.

The King and Queen of Sweden gave an entertainment in honor of General Thomas, who is visiting his brother, the United States Minister, at Stockholm.

Mr. John S. Henderson, of Salisbury, has been renominated for Congress in the 7th district, by the Democrats, to fill the vacancy caused by the declination of Mr. Craig, who was nominated by the first convention.

For the fiscal year ending, June 30, 1883, \$1,626,901.48 was paid into the United States Treasury by the foreign mail service. For the carrying of these mails the Government paid only \$32,445.72 to American ships.

His Holiness has received, in a private audience, Monsignor Massaja, the African missionary, who will soon be nominated Cardinal. The prelate is going to the Capuchin Order, and is now Archbishop of Stravropol.

The German soldiers are the proudest in Europe. The army is considered a school for its 500,000 young men. They are never compelled to do menial work. A Prussian officer who would compel a soldier to do the work of a servant would be cashiered. Some of the rich German private soldiers keep servants of their own.

According to the Lumberman's Gazette, paper bottles are now largely manufactured in Germany and Austria. They are made of rags, wood pulp, and straw, and are coated on both sides with defibrinated blood, lime and alumina. They are manufactured in two parts and are submitted to high pressure. When completed they will hold spirits, acid, and so on, and are not easily broken. Their cost is very low.

Sprains and sores are cured by St. Jacobs Oil, the soothing and healing ointment.

LOCAL NEWS. For other locals see fourth page. The storm signal was hoisted again this morning. The receipts of cotton at this port to-day foot up 360 bales. Mrs. H. Rehder has just received the first instalment this season of hyacinth bulbs, direct from Holland, and now has them on sale at her garden, near the Cemetery. Don't forget the sale of the valuable house and lot on Seventh street, between Market and Princess, to take place at the Court House, to-morrow morning, at 11 o'clock. Knights of Honor. Carolina Lodge No. 434. Regular meeting this evening at 8 o'clock. Full attendance desired. One of the most fatal temptations to the weak is a slight deviation from the truth for the sake of apparent good; never deny your tailor the credit of a good fitting garment, for he frequently gives you credit for the same. John Dyer & Son are in the "ring."

A cold wave has struck us since the rain of last week, and fires were comfortable for awhile this morning. We may now expect cool nights and mornings for the remainder of the season, although the sun will be apt to be hot during the middle of the day. Capt. Washington Catlett's excellent school, the Cape Fear Academy, begins its twelfth session on Monday the 29th inst. Capt. Catlett's aids this session are Prof. P. V. Bower, Assistant and Prof. H. A. Bunker, in Modern Languages and Drawing. Last session the pupils of the Academy numbered 73. Personal. Mr. John Taylor, of the Bazaar, left here last night for New York, where he will join Mrs. Taylor, who has been there some two weeks. Together they will complete the purchase of goods and will return to the city about the latter part of next week. Religious Intelligence. Rev. Dr. Pritchard will preach at Moore's Creek church, Pender county, on the fourth Sunday (the 28th inst.) and during the week following. Rev. W. M. Kennedy, of Warsaw, informs us that he will conduct a meeting at Riley's Creek church, Pender county, during the week following the third Sunday in this month (which is next Sunday) and that he will be assisted in his work by Rev. R. T. Bryan. City Court. There was quite a gathering at the City Court Room this morning to see what would be done with those who had violated the city ordinances since Saturday night. Edward Connor, colored, for being disorderly at a late hour Saturday night and for insulting and resisting the police, was fined \$20. William Byrd, colored, for being too drunk to behave himself properly, was fined \$5. One party, whose name we suppress, for assault and battery, was fined \$5. A Lucky Man. The lightning struck Wilmington this time, a clever and genial friend of ours having drawn a prize of \$2,000 last Tuesday in the drawing on that day of the Louisiana Lottery Company. Our friend is absent from the city now and we will not mention his name without his permission. He held the full ticket which drew the prize and has thus secured \$2,000 on an investment of \$5, although it has been his habit for some time past to purchase a full ticket for each drawing.

## Marine Disaster and Loss of Life.

The stern wheel Mexican steamer *Dos Hermanos* 90 tons burthen, Capt. Ware, bound from Philadelphia to Frontero, Mexico, was sunk off New Inlet on Saturday night, and five of her crew were lost. On account of the heavy weather she came to an anchor at about 7 o'clock on Saturday night but such was the force of the gale that at about 11 o'clock the same night, it was thought best to beach her, and the anchor was slipped when she filled and sunk, after which she turned bottom up. Capt. Ware, Mr. Burns, Chief Engineer, Charles Ingalls, First Assistant Engineer, John Godfrey, seaman, and the cook, who was shipped at Norfolk and whose name was not known, were supposed to be lost as nothing was seen of them after the catastrophe. Capt. Hazard, the first officer, Manuel Buckley, seaman, Bryant Bell, fireman, and Douglass Lunley, fireman were saved by getting into the house, which broke adrift when the steamer sank. On this precarious raft they floated at the mercy of the wind until about 2:30 o'clock yesterday afternoon when they were rescued in an exhausted condition by the tug *Blanche*, and brought into Smithville; thence to this city on the *Passport* this morning. The survivors express profound gratitude to Capt. Adams, of the schooner *Timothy Field*, for the assistance he rendered in signalling, by which attention was called to their situation, and to the officers of the *Blanche* and *Passport* for courtesies extended. They had been floating in the water about 16 hours and were near perishing from exposure when they were rescued. LATER.—Just before going to press we learn from the signal office that three men, including the captain, supposed to have been drowned by the sinking of the steamer *Dos Hermanos*, drifted ashore this morning and were picked up by the life saving crew. It is now certain that the two engineers were lost. There were nine, all told, of which seven have been saved. Great things have hinged on trifles. The first family difficulty on record was caused by an apple core; the last we heard of was the negligence of a father to keep up a supply of Dr. Bull's Cough Syrup when all hands had a cold. Every Farmer ought to get a "Boy Clipper Plow," greatest invention of the age. JACOB is the Agent.

MARRIED. LUCAS-GAUSE-In this city, at the residence of the bride's mother, Mrs. Annie Gause, by Rev. Dr. Yates, on Wednesday evening, 10th inst, Mr. A. F. LUCAS, of Bladen co., and Miss MAMIE GAUSE, of this city. DIED. SWEENEY-On Monday, Sept. 15, 1884, J. J. KING, twin child of Maggie and J. H. Sweeney, aged 2 months and 17 days. Funeral will take place to-morrow (Tuesday) morning, 16th, at 10 o'clock, from 911 North Fourth street, thence to St. Thomas' Cemetery.
